western kentucky university bulletin (usps679-620) is published quarterly by western kentucky university, bowling green, kentucky 42101. entered as second class matter at the post office, bowling green, kentucky 42101.

volume 59 may 1985 number 1

all statements in this publication are announcements of present policy only and are subject to change at any time without prior notice. they are not to be regarded as offers to contract.

student responsibility

all colleges and departments of the university have certain requirements which must be met before a degree is granted. the student is responsible for fulfilling them. if requirements for graduation have not been met, the degree will not be granted. thus, it is important for each student to become acquainted with all academic requirements and to be responsible for completing all such requirements in a timely manner. in no case will a regulation be waived or an exception granted because a student pleads ignorance of the regulation.

requests for waiver of the regulations stated in this bulletin must be presented to the graduate council. the student must first present the request in writing, along with supportive documentation, to the department head in which the program of study is located. the request is then considered by the department and college committees before being acted upon by the graduate council.

statement of compliance

western kentucky university is committed to equal opportunity. it is an equal opportunity-affirmative action employer and does not discriminate on the basis of age, race, color, religion, sex, national origin, or handicap in any employment opportunity. no person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or activity receiving federal financial assistance.

if you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available at the university for consideration of complaints alleging such discrimination should be directed to the president's office, western kentucky university, bowling green, kentucky 42101. inquiries about such alleged discrimination also may be made directly to the director, office of civil rights, united states department of health, education, and welfare, washington, d.c. 20201.

inquiries about employment discrimination may be directed to the affirmative action officer, western kentucky university, bowling green, kentucky 42101, or the commission on human rights, commonwealth of kentucky, 828 capital plaza tower, frankfort, kentucky 40601, or equal employment opportunity commission, 1800 g street, n.w., washington, d.c. 20506, or office of federal contract compliance, united states department of labor, washington, d.c. 20210.

Western Kentucky State Normal School, located in Bowling Green, was established by an act of the 1906 Kentucky General Assembly. Prior to 1906, there had existed in Bowling Green the Southern Normal School and Bowling Green Business University, whose president was Dr. Henry Hardin Cherry. In 1907 the Southern Normal School was transferred to the state, and Dr. Cherry was selected as the first president of Western Kentucky State Normal School. In 1922 the Kentucky Legislature changed the school's name to Western Kentucky State Normal School and Teachers College and empowered the College to award degrees to its graduates. In 1930 the school's name was changed to Western Kentucky State Teachers College, and in 1948 to Western Kentucky State College. The Kentucky General Assembly in 1966 designated Western as a University and changed the name to Western Kentucky University.

THE GRADUATE COLLEGE

History

Western began offering the Master of Arts Degree in 1931. This program was discontinued in 1936 but was resumed in 1941. The granting of university status in 1966 gave the Graduate School (renamed the Graduate College in 1969) increased opportunity both to strengthen existing programs and to offer an even wider choice of program areas.

Administration

The Dean of the Graduate College is charged with the administration of policies regulating and relating to graduate studies. It is his/her responsibility to certify that candidates have fulfilled requirements for advanced degrees.

The Graduate Faculty consists of faculty members recommended by department heads and college deans, and approved by the Graduate Council. The Graduate Council, which represents the Graduate Faculty, recommends and reviews policies pertinent to the operation of the Graduate College. In addition, it reviews and makes recommendations regarding new graduate programs and alteration of existing programs. Requests for waiver of regulations stated in this bulletin must be presented to the Graduate Council.

CULTURAL, RELIGIOUS AND RECREATIONAL OPPORTUNITIES

Music

The Department of Music sponsors a number of musical presentations including seasonal concerts. In addition, many faculty and student recitals are given throughout the year.

Theatre

The Department of Communication and Theatre and the Western Players present a series of programs during the academic year. Summer Theatre programs are provided. A small fee is charged for admission to major productions; however, there is no admission charge for one-act plays produced by the Department.

Art

The Department of Art has a gallery in the Ivan Wilson Fine Arts Building where a display is usually on exhibit.

Foreign Languages

Each year one graduate student is permitted to go to Montpellier, France, on a University Workshop. While there, the student may take courses for transfer to Western and will serve as advisor to Western undergraduates who are attending the University Paul Valery on the Western-in-France program. In order to have the experience needed for this advisory function, the graduate student must have spent his/her junior year in Montpellier.

Lecture Series

The Rodes-Helm Lecture Series was endowed in 1961 by Mr. and Mrs. Harold Helm of Montclair, New Jersey. The lecture series is named in honor of the late Judge John B. Rodes, father of Mrs. Helm, and in honor of Miss Margie Helm, sister of Mr. Helm and former Director of Library Services at Western. Income from this endowment is used to bring three or four distinguished lecturers to the Western campus each year. Students, faculty and the general public are invited to the lectures.

Planetarium

The Hardin Planetarium, adjacent to the Thompson Science Complex, contains a Projection Hemisphere Room and a rooftop observatory which houses a 12½-inch Cassegrain reflector and associated photoelectric equipment.
Recreational Activities

Students and faculty are encouraged to use the Athletic Complex facilities. Swimming, dancing, tumbling, gymnastics, table tennis, judo, karate, wrestling, basketball, volleyball, badminton, tennis, weight training, conditioning, handball, squash, tennis, and archery facilities are available. Equipment is made available on a non-charge basis to students, faculty, and staff.

Religious Life

Since Western Kentucky University is a state-supported institution, it is non-denominational. Religious activities are, however, available to students.

LIBRARIES, RESOURCE CENTERS AND INSTRUCTIONAL MEDIA

Support to the Research and Instruction Program of the University is provided through the activities and programs of the Divisions of Library Services and Media Services. These programs provide services for the acquisition, utilization, and dissemination of all types of instructional resources.

Library Services

Four library and resource centers serve the academic community at Western Kentucky University. They are (1) Helm-Cravens Library, (2) Kentucky Library and Museum, (3) Science Library, (4) the Education Resources Center. These libraries and resource centers are organized into divisional collections. This arrangement allows maximum benefits for reference and research activities among its 586,000 volumes; 10,000 journal holdings; and 1,200,000 microform units within the libraries. An on-line computerized resources management system with remote video display terminals provides the library user with immediate data on the availability and status of library resources.

Individual carrels are provided for students engaged in thesis or research projects, and rooms are provided for graduate seminars. The library aids to researchers through extensive bibliographies, indexing and abstracting services, and interlibrary loans. The library is a depository for federal, state, and selected United Nations documents. Significant collections of research materials in several fields are available in various forms of micro-reproductions. Various computer based research services are available. Western also holds membership in the Center for Research Libraries (CRL) which provides the library and its patrons with access and borrowing privileges to over three million volumes and 14,000 journal titles in a wide variety of subjects and languages. Western is a member of the Southern Library Network (SOLINET). Online bibliographic search service is available on a free basis.

A special research collection is housed in the Kentucky Building. These resources consist of both printed materials and museum collections relating to all phases of Kentucky life. There are 25,000 volumes, a large number of early newspapers and periodicals, state documents, broadsides, photographs, maps, microfilm, original cartoons, oral tapes, and art prints. Also available are church records, clippings, sheet music, and scrap books. The manuscript division includes collections such as the Lewis-Starling papers, the Joseph R. Underwood papers, the Proctor Knott Collection, the Calvert-Younglove Collection, the Frank Chell Collection, the Helm-Carson Family papers, and the Janice Holt Giles Manuscripts. The Courtney Ellis River collection, the H. O. Potter Daviess County Collection, and the Lilly Bland Carter Poetry Collection are other notable collections housed in the manuscript division. The Kentucky Library also houses the Gordon Wilson Linguistic Study of the Mammoth Cave, the Allan Trout Collection, and the South Union Shaker Materials. Museum holdings include items of natural history, Civil War relics, furniture, art, musical instruments, toys, jewelry, and textiles as well as pioneer relics, early types of lighting, tools and weapons, and models of Kentucky forts and homes.

Media Services

The Division of Media Services consists of three units: (1) the Audio Visual Service Center, (2) Educational Television, and (3) Public Radio Services. The Audio Visual Service Center provides resources and utilization assistance to the campus. The Educational Television unit provides instructional support and operates a cable channel on the Bowling Green Warren County system. Public Radio Services operates WKYU-FM and WDCL-FM.

Archives

The Archives is a repository for University records required for administrative functions and historic study of the institution and its genealogical antecedents.

Research and Computing Services

Computing and consultation services for research and instructional application are provided for faculty and students by the Area of Research and Computing Services in the Office of Institutional Research. Most computing for research and instructional application, with the exception of data processing and computer science classes, is done on a batch terminal connected to the Kentucky Education Computing Network. The University maintains a small business-type computer and a time-sharing system which are used primarily for instructional programs in data processing and computer science. The University's central computer facilities are used mainly for administrative applications.
The wide variety of computer programs and statistical packages that are maintained will satisfy most data analysis requirements. Although the primary responsibility for research design and data analysis rests with the individual researcher, the Area assists students and faculty by providing methodological programming, and other services related to the use of computer facilities. Academic and research computing facilities are operated on an open lab basis during periods that approximate normal library hours.

Cooperative and Experiential Education

Cooperative education integrates classroom study with specific periods of supervised work experience. Though traditionally a program for undergraduate students, several departments are participating in Co-op programs at the graduate level. Contact the Office of Cooperative Education, 1580 Normal Drive.

Non-Academic Services

Counseling Services Center

The Center, located in Room 408 of the College of Education Building, provides counseling services and is responsible for the administration of national testing programs. Contact the Center for appointments and for test information.

Housing Facilities

Residence hall applications (with advance payment) should be sent to Director of Housing, Western Kentucky University, Bowling Green, Kentucky 42101.

Residence halls are assigned according to student preference and availability of space. Graduate student floors are located in Bemis Lawrence Hall for women and Pearce-Ford Tower for men. Telephones and compact refrigerators are provided.

Food Services

Food services maintained on campus include the Garrett Conference Center Cafeteria, which offers a voluntary board plan, and the Downing University Center Cafeteria, Snack Bar, and Grill. Vending services are available in all dormitories.

Financial Assistance

Loans

National Direct Student Loan. This long-term loan is designed to assist the student whose family income and total assets place limitations upon other sources (bank loan, family savings, etc.) of educational funds. The loan is interest free while the student is in school and charges only five percent interest during the repayment period. In addition to the interest-rate advantage, the borrower may discount 15 percent of the loan each year, up to 100 percent of the total loan, by teaching in an elementary or secondary school in an economically deprived area.

Guaranteed Student Loan. This long-term loan may be secured through the student's local bank. Student applicants who qualify for interest subsidy begin paying interest at a rate of eight percent upon expiration of a six months grace period after student status ceases.

College Heights Foundation Loan. This loan permits borrowing for extreme emergencies at low interest and requires repayment on a short-term basis.

Workships

The University participates in both a work-study and a regular program of employment whereby a student may work 15 hours per week during the regular term of study, providing such work is needed to balance the college expense budget. The work-study program offers summer employment which permits the student to work 40 hours per week. Eligibility to participate is based on family income. Assistance in obtaining off-campus employment is also available.

Application Information. Application forms for financial assistance are available in:

Department of Student Financial Aid
Western Kentucky University
Bowling Green, Kentucky 42101

For maximum consideration, apply before April 1.

Research Grants

Graduate students are invited to submit proposals for University research grants. Information as to application deadline and required proposal form may be obtained from the Graduate College.
Veterans Administration Benefits

G.I. Bill. Students who have had more than 180 days of active service with the Armed Forces after January 31, 1955, or have served less than 181 days but received an honorable discharge for service-connection disability are eligible for educational assistance under the Veterans Readjustment Benefits Act of 1966. Applications are made directly to the Veterans Administration, 600 Federal Place, Louisville, Kentucky. Application forms are available in the Department of Student Financial Aid.

Veterans Administration Benefits are granted in the Department of Student Financial Aid. War Veterans of Deceased Veterans and Children and Wives of Disabled Veterans should contact the Veterans Administration nearest their hometowns for determination of eligibility for educational assistance.

Graduate Assistantships

Graduate assistantships are available in various departments and service areas to qualified students. Stipends vary depending upon the student's qualifications and duties assigned. In addition to the stipend, the out-of-state portion of the graduate assistant's fees is awarded in the form of a scholarship during the period of appointment and the summer terms following a spring semester appointment.

Course load requirements for graduate assistants are stated under "Course Load." Since graduate assistants have responsibilities for their own studies and for services to the University, they are not permitted to hold an assistantship while employed elsewhere.

Graduate assistants have professional responsibilities to the University; therefore, they are expected to familiarize themselves with the University policies and responsibilities and to fulfill their obligations in this respect. Stipends are paid twice per month.

The applicant for a graduate assistantship must have been admitted to a graduate program, must have an overall undergraduate grade point average of at least 2.8 or a score of not less than 1350 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination, and should apply prior to February 1. The assistantship application and three letters of recommendation (to be requested by the student, not the Graduate College) must be submitted to the Dean of the Graduate College. Applications are based upon the recommendation and approval of the head of the department and the dean of the college in which the assistantship is granted.

Graduate assistant appointments may be terminated upon failure of the appointee to maintain a grade point average of at least 3.0 in all coursework taken during any enrollment period or upon failure to maintain conduct compatible with the University's function as an educational institution as defined in "Hilltopics, A Handbook for University Life," an annual publication of the Office of the Dean of Student Affairs.

Senior Citizen Scholarship Program

Person 65 years of age and older are granted tuition scholarships for any college class for which they enroll, whether for credit or audited.

Note: Fees are subject to change without advance notice. Graduate students in music should refer to the department for additional fees.

A minimum of nine graduate hours during a regular semester and six graduate hours during a summer session is required for classification as a full-time student.

Course Numbering System

500-700: Courses numbered 500 and above are open only to graduate students. At least 15 hours of the master's degree program and at least 21 hours of the specialist degree program must be earned in courses open only to graduate students.

400G: Upper division undergraduate courses which are numbered at the 400-level and have a "G" designation (e.g. Eng. 401G) may be taken for graduate credit. In these courses, graduate students are expected to complete additional course requirements as prescribed by the instructor.

300: Courses numbered at the 300-level are for undergraduate credit and can be taken for graduate credit only in exceptional cases when permission is granted prior to enrollment in the course. Any request to take a 300-level course for graduate credit must be accompanied by a letter of justification from the department head and must be approved by the college dean and the graduate dean.

The policy on classification of students for registration fee assessment purposes at state-supported institutions of higher education was established by the Kentucky Council on Higher Education. It is printed below.

Section 1.

INTENT. Under current law the Council on Higher Education as a matter of policy establishes a higher fee or tuition for non-resident students attending public institutions than that charged Kentuckians. It is the intent of the Council on Higher Education that the state institutions of higher education in the Commonwealth of Kentucky shall apply uniform interpretations, as described in this policy and not otherwise, in determining whether students shall be classified as residents or non-residents for fee assessment purposes.

Section 2.

DEFINITIONS. Wherever used in this policy:

(1) The word "institution" shall mean a college, university, or community college supported by appropriations made by the General Assembly of Kentucky.

(2) The word "residence" or "reside" shall denote continuous presence within this State, provided that temporary absence for short periods of time shall not affect the establishment of a residence.

(3) The word "domicile" shall denote a person's true, fixed, and permanent home and place of habitation. It is the place where that person intends to remain, and to which that individual expects to return when leaving without intentions of establishing a new domicile elsewhere. Residence and domicile convey the same notion of permanence and principal home and are used interchangeably.

(4) The term "emancipated person" shall mean a person who has attained the age of 18 years, and whose parents: (A) have entirely surrendered the right to care, custody and earnings of such person; (B) who no longer are under any legal obligation to support or maintain such person; (C) who no longer, in fact, voluntarily contribute substantial financial assistance; and (D) whose parents' income is not taken into account by any private or governmental agency furnishing financial educational assistance to such person, including scholarships, loans and other assistance. If all of the aforesaid dependency tests are not met, said person shall be deemed an "unemancipated person."

(5) The word "parent" shall mean a person's father or mother, or the parent having custody, or if there is a
Section 3
GUIDELINES FOR DETERMINATION OF STATUS.

(1) The domicile of an unemancipated person is that of one's parent.
(2) Upon moving to this State, an emancipated person who provides persuasive evidence of domicile may apply for resident classification for unemancipated children; and provided that said person is not personally in this State primarily as a full-time student, one's unemancipated children may at once be so classified.
(3) Any person who remains in this State when that individual's parent(s), having theretofore been domiciled in this State, removes from this State, shall be entitled to classification as a resident while in continuous attendance at the degree level in which currently enrolled.
(4) An unemancipated person whose parent is a member of the Armed Forces and stationed in this State pursuant to military orders shall be classified as a resident. The student, while in continuous attendance at the degree level in which currently enrolled, shall not lose resident status when that individual's parent is transferred on military orders.
(5) An emancipated person who moves to the State within six months from the date of discharge from the military service with the stated intent of becoming a resident of the State shall be permitted to count such time spent in the military service toward meeting the assumptions outlined in Section 4, provided the individual entered military service from the State of Kentucky or maintains a home of record and permanent address in Kentucky at the time of discharge.

Section 4
PREMISES. Unless the contrary appears from clear and convincing evidence, it shall be presumed that:
(1) Except as provided in Section 4(2), every person remaining in this State in a non-resident status for the twelve months immediately preceding the last date for enrollment in the institution shall be presumed to be a resident student for fee assessment purposes. No person having a domicile elsewhere than in this State shall be classified as a resident for fee assessment purposes.
(2) No emancipated person shall be deemed to have gained residence while attending any educational institution (public or private) in this State as a full-time student, as such status is defined by the governing board of such institution, in the absence of a clear demonstration that the student has established domicile in the State. However, attending college in a part-time status will not prevent such person who has bona fide full-time employment in the State from establishing domicile.
(3) The domicile of a married person shall be determined by the provisions of these regulations independent of the residency of the spouse.
(4) A person does not gain or lose resident status for reason of presence in any state or country while a member of the Armed Forces of the United States. However, a member of the Armed Forces of the United States stationed in Kentucky on military orders, except members of the Armed Forces specifically assigned for educational purposes to state-supported institutions of higher education, is presumed to be domiciled in the State and shall be entitled to classification as a resident while on the active duty in this State pursuant to such orders. Resident status is similarly granted to one's unemancipated children.
(5) In the event an emancipated person's parent(s) have separate domiciles, one's domicile shall be that of the parent having legal custody. In the event neither parent has legal custody, one's domicile shall be that of the parent furnishing the greater financial assistance.
(6) Use of records. A student whose admissions records show that individual to be a graduate of an out-of-state high school and one's residence to be outside of Kentucky will normally be classified as a non-resident.
(7) Aliens. Aliens lawfully admitted to the United States for permanent residence under a permanent visa may establish Kentucky residence in the same manner as any other non-resident. An alien who possesses a student visa cannot be classified as a resident.

Section 5
TYPES OF EVIDENCE TO BE CONSIDERED FOR ESTABLISHMENT OF DOMICILE. If a person asserts that a domicile has been established in Kentucky for a period of twelve months immediately preceding the last date for enrollment in an institution, that individual has the burden of proving the point. The following statements pertain to the kinds of evidence that will be considered in reviewing an assertion by a person that one is domiciled in Kentucky.
(1) The following facts, although not conclusive, have probative value in support of a claim for resident classification: acceptance of an offer of permanent employment in this State; former residence in the State and the maintenance of significant connections therein while absent; or abandonment of a former domicile and establishing domicile in the State with attendance at an institution following and only an incident to such domicile.
(2) The following facts are not necessarily sufficient evidence of domicile: employment by an institution as a fellow, scholar, assistant or in any position normally filled by students; a statement of intention to acquire a domicile in this State; voting or registration for voting; the lease of living quarters; payment of local and state taxes; Kentucky automobile registration; Kentucky operators license; continued presence in Kentucky during vacation periods; marriage to a Kentucky resident; or the ownership of any real property.

Section 6
RESIDENCY CLASSIFICATION AND APPEAL PROCEDURES. Each institution shall establish a Non-Resident Fee Committee to consider changes in resident status based on the above criteria. Application for change of resident classification shall be made in writing to the Office of the Registrar or to the Chairman of the Non-Resident Fee Committee. The Chairman may present each case to the Committee for a final decision, and the student will be notified in writing as to the disposition of the application.
In the event of a ruling by the Non-Resident Fee Committee which is unsatisfactory to the student, the student may request that a copy of the file be submitted by the Chairman to the Executive Director of the Council on High-
GRADUATE COLLEGE REGULATIONS

Course Load

In general, the number of semester hours of credit which may be earned during a given term may not exceed the number of weeks of instruction.

During a regular semester, the course load for a full-time graduate student is 9-15 hours with 9 being the minimum and 15 the maximum. During the 8-week summer session, the minimum and maximum course loads for a full-time graduate student are 6 and 9 hours.

A graduate assistant is expected to be a full-time graduate student enrolled in 9-12 graduate hours each semester. An assistant may enroll in an undergraduate course(s) and apply those hours toward full-time status provided the course(s) is included on the official graduate program (Form C or B). When the course load includes both undergraduate and graduate courses, there must be a minimum of 6 graduate credits. For example, full-time graduate student status may be obtained with 6 graduate credits and at least 4 undergraduate credits. During the 8-week summer session, a graduate assistant must enroll in 3-6 hours, 3 of which must be graduate level.

Time Limitation for Completion of Degree

All requirements for the master's degree must be completed within five years from the date first course is taken.

All requirements for the specialist degree must be completed within six years.

Transfer Credit

Twelve hours of transfer work from an accredited institution may be accepted toward meeting course requirements for the master's or specialist degree. The "Transfer Credit Practices" report published by the American Association of Collegiate Registrars and Admission Officers will be the reference used for the evaluation of such credits. At least 6 hours in the minor area and at least 12 hours in the major area must be taken at Western.

The hours to be transferred must be properly designated as having been taken for graduate credit and must carry a grade of "B" or above. Credits earned during a given term must not exceed the number of weeks of instruction and must meet the specified time limit for the degree. Any course to be transferred must be appropriate for the degree program being followed and must be approved by the student's graduate advisor(s) and the graduate dean. These approvals must be obtained prior to enrollment in the course.

Correspondence Study

Courses taken through correspondence study cannot be used as a part of any graduate program.

Graduate Record Examination

All degree-seeking students (excluding M.B.A. students who must submit GMAT scores) must submit scores on the General (Aptitude) Test of the Graduate Record Examination regardless of their undergraduate grade point average. The scores must be received by the Graduate College prior to enrollment in hours beyond 12, including transfer credits, toward the program of study. Failure to submit the scores by the established deadline will result in the student having to take additional coursework.

Registration materials for the GRE and GMAT are available at the Counseling Services Center and the Graduate College.

Major Advisor

Upon admission to a graduate program, each student is assigned a major advisor from the graduate faculty of Western Kentucky University.

Program of Study (Form C)

All degree-seeking students must submit a planned program of study (Form C) to the Graduate College prior to enrollment in hours beyond 12, including transfer credits, toward the program of study. The degree program is to be developed in consultation with and approved by the advisor(s) assigned at the time of admission. Failure to submit the approved program by the established deadline will result in the student having to take additional coursework.

Students entering fifth- or sixth-year (Rank II or Rank I) non-degree, professional education programs must also submit a program of study to the Graduate College as specified above. The approved program must be on file before a letter certifying completion of hours can be sent to the appropriate Board of Education.

All degree and non-degree programs must be reviewed and approved in the Graduate College.

Course Substitutions

Any change in the approved pro-
gram of study—the addition or deletion of a course, the substitution of a transfer course or of another Western course for a course on the program—must be outlined on a "course change" form, approved by the advisor and submitted to the Graduate College for final approval. This approval should be gained prior to enrollment in the course to be substituted.

Program of Study Change

Students who wish to change from one program of study to another must apply on a "Change of Program" form. Admission to the desired program must be gained, and such admission constitutes a new date of admission. The advisor(s) assigned to the new program will evaluate any previously-taken courses for their applicability to the new program. All Graduate College regulations must be followed.

