The Kentucky Library staff has a partial index to obituaries and death notices from the *Park City Daily News*. Only the following dates are currently available to be searched: **January 1, 1988 to December 31, 2007**. For current obituaries, consult the *Park City Daily News* online at www.bgdailynews.com.

Please note that this list is just an index. Actual obituaries and death notices are not available online from the Kentucky Library. To request photocopies of obituaries found in this index, complete this [form](#).

For years **NOT** yet covered by the Index:

If you know a person's death date, the library staff will search local area newspapers in our collection (up to seven days after the death date) for an obituary or death notice. Please use this [form](#) to request an obituary search for papers not covered in the online index. We are sorry, but we cannot search without a date of death.
