Minutes

PRC REPORT : SENATE MEETING : OCTOBER 11th,1984

A. The PRC committee has targeted three faculty concerns for consideration this month.

1. Affirmative action at WKU.
2. Academic scholarships for gifted students.
3. The assignment of TLRs across the campus.

Our aim is to assemble relevant information, to isolate significant issues and to investigate problem areas. We will submit information to the Senate Newsletter and we will present to the Senate any recommendations which seem to be appropriate.

B. President Zacharias has responded to our recommendation concerning the Purdue evaluation of faculty (letter attached). I would like to further the discussion by asking Dr.Haynes two questions --

?

1. Would you be open to the possibility of changing the core questions if we could agree on a better set ?

?

2. Purdue now permits each department to choose whether to use the Purdue system or to use a system which the individual department has agreed upon. Would you be consider permitting us the same choice ?

C. Assoc & Ass. Deans.