Grades

Grades lower than "C" may not be used in meeting degree or non-degree program requirements. Except in the case of theses or specialist projects, the grade of "X" (incomplete) becomes "F" on the student's transcript if the work is not completed within one calendar year. Thereafter, the grade point average will include the "F." In the case of theses (599) and specialist projects (699), a grade of "X" must be reported for each enrollment period prior to submission of the approved thesis or specialist project to the Graduate College after which the grade may be changed.

Candidates for graduate degrees are required to have a combined average of "B" in all courses taken in the major and minor areas, regardless of whether they are included on the approved program of study (Form C or B), and in courses used to meet the research tool requirements for the MA and MS degrees. The minimum acceptable grade for a master's thesis or specialist project is "B".

Grades are recorded in the Office of the Registrar as reported by the graduate faculty at the close of each academic term. No grade filed in that office may be changed except on a written statement from the instructor certifying that an error has been made or, if the case of an "X," that the work was completed within the time limit.

Repeating a Course

A course in which a student has received a passing grade (C or better) may not be repeated for the purpose of raising the grade. A course in which a grade of D or F is received may be repeated, but both grades are used in computing the grade point average.

Admission to Candidacy (Form D)

Admission to candidacy is a traditional component of graduate study—the purpose of which is to provide a planned, formal review of the student's progress toward the specified program of study. This review enables the student, in consultation with appropriate University officials, to make warranted changes in the program. Admission to candidacy should be an expression of confidence that the student will (with appropriate, continued effort) be able to complete all requirements for the degree.

Failure to submit Form D and receive approval for candidacy by the established deadline will result in the student's having to enroll for additional hours of credit.

All degree seeking graduate students must apply for, and be admitted to candidacy by submitting Form D to the Graduate College. Admission to the Graduate College and admission to candidacy are two separate procedures.

Students seeking master's degrees must apply for and be admitted to candidacy by submitting Form D to the Graduate College. Admission to the Graduate College and admission to candidacy are two separate procedures.

Students seeking master's degrees must apply for and be admitted to candidacy by submitting Form D to the Graduate College. Admission to the Graduate College and admission to candidacy are two separate procedures.

Admission to candidacy by submitting Form D to the Graduate College requires that either a written or an oral examination is required by some programs within the Master of Arts in Education degree and by the Administration option of the Master of Public Service degree. Specialist degree programs require an oral examination. Master's degree programs with thesis (Plan A) require an oral thesis defense. The student's committee for the oral examination consists of the graduate committee appointed by the major department or, in the case of the Master of Arts in Education, the committee consists of the major and minor advisors and one additional member selected by the major advisor from the major department.

Students must contact their major advisors for scheduling the examination. The chairperson will notify the Graduate College of the results of the examination through the use of Form E.

Second Master's Guidelines

The student who wishes to earn a second master's degree from Western...
Kentucky University must apply for and gain admission to the new program and must satisfy all requirements (specific coursework, research tool, thesis, etc.) for the new degree, completing at least 18 additional hours of coursework or 12 hours plus the thesis. No more than 12 hours of previous coursework, whether transferred from another university or from the previous master's degree at Western (or a combination of the two), may be used to fulfill program and research tool requirements.

**Seniors Earning Graduate Credit**

Seniors at Western or one of the cooperating consortium colleges may enroll in graduate coursework during their final undergraduate semester provided they (1) have an undergraduate grade point average of at least 2.5; (2) make formal application to graduate study (Form A should be submitted to the Graduate College at least four weeks prior to the beginning of the semester); (3) carry a final-semester course load of no more than 15 hours (combined undergraduate and graduate hours), and (4) do not, in any way, attempt to apply the graduate course(s) to the undergraduate degree.

**Thesis and Specialist Project Advisory Committees**

Students pursuing graduate programs requiring the thesis or specialist project are assisted by a thesis or specialist project advisory committee. In consultation with the student, the major advisor selects two additional graduate faculty members—thus forming the three-member advisory committee, with the major advisor as chairperson.

In some cases, one member—other than the chairperson—may be an individual who is not a member of Western's faculty. Those individuals must qualify and be recommended for adjunct regular or associate membership on Western's graduate faculty. An individual who has expertise in a pertinent area but who does not meet the requirements for appointment to regular or associate membership on the graduate faculty may serve as a fourth member of the committee with approval of the graduate dean.

**Thesis or Specialist Project**

The program of a student pursuing the master's thesis or specialist project must contain 6 hours of credit in 599—Thesis Research and Writing or in 699—Specialist Project, respectively. The thesis or project must be submitted to the Graduate College, in final form and approved by the student's committee members, at least three weeks prior to the date of graduation.

Complete instructions and requirements for preparing, submitting, and distributing the thesis or specialist project are given in "Guidelines for Master's theses and Specialist Projects." Copies are available in the Graduate College office. It is the student's responsibility to obtain and comply with these guidelines.

**Maintaining Matriculation**

If the thesis or project is not completed during the period of registration for this credit, the student must maintain matriculation until the thesis or project has been submitted and approved. Therefore, if not enrolled in thesis/project credit or for graduate coursework, the student must register for 599c (thesis) or 699c (project) during any semester or summer term in which he/she will be actively pursuing the thesis or project or will be submitting it for approval. Enrollment in 599c or 699c does not result in a grade nor credit toward any degree or non-degree program requirements.

**Application for Degree**

The degree candidate must complete a degree application (available in the Graduate College and in the Registrar's Office) and return it with the graduation fee to the Registrar's Office according to the dates established by the Registrar for each semester.

**Requirements: Master's Degree Applicants**

To be admitted to the Graduate College and be considered for admission to a master's degree program and applicant must:

A. Hold a bachelor's degree from a college or university of recognized standing. (Applicants from non-accredited institutions see below.)

B. Have adequate preparation in the field of specialization.

C. Have (1) an overall grade point average of not less than 2.5, or (2) a grade point average of 2.5 on the last sixty semester hours of undergraduate degree work, or (3) a score of not less than 1150 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination. Requirements for admission to some programs are higher than these minimum standards.

**Initial Procedures**

Degree students seeking admission must obtain from the Graduate College Form A (Application for Admission). The completed form must be returned well in advance of the expected date of matriculation. Graduates of accredited institutions other than Western Kentucky University must request one official transcript indicating the completed degree. The transcript must be forwarded from the college or university Registrar directly to the Graduate College. Applicants who have not yet completed the undergraduate degree submit one official transcript at the time of application and one official transcript after the degree is completed.

Transient students (working toward a degree at other institutions) must complete Form A but are not required to submit transcripts. Instead, they must obtain Form H from the Graduate College. This completed form must be returned to the Dean of the Graduate College at Western prior to enrollment.

Unclassified students (not seeking an advanced degree) must complete Form A and, if not a Western graduate, submit one official undergraduate transcript to the Graduate College. Should the unclassified student later apply for and be granted admission into a degree program, no more than 12 hours taken while in the unclassified category may (with advisor approval) be used to fulfill degree requirements, provided time limitations etc. are met.
D. Applicants for the Master of Business Administration program must submit scores on the Graduate Management Admissions Test in lieu of GRE scores, regardless of grade point average.

Requirements: Specialist Degree Applicants

Applicants for a specialist degree program must:

A. Hold a master's degree from an accredited college or university.
B. Have adequate preparation in the proposed field of specialization.
C. Score not less than 1250 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination.
D. Have a grade point average of not less than 3.25 on the first 30 semester hours of graduate work.
E. Present to the Graduate College three letters of recommendation from graduate faculty and professional associates.

Applicants From Non-regionally Accredited Institutions

Graduates of non-regionally accredited, four-year educational institutions may be conditionally admitted to the Graduate College and considered for admission to a master's degree program with a minimum GRE General (verbal, quantitative, and analytical combined) score of 1250, a minimum undergraduate grade point average of 2.5/4.0, and adequate preparation in the field of specialization, and one of the following:

A. The undergraduate institution is a candidate for regional accreditation.
B. The undergraduate degree is accepted as preparation for graduate study by that state's reporting institution.
C. The student's GRE verbal score is at least 550 and the undergraduate transcript indicates completion of a minimum of 40 hours of general education coursework including:
   a. at least 6 semester hours (or the equivalent) in each of the areas of communication, humanities, and natural science.
   b. at least 12 semester hours (or the equivalent) in social and behavioral studies, including history.
   c. at least 3 semester hours (or the equivalent) in mathematics or logic.

Completion of 12 hours of graduate credit with a grade point average of at least 3.00 removes the conditional status.

A student with a combined verbal, quantitative, and analytical GRE score of at least 1400 or a verbal score of at least 600 may request individual consideration by the Graduate Council.

International Students: Requirements

Applicants who are not U.S. citizens must submit (1) a properly completed application for admission, (2) an official transcript indicating completion of the baccalaureate degree (or the equivalent), (3) evidence (grades, test scores) of ability to communicate in English and of the academic aptitude necessary for success in Western's graduate program, and (4) evidence of the needed financial resources. After the file is complete with these credentials, evaluation is made within the department administering the degree program and admission is based upon adequate undergraduate preparation, academic aptitude, English ability, etc.

International students must arrive on campus three days prior to the beginning of registration for classes for orientation and testing of English proficiency. Students found to be deficient in English skills must take remedial coursework.

Health insurance must be purchased upon arrival at the University.

Senior Citizens

A senior citizen (65 years or older) who holds a bachelors degree may be admitted to the Graduate College as a Special Student. Upon completion of 12 hours of coursework in a degree program with a minimum grade point average of 3.0, the student may be admitted to that degree program.

Master of Arts. Programs leading to the M.A. degree are offered in the following fields: child development and family living, communication, English, folk studies, history, humanities, psychology and sociology.

Master of Arts in Education. This degree program permits majors in the following fields: agriculture, art, biology, business education and office administration, chemistry, communication, counseling (school), elementary education, English, English and allied language arts area, early childhood education, exceptional child education, French, general education, geography, German, health, history, home economics, industrial education, mathematics, math-science area, music, physical education, psychology, reading, school business administration, science area, secondary education, social science area, Spanish, and student personnel services in higher education.

The secondary education degree program permits minors in the following areas: agriculture, art, biology, business education, communication, drama, English, folk studies, French, geography, German, health, history, home economics, industrial education, mathematics, music, physical education, physics, psychology, science area, secondary education, sociology, and Spanish.

Master of Science. Programs leading to the M.S. degree are offered in the following fields: agriculture, biology, business education, communication, drama, English, folk studies, French, geography, German, health, history, home economics, industrial education, mathematics, music, physical education, physics, psychology, science area, secondary education, sociology, and Spanish.

Master of Business Administration. Specific information and requirements are given under the administrative department.

Master of Music. Specific information and requirements are given under the administrative department.

Master of Public Service. Program options leading to the M.P.S. degree are offered in the following fields: administration, city and regional planning, and counseling.

Specialist in Education. The Specialist Degree in Education is available in counseling, elementary education, school administration, and secondary education.

Joint Doctoral. Western participates in joint-doctoral programs in education with the University of Kentucky and in a cooperative doctoral program in aquatic biology and in fossil fuel chemistry with the University of Louisville.
OUTLINE OF DEGREE REQUIREMENTS

The requirements outlined below are minimum requirements for the specific degrees. Some programs leading to the degree have requirements which exceed these minimums.

**Master of Arts and Master of Science Degrees**

**Admission.** In addition to meeting Graduate College requirements, applicants must possess at least a minor or its equivalent and a minimum grade average of 2.7 in the desired area of study.

**Coursework.** A minimum total of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, with at least 15 hours in courses open only to graduate students.

**Program.** The student's approved program (Form B) must be on file prior to enrollment in hours beyond 12 to be used on the degree program.

**Research Tool.** Unless the department has a specific requirement, the student may meet the research tool requirements by demonstrating (1) a reading ability sufficient to do scholarly research in a foreign language appropriate to the major area or (2) competency in the use of the appropriate research techniques recommended by the departmental advisor(s) and approved by the Dean of the Graduate College. No credit earned in meeting research tool requirements will apply toward the hours required for the degree. Minimum grade of "B" is required in courses used to meet the research tool requirement.

**Language Reading and Translation Courses.** The French and German reading translation courses are offered during the fall semester only. Graduate students in degree programs which require the language proficiency test must make those courses a part of their first fall enrollment period.

**Thesis.** Some departments offer both Plan A (thesis) and Plan B (non-thesis). For Plan A, the thesis credit (6 semester hours) must be included in the hours (usually a minimum of 30) required for the degree. The thesis topic must be approved by the student's major advisor. Students must maintain matriculation until the thesis is approved (see "Thesis and Specialist Project" and "Maintaining Matriculation").

**Admission to Candidacy.** Candidacy status must be gained after completion of at least 12 hours and prior to enrollment in hours beyond 21.

**Final Examination.** A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

**Master of Arts in Education Degree**

**Admission.** In addition to meeting Graduate College requirements for admission, if applying for a program which involves teacher certification the applicant must meet certification requirements for that specific program.

**Coursework.** A minimum of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, with at least 15 hours in courses open only to graduate students. All students pursuing this degree must complete Education 500—Research Methods—and must meet coursework requirements for any certification being pursued.

**Program.** The student's approved program (Form C) must be on file prior to enrollment in hours beyond 12 to be used on the degree program.

**Research Tool.** Not Required.

**Thesis.** The thesis is not required. Only the City and Regional Planning option has a thesis plan available.

**Admission to Candidacy.** Candidacy status must be gained after completion of at least 12 hours and prior to enrollment in hours beyond 21.

**Final Examination.** A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

**Specialist in Education**

**Admission.** Applicants must hold the master's degree (or the equivalent), must have a minimum grade average of 3.25 on the first 30 hours of graduate work and a combined score of at least 1250 on the General (verbal, quantitative, and analytical combined) Test of the Graduate Record Examination, and must submit three letters of recommendation (sent directly to the Graduate College) from professors and professional colleagues.

**Coursework.** A minimum of 30 semester hours of graduate credit, 21 of which must be in courses open only to graduate students, must be completed.

**Program.** The student's approved program (Form B) must be on file prior to enrollment in hours beyond 12 to be used on the degree program.

**Residency.** Two periods, consisting of a minimum of six hours each, of on-campus coursework must be completed. The student may meet this requirement in two summers, two semesters, or one summer and one semester. These 12 hours must be earned through traditional coursework (i.e., courses which may not be completed through independent study). The summer (8 weeks) will count as only one period in meeting this requirement.

**Admission to Candidacy.** Admission to candidacy must be accomplished after completion of a minimum of 12 hours and prior to enrollment in hours beyond 21.

**Final Examination.** A final examination over coursework and related materials must be satisfactorily completed. An oral thesis defense is required under Plan A (thesis option).

**Master of Public Service Degree**

**Admission.** The applicant must meet Graduate College requirements and must submit evidence of sufficient background in the chosen area of study.

**Coursework.** A minimum of 30 hours of graduate level coursework (or 24 hours plus thesis) is required, of which 9 must be selected from the MPS core area. At least 15 hours must be taken in courses open only to graduate students.

**Program.** The student's approved program (Form C) must be on file prior to enrollment in hours beyond 12 to be used on the degree program.
of nine semester hours (at least six of which must be with Western Kentucky University) and prior to enrollment in the final twelve semester hours of the program.

Specialist Project. The project is an integral part of the specialist program and is planned with reference to the student's field of specialization and professional goals. It may take the form of a field project, a creative study, or a more formal research study and shall culminate in a written, scholarly report. Students must maintain matriculation until the project is approved (see "Thesis and Specialist Project" and "Maintaining Matriculation").

Final Examination. An oral examination covering the coursework and project must be satisfactorily completed. The chairperson will notify the Graduate College of the results through the use of Form E.

Cooperative-Doctoral (Ph.D.) with the University of Louisville

The cooperative-doctoral is limited to the Ph.D. program with emphasis in aquatic biology or in fossil fuel chemistry. Admission requires concomitant admission to the Graduate School of the University of Louisville and the Graduate College of Western Kentucky University. Admission requires completion of the appropriate application forms at each institution and the payment of a non-refundable application fee of five dollars ($5.00) to the University of Louisville, the transmission of one official transcript indicating adequate preparation and copies of two letters of recommendation to each Graduate College office, achievement of a combined score of at least 1,000 on the General (verbal and quantitative) Test of the Graduate Record Examination and a score at or above 40 on the Miller Analogies Test (to be sent to the University of Louisville), and approval by the graduate faculty members of both institutions.

The degree requires the equivalent of at least three years of full-time graduate study, at least two years of which must be spent on the cooperative campus (Western Kentucky University and/or the University of Louisville). A minimum of one year of full-time residence must be spent on the university campus on which the student's major professor resides.

The student's graduate committee will consist of at least five members, with at least two each from the University of Louisville and Western Kentucky University.

Requirements include an entry examination over material from the broad field of biology or chemistry and a preliminary oral and/or written examination after completion of the major portion of the prescribed coursework. A reading knowledge of at least one modern foreign language must be demonstrated before admission to candidacy.

The final oral examination consists of a defense of the dissertation and a demonstration of the candidate's mastery of the field of study.

Joint-Doctoral with the University of Kentucky

Admission requires concomitant admission to the Graduate College at Western and to the Graduate School and doctoral program at the University of Kentucky. Application forms are available in the Graduate College at Western and, upon completion, are to be returned to the Dean of the Graduate College, Western Kentucky University. If fully qualified, the applicant's credentials will be forwarded to the University of Kentucky. Requirements for admission include a combined score of at least 1,000 on the General (verbal and quantitative) Test of the Graduate Record Examination, completion of the Miller Analogies Test if the GRE verbal score is below 600, personal references, transcripts of previous academic work, a statement of educational goals, and a brief autobiography.

Academic Common Market

Kentucky, along with 12 other southern states, participates in the Academic Common Market—an interstate agreement for sharing uncommon programs. Numerous graduate programs are included in this cooperative arrangement. Kentucky residents accepted for admission into selected out-of-state programs can enroll on an in-state tuition basis. A catalog listing of the programs is available in the Graduate College office.
COLLEGE OF ARTS, HUMANITIES, AND SOCIAL SCIENCES

Ward Hellstrom, Dean

DEPARTMENTS

Art
Communication and Theatre
English
Government
History
Journalism
Modern Languages and Intercultural Studies
Music
Philosophy and Religion
Sociology and Social Work

DEGREES OFFERED

Master of Arts (Communication, English, Folk Studies, History, Humanities, Sociology)

Master of Music

Master of Public Service (Public Administration Option)

Majors and Minors Offered Under the Master of Arts in Education Degree

Art
Communication
Drama/Theatre
English
English and Allied Language Arts (Major only)
Folk Studies (Minor only)

Sociology (Minor only)
DEPARTMENT OF ART

IVAN WILSON CENTER
ROOM 441 (502) 745-3944

Joseph W. Gluhman, Head
Graduate Faculty
Associate Professors: M. Klein, J. Oakes
Assistant Professors: P. Trutty-Coohill, A. Wong

Degree Offered: Master of Arts in Education (Art major or minor)

A presentation of a portfolio or permission of the professor under whom the student plans to study is required for admission. The major requires 18 to 21 hours in art and 9 to 12 hours in professional education. The 18-21 hours in art can be selected to meet individual needs. The minor requires 12 to 15 hours in art and 15 to 18 hours in professional education. Professional education courses taken must satisfy the requirements for standard high school certification.

Graduate Courses in Art

500 Early Medieval Art. 3 hours. Examination of topics and problems in Early Christian, Byzantine, Migration, Carolingian, and Ottonian art.

501 Romanesque and Gothic Art. 3 hours. Directed individual research into the architecture, sculpture, and illuminated manuscripts of Western Europe during the eleventh to early sixteenth centuries.

511 Investigations in Art Education. 3 hours. Independent study in art curriculum and methodology, with emphasis on the literature, selected art history, and studio areas.

512 Investigations in Art Education. 3 hours. Independent study in art curriculum and methodology (including art history and studio). Emphasizes the use of surveys, observations, and experimental techniques.

520 Ceramic Art. 3, 6, 9 hours. Advanced levels of clay forming techniques and clay glaze composition. Research in various phases of the ceramic process.

540 Drawing. 3, 6, 9 hours. Independent study utilizing traditional methods of drawing. Students are encouraged to investigate and utilize new directions.

550 Printmaking. 3, 6, or 9 hours. Independent study utilizing traditional methods of printmaking. Encourages the investigation of new directions in personal expression.

560 Painting. 3, 6, or 9 hours. Advanced aspects of painting, with emphasis on experimentation in different schools of painting and on individualized approaches.

570 Sculpture. 3, 6, or 9 hours. Independent study and experimentation in sculpture.

580 Weaving. 3, 6, or 9 hours. Individual study of weaving utilizing traditional and experimental techniques; the production of works that are highly individualistic and are of exhibition quality.

591 Investigations in Art History. 3 hours. Topics and approaches for special areas of interest. Emphasis on the traditional periods of art history.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

401G Art in the Italian Renaissance.
402G American Architecture.
405G Art Theory and Criticism. 3 hours. Major theories of art, both historical and contemporary, and of various approaches to qualitative judgments about individual works of art.

420G, 421G, 422G Ceramics.
440G Drawing.
480G, 481G, 482G Weaving.
490G, 491G Special Problems.
Master of Arts in Communication

This degree prepares students for a variety of careers and pursuits in which advanced communication study is helpful. It is especially useful as preparation for college level teaching, further graduate study, management and personnel relations, group communication situations including decision making, and other areas requiring specialized communication skills.

The program provides maximum flexibility. Courses are organized to allow concentration in one of the following areas within the department: communication theory and research, organizational communication, rhetoric and public address, theatre, and speech education. With advisor permission, students may take a maximum of 6 hours in a related area outside the department.

In the early stages of the graduate program, students should meet with their advisor and decide whether to follow Plan A (thesis) or Plan B (non-thesis).

The MA in Communication requires 33 credit hours plus 3 hours of research tool. Specific departmental requirements include the following:

- S Com 503-Foundations of Communication Concepts (required of all graduate students)
- S Com 400G-Historical Methods and/or S Com 440G-Experimental Methods

Communication majors must select either 400G or 440G as the research tool; the remaining course will be included in the graduate major. Theatre majors may take either 400G or 440G as the research tool; the remaining course need not be a part of the graduate major.

Master of Arts in Education. (Communication major or minor, Theatre minor)

Since this program provides graduate coursework in communication or theatre for the public school teacher, all requirements for standard high school certification must be met. The major in communication requires a minimum of 18 or a maximum of 21 hours. The minor in communication or in theatre requires a minimum of 12 or a maximum of 15 hours in the appropriate area. The remaining hours will be taken in professional education.

Graduate Courses in Communication

- **500** Speech Communication Internship. 3 hours. Practical experience in a speech communication situation. On-site guidance from a coordinator within the organization. This course may be repeated once.

- **503** Foundations of Communication Concepts. 3 hours. Major concepts and issues which characterize the discipline.

- **521** Evaluation of Mass Communication. 3 hours. Criteria for determining the social responsibility of and for judging the performance of the mass media in America. Principal recurring schema used to evaluate the mass communication process.

- **522** Seminar in Mass Communication. 3 hours. Selected topics in mass communication theory and practice: mass communication history, mass communication law and regulation, popular culture, message characteristics, etc. May be repeated with a different topic.

- **540** Seminar in Rhetoric and Public Address. 3 hours. Theories of rhetoric and the application of rhetorical standards to selected speakers, movements, areas and periods. May be repeated with a different topic.

- **541** Seminar in Communication. 3 hours. Selected topics in communication theory: interpersonal communication, persuasion and attitude changes, non-verbal communication, small group communication, language behavior, etc. May be repeated with a different topic.

- **542** Practicum in Communications Consulting. 3 hours. Practical off-campus experience in the actual development, implementation, and evaluation of communications programs in organizations.

- **543** Contemporary Methods of Rhetorical Criticism. 3 hours. Application of contemporary methods of analyzing and evaluating rhetorical discourse.

