

Vote LR Kennon 2016

My name is Lurien "LR" Kennon and I am running as the "At Large" candidate for the WKU Staff Council. I am proud to be an alumnus of WKU for both my Bachelor's and Master's Degree and I am currently pursuing a third degree. I have two daughters and the eldest is a junior at WKU.

I have worked over three years as the Electronics Buyer at The Savvy Squirrel Tech Center located in The WKU Store. My prior work experience includes being a corporate trainer to sales teams from coast to coast, negotiating contracts, hiring employees and handling human resource issues.

I believe that all my experience has allowed me to work well with people: hearing concerns, acting on new ideas, understanding needs and strengthening teams. I would be honored to have the opportunity to serve WKU in a new way and to make your work place a better place.

LR Kennon
Electronics & Technology Buyer