- **544** History and Theory of Interpretation. 3 hours. History and development of interpretive theory from ancient times to the present. Use and developments of the interpreter's art, with analysis of contemporary principles and practices.

- **545** Seminar in Speech. 3 hours. Content will vary. If offered as independent study, an area of individual interest may be pursued. If offered as a class, timely topics will be covered.

- **546** Seminar in Forensics. 3 hours. Principles and procedures involved in directing the standard forensic events such as debate, extemporaneous speaking, discussion, original oratory, analysis of a public address. Also includes interpretive reading, duet acting, and story telling.

- **548** Seminar in Interpersonal Communication. 3 hours. Examination of professional literature and basic research in the interpersonal communication.

- **549** Rhetorical Theory and Criticism. 3 hours. Development of the classical tradition in rhetorical theory, practice, criticism, and pedagogy, from pre-Aristotelian writings through twentieth century British and American theorists.

- **561** Seminar in Interpersonal Communication. 3 hours. Communication within organizations, emphasizing research studies and methodology for conducting research.

- **565** Seminar in Broadcasting. 3 hours. Topical issues in the field of broadcasting. Individual student research and subsequent class discussion. Primary research methods and resources will be reviewed.

- **599** Thesis Research and Writing. 6 hours.

- **599c** Maintaining Matriculation. 1 to 6 hours.
The following 400-level courses in Communication may be taken for graduate credit

400G Historical Studies in Communication. 3 hours. Research methodologies in communication and theatre.

401G History of Broadcasting in America. 3 hours. Historical factors in the development of primary means of contemporary print and broadcast mass communications; background data on the creation, adoption and diffusion of mass media in America.

405G Phonetics. 3 hours. Speech sounds, their production, and acoustic properties.

440G Experimental Studies in Communication. 3 hours. Research design, procedures, and reporting. Critical examination of experimental studies in various areas of communication.

441G Advanced Oral Interpretation: Prose. 3 hours. Study of prose with emphasis on differentiation of types of oral performance.

442G Advanced Oral Interpretation: Poetry. 3 hours. An analysis of poetry fiction (short story, novella, novel) with emphasis on point of view, tone, and characterization in oral performance.

443G Contemporary Rhetoric and Public Address. 3 hours. Contemporary theories of rhetoric and persuasion as they relate to public address. Also includes analysis of contemporary public address.

444G Research in Speech and Theatre. 3 hours. Usually offered as an independent study.

446G American Public Address. 3 hours. Study and evaluation of selected speakers from American history.

447G Kentucky Oratory. 3 hours. Prerequisite: Com 447 or His 456. Studies speakers of influence in Kentucky and provides an overview of oratory from political, religious and social issues.

448G Speech Development. 3 hours. Speech as a teaching tool. Minor problems in voice control, articulation, and pronunciation.

449G Interviewing. 3 hours. Overview of principles and methods especially well suited to oral, one-to-one information gathering in an organizational setting. Emphasizes practice both in and out of the classroom.

451G Organization Communication. 3 hours. Theoretical examination of rhetorical principles operative in modern organizational communication systems.

452G Interpersonal Communication. 3 hours. Dimensions of communication theory that apply across cultural boundaries, including anthropological and linguistic perspectives.

Graduate Courses in Theatre

547 Instructional Technology. 3 hours.

550 Seminar in Theatre. 3 hours. Provides theatre experience through research and application. Individual investigation of interpretative, technical, or promotional problems.

552 Dramatic Theory and Criticism. 3 hours. Theories and practices within the theatre from Aristotle to present, criteria for critical analysis.

553 Restoration and Eighteenth Century Drama. 3 hours. Representative plays, evaluation of influences, movements, and productions. Reading and individual study.

554 Theatre Styles. 3 hours. Major stylistic impulses that have influenced the nature of drama and theatrical production within the Western World.

583 Shakespeare II. 3 hours. (See English 563)

The following 400-level Theatre courses may be taken for graduate credit

401G Styles of Acting. 3 hours. Acting problems as related to differences in genre and styles of dramatic production from the Greeks to the present.

402G Lighting Design. 3 hours. Lighting equipment demonstration and practical experience in working with lights for the major productions. Each student will design the lighting for a full-length play.

429G Special Problems in Technical Theatre. 3 hours. Advanced study in the areas of scenery, costume, lighting, and sound.

431G Musical Theatre. 3 hours. Development of the musical theatre; the style and form of its music, dance and drama; and its impact on the modern theatre.

441G Costume Design. 3 hours. For theatre majors and those interested in understanding the concept of costuming. Emphasis on the historical and practical aspects of theatrical costume design.

442G Historic Decor for Stage. 3 hours. Prerequisite: Theatre 251. Historic costumes of the major periods of theatrical production. Covers the costumed actor's problems with manners and movements.

455G American Drama. 3 hours. Development of American drama from the colonial period to the present. An overview of American drama and the works of major American playwrights of the past forty years.

456G Elizabethan Drama. 3 hours. Intensive study of the immediate predecessors and contemporaries of Shakespeare.

459G Modern Drama. 3 hours. Dramatic literature since Ibsen, with emphasis on evolving developments and trends in world theatre.

500G Studies in British Theatre. 3 hours. Includes a tour to England and viewing of representative plays, visits to historical and cultural sites.

461G Theatre Practicum. 3 hours. Reading of plays and dramatic materials; staging methods; script selection for production; prompt script with analysis of director's research; individual interpretation and production plans; final production.

462G Theatre History to 1640. 3 hours. Development of theatre from primitive ritual to closing of the English theatres.

463G Theatre History Since 1640. 3 hours. Development of theatre from 1640 to present.

471G Theories of Directing. 3 hours. Evolution of the modern director and the theoretical and practical bases of contemporary stage directing.

472G Readers Theatre. 3 hours. Methods of group oral interpretation of literature with emphasis on the short story, poetry, and drama. Includes analysis of literature, preparation of Readers Theatre and Chamber Theatre scripts, and performance in class projects.

482G Shakespeare I. 3 hours. See Department of English.

491G Puppet Theatre. 3 hours. Puppets, puppets and marionettes with emphasis on history, construction, operation, and performance.
DEPARTMENT OF ENGLISH

CHERRY HALL
ROOM 135 (502) 745-3043

Joseph R. Millichap, Head

Graduate Faculty

Associate Professors: R. Eckard, J. Hagaman, C. Mosby, K. Peiz, P. Taylor

Assistant Professor: C. Meyer

Degrees Offered: Master of Arts in English, Master of Arts in Education (English major or minor; English and Allied Language Arts area major), *Specialist in College Teaching (English major).

*Specialist in College Teaching temporarily suspended

Master of Arts in English

The master's program is designed for students preparing to teach English in secondary schools or junior colleges, or who expect to continue graduate work toward a doctorate in English. The program offers a concentration in teaching English as a second language. Admission requirements include 27 hours of undergraduate English courses with a grade point average of 3.0 or above and a satisfactory score on the General Test of the GRE. Students who do not meet the admission requirements may be admitted conditionally or may be required to take additional undergraduate courses.

Both Plan A (thesis) and Plan B (non-thesis) are available. Plan A requires 24 hours of coursework and the 6-hour thesis. Plan B requires 33 hours of coursework. In either plan, 6 hours of coursework may be in a related field such as drama, English history, foreign literature, mass media, philosophy, or communication. Courses in each program must meet departmental requirements, a list of which is available from the English Graduate Advisor.

Both plans include a research tool requirement, which the student may satisfy by demonstrating proficiency in a foreign language or by completing English 520. If English 520 is designated as the research tool, it may not be included in the credit hours required for the degree.

An examination over the coursework, thesis (if Plan A), and related materials must be completed. Early in the graduate program, the student should obtain from the English Graduate Advisor a copy of the Reading List for the MA Oral Examination.

Master of Arts in Education (English major or minor; English and Allied Language Arts area major)

This degree qualifies the student for the standard high school certificate. To pursue a major or minor in English, the student must have completed at least 24 hours of undergraduate work in English.

The major in English is designed primarily for secondary teachers who wish to acquire a strong academic background in their teaching field. Requirements include 18 to 21 hours in English, 9 to 12 hours in education, and a final examination on courses and related materials specified in the Reading List for the MA Oral Examination. At the beginning of the graduate program, the student should obtain a copy of the reading list from the Graduate Advisor in English. The thesis is optional.

Students minoring in English take a maximum of 15 hours or a minimum of 12 hours in that department.

The major in English and Allied Language Arts is designed for middle and secondary school teachers involved in teaching basic language courses and in directing student activities related to the language arts. Admission to this program usually requires 24 hours of undergraduate coursework in English; however, to keep the entrance requirements as open as possible to qualified applicants, up to 9 of the 24 hours may consist of appropriate courses from related fields (foreign language, speech, drama, journalism, reading).

This area major requires 18 to 21 semester hours of coursework in English and Allied Language Arts (communication, drama, journalism, mass media, foreign languages, and folk studies). The requirement in English varies according to undergraduate preparation. English 401G—Advanced Composition—and 6 to 9 hours of British or American literature are required of all. The remaining 6 to 12 hours for the area major will be selected from allied language arts. Nine to 12 hours must be taken in professional education.

Graduate Courses in English

503 Linguistics and Transformational Grammar. 3 hours. History and development of modern grammar and linguistic principles, a review of current professional writers, and an introduction to the various "new" grammars. 553

508 TESL Field Experience. 3 hours. Prerequisites: Eng 469 and one linguistics course. Observation and teaching under professional supervision. 560

520 Bibliographical and Methodological Studies in Literature. 3 hours. Basic bibliography and bibliographical problems; research methods requisite for the M.A. thesis and scholarly publications; methodologies of recent critical essays. 569

553 Restoration and Eighteenth Century Drama. 3 hours. Emphasis on representative plays. Evaluation of influences, movements, and productions. 560

560 Literary Criticism II. 3 hours. Critical theory and practice of significant literary critics of the Western world from the Romantic period to the present. 569

569 Cooperative Education in English I. 3 hours. Prerequisites: A minimum of 9 graduate hours in English with a GPA of 3.25 or above; approval of the departmental coop advisor and of the English departmental advisory committee. Appropriate supervised work with a cooperating organization. 570

570 Practical Approaches to Literature. 3 hours. Terms, concepts, and procedures of practical criticism through the study and practice of a variety of critical approaches to a representative sample of literary works. 571

571 British Masterpieces in the Classroom. 3 hours. Masterpieces of British literature suitable for teenage students. Works suggested
by those taking the course and a designated core of selections will be studied to aid teachers in making these masterpieces understandable, interesting, and enjoyable to secondary school students.

572 American Masterpieces in the Classroom. 3 hours. Major American literary works appropriate for instruction in high school and junior high school. Works suggested by those taking the course and a designated core of selections will be studied to aid teachers in making these masterpieces understandable, interesting, and enjoyable to secondary school students.

579 Studies in Victorian Literature. 3 hours. Selected Victorian works or writers or special topics of significance in Victorian literature.

581 Readings in Old English. 3 hours. Introduction to Anglo-Saxon vocabulary, grammar, and literary devices. Readings in the original and in translation.

582 Middle English Literature. 3 hours. Non-Chaucerian English literature of the Middle English period. Language of the period reviewed.

583 Shakespeare II. 3 hours. Selected comedies and histories. Individual research in literary criticism.

585 Milton. 3 hours. The writings of John Milton, with emphasis on his poetic works.

586 Seminar in British Writers. 3 hours. Content varies. Selected works or writers. Majors may repeat course once with different topic.

587 Wordsworth and Keats. 3 hours. The major works of these two writers and an evaluation of their contributions to the Romantic Movement.

588 Modern British Poetry. 3 hours. Detailed study of the works of major twentieth century British poets.

594 Contemporary Fiction. 3 hours. Selected major figures and their works. Consideration of movements, influences, developments since 1900.

596 Seminar in American Writers. 3 hours. Varies according to assigned instructor and student's needs. Usually covers group of writers, or one major writer.

598 Problems in English. 2 or 3 hours. Supervised research on literary or linguistic problems.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

401G Advanced Composition. 3 hours. Study and practice in various forms of writing and rhetorical principles.

404G History of the English Language. 3 hours. Origin and development of the language from Indo-European to Modern English, with emphasis on developments in the sound system, vocabulary, and grammar; historical and cultural forces which have affected the language.

405G Phonetics. 3 hours. Speech sounds, their production and acoustic properties.

407G Descriptive Linguistics. 3 hours. Current linguistic theory which includes the important levels of language as a means of communication; various theories and applications of linguistic theory to other fields of study.

408G Psycholinguistics and Sociolinguistics. 3 hours. Prerequisite: Introductory linguistics course. How sociology and psychology contribute to the study of linguistics. Emphasis on social and regional dialects, first and second language acquisition, and speech perception and production.

410G Theories of Rhetoric and Composition. 3 hours. Classical and contemporary theories of rhetoric and composition with emphasis on application of the theories to writing and to the teaching of writing.

455G American Drama. 3 hours. See Department of Communication and Theatre.

456G Elizabethan Drama. 3 hours. See Department of Communication and Theatre.

458G Modern British Novel. 3 hours. Techniques and rationale in representative works of major British novelists from Joseph Conrad to the present; intellectual climate of the period.

459G Modern Drama. 3 hours. See Department of Communication and Theatre.

460G Literary Criticism I. 3 hours. Critical theory and practice of significant literary critics of the Western world from the Greek and Roman periods through the English Neo-Classical period.

469G Introduction to Teaching English as a Second Language. 3 hours. Theories, methods, and materials for teaching English as a second or foreign language.

470G Methods and Materials Teaching English as a Second Language. 3 hours. Prerequisites: Eng 469/469G and one linguistics course. Develops skills, procedures, and strategies for teaching and utilizing commercial materials for the teaching of English as a second language. Cross-listed with Sec Ed 484G.

481G Chaucer. 3 hours. Representative works of Chaucer; backgrounds; outside readings and reports.

482G Shakespeare I. 3 hours. Selected major Shakespearean plays read and studied in the light of the Elizabethan period as representing typical dramatic writing and production.

483G The English Renaissance. 3 hours. Non-dramatic literature of the Renaissance, with emphasis on Spenser.

484G The Romantic Movement. 3 hours. Background and phases of romanticism; representative exponents of the Romantic Movement.

485G The Seventeenth Century. 3 hours. Seventeenth century literature, forms, and developments.

486G The Eighteenth Century. 3 hours. Eighteenth century literature, forms, and developments.

488G Literature of the Victorian Age. 3 hours. Selected works by major poets, essayists, and novelists of Victorian England as a reflection of the culture of the age.

489G The English Novel. 3 hours. Technique and history of the novel. Several representative novels studied.

490G The American Novel. 3 hours. The American novel from Cooper to the present. History, general development, and technique. Several representative novels studied.

493G Major American Poets. 3 hours. The major poems, the styles and the poetic intent of the most important American poets from Poe to the present.

494G Kentucky Literature. 3 hours. Survey of literary people and places in Kentucky, including detailed study of several works of Kentucky writers.

495G Southern Literature. 3 hours. Covers major, minor, and "regional" writers of the South.

463G Middle Eastern Governments and Politics. 3 hours. Governmental and political processes of the Middle East, with emphasis on Iran, Israel, Turkey and Egypt.

466G Far Eastern Governments and Politics. 3 hours. Political traditions, structures and processes of major governments in the Far East.

DEPARTMENT OF HISTORY

CHERRY HALL
ROOM 200 (502) 745-3842

Richard Troutman, Head

Graduate Faculty

Associate Professors: C. Bussey, D. Lee

Degrees Offered: Master of Arts in History, Master of Arts in Education (History major or minor). *Specialist in College Teaching.

*Specialist in College Teaching temporarily suspended

Master of Arts in History

This program is designed to prepare students for the teaching of history on the junior or senior college level; to provide the initial graduate work for those who intend to pursue a doctoral degree; and to enhance the preparation of secondary teachers of history who desire to meet certification requirements through such a program.

In addition to meeting general Graduate College requirements, the applicant must present a major or minor in history with approximately a B average in this field.

A student who has an undergraduate major in history may be permitted to take six to nine hours of graduate work in a related field in courses approved by the Graduate Advisory Committee. A student who presents an undergraduate minor in history must complete the entire program in the field of history.

Both Plan A (thesis) and Plan B (non-thesis) are available. Plan A requires a minimum of 24 hours of coursework, including European Historiography 435G or American Historiography 455G (unless previously taken) and the thesis. At least half of the 24 hours of coursework must be taken at the 500-600 level. Reading proficiency in a modern foreign language must be demonstrated.

Plan B requires 36 hours, including at least 21 hours at the 500-600 level. Both European Historiography 435G and American Historiography 455G must be included on the program or used as a research tool. The research tool may be met by (1) demonstrating proficiency in a foreign language, (2) completing Math 203—Statistics, or (3) completing either History 435G or 455G.

A final examination over coursework, thesis (if Plan A), and related materials must be passed.

Master of Arts in Education (History major or minor)

Since this program is designed for the public school teacher, the student following it must meet all requirements for standard high school certification. A maximum of 21 or a minimum of 18 hours is required for a major. A maximum of 15 or a minimum of 12 hours is required for a minor. The remaining hours must be taken in professional education courses.

History and the Humanities Program

History is an integral part of the program leading to the Master of Arts in Humanities degree. As a general rule, students under the humanities program who enroll in graduate courses in history must have at least 18 hours of history as a prerequisite.
Graduate Courses in History

500 Cultural and Social Aspects of American Life. 3 hours. Designed for graduate students who have undergraduate majors in the field of elementary education.

501 European History for Secondary Teachers. 3 hours. Emphasis on bibliography, documents, historical interpretations and materials useful for secondary teachers of history.

502 United States History for Secondary Teachers. 3 hours. Emphasis on bibliography, documents, historical interpretations and materials for secondary teachers of history.

515 Nineteenth Century Britain. 3 hours.

521 United States 1900-1945. 3 hours.

525 Social and Intellectual History of the US: Nineteenth Century. 3 hours.

526 Social and Intellectual History of the US: Twentieth Century. 3 hours.

527 Social and Intellectual History of Europe: Nineteenth Century. 3 hours.

554 Discovery and Interpretation of Local History. 3 hours. Materials, methodology and techniques employed in local history research and its integration with other fields.

569 Cooperative Education in History. 3 hours. Practical experience in a supervised work situation with a cooperating library, museum, archives, or other appropriate historical organization.

590 Advanced Individual Study. 3 hours. Prerequisite: 3.0 average in at least 9 hours at the graduate level.

599 Thesis Research and Writing. 6 hours. A research problem or intensive readings directed by a faculty member. May be repeated once with a change of content.

599c Maintaining Matriculation. 1 to 6 hours.

605 Seminar in Ancient History. 3 hours. May be repeated once with a different topic.

606 Seminar in European History. 3 hours. Graduate Seminar in such diverse areas as the Middle Ages, the Renaissance, and the Reformation. May be repeated once with a different topic.

619 Seminar in United States Diplomatic Relations. 3 hours. May be repeated once with a different topic.

622 Seminar in Western United States History. 3 hours. May be repeated once with a different topic.

630 Seminar in United States History. 3 hours. Graduate seminar in such diverse areas as Colonial America, the Confederation Period, the Federalist era, Jeffersonian Republicans, the Slavery Controversy. May be repeated once with a different topic.

631 Seminar in Kentucky History. 3 hours.

640 Seminar in College Teaching. 3 hours. Course organization, lecture preparation, professional development, ethics, testing procedures, and library development.

The following 400-level courses may be taken for graduate credit

419G Tudor-Stuart England. 3 hours.

422G The French Revolution and Napoleonic Era. 3 hours.

425G Modern Germany. 3 hours.

426G The Middle East in Modern Times. 3 hours.

428G England Since 1914. 3 hours.

435G European Historiography. 3 hours.

440G Colonial History of the United States. 3 hours.

441G The Formative Period, 1776-1815. 3 hours.

442G The Jacksonian Era, 1815-1850. 3 hours.

443G Civil War and Reconstruction, 1859-1877. 3 hours.

444G The United States, 1870-1900. 3 hours.

450G Diplomatic History of the United States to 1888. 3 hours.

451G Diplomatic History of the United States Since 1898. 3 hours.

452G Urban History. 3 hours.

455G American Historiography. 3 hours.

456G Kentucky History. 3 hours.

457G The Old South. 3 hours.

458G The New South. 3 hours.

459G The Immigrant in American History. 3 hours.

464G Latin America and the United States. 3 hours.

479G Topics in the Third World. 3 hours. Intensive study of a selected Third World topic.

DEPARTMENT OF JOURNALISM

GORDON WILSON HALL
ROOM 300 (502) 745-4143

James L. Highland, Head

A graduate program is not offered by the Department of Journalism. However, students in other departmental programs may elect coursework from the limited offering in this area.

The following 400-level courses may be taken for graduate credit.

427G School Journalism. 3 hours. Processes and problems of the mass media in our nation; responsibilities of advisors to school publication and broadcasting facilities; materials and resources available to support mass communication instructional programs.

481G Problems in Mass Communication. 3 hours. Individualized research, management, production, etc., in the fields of mass communication activities. Supervised internship with professional media operations. May be repeated once for credit.
DEPARTMENT OF MODERN LANGUAGES AND INTERCULTURAL STUDIES

IVAN WILSON CENTER
ROOM 251, (502) 745-2401

C. P. Brown, Head
Graduate Faculty

Professors: J. Anderson, J. Babcock, T. Baldwin, C. Brown, P. Hatcher, J. Miller, L. Montell

Associate Professors: C. Collins, B. Feintuch, D. Klibbee, R. Martin, R. Padilla

Assistant Professor: M. White

Degree Offered: *Master of Arts in Spanish, Master of Arts in Folk Studies. Master of Arts in Education: Spanish major or minor; French major or minor; German major or minor; Folk Studies minor only.

*Master of Arts in Spanish temporarily suspended.

The Historic Preservation option is available under the Master of Arts in Folk Studies.

**Master of Arts in Education**

Majors and minors are available in French, German, and Spanish. Since this program is designed for the public school teacher, students following it must meet all requirements for the standard high school certificate. Those persons majoring in French, German, or Spanish may take a minimum of 18 or a maximum of 21 hours. Those minoring in French, German, or Spanish may take a minimum of 12 or a maximum of 15 hours. The remaining hours will be taken in professional education. At least half of the required hours of coursework must be at the 500-level or above.

**Graduate Courses in Modern Languages**

**French**

520 Seminar in French Literature or Language. 3 hours.

524 Nineteenth Century French Novel. 3 hours.

526 Modern French Poetry. 3 hours.

529 Seminar in French Literature. 3 hours.

538 Seminar in German Literature. 3 hours.

539 Seminar in German Literature or Language. 3 hours.

560 Seminar in College Teaching. 3 hours.

578 Seminar in Hispanic Literature or Language. 3 hours. May be repeated once.

590 Comparative Romance Linguistics. 3 hours.

600 Seminar in College Teaching. 3 hours.

578 Seminar in Hispanic Literature or Language. 3 hours. May be repeated once.

590 Comparative Romance Linguistics. 3 hours.

600 Seminar in College Teaching. 3 hours.

578 Seminar in Hispanic Literature or Language. 3 hours. May be repeated once.

590 Comparative Romance Linguistics. 3 hours.

600 Seminar in College Teaching. 3 hours.

578 Seminar in Hispanic Literature or Language. 3 hours. May be repeated once.

590 Comparative Romance Linguistics. 3 hours.

600 Seminar in College Teaching. 3 hours.

French

420G Advanced French Composition and Stylistics. 3 hours. Prerequisite: Fr 326. Creative self-expression, refinement of grammatical understanding, the art of translation, and stylistic devices.

421G Advanced French Conversation. 3 hours. Prerequisite: Fr 321. Discussion on assigned topics and reports on current newspaper and magazine articles. Special emphasis on idiomatic expression.

422G History of the French Language. 3 hours. Prerequisite: Fr 221. Phonological, morphological, syntactic, and lexical changes which turned the Latin spoken in Gaul into modern standard French. No previous training in linguistics required.

423G Seventeenth Century French Literature. 3 hours. Prerequisite: Fr 236. Literature of the period, focusing on the works of Corneille, Racine, and Moliere and the development of classic theory beginning with Malherbe.

424G Eighteenth Century French Literature. 3 hours. Prerequisite: Fr 326 or permission of instructor. Romantic, Realistic, and Naturalistic trends of the nineteenth century, as exemplified in the French novel.

425G Nineteenth Century French Literature. 3 hours. Prerequisite: Fr 326 or permission of instructor. Romantic, Realistic, and Naturalistic trends of the nineteenth century, as exemplified in the French novel.

426G Twentieth Century French Drama. 3 hours. Prerequisite: Fr 326 or permission of instructor. Covers principal authors and works, directors, and main currents of twentieth century French theatre.

427G Twentieth Century French Novel. 3 hours. Prerequisite: Fr 326. Novelists studied include Proust, Gide, Mauriac, Ayme, Carrus, and Robbie-Gillet.

429G Studies in French Literature or Language. 3 hours. Topic selected in consultation with assigned instructor (may include literature or language). May be repeated once.

German

430G Advanced German Composition and Conversation. 3 hours. Intensive practice in written and spoken German, enabling the student to write letters, reports, essays, and descriptions and to discuss literary, cultural, and political topics.

431G Advanced German Conversation. 3 hours. Prerequisite: Fr 321. Discussion on assigned topics and reports on current newspaper and magazine articles. Special emphasis on idiomatic expression.

432G History of the German Language. 3 hours. Prerequisite: Fr 221. Phonological, morphological, syntactic, and lexical changes which turned the Latin spoken in Gaul into modern standard French. No previous training in linguistics required.

433G Eighteenth Century German Literature. 3 hours. Prerequisite: Fr 236. Literature of the period, focusing on the works of Goethe, Schiller, and other authors of the late eighteenth and early nineteenth centuries.

434G Nineteenth Century German Literature. 3 hours. Prerequisite: Fr 326 or permission of instructor. Romantic, Realistic, and Naturalistic trends of the nineteenth century, as exemplified in the French novel.

435G German Literature of the 19th and 20th Centuries. 3 hours. Major German, Austrian, and Swiss writers of the 19th and 20th centuries, with emphasis on prose and drama.

436G German Literature of the Classical Period. 3 hours. Prerequisite: Ger 334. The outstanding works of Goethe, Schiller and other authors of the late eighteenth and early nineteenth centuries.

437G Survey of the German Lyric. 3 hours. Prerequisite: Ger 334. German lyric poetry from the earliest times to the present. Representative works and authors.

Spanish

440G Advanced Oral Spanish. 3 hours.
Master of Arts in Folk Studies

The study of folklore involves examination and analysis of traditional expressive culture in all its forms—including oral, musical, and material. In every society, literate and non-literate, agricultural and industrial, rural and urban, folklore is a vital part of life. Thus, the discipline has close affinities with literature, anthropology, sociology, history, geography, philosophy, and psychology. Adequate undergraduate preparation in any of these disciplines will be acceptable for admission to graduate study in folk studies. The student without sufficient background may be required to take additional courses.

Plan A (thesis)

This option is intended to provide advanced knowledge of the theoretical and methodological aspects of folkloristics. Coursework will emphasize the history of the discipline, field research techniques, and surveys of various folklore genres. It is designed to prepare students for both academic and public sector professions ranging from serving as state folk arts coordinators to teaching in universities, junior colleges, and in high schools.

Plan A requires a minimum of 30 hours plus the research tool. Specific requirements are 12 hours of folklore at the 500 level, including FS 577 and 578; twelve hours of folklore or selected courses in related disciplines; and the thesis.

The research tool requirement may be met by demonstrating proficiency in foreign language or by completing FS 578 and replacing it with an additional folklore course. The student must also pass a comprehensive written examination based on coursework and a program reading list.

Plan B (non-thesis)

This option is designed to provide an academically sound alternative for those students who would be better served by the diversity of additional coursework rather than thesis writing, particularly those not planning to pursue doctoral study. This option also permits individually planned programs (with advisor) stressing those combinations of course-related research, "hands on" skills, and writing experiences that will best prepare individuals for their personal and professional goals.

Master of Arts in Education (Folk Studies minor)

This program is designed to enrich teaching content in the public schools in the arts, humanities, and social sciences, and to broaden the teacher's general education background. Admission requirements are the same as for the Master of Arts in Folk Studies. The folk studies minor requires a minimum of 12 hours in folklore, including Folk Studies 577 and 578 and two folklore electives. One course from a related discipline may be substituted for one folklore elective.
An overview of folklore studies focusing on its historical development, methodologies, and theories.

569 Folklore Genres. 3 hours.
An examination of the oral and material culture genres of folklore, and the theories and methods of genre studies.

570 Appalachian Folklore and Folklife. 3 hours.
Folklife and culture of the Upland South, with emphasis on verbal and material traditions.

571 Folk Narrative. 3 hours.
A survey of narrative genres of folklore and applicable scholarship.

572 Applied Folklore. 3 hours.
Folklore concepts and methods as application-oriented research and public sector concerns with emphasis on social, medical, governmental, and educational programs. Includes relationships with other applied disciplines.

573 Seminar in Interpretation of Myth. 3 hours.
Principal contemporary modes of research and interpretation of myth.

574 Urban Folklore. hours.
Folkloric and cultural aspects of urban America, with emphasis on the traditions of ethnic, immigrant, occupational, and subcultural segments.

576 American Traditional Song. 3 hours.
Interdisciplinary examination of American folksong and folk music including ethnic, regional, and occupational manifestations. Emphasis on both conventional genres and cultural contexts.

577 Folklore Theories and Techniques. 3 hours.
Folklore scholarship, its historical development, and its principal bibliographical materials and their uses.

578 Folklore Fieldwork and Oral History. 3 hours.
Examination of and practical experience in theories and techniques of folklore fieldwork and oral history.

579 Directed Study and Research in Folklore. 3 hours.
Prerequisite: FS 578 or demonstrated ability to work independently. Supervised individual study under the direction of a member of the folklore graduate faculty.

580 Folklore Conversation and Communication. 3 hours.
Forms of folklore which occur within a conversational stream. Attention to proverbs, riddles, speech play, and belief. Expressive culture as a particular culture-specific mode of communication.

585 Topics in Folklore. 3 hours.
Topics in current interest in the field. Content varies according to the instructor and apparent needs of the students. May be repeated once.

589FS Internship in Folk Studies. 3 hours.
Supervised work situation with a cooperating business, industry, social or governmental agency, emphasizing application of advanced knowledge and skills in folk studies.

589HP Internship in Historic Preservation. 3 hours.
Supervised work situation with a cooperating business, industry, social or governmental agency, emphasizing application of advanced knowledge and skills in historic preservation.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

462G Folk Medicine. 3 hours.

DEPARTMENT OF MUSIC

IVAN WILSON CENTER
ROOM 351 (602) 745-3751

Wayne Hobbs, Head

Graduate Faculty

Professors: K. Campbell, W. Hobbs, S. Kersenbaum, D. Livingston, E. Pease, T. Watson

Associate Professors: E. Alford, V. Hale

Assistant Professor: R. Morriss

Degrees Offered: Master of Music, Master of Arts in Education (Music major or minor).

Master of Music (Major in Performance)

This program is designed for students who seek a career in performance, symphony orchestra, or private studio teaching in college or community. In addition to the general Graduate College requirements, the applicant must have a bachelor's degree in music with a grade point average in music subjects of at least 3.0. In addition the individual must demonstrate ability and knowledge through examination in music theory, music literature, and the chosen area of performance. Included in the required 30 hours (minimum are 15 hours in the performance area; 12 hours selected from music literature, theory, composition, orchestration, or music psychology; and three elective hours. Music literature and music theory courses must be included. Voice majors are required to demonstrate ability to sing in English and three foreign languages. Any deficiency in this area may require extra coursework. A full length public recital is required in lieu of a thesis. All students pursuing the Master of Music will be administered a written comprehensive examination at the completion of their coursework.
Master of Arts in Education (Music major or minor)

Since this program is designed for the public school teacher, the student following it must meet all requirements for standard high school certification. The major requires a minimum of 18 or a maximum of 21 hours in music. The minor requires a minimum of 12 or a maximum of 15 hours in that department. The remaining hours will be taken in professional education courses. (Note: Education 535, Seminar in Music Education, is recommended as a part of the education core). A typical program consists of a balanced selection of music education and music literature offerings. In addition, consideration is given to those with an interest in music theory, instrumental arranging, applied music (primary or secondary) or a related field.

Music Fees

Individual or small group instruction in voice or musical instrument: $50 per semester

---

Graduate Courses in Music

Graduate Courses in Music

500 Seminar in Theory. 3 hours.
501 Analytical Techniques. 3 hours. Harmonic and contrapuntal analysis in various styles.
510 The Teaching of Applied Music. 3 hours. Investigation of pedagogical problems in a specific performance area of music.
511 Investigations of Music Education. 3 hours. Problems and Methods of research in music education. Includes application of pure and action research and investigation of published research in music education.
512 Music Education Workshop. 1 to 3 hours. A variable topical workshop that may be repeated for a total of six hours.
513 Directed Individual Study. 3 hours. Research projects in music education.
514 General Music in the Secondary Schools. 3 hours. Training the music teacher to provide orientation experiences for junior and senior high school non-performers.
515 Administration and Supervision of Public School Music. 3 hours. Current trends in educational thought and implications of administration, instruction and evaluation public school instrumental music.
530 Music Literature. 3 hours. Investigation of a specialized area not covered in other music literature courses.
538 Directed Individual Study. 3 hours. Supervised private research culminating in a scholarly paper.
556, 557, 558, Applied Music Major. 4 hours. (MM in Performance only)
559 Graduate Recital. 2 hours. Required of candidates for the Master of Music Degree.
599 Thesis Research and Writing. 6 hours.
599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit:

402G Counterpoint I. 2 to 3 hours. Prerequisite: Theory 201 Sixteenth Century polyphony.
403G Counterpoint II. 2 to 3 hours. Prerequisite: Counterpoint I.
405G Choral Arranging. 2 hours.
406G Composition. 3 hours.
407G Orchestration and Band Arranging. 3 hours. Prerequisite: Theory IV.
414G Choral Materials. 2 hours.
415G Choral Methods. 3 hours.
416G Instrumental Methods. 3 hours.
417G Marching Band Techniques. 2 hours.
430G Music Literature. 2 to 3 hours. A survey embracing music of several periods, styles, and forms.
432G Research Techniques in Music. 3 hours.
440G Choral Union. 1 hour.
441G Choir. 1 hour.
443G Band. 1 hour.
444G Orchestra. 1 hour.
445G Madrigal Singers. 1 hour.
449G Chamber Music. 1 hour.
453G, 454G Applied Music Principal. 2 to 3 hours.
471G Jazz Ensemble. 1 hour.

---

DEPARTMENT OF PHILOSOPHY AND RELIGION

CHERRY HALL
ROOM 300 (502) 745-3136

Alan B. Anderson, Head

Graduate Faculty

Professors: M. Howe, W. Lane, L. Mayhew, R. Nash, D. Tuck, R. Veenker, A. Vos

Associate Professors: J. Long, E. Schoen, J. Spiceland

Assistant Professors: J. Garrett, J. Trafton

Degree Offered: Master of Arts in Humanities (an interdepartmental program).

The Department of Philosophy and Religion administers the graduate program in humanities. In addition graduate courses in philosophy and religion give significant support to graduate programs in other areas. The graduate program in humanities is designed to provide the student with a broad background in the intellectual and cultural achievements of Western civilization. It involves a serious attempt to develop a creative synthesis of those contributions which flow from the study of history, literature, philosophy, religion, and the fine arts. It traces the adventure of the human spirit across the disciplines with the intention...
of nurturing in the student an increased awareness of the interrelatedness of all knowledge.

At least 18 of the required 30 hours must be in courses numbered 500-level or above. The student's program must include one course each from history, philosophy, and literature (which includes religious literature), as well as a basic methodology course in interdisciplinary study (Humanities Seminar). Each student will also take 598—Humanities Essay (3 hours) or 599—Thesis Research and Writing (6 hours) plus a final written examination. The student must also demonstrate reading ability in either French, German, or Greek.

Options available within the core course sequence of this program include:

1. A concentration in the history of ideas of a particular cultural epoch. The goal here is one of breadth of material and approach. The student electing this option will select one of three periods of Western civilization for the area of specialization: Ancient and Medieval; Renaissance through Enlightenment; Nineteenth and Twentieth Centuries. Twenty-one of the student's thirty hours including thesis or essay are to be taken in the period of specialization. The research for the essay or thesis must also be in this period and must demonstrate a knowledge of the unifying relationships which exist between the various disciplines in the humanities.

2. A specialization in philosophy or religious studies. This option permits a concentration in the more traditional disciplines of philosophy and religion while permitting a broad background in supporting disciplines.

---

**Graduate Courses in Philosophy**

405G Existentialism. 3 hours.
420G Philosophy of History. 3 hours.
425G Twentieth Century British Philosophy. 3 hours.
432G Early Political Philosophy. 3 hours.
433G Modern Political Philosophy. 3 hours.
440G Metaphysics and Epistemology. 3 hours.
499G Research in Philosophy. 3 hours.

**Graduate Courses in Religion**

501 Graduate Seminar in Religious Studies. 3 hours. Specific issues in one of the areas of concentration. May be repeated for different topics.
510 Seminar in Religious Literature. 3 hours. Selected literature from one major religious tradition. May be repeated with different topic.
520 Seminar in Religious History. 3 hours. Significant topics, movements, or events in the development of one major religious tradition. May be repeated with different topic.
530 Seminar in Religious Thought. 3 hours. Selected topics or thinkers from one major religious tradition. May be repeated with different topic.

---

The following 400-level Religion courses may be taken for graduate credit

400G Contemporary Religious Thought. 3 hours.
401G Religion Seminar. 3 hours.
405G Current Issues in New Testament Studies. 3 hours.
415G Old Testament Themes. 3 hours.
420G The Age of the Apostles. 3 hours.
430G Christianity to 1517. 3 hours. Development of Christian thought and institutions prior to the Reformation.
431G Christianity from 1517 to the Present. 3 hours. Development of Christian thought and institutions from the Reformation to the present.
440G Judaism. 3 hours.
445G The Religious Traditions of Israel. 3 hours.
455G The Hindu Religious Tradition. 3 hours.
460G The Religion of Primitive Peoples. 3 hours.
465G The Buddhist Religious Tradition. 3 hours.
499G Research in Religion. 3 hours.
DEPARTMENT OF SOCIOLOGY AND SOCIAL WORK

GRISE HALL 101 (502) 745-3759

Jerry D. Cardwell, Head

Graduate Faculty

Associate Professors: L. Beck, E. Bohlander, J. Faine, A. Goetting, J. Krenzin, J. Schock, S. Tuthill

Assistant Professor: T. Isherwood

Degrees Offered: Master of Arts in Sociology, Master of Arts in Education (Sociology minor), Master of Arts in Education (Social Science Area major partially composed of sociology courses).

Master of Arts in Sociology

This program is designed to provide a sound methodological and theoretical foundation for graduate study beyond the master's level, to give thorough preparation for teaching, and also to provide necessary skills for careers in business or industry or in service organizations.

In addition to admission standards prescribed by the Graduate College, students entering this program must have completed eighteen undergraduate hours in sociology with an average of "B" or better. In circumstances where special competence has been developed through experiences other than traditional coursework or through extensive coursework in related disciplines, the departmental guidelines may be adjusted by approval of the department head in consultation with the department graduate committee.

Both Plan A (thesis) and Plan B (non-thesis) are available. Students who anticipate doctoral study are encouraged to pursue Plan A. Under either plan, students must take the department's required core courses as follows:

Graduate Courses in Sociology

511 Advanced General Sociology. 3 hours.  
Prerequisite: Six hours of Soc and consent of instructor.  
Examination of the various sub-disciplines of the field and the most important developments in each. Also includes recent research and theory in the various subfields.

512 Sociological Theory. 3 hours.  
Prerequisite: Six hours of Soc and consent of instructor.  
Analysis of current sociological theories, including a survey of recent approaches to the construction and application of systematic theoretical models.

513 Methods of Social Research. 3 hours.  
Prerequisite: Six hours of Soc and consent of instructor.  
Covers concept definition, model building, and research design appropriate to problem and data. Includes a review of representative research studies to acquaint the sociology major with advanced social research methodology, techniques, and procedures.

514 Advanced Social Statistics. 3 hours.  
Prerequisite: Basic statistics at the undergraduate level or consent of instructor.  
Forms of statistical analysis commonly applied to sociological research data. Includes multiple and partial correlation and regression, one- and two-way analysis of variance, path and nonlinear function analysis, interaction effects, and introduction to factor analysis.

531 Deviant Behavior. 3 hours.  
Prerequisite: Six hours of Soc or consent of instructor.  
Types of deviant behavior with emphasis on criminality, delinquency, drug addiction, and alcoholism. Also covers current sociological theory and research in the field.

532 Criminology. 3 hours.  
Prerequisite: Six hours of Soc or permission of instructor.  
Theories of crime causation and current research in the areas of criminology and corrections—methodological research considerations.

541 Demography. 3 hours.  
Prerequisite: Six hours of Soc or consent of instructor.  
A review of the demographic processes such as mortality, fertility, and migration, with emphasis on measurements, methods, and analytical techniques.

552 Sociology of Economic Life. 3 hours.  
Prerequisite: Six hours of Soc or consent of instructor.  
Analysis of the family institution; the impact of modern culture on the family.

554 Sociology of the Family. 3 hours.  
Prerequisite: Six hours of Soc or consent of instructor.  
Analysis of the family institution; the impact of modern culture on the family.
561 Society, Personality, and Behavior. 3 hours.
Inter-personal relations in different situations and from various perspectives. Attitudes, norms, and values; crucial factors in motivation and the actor's definition of the situation.

562 Formal Organizations. 3 hours.
Prerequisite: Six hours of Soc or consent of instructor.
The goals, internal structure, and environmental relations of large organizations. Emphasizes the emergence of bureaucracies, competing theoretical frameworks for viewing organizations, and the analysis of organization change.

571 Topical Seminar in Sociology. 3 hours.
Significant topics, issues, or developments in the discipline. May be repeated with a different topic.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

410G Socialization: Changes Through Life. 3 hours.
Theories and research techniques in socialization; findings that deal with changes over the life cycle.

420G Power in Society. 3 hours.
Prerequisite: Nine hours of Soc or consent of instructor.
Political behavior within a sociological perspective. Includes social cohesion, legitimacy, political socialization, and power structures.

422G Sociology of Work and Leisure. 3 hours.
Prerequisite: Graduate standing.
Major types of work, workers, and work settings in the US and the patterns of leisure activity associated with them.

430G Punishment and Prisons. 3 hours.
Prerequisite: Soc 330 or consent of instructor.
Development of punishment and correctional programs, with emphasis on sociological considerations. Prison field trips required.

432G Sociology of Criminal Law. 3 hours.
Sociological research and theory focusing of social structural factors affecting the creation of criminal codes, the enforcement of criminal law, and the imposition of penal sanctions.

450G Occupations and Professions. 3 hours.
Prerequisite: Soc 346 or consent of instructor.
Occupation specialization and the nature of occupational organization. Examines a variety of occupations and professions to determine the place of work in the lives of their members.

452G Change and Modern Society. 3 hours.
Prerequisite: Nine hours of Soc or permission of instructor.
Nature and theories of social change and the factors affecting it. Emphasis on modernization and institutional changes in contemporary societies.

460G City Life. 3 hours.
Prerequisite: Six hours of Soc or consent of instructor.
The impact of city life on social actions, social relationships, the social institutions. Emphasis on the rise and significance of cities in American life.

495G Directed Study. 3 hours.
Prerequisite: Consent of the instructor and the department head.
Individual research in a specific area of sociology in close cooperation with supervising faculty.
COLLEGE OF BUSINESS ADMINISTRATION

Robert A. Hershbarger, Dean

DEPARTMENTS

Accounting
Administrative Office Systems
Economics
Finance and Management Information Systems
Management and Marketing

DEGREE OFFERED
Master of Business Administration

MBA GRADUATE FACULTY

Professors:
E. Busch, K. Cann, E. Evans, J. Hall C. Hays,
R. Hershbarger, S. Lile, R. Nelson, R. Pethia,
J. Philhours, A. Rahim, J. Wassom

Associate Professors:
M. Albin, R. Bretz, W. Davis, L. Finley, C. Fost,
D. Fugate, B. Griffin, S. Jarrell, R. Linton, J. Morgan,
R. Pulsinelli, R. Otto, C. Roberts, E. Wolfe

Assistant Professors:
R. Howsen, H. Kim, R. Reber
Robert A. Hershbarger, Dean
GRISE HALL
ROOM 445 (502) 745-3893

Degree Offered: Master of Business Administration

This interdepartmental program is designed to provide professional education for successful careers at the higher levels of business enterprise. It is general in approach and emphasizes the relevance of economics, statistics, organizational theory, behavioral science, finance, marketing, and quantitative decision-making techniques.

Admission to the program requires the approval of the Graduate College and the College of Business Administration Graduate Committee. The Graduate Committee applies the minimum requirements as recommended by the American Assembly of Collegiate Schools of Business. These requirements are as follows:

1. Graduate Management Admissions Test (GMAT) score of 450 or above and overall grade point average of 2.5 (4.0)
2. GMAT score of 450 or above and junior-senior grade point average of 2.75 (4.0) or above
3. A total of at least 950 points based on the formula 200 x undergraduate g.p.a. + GMAT score
4. A total of at least 1000 points based on the formula 200 x junior-senior g.p.a. + GMAT score

GMAT registration forms and information bulletins can be obtained by contacting the Graduate College, the College of Business Administration, or by writing to Educational Testing Service, Princeton, New Jersey 08540.

The MBA program is flexible to the extent that both business and non-business undergraduate degree holders can pursue the degree through individually tailored curricula. The student holding an undergraduate degree in business must demonstrate competence in advanced statistics and mathematics through the calculus or take the appropriate courses recommended by the Graduate Director. If the undergraduate transcript indicates deficiencies in one or more functional areas of business administration, the student will be required to take foundation courses. In addition to the foundation work, 30 semester hours of approved graduate work in courses numbered above 519 are required.

The student holding a non-business undergraduate degree is required to demonstrate competence in advanced statistics, mathematics through calculus, and in the functional areas of business or take the appropriate courses at the foundation level before advancing to upper level graduate coursework. The number of foundation courses needed is determined on an individual basis by the Graduate Director. Academic background is considered when the foundation requirements are specified. In addition to the foundation work, the non-business undergraduate is required to complete 30 semester hours of approved graduate work in courses numbered above 519.

Students must maintain a minimum GPA of 3.0 in all courses while pursuing the degree.

In the final semester of coursework, all candidates for the degree must pass a comprehensive examination covering the graduate core work.

The foundation sequence consists of the following courses:

- Acct 500—Financial Accounting
- Econ 504—Survey of Economic Theory
- Econ 506—Statistical Research Methods
- INFS 516—Business Computer Applications
- Fin 509—Managerial Finance
- Mkt 511—Managerial Marketing
- Mgt 513—Management Dynamics
- QBA 518—Managerial Science
- QBA 519—Production Management

These courses may be waived by the Graduate Director for students whose transcripts show comparable work satisfactorily completed. All required foundation work must be completed before enrollment in the graduate core sequence.

The graduate core sequence consists of the following courses:

- Acct 560—Managerial Accounting
- Mgt 570—Business, Government, and Law
- Mkt 520—Advanced Marketing
- Mgt 575—Organization Theory
- Econ 580—Applied Microeconomic Theory
- Econ 585—Applied Macroeconomic Theory
- Fin 530—Advanced Managerial Finance
- QBA 535—Advanced Management Science
- Mgt 573—International Business
- Mgt 578—Administrative Policy and Strategy

The sequence in which prescribed courses should be taken is extremely important. All students are required to consult with the Graduate Director in planning each semester's coursework. The Graduate Director will supervise proper sequencing to the best advantage of each student. Mgt 578 must not be taken prior to the semester in which the student is to sit for the comprehensive written examination.

Graduate Courses

Courses are listed alphabetically by prefix. Frequency of offering is determined by the Graduate Director based on needs of students currently enrolled in the program.
The following 400-level course may be taken for graduate credit.

431G Federal Tax Accounting II. 3 hours.

Administrative Office Systems

BE

525 Touch Shorthand System. 3 hours.
Includes theory coverage, teaching methods, grading standards, and development of the basic speed on the Stenograph.

535 Survey of Distribution. 3 hours.
Business activities involved in moving goods from production to consumption; emphasis on the role of marketing in the American economy.

540W Consumer Financial Problems. 3 hours.
Basic elements of money management and the relationship of these elements to family units and corporate citizenship.

544 Current Problems in Business Education. 3 hours.
Current problems and significant research. Also offered as independent study or workshop.

545 Principles of Business Education. 3 hours.
Principles, practices, problems, and philosophy. Includes standards, guidance, curricula, and supervision at all educational levels.

575 Administration and Supervision in Business Education. 3 hours.
Focuses on the roles and functions of administration and supervision at all educational levels. Includes vocational education laws and their relationship to business education.

OA

550 Problems in Administrative Office Systems. 3 hours.
Problems areas include systems analysis and design, personnel, environmental factors, and automation. Individual and group analysis and presentation of case problems and current literature.

The following 400-level courses may be taken for graduate credit.

461G Business Report Writing. 3 hours.

462G Office Automation. 3 hours.

463G Information Resource Management. 3 hours.

471G Office Internship. 3 hours.

485G Office Employee Training. 3 hours.

Economics (Econ)

504 Survey of Economic Theory. 3 hours.
Theoretical principles of micro and macroeconomic analysis. Covers price, output decisions, resource allocation in a market economy, aggregate income, price level, etc.

505W Economics for Teachers. 3 hours.
Basic concepts and topics dealing with the functioning of a market-oriented economic system and the U.S. economy.

506 Statistical Research Methods. 3 hours.
Basic concepts of statistics applicable to managerial analysis of variance, regression analysis, time series, and forecasting.

580 Applied Microeconomic Theory. 3 hours.
Prerequisites: Econ 504 and 506 or equivalents.
Advanced theory and its application in the business environment. Emphasis on behavior of and decision making within the firm, demand resource allocation, and decision-making techniques.

581 Survey of Public Financial Theory. 3 hours.
Theoretical aspects of government finance and its influence on public and private decision making.

582 Seminar in Economic History. 3 hours.
Topics and research in American and European economic history.

583 Advanced Microeconomic Theory. 3 hours.
Topics in the theory of consumer behavior, prices, markets, production, distribution, and welfare.

584 Advanced Macroeconomic Theory. 3 hours.
Topics in the theory of consumption, saving, investment, interest, money, and employment.

585 Applied Macroeconomic Theory. 3 hours.
Prerequisites: Econ 504 and 506 or equivalents.
Its application to the business environment. Emphasis on the dynamic character of the American economy and applied techniques of business conditions forecasting.

586 Monetary Theory. 3 hours.
Classical, neoclassical Keynesian, and modern quantity theory of money and monetary policy.

587 Land Economics. 3 hours.
Topics in land use, values, and natural resources.

588 Public Sector Economics. 3 hours.
Problems in government finance, budgeting, fiscal relations, and revenue sharing. Primarily for Master of Public Service students.

589 Seminar in Economic Theory. 3 hours.
Intensive study of selected topics in theory.

590 Economic Development. 3 hours.
Development of problems of the less progressive countries.

591 Advanced International Economics. 3 hours.
Trade theory, tariffs, balance of payments, and capital transfers.

592 Economic Research and Report Writing. 3 hours.
Techniques of data collection, research, and writing on selected topics.

593 Directed Studies. 3 hours.
Selected topics in economics.

594 Forecasting. 3 hours.
Prerequisites: Math 116, Econ 504, 506, or equivalent.
Numerical characteristics of U.S. economy and other economic units; methods of forecasting changes; application and evaluation of different techniques.

The following 400-level courses may be taken for graduate credit.

410G Seminar in Economics. 1 to 3 hours.

420G Public Finance. 3 hours.

430G Comparative Economic Organization. 3 hours.

440G American Industry: Structure, Performance, and Policy. 3 hours.

450G Central Banking Theory and Monetary Policy. 3 hours.

464G Introduction to Mathematical Economics. 3 hours.

465G Regression and Econometric Analysis. 3 hours.

470G Economic Growth and Development. 3 hours.

474G Urban and Regional Economics. 3 hours.

490G Economic Thought to 1870. 3 hours.

491G Economic Thought Since 1870. 3 hours.

Finance and Management Information Systems

Finance (Fin)

509 Managerial Finance. 3 hours.
Nature and scope, topics in financial structure and the cost of capital.

530 Advanced Managerial Finance. 3 hours.
Prerequisite: Fin 509 or equivalent.
Financial policies of corporate entities with emphasis on planning the capital structure, measuring and controlling costs of alternate sources of funds, dividend policy, and capital budgeting.

Information Systems (NFS)

516 Business Computer Applications. 3 hours.
Introduction to electronic information processing. Overview of systems analysis and design, management information systems, and introduction to computer programming languages.

Quantitative Business Analysis (QBA)

518 Management Science. 3 hours.
Prerequisites: Math 116 and Econ 206 or equivalents.
Quantitative techniques as an aid to decision making. Decision theory, linear programming, queuing theory, and probabilistic models.

519 Production Management. 3 hours.
Prerequisites: Inf 516, QBA 518, and Econ 506 or equivalents.
Operations management planning and control in manufacturing and non-manufacturing systems.

535 Advanced Management Science. 3 hours. Prerequisite: QBA 519. Quantitative and computer-based techniques used as aids to managerial decision making. Emphasizes mathematical programming methods, stochastic models, and simulation.

The following 400-level course may be taken for graduate credit

415G Managing Process Quality. 3 hours. Prerequisite: QBA 514 or permission of instructor. Review basic statistics, control charts, process capability, conformance, power and OC curves, tolerance intervals, implementation strategies, Deming philosophy.

DEPARTMENT OF EDUCATIONAL LEADERSHIP

Master of Arts in Education (General)

This program is provided for individuals whose career interests are oriented toward an area of education which does not require public school (elementary or secondary) certification.

Students must meet requirements for admission to the Graduate College and applicable departmental requirements. A minimum of 30 semester hours of graduate level coursework is required for the non-thesis option; 24 hours of coursework is required for the thesis option. A final comprehensive examination must be satisfactorily completed. The remaining courses (9-15 hours) may be selected, in consultation with the advisor, from adult and community education, higher education, vocational education, and/or other areas of education.

The distributed subject matter minor courses (9-15 hours) may be selected from one or more academic departments. These courses must be approved by a representative from the academic department(s) involved.

Within the MAE (General), programs may be planned to include an emphasis in adult development and gerontology. Those requirements are as follows:

Core 6 hours
Ed Fnd 500 (required) and one additional course to be selected from Ed Fnd 576/577 or Psy 510/511

Education 9-15 hours
Cns Ed 669
Ed 599 (Plan A, thesis) 6 hours or Cns Ed 662 (Plan B, non-thesis) 3-6 hours
Exc Ed 489G
Other appropriate education courses

Subject area 9-15 hours
Psy 423G, HEFL 585, Rec 570, HI Stt 443G, 444G
Other appropriate subject area courses

Degree Offered: Master of Arts in Education (Business-Distributive Education and Office Administration major or minor).

This program broadens the skills and the understandings of business teacher education through the application of research findings to business teaching.

The Department requires a minimum of 18 or a maximum of 21 hours for a major. A minimum of 12 or a maximum of 15 hours is required for a minor. The remaining courses will be taken in professional education, since teacher certification requirements must be met. Courses available are listed in the College of Business Administration.
Master of Arts in Education (School Counseling)

This program option leads to the master's degree and provisional certification for school counselors. Applicants must meet Graduate College requirements for admission and must gain admission to the department.

All students shall complete Ed Fnd 500—Research Methods and one additional foundations course selected from Ed Fnd 577, Sec Ed 580, or Ed Fnd 576. In addition to the 6 hours of educational foundations, the following counselor education courses must be taken:

A. Elementary School Counselor
   550 Introduction to Guidance
   552 Individual and Group Analysis
   554 Group Guidance
   558 Counseling Theory and Practice
   560 Counseling Practicum

(PRACTICUM EXPERIENCE MUST BE AT THE ELEMENTARY LEVEL)

Courses for the 9-hour subject matter minor will be taken in the area of psychological, physical, and social development of children.

B. Secondary School Counselor
   550 Introduction to Guidance
   552 Individual and Group Analysis
   *556 Informational Services
   558 Counseling Theory and Practice.
   560 Counseling Practicum

(PRACTICUM EXPERIENCE MUST BE AT THE SECONDARY LEVEL)

*In special cases, Cns Ed 554 may be substituted.

Courses for the 9-hour minor will be taken in related fields other than professional education.

Master of Arts in Education (Student Personnel Services)

Applicants to this program option must meet Graduate College requirements for admission. Course requirements are as follows:

A. Professional Education (6 hours)
   Ed Fnd 500—Research Methods (required) and three hours from Ed Fnd 576, 577, Sec Ed 580, or Hi Ed 675, Hi Ed 685, Psy 510, or Psy 511

B. Student Personnel Services major (15-18 hours)
   Required courses:
   664 Introduction to Student Personnel Services
   668 Special Topics in Student Personnel Services
   or
   674 Seminar in Student Personnel Services
   560H Practicum in Student Personnel Services

Elective courses:
   550 Introduction to Guidance
   552 Individual and Group Analysis
   554 Group Guidance
   556 Informational Services
   558 Counseling Theory and Practice or other counselor-education electives.

C. Distributed minor (6-9 hours)
   Courses to be selected from related areas such as psychology, sociology, government, home economics and family living, economics, and health and safety or others as appropriate.

Master of Arts in Education (Community/Agency Counseling)

Applicants to this 36-hour program option must meet Graduate College requirements for admission. Course requirements are as follows:

A. Professional Core (6 hours)
   Ed Fnd 500—Research Methods (required) and three hours from Ed Fnd 576, Psy 510 or 520, HEFL 491G, Psy 540 or 440G.

B. Counseling Major (18-24 hours)
   Required courses: Cns Ed 550, 558, 554 or 650, and 560
   Counseling electives: 6-12 hours selected to develop a specific concentration of counseling skills.

C. Distributed Minor (6-12 hours)
   Courses to be selected from related areas such as psychology, sociology, home economics and family living, and health and safety or others as appropriate.

Master of Public Service (Counseling Option)

This interdisciplinary program consists of offerings from several departments and is designed to prepare individuals for governmental positions which require administrative training as well as knowledge of the particular areas they are to serve.

All candidates for the Master of Public Service degree (regardless of the option chosen) are required to complete a minimum of 9 hours in the core—3 semester hours from category A and 6 semester hours from category B as follows:

A. Organization theory courses—3 hours
   Govt 540 Seminar in Public Administration
   Psy 551 Social Psychology of Organizations
   Soc 562 Formal Organizations
   SW 440G Organizational Renewal and Development in the Human Services

B. Socio-economic and political factor courses—6 hours
   Geog 484G Planning: Theory and Application
   Govt 511 Seminar in State and Local Government
   Govt 510 Problems in National Government
   Soc 542 Community

Required Counselor Education Courses
   550 Introduction to Guidance or
   561 Introduction to Rehabilitation Counseling
   552 Individual and Group Analysis
   558 Counseling Theory and Practice
   560 Counseling Practicum

The remaining 9 hours may be selected from
   Ed Fnd 500 Research Methods
   Ed Fnd 501 Educational Statistics
   Cns Ed 554 Group Guidance
   Cns Ed 556 Informational Services
   Cns Ed 650 Utilization of Community Resources
   Cns Ed 656 Seminar in Vocational Guidance and Occupational Adj
   Hi Ed 675 Higher Education in America

*Note: Other counselor education courses may be selected.

Specialist in Education (Counselor Education major)

Applicants desiring to pursue this program must meet Graduate College requirements for admission and must also be admitted to the department. A personal interview is required for reviewing professional and educational background and other pertinent data. A departmental admissions committee will review the information and make final decisions.
recommendations regarding the applicant’s eligibility.

Three major emphases are available: school counseling, public service counseling and personnel work, and student personnel services in higher education.

This degree requires a minimum of 30 semester hours of graduate coursework beyond the master’s degree. Specific courses and field experiences are provided to meet individual needs. Coursework is generally taken from three areas:

Foundations Core—education and research, 6 hours.

Graduate Courses in Counselor Education

550 Introduction to Counseling and Guidance, 3 hours. Philosophy, organization, administration, and functions of counseling guidance and personnel services.

552 Individual and Group Analysis, 3 hours. Methods, techniques, and instruments used in assessing and evaluating individuals and groups; administering, scoring, and interpreting both objective and subjective instruments; survey of research design, statistics, and computer utilization.

554 Group Guidance, 3 hours. Dynamics and processes within group structures; experiences in the formation of groups and their utilization in group counseling procedures and in guidance aspects of career development and vocational choice.

556 Informational Services, 3 hours. Sources, types and uses of educational and occupational information applicable to a program of developmental guidance and counseling.

558 Counseling Theory and Practice, 3 hours. Major contemporary theories of counseling; implementation of the various methods and procedures followed in individual and group counseling; laboratory demonstration and participation.

559 Techniques of Counseling, 3 hours. Focus on the development of basic and advanced counseling skills and procedures. Refinement of the skills needed in providing counseling intervention.

560 Counseling Practicum, 3 hours. Supervised experiences in a setting related to the area in which the individual plans to seek certification or employment.

561 Introduction to Rehabilitation Counseling, 3 hours. Basic counseling procedures appropriate to rehabilitation, history, settings, and functions of the rehabilitation counselor.

562 Counseling the Elderly, 3 hours. Major problems individuals experience relative to or as a consequence of growing older. Basic communication and counseling skills needed to work with the elderly.

576-School Administration, 3 hours. Development of interests, counseling, financial aspects of career development and its relation to vocational choice, and occupational information as they relate to educational progress. Topics include vocational choice, development of interests, values and attitudes as related to work, etc.

600 Organization and Administration of Guidance Services, 3 hours. Effective guidance services in elementary and secondary schools. Basic principles and postulates underlying the justification of guidance services, staffing, facilities, budget, etc.

661 Seminar in Disability and Rehabilitation Counseling, 3 hours. Psychological, physiological, and sociological impacts of congenital and traumatic disabilities, with emphasis on the rehabilitation counselor’s role.

662 Internship, 3-6 hours. Supervised experience in school, community, and agency settings.

663 Counseling the Exceptional Child and Parent, 3 hours. General concepts of exceptionality, the needs of and effective counseling techniques for the exceptional child; referral, resources, staffing and coordination efforts of the counselor, the needs of and effective counseling techniques for the parent of the exceptional child.

664 Introduction to Student Personnel Services in Higher Education, 3 hours. History, philosophy, and development of student services. Includes testing and counseling, financial aid, housing, admissions and records, placement, etc.

668 Special Topics in Student Personnel Services in Higher Education, 3 hours. May be repeated with a different topic for a maximum of 6 hours.

669 Special Topics in Counseling and Guidance, 1 to 3 hours. May be repeated with a different topic for a maximum of 6 hours.

674 Seminar in Student Personnel Services in Higher Education, 3 hours. Philosophy, organization, and administration of and current practices in student personnel work.

699 Specialist Project, 6 hours.

699c Maintaining Matriculation 1 to 6 hours.

Major Emphasis—school counseling, public service counseling, or student personnel services in higher education, 15-18 hours.

Cognate—psychology, sociology, home economics and family living and/or related areas, 6-12 hours.

The student’s committee directs the coursework and required research project and administers a final oral examination.

Master of Arts in Education (School Business Administration)

Required courses in education are 577—Philosophy of Education or 576—Social Foundations of Education, 585—Fundamentals of School Administration, 577—School Law, 676—School Finance, 678—School Plant Administration, and 500—Research Methods. Additional courses or demonstrated competency are required in the following: office and personnel management, taxation, business law, school business management, accounting, data processing, public finance.

Provisional certification in school business administration is based on completion of the above coursework (18 hours) and two years successful experience in government, busi-
ness, or education. Standard certification is based on completion of the master’s degree and three years experience as a school business administrator.

Specialist in Education (School Administration)

This advanced professional degree requires a minimum of 36 semester hours of graduate credit beyond the master’s degree. It is designed to increase the competency of educational administrators and to enable them to meet specific goals and objectives in their areas of specialization. Applicants desiring to pursue a specialist degree program must complete Graduate College and departmental requirements of admission. The student’s assigned committee reviews the academic program and directs the required research study or project.

Five major emphases are available as follows: elementary school administration, secondary school administration, supervision and curriculum, school business administration, and general school administration.

Coursework is within three areas: Foundations Core—research, historical or sociological foundations of education, fundamentals of school administration, Introduction to Guidance (6 hours minimum); Cognate—sociology, psychology, economics, business administration, guidance, exceptional child education, higher education, computer technology or other related areas, (6 hours minimum); Major Emphasis—18 hour minimum including research study or project. Elective courses shall be selected in a manner to insure that 12 semester hours of non-professional education is included within an individual’s total graduate work.

JOINT-DOCTORAL PROGRAM

(With the University of Kentucky)

Persons who have completed, or are completing, a master’s degree in education and who have adequate qualifications may petition to enter the joint program leading to the Ed.D. or Ph.D. in Education from the University of Kentucky. In addition, admission standards of the doctoral program of the UK College of Education must be met.

Application is filed with the Graduate College of Western Kentucky University. The applicant’s qualifications are evaluated by a screening committee, which makes an appropriate recommendation to the University of Kentucky.

Each student admitted to the program is appointed an advisory committee, known as the Special Doctoral Committee, which represents both participating institutions. Normally the student will continue in residence at Western Kentucky University for one school year (maximum 24 semester hours) after being admitted to the joint program. Variations as to period of residence at each institution may be approved by the student’s committee. For further information, contact the Dean of the Graduate College, Western Kentucky University.

NON-DEGREE PROGRAMS

Students wishing to pursue one of the following programs must make application to the Graduate College. Upon completion of the program, individuals must contact the certification officer in the College of Education, who then certifies to the State Department of Education that rank requirements have been met.

Rank II Non-Degree Programs

Western Kentucky University provides the planned Fifth Year Program for students who do not meet the admission requirements of a degree program or who want greater flexibility with regard to time allowed for completion, transfer limitations, and selection of courses than is permitted in a degree program.

Although the Fifth Year Program does not result in the master’s degree nor standard certification, it does result in Rank II salary classification in Kentucky, renews the provisional certificate, and permits entry into a Rank I teacher program.

Guidelines

1. Thirty-two (32) hours of upper division undergraduate and graduate courses must be completed.
2. At least 18 of the required hours must be taken at Western Kentucky University.
3. A grade point average no less than that for undergraduate certification (2.5) shall be required.
4. A minimum of 12 hours must be in the professional education and a minimum of 12 hours in cognate areas.
5. At least 12 hours must be in graduate level courses.
6. Coursework taken by the correspondence is not accepted.

Rank II (Elementary Education)

The following courses and their distribution would meet requirements for a Fifth Year Program for renewal of the provisional elementary teaching certificate and Rank II equivalency.

Six semester hours from
El Ed 503 and Rdg Ed 519 or 523
Nine semester hours from
El Ed 505, 506, 507, 544, 545, 570W, Ear Ed 508, 509
Three to six semester hours from
Exc Ed 516, Cns Ed 550, Ed Fnd 576, 577, Sch Ad 585, 598
Twelve to fifteen semester hours from
Each 32-hour program must be individually planned in consultation with the student’s advisor.

Rank II (Secondary Education)

The following courses and their distribution would meet requirements for a Fifth Year Program for renewal of the provisional high school teaching certificate and Rank II equivalency.

Three hours
Sec Ed 580
Three to nine semester hours from
Sec Ed 444G, 455G, 528-542, 543, 544, 545, 570W, 571
Six to nine semester hours from
Sec Ed 445G, Cns Ed 550, 554, Ed Fnd 576, 577, Sch Ad 585, 598, Rdg 519
Twelve to twenty-one semester hours from the major or
minor, or area of preparation, or in supporting courses from disciplines as approved by this institution. Each 32-hour program must be individually planned in consultation with the student's advisor.

Rank I Programs

Western Kentucky University offers the following Rank I programs in accordance with the minimum regulations prescribed by the Kentucky State Board of Education:

1. Rank I—Teacher (program leading to Rank I qualification for teachers)
2. Rank I—Standard Guidance (leading to standard certification in guidance)
3. Rank I—School Administration (the professional certificate in administration and supervision endorsed for specific administrative positions)

General Guidelines:

1. Rank I classification shall require the completion of either (a) 30 semester hours approved graduate level credit in addition to the requirements for a Rank II classification, or (b) 60 semester hours approved graduate level credit including a master's degree.
2. The student's program shall be planned in consultation with the advisor and shall be related to the professional needs of the individual.
3. A minimum of 15 semester hours must be in courses open only to graduate students.
4. The student shall maintain a B standing, and no credit shall be given for a course grade below C.
5. At least 15 of the required hours shall be taken at Western Kentucky University. The remaining hours may be taken, upon approval of the college advisor and the Graduate College, at other institutions provided the grade is A or B. A minimum of 24 hours of the total 60 (62 when based upon Rank II classification) must be in academic work apart from professional education. These hours shall be in the candidate's major or minor, or area of preparation, or in supporting courses from other disciplines as approved by this institution.

Rank I—Teacher's Program

Rank I (Elementary Education)

The following courses and their distribution would meet requirements for Rank I classification. The student must complete a total of sixty semester hours of graduate credit including the master's degree or thirty semester hours of graduate level credit above the Rank II classification.

Twelve semester hours
- El Ed 603, 604, 605, Exc Ed 516
- Three to six semester hours from
  - El Ed 505, 506, 507, 544, 545, 570W, Ear Ed 508, 509, Rdg Ed 519, 523
- Three semester hours from
  - Cns Ed 550, Ed Fnd 576, 577, Sch Ad 677, 585, 598

Twelve semester hours from

Each program must be individually planned in consultation with the student's advisor.

Rank I (Secondary Education)

The following courses and their distribution would meet requirements for Rank I classification. The student must complete a total of sixty semester hours of graduate credit including the master's degree or thirty semester hours of graduate level credit above the Rank II classification.

Nine semester hours
- Exc Ed 516, Sec Ed 604, 605
- Three to six semester hours from
  - Sec Ed 444G, 455G, 528-542, 543, 544, 545, 570W, 571
- Three to six semester hours from

Twelve to fifteen semester hours from the major or minor, or area of preparation, or in supporting courses from disciplines as approved by this institution.

Each program must be individually planned in consultation with the student's advisor.

Rank I—Guidance Program

The Rank I guidance program, which leads to the standard certificate in guidance and counseling, is designed to provide additional preparation and competency for school counselor personnel. The planned program requires a minimum of sixty hours including a master's degree and one year's experience as a school counselor. A certified teacher with a master's degree outside guidance must complete at least fifteen semester hours in counseling coursework toward provisional guidance as a part of the Rank I program. An additional fifteen semester hours of counseling coursework are required for the standard certificate in guidance and counseling, along with the minimal one-year's experience as a school counselor. The 60-hour program leading to the standard guidance certificate must be individually planned in consultation with the student's advisor and must include the following:
- Counselor education - 30 hours
- Behavioral sciences/related fields - 12 hours
- Educational research - 3 hours
- Counseling electives, educational foundations, and/or other selected areas - 15 hours

Rank I—School Administration

A sixty-hour planned program, including the master's degree and standard teaching certificate, is required. Of the total 60 hours (Master's and Rank I), at least 12 hours must be taken in the behavioral sciences or subject matter fields other than professional education. Application for admission should be made to the Graduate College and the department. Programs are designed to include administrative certification requirements for one or more of the following leadership positions: elementary principal, secondary principal, director of pupil personnel, supervisor, superintendent.

Certification for School Principal Endorsement

(Elementary or Secondary)

The professional certificate for school administration and supervision may be endorsed for either the elementary or the secondary principalship when the following conditions have been met:

1. Completion of requirements for the standard elemen-
ternary teaching certificate (for elementary principal endorsement) or the standard secondary teaching certificate (for secondary principal endorsement).

2. Three years of successful teaching experience.

3. Completion of a minimum of 45 semester hours of graduate credit including the master’s degree. Within these total hours the student must complete the following required core courses in education:

   - Ed Fnd 500, Ed Fnd 577, or 576, Psy 510 or 511, Cns Ed 660 or 550, Sch Adm 585.
   - Satisfactory score on the Subject (Education) Test of the GRE.
   - Completion of departmentally approved electives selected from curriculum, supervision, administration, and/or cognates areas to meet certification requirements and to provide the necessary competencies.

Certification for Director of Pupil Personnel Endorsement

The professional certificate in school administration and supervision may be endorsed for the position of director of pupil personnel when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Three years of successful teaching experience.
3. Satisfactory score on the Subject (Education) Test of the GRE.
4. Completion of a minimum of 45 semester hours of graduate credit including the master’s degree. Within these total hours the student must complete the following required courses in education:

   - Ed Fnd 500, Ed Fnd 577 or 576, Psy 510 or 511, Cns Ed 650, Sch Adm 583, 585, plus other designated administration courses.

Certification for Supervisor Endorsement

The professional certificate in school administration and supervision may be endorsed for the position of supervisor when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Completion of Rank I in School Administration.
3. Satisfactory score on the Subject (Education) Test of the GRE.
4. Certification for superintendent as a general rule should include requirements for principal or supervisor.
5. Five years of successful experience in teaching or administration.
6. Completion of additional required courses in education:

   - 675—School Finance
   - 677—School Law
   - 678—School Plant Administration
7. Completion of departmentally approved electives selected from professional education, behavioral sciences, and/or cognate areas to meet certification requirements and to provide administrative competencies.

Certification for Superintendent Endorsement

The professional certificate for school administration and supervision may be endorsed for the position of school superintendent when the following conditions have been met:

1. Completion of the requirements for either the standard elementary certificate or the standard high school certificate.
2. Completion of Rank I in School Administration.
3. Satisfactory score on the Subject (Education) Test of the GRE.
4. Certification for superintendent as a general rule should include requirements for principal or supervisor.
5. Five years of successful experience in teaching or administration.
6. Completion of additional required courses in education:

   - 675—School Finance
   - 677—School Law
   - 678—School Plant Administration
7. Completion of departmentally approved electives selected from professional education, behavioral sciences, and/or cognate areas to meet certification requirements and to provide administrative competencies.

DEPARTMENT OF HOME ECONOMICS AND FAMILY LIVING

ACADEMIC COMPLEX, CANON WING
ROOM 303 (502) 745-4352

William Floyd, Head

Graduate Faculty

Professors: S. Clark, L. Ehrcke, W. Floyd, L. Fong, D. Hayden, R. Hedges, M. Jenkins, V. Moore, J. Rasdall

Associate Professors: V. Atkins, B. Fulwood, S. Gibbs

Assistant Professors: M. Casto, R. Mason, A. Tsegaye

Degrees Offered: Master of Arts in Child Development and Family Living, Master of Arts in Education (Home Economics Education major and minor), Master of Science in Institutional and Home Environment (Interior Design and Housing, Textiles and Clothing, and Foods and Nutrition, Specialist in Education (Vocational Home Economics major).
Master of Arts in Child Development and Family Living

This degree is considered an intermediate step preparatory to entry into a doctoral program leading to college teaching, therapeutic activity and/or research. In addition to Graduate College requirements, the student must present an undergraduate record of B in the behavioral sciences and related disciplines. Applicants who do not have the B average but whose score (verbal and quantitative combined) on the General Test of the Graduate Record Examination is at least 900 may be given provisional admission.

The major requires 24 hours, and the remaining hours of the total of 30 must come from closely related studies in counselor education, psychology, or sociology. The 24 hours in the major are HEFL 491G, 576, 577, 578, 579, 580, 599 (six hours) or six hours of restricted electives in lieu of thesis. Cognate studies must be approved by the advisor.

The research tool requirement may be met by (1) demonstrating ability to read subject material in either French or German, (2) completing specialized study in human biology and genetics, or (3) completing additional work in statistics and research methodology.

Master of Arts in Education (Home Economics Education major or minor)

This program is planned for teachers pursuing the standard high school certificate. Applicants must have an undergraduate area of concentration in home economics education. Required courses for the major are HEFL 572, 573, 574, and 9-12 hours of HEFL electives to be approved by the advisor. Required for the education minor are Educ 540 and 500. The HEFL minor requires 12-15 hours along with 15-18 hours in professional education.

Master of Science in Institutional and Home Environment

This degree is designed to prepare individuals for positions requiring specialization at the master's level or to provide an adequate foundation for study beyond the master's degree. Three options are available: Interior Design and Housing, Textiles and Clothing, and Foods and Nutrition.

Option in Interior Design and Housing

Applicants must be eligible for admission to the Graduate College and must submit a portfolio representative of their work. Decisions in regard to acceptability of coursework for admission, deficiencies, and program planning will be made by the graduate faculty in interior design and housing.

The required 30 hours of graduate work, with at least 15 hours at the 500-level or above, must include HEFL 480G, 482G or 483G, 484G, 536, and 537; 6 hours of HEFL elective courses, at least 3 hours of which must be at the 500-level or above; and 6 hours in an approved cognate field. For Plan A, a thesis must be submitted in a specific area of interior design and housing. For Plan B, 6 hours of approved coursework, at least 3 hours of which must be at the 500-level or above, must be taken in lieu of the thesis.

The research tool requirement usually involves demonstration of the ability to read a foreign language or specialized study in statistics and research methods or computer utilization.

Option in Textiles and Clothing

Applicants must be eligible for admission to the Graduate College and should have the equivalent of an undergraduate minor (18 hours) in textiles and clothing as well as basic courses in psychology, sociology, and chemistry. Decisions in regard to acceptability of coursework for admission, deficiencies, and program planning will be made by the graduate faculty in textiles and clothing.

The required 30 hours of graduate work, with at least 15 hours at the 500-level or above, must include HEFL 536 and 537; 12 hours of HEFL elective courses, at least 3 of which must be at the 500-level or above; and 6 hours in an approved cognate field. For Plan A, a thesis must be submitted in a specific area of textiles and clothing. For Plan B, 6 hours of approved coursework, at least 3 of which must be at the 500-level or above, must be taken in lieu of the thesis.

The research tool requirements usually involve demonstration of the ability to read French or specialized study in statistics and research methods or computer utilization.

Option in Foods and Nutrition

Applicants must be eligible for admission to the Graduate College and should have adequate background in home economics education and/or in the allied health areas. Decisions regarding acceptability of coursework for admission, deficiencies, and program planning will be made by the graduate faculty in foods and nutrition. This option provides flexibility for students to emphasize course concentration consistent with their vocational goals: dietetics, restaurant management, industry or teaching.

The required 30 hours of graduate work, with at least 15 hours at the 500-level or above, must include 6 hours of required core courses: HEFL 536 and 537. The major requires 12 hours in foods and nutrition. For Plan A, a thesis (6 hours credit) must be submitted in a specific area of foods and nutrition. For Plan B, 6 hours of approved coursework must be taken in lieu of the thesis, e.g., HEFL 575 or 580. The cognate field requires 6 hours of coursework as approved by the graduate advisor.

The research tool requirement involves demonstration of the ability to read a foreign language or specialized study in statistics, and research methods or computer utilization.

Specialist in Education (Vocational Home Economics major)

See Department of Teacher Education.

Graduate Courses in Home Economics and Family Living

520 Seminar in Home Economics and Family Living. 3 hours. Survey of recent developments and present trends conducted in a particular area of the Department of HEFL or deemed appropriate by faculty and student demand.

521 Interior Ergonomics I. 3 hours. Sociological and psychological factors in interior design-separately, in relationship to each other, and in relationship to other disciplines.

522 Interior Ergonomics II. 3 hours. Cultural and anthropometric literature related to interior design, interrelationships between culture and anthropometrics.

531 Cultural Patterns of Dress. 3 hours. In-depth analysis of literature and research
related to cultural aspects of clothing. Specific cultural emphasis will vary.

533 Developing Fashion Merchandising Programs. 3 hours.
Principles, problems, and practices of curriculum, field experiences, and extended classroom activities related to fashion merchandising.

535 Textile Analysis and Interpretation. 3 hours.
Prerequisites: HEFL 435 and chemistry. Qualitative and quantitative techniques for physical and chemical analysis of textiles. Planning and conducting textile analyses and evaluating resulting data.

536 Seminar in Institutional and Home Environment. 3 hours.
Technological, cultural, and educational developments in institutional and home environment. Opportunity to pursue individual interest in specialized areas, e.g., textiles, clothing, merchandising, interior design, housing, etc.

537 Critique and Design of Investigations in Institutional and Home Environment. 3 hours.
Textiles and clothing investigations. Opportunity to pursue individual interest in specialized areas, e.g., textiles, clothing, merchandising, interior design, housing, etc.

572 Curriculum Development in Home Economics Education. 3 hours.
Curriculum trends in home economics education and curriculum development in specialized fields of home economics.

573 Evaluation in Home Economics Education. 3 hours.
Theory and techniques of evaluation in home economics education. Analysis and refinement of instruments; interpretation of results of self-evaluation; and effective administration of programs.

574 Supervision of Home Economics Education. 3 hours.
Prerequisite: Teaching experience, advanced courses, and consent of instructor. Theory, principles, and techniques of presence and inservice training of teachers in home economics. Emphasis on preparation of supervisory materials and evaluation.

575 Individual Study in Home Economics Education. 3 to 6 hours.
Evaluation of home economics investigations. Includes planning and completing an individual study of limited scope.

576 Theories of Child Development. 3 hours.
Prerequisite: One course in child psychology, child development, or human growth and development. Critical analysis of cognitive, social-learning, maturational, and psychoanalytic theories of human development.

577 Seminar in Child Development Research. 3 hours.
Prerequisite: HEFL 576 or equivalent preparation. Analysis of current theories and research relevant to the development of social, perceptual-cognitive, and physical-physiological processes in children.

578 Seminar in Research in Marital and Family Therapy. 3 hours.
Prerequisite: One course in marriage and family. Critical examination of contemporary research by marital and family investigators in the fields of anthropology, biology, psychiatry, psychology, and sociology.

579 Professional Theories and Methods in Marital and Family Therapy. 3 hours.
Lectures on and demonstration of contemporary theories and methods of treating couples, families and groups. Includes the theories of Rogers, Satir, Knox, Ellis, and Adler.

580 Internship. 3 hours.
Prerequisite: Approval of Instructor. Clinical practicum in child development and family living or an internship in foods and nutrition, textiles and clothing, interior design, or home economics education. Assignments are made to approved private and public facilities.

582 Sensory Evaluations and Qualities of Foods. 3 hours.
Principles and methodologies in sensory evaluations of foods; collection, analysis and presentation of sensory data; focuses on determinants of quality in foods.

583 Human Resources in Food Systems. 3 hours.
Identification of personnel needs by skill levels; planning and evaluation of personnel programs in food systems; training applicants for optimum utilization of human resources.

584 Community Nutrition. 3 hours.
Analysis of literature and research related to nutrition problems facing patients returning to home and community; analysis of community resources that assist with specific problems. (lecture, field trips and lab)

585 Nutrition For The Elderly. 3 hours.
Analysis of literature and research related to nutrition problems of the elderly; analysis of resources that assist them with their specific problems. (lecture, field trips, and lab)

586 Special Topics in Home Economics and Family Living. 1 to 6 hours.
Prerequisite: Consent of instructor.

592 Title Research and Writing. 6 hours.
Prerequisite: Consent of instructor.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit.

420G Non-Residential Studio. 3 hours.
Planning of non-residential interiors including cost control, selection of furnishings, lighting, and presentation.

422G Textile Design II. 3 hours.
Historic and contemporary design. Applications for costume, home furnishings, and accessories.

424G Specifying and Buying Interior Furnishings. 3 hours.
The behavioral basis for selecting and specifying interior artifacts to satisfy human wants and needs; examination of the marketplace and its mechanisms to implement specifications.

425G History of Costume. 3 hours.
Costumes from ancient times to present; cultural and economic factors.

427G Presentation Techniques II. 3 hours.
Rendering and presentation techniques and materials including pen and ink, watercolor, marketing, mixed media, portfolio preparation, and photographic reproductions.

428G Merchandising Display and Promotion. 3 hours.
Principles and practices in arranging and displaying merchandise and in planning and executing sales promotions.

430G Historic Textiles. 3 hours.
Prerequisite: HEFL 231

431G Clothing and Human Behavior. 3 hours.
Prerequisites: 9 hours of social science or consent of instructor.

432G Recent Developments in Textiles. 3 hours.
New developments in textiles as reported in current literature.

433G Fashion Fundamentals. 3 hours.
Fashion as a social force. The fashion world: designers, leading markets, fashion cycles.

434G Advanced Clothing Tailoring. 3 hours.
Advanced techniques of tailoring.

435G Advanced Textiles. 3 hours.
Prerequisites: HEFL 231 and chemistry. Relation of fiber and fabric properties to serviceability; testing of fabrics with emphasis on interpretation of results in consumer choice. Individual problems.

436G Advanced Clothing Design. 3 hours.
Interpretation and development of original designs through the media of flat pattern and draping.

437G Fashion and Design Study Tour. 3 hours.
Travel to fashion and design centers to observe current trends in design, production, marketing and promotion of textiles, clothing, and home furnishings.

438G Textile and Clothing Merchandising II. 3 hours.
Prerequisite: HEFL 333.
Principles; techniques; and practices of effective fashion merchandising. Includes problems in store design and display; supervision of retail establishment; and fashion merchandising.

461G Advances in Science of Nutrition. 3 hours.
Individual study of literature and research concerned with foods and nutrition.

464G Advanced Foods. 3 hours.
Prerequisites: HEFL 261, Chem 107, or consent of instructor. Bioi 207 recommended. Chemical, physical, and microbiological factors related to foods.

466G Diet Therapy. 3 hours.
Prerequisites: HEFL 383, Bioi 472, and Chem 309.
Principles of nutrition in the treatment of certain organic, functional, and metabolic diseases or conditions.

466G Experimental Foods. 3 hours.
Ingredients and their function; factors involved in food preparation; evaluation of foods by objective measurements.
480G User-oriented Interior Design and Housing. 3 hours.
Methods of determining user needs so that resultant interior design and housing may satisfy those needs.

481G Lighting Design. 3 hours.
Prerequisite: HEFL 382 Lighting and writing design for residences and the near environment. Emphasis on economics of installation and energy use, aesthetics, safety, and function of activity areas.

482G Residential Energy Resources and Problems. 3 hours.
Issues and trends in the supply and use of nonhuman energy resources. The roles and choices of space designers and consumers regarding design, selection, and use of housing, home furnishings, and appliances.

483G Household Equipment Design and Usage Factors. 3 hours.
Materials, finishes, and design of household equipment. Emphasis on use, safety, and productivity.

484G Space and Activity Analysis. 3 hours.
Includes concepts of time use, productivity, family economics and selected environmental components relative to housing interiors. Attention given to housing and design criteria for special needs.

491G Family Life Education. 3 hours.
Principles, practices, and content of family life education. Extension agents, social workers, and mental health professionals (in addition to teachers of family life education) may enroll.

492G Institution Food Preparation. 3 hours.
Basic food preparation principles applied to quantity food production and services. Standardization of recipes and procedures. (Lecture, 1 hour; practicum, 10 hours)

493G Institutional Purchasing. 3 hours.
Prerequisite: HEFL 492. Principles and methods of buying food and supplies for various types of quantity food services. Emphasis on specifications, standards, inventory, and factors affecting quality and cost control.

494G Applied Institution Administration. 3 hours.
Prerequisites: HEFL 390 and 492. Standard methods of quantity food production, menu planning, food cost determination, job analysis and problems involved in institution administration. Requires administrative responsibilities, under supervision. (Lecture, 1 hour; practicum, 10 hours)

495G Organization and Management of School Lunch Service. 3 hours.
Prerequisites: HEFL 390 and 494. Sec Ed 370 is recommended. Organization and management of single and multiple school lunch units including menu planning, purchasing records, equipment, and meal services.

496G Menu Planning and Merchandising for the Food and Lodging Industry. 3 hours.
Prerequisite: HEFL 492. Menu planning for group feeding, meeting nutritional needs of different age levels, portion costs, menu pricing, and merchandising.

497G Food and Labor Cost Control. 3 hours.
Prerequisite: HEFL 390, principles of accounting. Areas studied include work management methods, relationship of labor costs and mechanization, food cost controls, portion control methods of purchasing and preparation, and application of accounting and inventory procedures.

498G Special Topics in Home Economics and Family Living. 1 to 3 hours.
Prerequisite: Approval of department head. Topics selected from child development and family living, dietetics, foods, nutrition, institutional administration, textiles and clothing, interior design, home economics education. May be repeated with different topic.

499G Parenting Strategies. 3 hours.
Major parenting approaches including Adlerian, behaviorist, and communication modalities. Emphasis upon specific parenting techniques along with the philosophical and developmental bases.

DEPARTMENT OF PHYSICAL EDUCATION AND RECREATION

ACADEMIC-ATHLETIC BUILDING #2
ROOM 316 (502) 745-3347

Burch Oglesby, Head

Graduate Faculty

Professors: T. Crews, J. Jones, A. Little, W. Meadors, B. Oglesby

Associate Professors: C. Crume, W. Kummer, S. Laney

Assistant Professors: C. Daniel, G. Ellis, W. Mason

Degrees Offered: Master of Science in Physical Education, Master of Arts in Education (Physical Education major or minor), Master of Science in Recreation.

Diversified programs are available in physical education and recreation. The department maintains laboratories for study of human motor behavior and physical performance, and students are encouraged to pursue personal research interests.

Master of Science in Physical Education

This program is designed to meet the needs of students seeking concentrated study within the academic discipline of physical education. All candidates are required to take PER 501, 12-27 hours of physical education coursework (selected in consultation with the advisor), and 0-6 hours from allied areas. Although Plans A and B are available, candidates are encouraged to write a thesis. The research tool requirement may be met by demonstrating (1) competency in research techniques or (2) reading proficiency in a foreign language.

Master of Arts in Education (Physical Education major or minor)

Students following this program must meet all requirements for the standard high school certificate.

The student majoring in physical education must take 15-21 hours in physical education including PER 501 and three courses selected from PE 502, 503, 504, 505, 506, and 507. The student minoring in physical education must take 12-15 hours in physical education including six hours selected from PE 502, 503, 504, 505, and 506. The remainder of the required 30 hours, in both cases, is taken in professional education (see secondary education).

Master of Science in Recreation

This program is designed to prepare professional recreation practitioners for a wide range of recreation and leisure-service occupations; provide opportunity for study in a specialized area of recreation; provide knowledge of research
procedures; and provide academic background for students planning to pursue doctoral study. Although Plans A and B are available, candidates are encouraged to write a thesis. The research tool requirement may be met by demonstrating either (1) competency in the use of appropriate research techniques or (2) reading proficiency in a foreign language.

A twenty-four hour major in recreation in required with a six hour cognate field to be selected in consultation with the student’s graduate committee.

Graduate courses in Physical Education

501 Analysis of Research in Physical Education. 3 hours. Selected studies in the physical education literature related to methods, materials, techniques, and planning of research studies used and conducted by the profession. (To be taken in first term of enrollment).

502 Philosophical Bases of Physical Education and Athletics. 3 hours. The influence of major educational philosophies upon physical education and athletics; the development of a practical and usable personal philosophy of modern physical education.

503 Motor Learning. 3 hours. Prerequisite: PE 501. Theories and principles of learning as they apply to the acquisition of gross motor skills. Emphasizes the interpretation and practical application of experimental data.

504 Physiological Bases of Motor Performance. 3 hours. Application of physiological principles of motor activity. Inferences on improving instructional practices.

505 Foundations of Curriculum Construction. 3 hours. Principles, procedures, and criteria for curriculum construction and revision, course building, and lesson planning.

506 Psychological Aspects of Sport and Performance. 3 hours. Prerequisite: PE 501. The various psychological parameters on sport performance.

507 Sport in Culture. 3 hours. The sports movement in America from a socio-cultural viewpoint. Analysis of current problems and trends.

510 Seminar: Facilities, Construction and Equipment. 3 hours. Principles, standards, practices and problems in planning, constructing, administering the building program, maintaining the facilities, and in purchase and care of equipment.

511 Theory in Administration and Supervision of Physical Education and Athletics. 3 hours. Basic administrative theory and research for the administration of physical education and athletic programs.

512 Seminar: Administration Problems in Physical Education and Athletics. 3 hours. Organization and control of physical education and athletics programs at various education levels. Discussion of controversial issues and practice in seeking solutions.

530 Independent Investigations in Physical Education. 3 hours. Prerequisites: PE 501 and consent of instructor. Research problems or projects in the organizational, administrative, or supervisory areas of physical education.

570 Workshop in Physical Education. 3 hours. Workshop and/or seminars dealing with special problems and current topics in physical education.

599 Thesis Research and Writing. 6 hours.

The following 400-level courses in Physical Education may be taken for graduate credit

420G Adaptive Physical Education. 3 hours. Study and field experience in the adaptation of the principles and practices of physical education programs for teaching handicapped children.

430G Physical Education Curriculum in the Elementary School. 3 hours.

454G Problems and Trends in Elementary Physical Education. 3 hours.

456G Advanced Studies in Physical Education and Athletics. 3 hours.

491G Physical Diagnosis and Corrective Physical Education. 3 hours. Recognition of abnormalities and exercise for correction.

492G Advanced Athletic Training. 3 hours. Techniques needed in the prevention and care of athletic injuries—including recognition, prevention, treatment, reconditioning, rehabilitation.

Graduate Courses in Recreation

501 Analysis of Research in Recreation. 3 hours. Selected studies in recreation literature relative to methods, materials, techniques, and planning of research studies used and conducted by the profession.

513 Organization, Administration, and Supervision of Parks, Playgrounds and Recreation Programs. 3 hours. Organization and administration of recreation at federal, state, and local levels. Correlation and integration of the entire recreation program into the culture and society of the community.

515 Planning and Maintenance of Park and Recreation Facilities. 3 hours. Principles and problems in planning and maintenance of park and recreation facilities. Relationship of facilities to program needs. Field trips required.

517 Construction and Utilization of the Survey of Recreation. 3 hours. Planning, application, and evaluation of the survey as a means of determining recreation program needs in selected settings.

519 Fiscal Practices for the Administrator of Recreation and Parks. 3 hours. Budget construction, record-keeping, purchasing, personnel problems, and office management as related to recreation.

521 Public Relations for Parks and Recreation Programs. 3 hours. Effective communication between colleagues, program participants, and the public through the use of audio-visual devices and techniques.

523 Philosophy and Trends. 3 hours. Philosophical and historical development of opinions and attitudes toward the concepts of leisure and recreation.

530 Independent Investigations in Recreation. 3 hours. Special research problems in the area of recreation.

590 Internship in Recreation. 3 hours. Experience in recreation planning, leadership, supervision, and program evaluation through work in recreation, park, and other leisure oriented settings. Supervised by University faculty and personnel from area recreation agencies.

599 Thesis Research and Writing. 6 hours.

The following 400-level Recreation courses may be taken for graduate credit

410G Therapeutic Recreation. 3 hours. Principles, trends and programs of therapeutic recreation. Selected disabilities considered.

412G Adaptive Activities and Facilities for Recreation. 3 hours. Methods of adapting recreational programs, activities, and facilities for the handicapped.

432G Principles of Outdoor Recreation. 3 hours. Values and extent of outdoor recreational philosophy based on legislation, geographical factors, land use, standards, agencies, and economics.

433G Camp Administration. 3 hours. Status, purpose, and administration of organized camping. Includes history and trends, selection and training of staff, health and safety considerations, etc.

434G Development of Nature Oriented Areas and Facilities. 3 hours. Nature trail design and preparation, live and inanimate exhibit design and preparation, resource inventory, building, exhibit material purchase, vandalism, etc.

435G Techniques in Outdoor Education. 3 hours. Field trips, nature crafts, audio-visual aids
and interpretive materials, etc., and their importance in developing outdoor education as a recreational activity.

450G Introduction to Commercial Recreation and Tourism. 3 hours. Prerequisites: Rec 200, 300, 302, and 306. Commercial recreation and tourism, including the establishment, supervision, and operation of areas and facilities.

451G Recreation Management. 3 hours. Practical approach to management of park facilities and personnel. Includes program planning, design, and standards.

456G Advanced Studies in Recreation. 3 hours.

470G Administration of Municipal Recreation. 3 hours. Covers various aspects of recreation in a municipal setting. Includes personnel, financing, facilities, planning, maintenance, and such other topics as legislation and vandalism.

471G Community Centers and Playgrounds. 3 hours.

DEPARTMENT OF PSYCHOLOGY

COLLEGE OF EDUCATION BUILDING
ROOM 276 (502) 745-2695

John O'Connor, Head

Graduate Faculty

Assistant Professors: K. Ball, E. Erffmeyer

Degrees Offered: Master of Arts in Psychology, Master of Arts in Education (Psychology major or minor).

Master of Arts in Psychology

This program provides preparation for students who wish to pursue careers in clinical, industrial, governmental, or school settings. The Department offers four options: clinical, experimental, industrial, and school psychology. Within each option, the student is expected to become competent in theory, research, and applications of psychology as related to the chosen area of concentration.

Applicants should have a statistics and experimental methodology course, background in general psychology, a minimum score of 850 on the Graduate Record Examination General (verbal and quantitative combined) Test, a GPA of 2.5 with a 3.0 in psychology courses, and four letters of recommendation sent to the departmental admissions committee.

Core requirements for all options:
- Psy 541, 512, 563, and 552: 12 hrs
- Psy 442G or 641: 3 hrs
- Psy 571, 643, or 660: 3 hrs
- Psy 520, 521, or 550: 3 hrs
- Psy 511, 523, or 580: 3 hrs
- Psy 599—Thesis: 6 hrs
- Research Tool: 3 hrs
- Practicum or Internship: 3 to 10 hrs

Comprehensive oral examination required at the time of thesis defense.

Clinical Psychology

This option is practice-oriented and offers a broad foundation for individuals planning to render psychological services at the MA level. Students prepare for the certification examination administered by the Kentucky State Board of Psychology and by boards in other states requiring certification for individuals who provide psychological services at the MA level. Students are expected to adhere to the APA Ethical Standards of Psychologists and to maintain a professional demeanor in clinical activities. Forty-nine hours are required.

Specific course requirements are as follows: Psychology 560, 561, 640, 642, and 661. Students may elect to take additional hours in home economics and counselor education as well as additional hours in psychology.

Industrial-Organization Psychology

This option focuses on human behavior in industrial and governmental organizations. Students are expected to become proficient in the construction and validation of personnel selection systems. The Equal Employment Opportunity Commission's (EEOC) Guidelines on employment selection procedures and familiarity with relevant court decisions are major emphases of the program. A four-to-six months paid internship is available to those interested in personnel psychology. Forty-two hours are required.

Specific course requirements are as follows: Psychology 513, 570, 572, and 670.

School Psychology

This option emphasizes training as a diagnosticion-consultant. The student will function as an integral part of the total program of pupil-services. Each student receives on-site experience in public schools, school related practicum assignments in the department's psychological clinic, and experience as a member of an interdisciplinary team in the College of Education's Child Diagnostic Clinic. Upon completion of the program the student is recommended to boards of education and state boards of psychological examiners for certification as a school psychologist. Sixty hours are required.

Specific course requirements are as follows: Psy 514, 540, 560, 561, and 590. An additional 9 hours of education are required for Kentucky certification in school psychology.
General-Experimental Psychology

This opinion is designed for students who plan to pursue doctoral studies after completion of the master's degree or who desire a terminal master's degree in general psychology. Flexibility allows the student to choose courses specific to interests and career goals that are not included in the other options.

Course requirements, other than those required in the core, are individually determined by the faculty advisor.

Master of Arts in Education (Psychology major or minor)

Students following this program must meet all requirements for standard high school certification. The major requires a minimum of 18 or a maximum of 21 hours. The minor requires a minimum of 12 hours or a maximum of 15 hours. The remaining hours, in both cases, will be taken in professional education courses. The thesis is recommended.

<tr>
<td>510</td>
<td>Advanced Educational Psychology</td>
<td>3 hours</td>
<td>Psychology of learning. Different psychological theories, methods and techniques.</td>
</tr>
<tr>
<td>511</td>
<td>Psychology of Learning</td>
<td>3 hours</td>
<td>Theories of learning including conditioning, social learning, reinforcement, problem solving, motivation and structure of the learning situation.</td>
</tr>
<tr>
<td>512</td>
<td>Seminar In Experimental Design</td>
<td>3 hours</td>
<td>Required for all graduate students in psychology. Understanding the principles of experimental design and the application of appropriate statistical techniques. Includes the design of an experimental project.</td>
</tr>
<tr>
<td>513</td>
<td>Advanced Statistical Analysis</td>
<td>3 hours</td>
<td>Prerequisite: Psy 512 or permission of instructor. Advanced analysis techniques appropriate to psychological research. Emphasizes the more complex forms of the analysis of variance, the analysis of covariance, and non-parametric statistics.</td>
</tr>
<tr>
<td>514</td>
<td>Program Evaluation</td>
<td>3 hours</td>
<td>Prerequisite: Psy 512 or equivalent. Examination of program accountability. Emphasizes all phases of evaluation. Also covers decision making processes.</td>
</tr>
<tr>
<td>515</td>
<td>Program Evaluation Laboratory</td>
<td>1 hour</td>
<td>Corequisite: Psy 514. Student will conduct a program evaluation as a part of an evaluation team and write the report for dissemination to appropriate offices and/or agencies.</td>
</tr>
<tr>
<td>516</td>
<td>Advanced Study in Motivation</td>
<td>3 hours</td>
<td>Historical and present motivation theories. Particular emphasis on a current literature survey of both human and animal research.</td>
</tr>
<tr>
<td>519</td>
<td>Psychological Perspectives on Classroom Behavior</td>
<td>3 hours</td>
<td>Prerequisite: Psy 510. Strategies and techniques designed for coping with problem behaviors in the classroom. Covers both presentative and problem encounter measures.</td>
</tr>
<tr>
<td>520</td>
<td>Psychology of Individual Differences</td>
<td>3 hours</td>
<td>Research and theory in developmental aspects of behavior from the prenatal period to adulthood with emphasis upon individual differences.</td>
</tr>
<tr>
<td>521</td>
<td>Advanced Child Psychology</td>
<td>3 hours</td>
<td>Particular emphasis upon a critical review of current research in child development.</td>
</tr>
<tr>
<td>522</td>
<td>Advanced Adolescent Psychology</td>
<td>3 hours</td>
<td>Current research and theories in the area of adolescent psychology as they relate to physical, social, emotional and intellectual development.</td>
</tr>
<tr>
<td>523</td>
<td>Cognitive Theory</td>
<td>3 hours</td>
<td>Information processing, thinking and cognition. Covers major theories and research techniques in the area.</td>
</tr>
<tr>
<td>540</td>
<td>Behavior Problems of Childhood and Adolescence</td>
<td>3 hours</td>
<td>The major forms of psychopathology in children and adolescents, with emphasis upon recent research, classification systems and developmental patterns. Also covers clinical and school treatment of behavior problems encountered in the school setting.</td>
</tr>
<tr>
<td>541</td>
<td>Introduction to Professional Psychology</td>
<td>3 hours</td>
<td>Roles and responsibilities of professional psychologists emphasizing the ethical, legal, and methodological issues for the master's level practitioner.</td>
</tr>
<tr>
<td>542</td>
<td>Advanced Social Psychology</td>
<td>3 hours</td>
<td>Behavior of the individual in relation to social contexts. Topics include group dynamics, attitude formation and change, social influence processes, socialization and language use in communication.</td>
</tr>
<tr>
<td>550</td>
<td>Personality Theory</td>
<td>3 hours</td>
<td>Psychobiological principles underlying the study of personality in relation to a social environment. Topics include theories of personality, the process of socialization; of the individual, factors influencing adjustment to social environment.</td>

### Theory

Students must complete a thesis. 3 hours. Required of all graduate students in psychology. Introduction to psychometrics with emphasis on both technical and ethical problems involved in the use and construction or psychological measurement instruments.
642 Clinical Interviewing and Psychotherapy II. 3 hours. 
Prerequisite: Psy 641. 
Continuation of 641 with emphasis on group, family, and marital psychotherapy.

643 Psychoeducational Assessment. 3 hours. 
Prerequisites: Psy 560, 561, 564. 
Diagnostic procedures for the mentally handicapped, culturally disadvantaged, and learning disabled. Includes psychoneurological issues. Students will be exposed to and write Individual Educational Programs (IEP).

660 Psychological Evaluation I. 3 hours. 
Prerequisite: Psy 560. 
Personality diagnosis using objective and projective techniques with emphasis on current research interpretation, and communication of assessment information.

661 Psychological Evaluation II. 3 hours. 
Prerequisite: Psy 660. 
A continuation of 660 with emphasis on personality measures and procedures for assessing psychological and neuro-psychological disorders.

662 Practicum in Psychological Practice. 
1 to 3 hours. 
Supervised practice in schools, clinics, specialized training centers and hospitals. Persons preparing for careers in school or clinical psychology will enroll in 662 for a minimum of two semesters.

670 Equal Employment Opportunity, the Law, and Ethical Considerations. 3 hours. 
Prerequisite: Psy 570. 
Issues relevant to providing equal employment opportunity: EEOC and FEA guidelines regarding selection practices; review of major court decisions and their implications for the conduct of selection; professional and ethical considerations in the practice of I/O psychology.

411G Psychology of Sensation and Perception. 3 hours. 
Prerequisites: Psy 201 and 210 permission of instructor. 
Basic data and theories of psycho-physics, illusions and other topics fundamental to the understanding of sensory and perceptual processes.

421G Psychology of Motivation and Emotion. 3 hours. 
Prerequisites: Psy 201, 210, or 410 or permission of instructor. 
Needs, desires and incentives as they influence behavior. Includes review and analysis of research on motivational processes in human and animal behavior and the development of motivation and emotions.

421G Psychology of Early Adolescence. 3 hours. 
Developmental theories, research, and literature relating to the early adolescent. A course for students planning to meet junior high school certification requirements.

422G Adolescent Psychology. 3 hours. 
Behavior and development from early adolescence to adulthood with emphasis on a critical review of research and literature in the field.

423G Psychology of Adult Life and Aging. 3 hours. 
Prerequisites: Psy 100. 
Early adulthood, mid-life, and old age. Both descriptive and theoretical, the emphases will be on contemporary psychological theories and literature, methodological issues, and the interaction of psychological, biological, social, and environmental factors in adulthood and aging.

430G Psychology of Women. 3 hours. 
Nature and development of sex differences, with emphasis on understanding feminine personality, socialization, and sexuality. Includes discussion of mental health issues that concern women.

432G Psychology of The Gifted and Creative. 3 hours. 
Prerequisite: Psy 100. 
Identification of gifted children and adults with emphasis on educational programs for the maximum development of giftedness.

440G Abnormal Psychology. 3 hours. 
Prerequisite: Six hours in psychology. 
Forms of abnormal behavior, etiology, developmental courses, interpretations, behavioral manifestation and treatment programs.

441G Psychological Aspects of Alcoholism. 3 hours. 
Prerequisites: Psy 440 and permission of instructor. 
Application of psychological theories and research to the treatment of alcoholism.

442G Beginning Skills In Psychological Interviewing. 3 hours. 
Prerequisites: Six hours in Psy and permission of instructor. Psy 440 or 450 recommended. 
Paraprofessional skills for conducting structured and unstructured interviews in non-therapy settings. Emphasizes skills development but also covers some theoretical material.

443G Behavior Theory and Application. 3 hours. 
Prerequisite: Psy 410, or enrollment in a special education sequence. 
Theory and application of techniques for modifying behavior in clinics, hospitals, child rearing and education.

450G Introduction to Personality Theory. 3 hours. 
Prerequisite: Nine hours of psychology or permission. 
Major theoretical approaches to the study of personality. Includes historical as well as contemporary theorists and avenues of analysis and concepts in the field of personality.

460G Methods and Research in Social Psychology. 3 hours. 
Research methods of social psychology and examination of major research areas. 
Primarily for psychology majors and minors.

480G Physiological Psychology. 3 hours. 
Prerequisites: Psy 201, 210, and three hours in biology or permission. 
Physiological mechanisms which underlie behavior. Specific areas of emphasis include current research on neurological, biochemical and sensory mechanisms which influence behavior.

490G Special Topics in Psychology. 3 hours. 
Faculty directed research and/or readings in psychology.

495G History and Systems of Psychology. 3 hours. 
Prerequisite: Nine hours in psychology. 
Historical antecedents of contemporary psychology. Both the sequence of psychological theory evolution and personality of prominent theorists are emphasized.

499G Senior Seminar in Psychology. 3 hours. 
Major concepts and issues in psychology. Directed reading, guest lectures, field trips, and/or oral reports by students are utilized.
Master of Arts in Education (Elementary Education major)

Since this program leads to the standard elementary certificate, applicants must hold a provisional teaching certificate valid at the elementary school level. (Coursework taken to endorse the secondary school certificate for teaching at the elementary level will not apply to the master's degree).

The student's program may be planned to include an emphasis in reading, early childhood education, elementary librarian, or exceptional child education (mental retardation, learning disabilities, emotionally disturbed, and speech and communication disorders).

Completion of the program outlined below, which meets the requirements of Kentucky law and the general regulations of the State Board of Education, qualifies the elementary teacher for the Master of Arts in Education degree and the standard certificate.

A. Educational Foundations (6 hours)
   Ed Fnd 500 Research Methods
   El Ed 503 Org of Elem Curr

B. Professional Education (12 hours) in one of the following areas of emphasis:

1. General Elementary Education
   3 hours in advanced reading instruction plus
   3-9 hours selected from El Ed 505, 506, 507, and
   445G. Any remaining hours may be chosen,
   with advisor approval, from Ed Fnd 548, 576, 598, and
   Cns Ed 550.

2. Emphasis in Early Childhood Education
   3 hours in advanced reading plus Ear Ed 508,
   509, and 412G. (Erl Ed 493—Student Teaching,
   Kindergarten, must also be taken, although grad­
   uate credit is not received.)

3. Emphasis in Reading
   Rdg Ed 519, 520, 521, and 522

4. Exceptional Child Education (see requirements,
   as outlined elsewhere)

5. Emphasis in Gifted and Talented Education GTE
   536, 537, 538, Psy 432G

C. Minor Area (12 hours)
   1. Subject matter (non-education) courses, select­
      ed with advisor approval, from one, two or three
      areas (courses from a maximum of three areas
      may be used in the minor).

   2. Elementary Librarian emphasis (Available to general
      elementary students).

Master of Arts in Education (Secondary Education major or minor)

This program leads to the standard high school certificate. Applicants must declare both a major and a minor (one or the other must be in secondary education). The following majors are permitted:

Agriculture, art, biology, business education and office administration, chemistry, communication, English, English and allied language arts area, French, geography, German, health, history, home economics, industrial education, math, math-science area, music, physical education, psychology, reading, science area, secondary education, social science area, and Spanish.

This program permits minors in the following areas:

Agriculture, art, biology, business education and office administration, chemistry, communication, drama/theatre, English, folk studies, French, geography, German, health, history, home economics, industrial education, mathematics, music, physical education, physics, psychology, science area, secondary education, sociology, and Spanish.

General Requirements:

A. Required professional courses (9 hours)
   Ed Fnd 500—Research Methods
   Sec Ed 580—Curriculum

   One course from the following:
   Sec Ed 528 through 542—Seminar
   Sed Ed 543—Interactive Teaching Skills
   Sec Ed 544—Classroom Teaching Skills
   Ed Fnd 576—Social Foundations of Education
   Ed Fnd 577—Philosophy of Education
   Psy 510—Advanced Educational Psychology
   Psy 511—Learning

B. Elective professional courses can be selected from the following (3 to 9 hours):
   Any courses listed under A above
   Sec Ed 444G—Reading Jr/Sr High School
   Sec Ed 455G—Junior High School
   Sec Ed 445G—Audio Visual
   Sec Ed 570W—Workshop
   Sec Ed 571—Junior High Curriculum
   Reading Ed 519—Foundations of Reading
   Sch Adm 555—Fundamentals of School Adm
   Sch Adm 598—Supervision of Student Teachers
   Cns Ed 560—Introduction to Guidance
   Cns Ed 554—Group Guidance

C. Area of academic specialization (at least 12 hours): student must meet the requirements for the declared, academic major/minor, as outlined by the administering department.
Gifted and Talented Education Requirements GTE 536, 537, 538, Psy 432G

Reading Major Requirements

A. Professional Education, as above (9 hours)
B. Rdg Ed 519, 520, 21, and 522 (12 hours)
C. Non-professional education coursework, individually prescribed (12 hours)

Master of Arts in Education (Exceptional Child Education—Trainable Mentally Handicapped)

Since this program leads to the standard certificate for teachers of exceptional children—trainable mentally handicapped, applicants must hold a provisional certificate for teaching exceptional children who are trainable mentally handicapped and must be endorsed for elementary classroom teaching in grades one through eight. Requirements are as follows:

A. Professional Education Core Ed Fnd 500, El Ed 503 or Sec Ed 580, and Exc Ed 531
B. Specialization Courses Exc Ed 530, 532, 534, 535, and 518
C. Electives—Nine hours of coursework, approved by the advisor, from one or more of the following areas: communication and theatre, health and safety, home economics, industrial education, library science, physical education, psychology, recreation, sociology

Master of Arts in Education (Exceptional Child Education—Learning and Behavior Disorders)

Since this program leads to the standard certificate for teachers of exceptional children—learning and behavior disorders, applicants must hold a provisional certificate for teaching exceptional children with learning and behavior disorders and must be endorsed for elementary classroom teaching in grades one through eight. Requirements are as follows:

A. Professional Education Core Ed Fnd 500, El Ed 503 or Sec Ed 580, and Exc Ed 531
B. Specialization Courses Exc Ed 518, 530, 532, 533, and 534
C. Electives—Nine hours of coursework, approved by the advisor, from one or more of the following areas: communication and theatre, health and safety, home economics and family living, industrial education, library science, physical education, psychology, recreation, sociology

Master of Science (Communication Disorders)

This program is designed to prepare professional speech pathologists to meet the needs of the communicatively handicapped in hospitals, clinics, nursing facilities, and residential schools. It is also designed to meet the academic and clinical requirements of the American Speech Language and Hearing Association, leading to national certification and state licensure. Admission to the program requires an undergraduate grade point average of B for the final 60 semester hours or a minimum combined score (verbal and quantitative) of 800 on the General Test of the GRE. Students without an undergraduate background in communication disorders will complete a total of 42 hours in the area to meet the National Association's academic requirements. A strong academic background in psychology is desirable.

Thirty-three semester hours are required for both the thesis and non-thesis option. Specific course requirements are Exc Ed 504 and 509. Twenty-four hours must be selected, with advisor approval, from the departmental course listing. Additionally, the student must complete 150 clock hours of clinical experience at the graduate level.

The research tool requirement may be met by successful (grade A or B) completion of Ed Fnd 500 or as otherwise specified by the student's major advisor and approved by the graduate dean.

During the final semester of coursework, the candidate must pass the written comprehensive examination. Students are also encouraged to take the national certification examination during the final semester.

Master of Science (Library Science)

This program is designed for those who are interested in the field of school media librarianship.

In addition to meeting the general Graduate College admission requirements, the applicant should have a grade point average of at least 2.7 (4.0) for the final 60 semester hours of undergraduate work, a minimum combined score (verbal and quantitative) of 800 on the General Test of the Graduate Record Examination, and six hours of approved prerequisite work in library science from LME 288, 401, 406, 408, and 445 or their equivalents. The prerequisite courses may be taken concurrently with graduate coursework. Students with media library experience equivalent to these prerequisite courses may, with the approval of the department head, take a qualifying examination to have these courses waived. Applicants who have a grade point average of 3.0 and a score of 700 (verbal and quantitative combined) on the General Test of the GRE may be admitted. Students having less than the required grade point average may be considered for admission provided they have a combined (verbal and quantitative) General Test score of 700 above 800.

Both Plan A (thesis) and Plan B (non-thesis) are available. Up to six hours of the required 30-hour minimum may be selected from related fields such as literature, mass communications, history, or education. The research tool requirement shall be met by successful (grade A or B) completion of Ed Fnd 500-Research Methods—or its equivalent. Students may select either of the two program options but must complete 406G, 408G, and 502 within the program.

Specialist Degree in Education (Elementary Education, Secondary Education)

This post-master's degree provides opportunity for the advanced graduate student to improve the foundations and competencies for teaching. The program may also be structured to meet Rank 1 requirements under Kentucky's minimum foundation program of education. The following emphases or specializations are available to the elementary education major: reading, early childhood education, general curriculum and instruction. Available concentration areas for secondary education majors are science, social science, language arts, and vocational education.

In addition to meeting the admission requirements of the Graduate College, applicants must meet the following departmental requirements:
1. Three years (two years for secondary education majors) of teaching experience at the appropriate level. (For elementary education majors, up to two years of experience may be waived in favor of equivalent experience)

2. Four letters of recommendation: two from graduate faculty members and two from professional associates in administrative and/or supervisory roles.

The student's program is individually planned to include educational foundations and professional education coursework, cognate area coursework and the specialist project. The student's graduate committee will assist in the development of the program, supervise the research project, and administer the final comprehensive examination.

Graduate Courses in Teacher Education

Early Childhood Education (Ear Ch Ed)

508 Child Development and Child Study for Elementary Teachers. 3 hours. Prerequisites: Ed 301 or permission of instructor. Educational implications of major theories of child development. Includes an intensive study of a child or children and interpretation of the collected data in terms of educational techniques and practices.

509 Curriculum Trends in Early Childhood Education. 3 hours. Current national and international issues and problems in preschool and early elementary education with emphasis on program planning for curriculum improvement.

The following 400-level Ear Ch Ed courses may be taken for graduate credit

410G Early Childhood Development, Education and Guidance. 3 hours. Physical, emotional, social, and intellectual development and guidance of infants and children through the five years of age. Supervised observations of preschool children.

411G History and Organization of Preschool Programs. 3 hours. Kindergarten and nursery school development; contributions of early leaders; recent leaders and current programs; physical plant equipment, financing, standards, and teacher-parent relationships.

412G Materials and Methods in Preschools. 3 hours. Organization of educational programs for kindergartens and nursery schools; planning and use of materials; individual and group needs. Lecture and lab.

Elementary Education (El Ed)

503 Organization of the Elementary School Curriculum. 3 hours. Principles and practices in elementary school curriculum construction. Emphasis on forces affecting curriculum, current innovations, and trends.

505 Advanced Materials and Methods in Modern Mathematics for Elementary Teachers. 3 hours. Kindergarten through grade eight. Involves the conceptual, the computational and application aspects of mathematics with emphasis on the structural aspects of mathematics and on the "why" of arithmetic computation.

506 Seminar in Elementary School Science. 3 hours. Advanced methods and materials for teaching science in the elementary school.

507 Advanced Materials and Methods in Social Studies. 3 hours. Concepts and objectives, classroom organization for instruction, current strategies in teaching content, and materials available.

543 Interactive Teaching Skills. 3 hours. Opportunity for elementary and secondary teachers to develop interactive teaching skills by selecting and completing two of four minicourses developed by Far West Laboratory for Educational Research and Development.

544 Classroom Teaching Strategies. 3 hours. Opportunity for elementary and secondary teachers to extend their teaching strategies by completing two of five minicourses developed by the Far West Laboratory for Educational Research and Development.

545 Investigations in Classroom Teaching. 1 to 3 hours. Opportunity for elementary teachers to engage in the concentrated study of specific problems and/or the development of specific skills related to effective classroom instruction.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

603 Advanced Seminar Elementary Curriculum. 3 hours. Strategies and models to assist the elementary classroom teacher in assuming an active role in total elementary school curriculum development.

604 Management of the Learning Environment I. 3 hours. The first of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

605 Management of the Learning Environment II. 3 hours. The second of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

699 Specialist Project. 6 hours.

699c Maintaining Matriculation. 1 to 6 hours.

The following 400-level El Ed courses may be taken for graduate credit

420G Reading in the Primary Grades. 3 hours. Prerequisite: Ed 220. Principles and methodologies currently in use at the primary (K-3) school levels.

421G Reading in the Intermediate Grades. 3 hours. Prerequisite: Ed 220. Principles and methodologies currently in use at the intermediate (4-6) school levels.

445G Introduction to Educational Technology. 3 hours. Instruction and laboratory experiences in the basic theory and application of educational technology to the design, production, evaluation, and utilization of various media. Cross-listed with LME 445G.

Exceptional Child Education (Ex Ch Ed)

502 Motor Speech Disorders. 3 hours. The etiologies, communication characteristics, appraisal and treatment of motor speech disorders.

503 Advanced Diagnostic Procedures in Speech Pathology. 3 hours. Prerequisites: Exc Ed 481 or 481G and 485 or 485G. Expansion of diagnostic theory and procedures utilized in clinical settings by the certified speech pathologist.

504 Seminar in Language Disorders of Childhood. 3 hours. Prerequisite: Exc Ed 481 or 481G and 483 or 483G or permission of instructor. Language development disorders of children. Characteristics of normal as well as of delayed and disrupted language patterns and their differential diagnosis.

505 Communication Disorders of Cleft Palate and Cerebral Palsy. 3 hours. Prerequisite: Exc Ed 481 or 481G. Etiology, diagnosis, and management of speech and language dysfunctions associated with cleft palate and cerebral palsy.

506 Dysfluency. 3 hours. Prerequisite: Exc Ed 481 or 481G. Research review in the field of dysfluency, including cluttering and stuttering. Emphasis on etiology and clinical management of all fluency disorders.

507 Dysphasia. 3 hours. Prerequisite: Exc Ed 481 or 481G. Dysphasia—including symptomatology, etiology, differential diagnosis, and training, with primary emphasis on adult problems.

508 Voice Disorders. 3 hours.
Prerequisites: Exc Ed 481 or 481G and 484 or 484G.
Diagnosis and remediation techniques of voice disorders in childhood and adulthood. Rehabilitation of the laryngectomized client, with emphasis on the development of esophageal speech or the use of the electro-larynx as a substitute voice.

509 Speech Science. 3 hours.
Contemporary research in the area of speech science.

510 Seminar in Speech Pathology. 3 hours.
Current issues that influence the profession of speech pathology: local, regional, and national issues that affect the speech pathologist's role as a service provider.

511 Neurology of Speech and Language. 3 hours.
Neuromanatomy and neurophysiology as it applies to normal reflex, motor and perceptual speech, and language behavior. Emphasis given to test procedures for evaluation.

512 Seminar in Phonology. 3 hours.
Application of phonology theory and development to the treatment of speech/language disabled persons.

516 The Exceptional Child: Perspectives and Issues. 3 hours.
Characteristics, needs, and problems of children who are typical in the mental, physical, sensory, emotional, and social areas of development.

518 Seminar: Problems in Special Education. 3 hours.
Prerequisite: Exc Ed 516.
Issues in special education. Classroom experiences to develop awareness of and sensitivity to educational needs.

530 Advanced Assessment Techniques. 3 hours.
Alternatives to global assessment of various exceptional conditions in educational planning for exceptional children. Emphasizes use and construction of criterion measures and critical analysis of test components.

531 Advanced Prescriptive Teaching. 3 hours.
Adapting the learning environment to the learner. The affective, cognitive, and psychomotor aspects of a specialized learning environment.

532 Intervention Strategies with Parents. 3 hours.
Interpreting programs for handicapping conditions to maximize family involvement. Emphasizes the attitudes, skills, and knowledge taught in the educational program.

533 Seminar: Curriculum for Learning and Behavior Disorders. 3 hours.
Development, adaptation, and evaluation of curricula, methods, materials, and resources. Implementing and evaluating instructional programs.

534 Seminar: Research in Exceptional Child Education. 3 hours.
Non-categorical and discrete areas of exceptionalities. Emphasis on an independent research project.

535 Advanced Curriculum for the Moderately Retarded. 3 hours.
Curriculum programs for the moderately retarded. Focuses on a continuum of services philosophy for the handicapped.

580 Diagnostic Procedures in Speech Disorders. 1 hour.
Identification of speech disorders and treatment available.

589 Special Topics in Communication Disorders. 1-3 hours.
Independent investigation of special topics.

590 Clinical Practicum in Speech Pathology. 1 hour.
Advanced, supervised, clinical practicum. Clinical experience with the more acute communication disorders. Must be repeated for a total of three (3) hours.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level Ex Ch Ed courses may be taken for graduate credit

431G Language Intervention With Handicapped Children. 3 hours.
Prerequisites: Exc Ed 330, 331, 333, 430, and 432.
Overview of language development, with emphasis on the educational remediation of language disorders of the handicapped. Utilization of methods and materials that foster language development.

460G Special Problems. 1 to 3 hours.
Investigation of special problem from an area of individual interest.

481G Introduction to Speech Pathology. 3 hours.
The development of speech and language; cause and treatment of the simpler deviations from normal speech and language; identification of and remedial suggestions for the more common speech problems.

482G Audiology. 3 hours.
The anatomy of hearing, causes of loss of hearing, and introduction to the methods of testing, analysis, and rehabilitation of people of all ages with hearing loss.

483G Articulation Disorders. 3 hours.
The etiology, evaluation, and management of articulatory disorders in children and adults.

484G Speech Anatomy and Physiology. 3 hours.
Structures and functions which comprise the speech mechanism and its relation to the production and development of speech and language.

485G Introduction to Diagnostic Procedures in Communication Disorders. 3 hours.
Theory and utilization of the most common screening and diagnostic techniques in speech pathology. Evaluation procedures for all communicative dysfunctions.

486G Language Disorders. 3 hours.
Identification, diagnosis, evaluation, and treatment techniques to be used with language disorders—specifically, aphasia and delayed language problems.

487G Aural Rehabilitation. 3 hours.
Principles and procedures of communication and amplification systems for the hearing impaired.

488G The Stuttering Child. 3 hours.
The etiology and diagnosis of and treatment programs for stuttering in children.

489G Geriatric Communication Disorders. 3 hours.
Prerequisites: Biol 131, HL 443, or permission of instructor.
Causes, symptoms, and treatment of speech, language, and hearing disorders in the aged population.

490G Clinical Practicum in Speech. 3 hours.
Supervised clinical experience, including individual and group therapy.

Gifted and Talented Education (GTE)

536 Nature and Needs of Gifted, Creative and Talented Students. 3 hours.
Terminology, theories, issues, and general approaches in educating gifted, creative, and talented young people.

537 Curriculum, Strategies, and Materials for Gifted Students. 3 hours.
The curriculum and the learning environment in meeting the unique and advanced needs of gifted students. Strategies particularly suitable for the gifted.

538 Practicum for Teachers of Gifted Students. 3 hours.
Prerequisites: GTE 536, 537, and Psy 432G.
Supervised experiences to integrate the knowledge and skills needed to plan, implement, and evaluate effective learning experiences for gifted, creative, and talented students.

Library Media Education (LME)

502 The Library in Society. 3 hours.
Types of libraries and their history, laws, standards, and inter-cooperation. Librarianship as a career, professionalism and the freedom to read.

509 Investigations in Library Science. 3 hours.
Prerequisite: 18 hours of LME, Ed Fnd 500 or the equivalent, and permission of graduate advisor.
Independent investigation under the direction of a faculty member.

515 Government Publications. 3 hours.
Prerequisite: LME 408 or equivalent.
Sources and types of government documents, both state and federal; their acquisition and organization for use.

518 Advanced Children's Literature. 3 hours.
Materials available to meet the needs of children including outstanding authors, illustrators, topical issues, and the reviewing of children's books.

519 Special Topics. 3 hours.
Special topics in the field of media services. May be repeated once with a different topic.

531 Media Facilities. 3 hours.
Basic considerations in the design of media facilities: equipment, illumination, electrical circuitry, flexible space, electronic learning labs, preparation of specifications, etc.

545 Production and Instructional Media. 3 hours.
Instruction and laboratory experience in advanced production of graphics, photographic, and audio media products with emphasis on media. Requires production of instruction medium for course project.
547 Instructional Technology. 3 hours.
Basic principles of instructional prototype development with application of currently accepted instructional software and associated hardware.

590 Field Experiences. 3 hours.
Guided experience and reading on the design, organization, and administration of media programs; activity log, field visits, projects, and evaluation conferences.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level LME courses may be taken for graduate credit:

401G Library Organization and Administration. 3 hours.
Organization and administration of media for access and use; circulation and other library records, maintenance of the media collection, and service to patrons. Field trips may be required.

405G Recreational Reading, Listening, and Viewing. 3 hours.
Emphasizes popular reading and viewing interests of adults in such areas as recreation, inspiration, self-improvement, and information. Field trips may be required.

408G Classification and Cataloging. 3 hours.
Classification, descriptive cataloging, main entries, added entries, shelf list, and filing. Laboratory sessions.

407G Literature For Young People. 3 hours.
Selection and evaluation of materials, reading guidance, and programming for young people—adolescence through young adult.

408G Reference and Bibliography. 3 hours.
Study of bibliographies, indexes, dictionaries, encyclopedias, yearbooks, almanacs, directories, atlases, gazetteers, and handbooks.

409G Selected Topics in Library Science. 1 to 3 hours.
A systematic study under the direction of a faculty member.

410G Storytelling. 3 hours.
Storytelling in work with children, the literature, criteria in selection of materials; practice in oral communication.

411G Creative Experiences for Elementary Children. 3 hours.
Experiences in creative expression: creative play acting, puppetry, creative writing, shadow plays, creative use of audiovisual equipment and materials.

445G Introduction to Educational Technology. 3 hours.
Instruction and laboratory experiences in the basic theory and application of educational technology to the design, production, evaluation, and utilization of various media. Cross-listed with EI Ed 445G and Sec Ed 445G.

449G Microcomputer Applications in Education. 3 hours.
Uses of microcomputers in instruction and instructional management. Emphasis on evaluation and utilization of appropriate software and related hardware.

475W-G Workshop in Library Science.

519 Foundations of Reading Instruction. 3 hours.
Analysis of the reading process to emphasize the psychological and physiological foundations of the reading act.

520 Clinical Diagnosis of Reading Disabilities. 3 hours.
The nature and causes of reading disabilities and investigation of general and specific principles and approaches to diagnosis. Actual case studies using both group and individual tests in diagnosis.

521 Correction of Reading Difficulties (Practicum). 3 hours.
Instructional techniques for use with individuals or groups involved in remedial reading instruction; materials and procedures; clinical experiences with remedial students.

522 Investigations in Reading. 1, 2 or 3 hours.
Maximum total credit allowed 3 hours. Individual investigation of the research and descriptive literature in the field of reading.

523 Diagnostic Reading Procedures for Classroom Teachers. 3 hours.
Emphasizes practical methods of reading appraisal, diagnostic procedures, and materials essential for developing teaching strategies in reading instruction.

524 Teaching Reading Skills in the Content Areas. 3 hours.
Reading and study skills strategies and techniques to increase student achievement in content-area classes.

526 Advanced Diagnosis of Reading Problems. 3 hours.
Provides experience in advanced testing materials in diagnosing severely retarded readers.

527 Seminar in Reading Problems. 3 hours.
Covers research and descriptive literature related to specific reading problems.

528 Seminar in the Teaching of Secretarial Subjects. 3 hours.
Materials, methods, techniques, and devices for teaching typewriting, shorthand, and the related skilled subjects. Review and application of research findings to this area.

529 Seminar in the Teaching of Bookkeeping and Business. 3 hours.
Purposes, materials, methods, and techniques for teaching bookkeeping and basic business. Review and application of research findings to this area.

530 Seminar in English Education. 3 hours.
Prerequisite: Permission of instructor. Current methods and materials for junior and senior high school English courses, research and professional trends.

531 Seminar in Art Education. 3 hours.
Prerequisite: Permission of instructor. Curricular trends in art education; methods and materials for teaching and supervising art in the public schools.

532 Seminar in Foreign Language Education. 3 hours.
Prerequisite: Permission of instructor. Trends in foreign language education methods and materials for teaching a foreign language at the secondary and advanced levels of instruction.

533 Seminar in Industrial Arts Education. 3 hours.
Prerequisite: Permission of instructor. Includes historical development, exploration of curricular trends and innovations, methods and materials of teaching, and current research and problems related to teaching industrial arts.

534 Seminar in Mathematics Education. 3 hours.
Prerequisite: Permission of instructor. Covers newer concepts in curriculum and methods of instruction, current research and problems in mathematics education.

535 Seminar in Music Education. 3 hours.
Historical, philosophical and psychological foundations of music education; application of the principles of education to the music program. Emphasis on current trends in education thought and their implications for instruction, supervision, administration and evaluation in music education.

536 Seminar in the Teaching of Physical Education. 3 hours.
Traditional and recent techniques, methods and knowledge in the practical application of scientific principles to the teaching of physical education and the coaching of sports and games. Investigation of specific problems through lectures, discussion groups, demonstrations, and use of audiovisual aids.

537 Seminar in Science Education. 3 hours.
Prerequisite: Permission of instructor. Includes the history and comparative study of science teaching, curriculum and course content changes, materials available, evaluation, methods in science teaching, professional organizations, and research in science education.

538 Seminar in Social Studies Education. 3 hours.
Prerequisite: Permission of instructor. Covers newer concepts in curriculum and methods of instruction as well as current research in social studies education.

539 Seminar in Agriculture Education. 3 hours.
Current problems in the organization, teaching, supervision, administration and evaluation of agricultural education programs, investigation, papers, and reports.

540 Seminar in Home Economics Education. 3 hours.
Prerequisite: HE 572 or consent of instructor. Current trends in family life education with emphasis on individualized instruction, team teaching and audiovisual aids and their use in improved learning.

542 Seminar in Speech Education. 3 hours.
Includes historical development, exploration of curricular trends and innovations and current research and problems.

543 Interactive Teaching Skills. 3 hours.
Cross-listed with EI Ed.

544 Classroom Teaching Strategies. 3 hours.
Cross-listed with EI Ed.
Investigations in Classroom Teaching. 1 to 3 hours. Opportunity for secondary teachers to engage in the concentrated study of specific problems and/or the development of specific skills related to effective classroom instruction.

Junior High School Curriculum. 3 hours. Examination of programs designed for the young adolescent. Functions, organizations, planning and evaluation of the curriculum. Includes special curricular areas.

The Curriculum. 3 hours. Philosophy, principles and practices of curriculum improvement.

Thesis Research and Writing. 6 hours.

Maintaining Matriculation. 1 to 6 hours.

Management of the Learning Environment I. 3 hours. The first of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

Management of the Learning Environment II. 3 hours. The second of a two-course sequence designed to enable elementary teachers to utilize Mastery Learning strategies and related teaching skills to increase student achievement and improve student attitudes toward learning.

Specialist Project. 6 hours.

Maintaining Matriculation. 1 to 6 hours.

The following 400-level Sec Ed courses may be taken for graduate credit

Reading Instruction in Junior and Senior High Schools. 3 hours. Principles, psychology and methodologies for teaching both the general and specialized reading skills in the secondary grades.

Introduction to Educational Technology. 3 hours. Instruction and laboratory experiences in the basic theory and application of educational technology to the design, production, evaluation, and utilization of various media. Cross-listed with LME 445G.

The Junior High School. 3 hours. The junior high/middle school and its role in American education. Philosophy, functions, and total program of early adolescent education.

Materials and Methods in Library Science. 3 hours. Prerequisites: Ed 280, Psy 220. Laboratory experiences for the prospective librarian.

Methods and Materials Teaching English as a Second Language. 3 hours. Prerequisites: Eng 469/469G and one linguistics course. Develops skills, procedures, and strategies for teaching and utilizing commercial materials for the teaching of English as a second language. Cross-listed with Eng 470G.
COLLEGE OF SCIENCE, TECHNOLOGY, AND HEALTH

William G. Lloyd, Dean

DEPARTMENTS

Agriculture
Biology
Chemistry
Computer Science
Geography and Geology
Health and Safety
Industrial and Engineering Technology
Mathematics
Physics and Astronomy

DEGREES OFFERED

Master of Public Service (City and Regional Planning)

Master of Science (Agriculture, Biology, Chemistry, Computer Science, Geography, Health, Mathematics)

JOINT DOCTORAL (With University of Louisville)

Doctor of Philosophy (Aquatic Biology, Fossil Fuel Chemistry)

Majors and Minors Offered Under the Master of Arts in Education

Agriculture
Biology
Chemistry
Geography
Health
Industrial Technology
Mathematics
Mathematics-Science (major only)
Physics (minor only)
Science (major only)

Major Offered Under the Specialist in Education

Vocational Agriculture
DEPARTMENT OF AGRICULTURE

ENVIRONMENTAL SCIENCE AND TECHNOLOGY
BUILDING
ROOM 269 (502) 745-3151

Luther B. Hughes, Jr., Head

Graduate Faculty

Professors: E. Gray, L. Hughes Jr., R. Johnson,
G. Jones, J. McGuire, W. Normand, R. Schneider,
J. Worthington

Associate Professors: A Bedel, D. Coffey, J. Shirley

Assistant Professor: J. Martin

Degrees Offered: Master of Science in Agriculture, Master of Arts in Education (Agriculture major or minor), *Master of Public Service (Agriculture option), Specialist in Education (for secondary teachers in the area of vocational agriculture).

*MPS option temporarily suspended

Graduate Course in Agriculture

528 Population Genetics. 3 hours.
Prerequisites: Biol 327 and Ag 491 or equivalent.
Application of genetic and statistical concepts to populations of domestic animals and plants.

533 Physiology of Lactation. 3 hours.
Prerequisite: Ag 243, 330, or Biol 430 or permission of instructor.
Anatomy of the mammary gland, hormonal control of mammosogenesis, initiation and maintenance of milk secretion, factors affecting level and composition of milk, synthesis of milk. Lecture, 2 hours: lab, 2 hours.

545 Ruminant Nutrition. 3 hours.
Prerequisite: Ag 448, Biol 446, or equivalent, or permission of instructor.
Rumen development and function, products of fermentation, nutrient requirements, absorption and metabolism, symptoms of deficiency and toxicity.

546 Advanced Animal Breeding. 3 hours.
Prerequisites: Ag 446 and 428 or permission of instructor.
Application of population genetics to the economic improvement of farm animals, phenotypic and genetic relationships, role of selection in changing populations, formulation and application of breeding plans. Lecture, 2 hours: lab, 2 hours.

547 Advanced Animal Nutrition. 3 hours.
Prerequisite: Ag 448, Biol 446 or equivalent, or permission of instructor.
Individual nutrient requirements of monogastric animals, structure, metabolism, and function of each nutrient class, interrelation of nutrient classes, deficiency and toxicity symptoms.

551 Advanced Soil Fertility. 3 hours.
Prerequisite: Ag 351 or permission of instructor.
Evaluation of soil fertility and fertilizers; soil-plant relationships; composition and properties of soil in relation to ion intake, nutrition and growth of plants.

553 Curriculum Development and Determining Content in Vocational Agriculture. 3 hours.
Principles of curriculum development, a local survey, and development of a course of study.

554 Program Development in Vocational Agriculture. 3 hours.
Inservice course for new and returning vo-ag teachers. Covers planning, conducting, and following through instructional programs for secondary, post-secondary, and/or adult students.

559 Special Problems in Agriculture Education. 1 to 3 hours.
Prerequisite or corequisite: Student teaching.
Supervised individual study in vocational agriculture education. May be repeated to a maximum of 6 hours.

561 Agricultural Production Economics. 3 hours.
Production and cost functions, programming and decision-making principles and their application to agriculture.

568 Experimental Design and Data Analysis. 3 hours.
Prerequisite: Ag 491 or permission of instructor.
Statistical consideration in experimental design: covariance, multiple regression, factorial design, incomplete block designs, etc.

597 Special Problems in Agriculture. 1 to 3 hours.
Prerequisites: Permission of instructor.
Supervised individual study in agriculture. May be repeated to a maximum of 9 hours.

598 Seminar. 1 hour.
Problems and research in agriculture. Required of all graduate students. May be repeated to a maximum of 3 hours.

599 Thesis Research and Writing. 6 hours.

675 Advanced Topics in Agriculture. 1 to 3 hours.
Prerequisites: Permission of instructor.
Problems and scientific developments of current and scientific developments of current interest. May be repeated to a maximum of 10 hours with different topics.

The following 400-level courses may be taken for graduate credit.

401G Landscape Plants I. 3 hours.
Prerequisites: Ag 110, Biol 305, 306. Identification, recognition, and use of deciduous trees, shrubs and herbaceous plants in the landscape. Introduction to evergreen shrubs and trees, fall flowering bulbs, and perennials.

402G Landscape Plants II. 3 hours.
Prerequisite: Ag 401 or permission of instructor.
Identification, recognition, and use of landscape plants. Emphasis on evergreens, annuals, perennials, and bulbs. Winter effect and flowering sequence of deciduous trees and shrubs.
403G Landscape Design and Construction. 3 hours.  
Prerequisite: Ag 402.  
Design of residential and commercial landscapes. Techniques and materials for construction of landscape features such as decks, patios, pools, etc.

404G Landscape Maintenance. 3 hours.  
Prerequisite: Ag 110, 401, 402.  
Maintenance of landscape plants including shrubs, annuals, perennials, and turf; proper use of equipment, fertilizers, and pesticides; landscape business practices.

405G Nursery Management. 3 hours.  
Developing, planning, planting, and maintaining a modern plant nursery of container and field grown stocks of trees, shrubs, and ground covers.

406G Weed Science. 3 hours.  
Identification of prominent weed species; relationship of weeds to crop production problems; physical and chemical control measures. Lecture 2 hours, lab 2 hours.

410G Crop Protection. 3 hours.  
Prerequisite: Chem 107 or equivalent and two plant science courses. Control of insects, weeds, diseases, and animal pests which reduce the yields or values of Kentucky crops.

411G Turfgrass Management. 3 hours.  
Prerequisite: Ag 110.  
Adaptation, identification, uses and fundamental principles for establishing and maintaining quality turf.

412G Modern Fruit Production. 3 hours.  
Prerequisite: Ag 311 or 312 or permission of instructor. Selected problems in planting, management, production and varieties of deciduous fruits and nuts.

413G Plant Propagation. 3 hours.  
Prerequisite: Biol 305-6 or Ag 312 or permission of instructor. Fundamental principles and basic techniques of plant propagation.

414G Crop Improvement. 3 hours.  
Prerequisites: Six hours of plant science and graduate standing. Identification, development, and utilization of genetic differences in the improvement of cultivated plants.

415G Greenhouse Management. 3 hours.  
Prerequisite: 6 hours of plant science. Structures, equipment and general techniques and procedures for commercial production of ornamental and vegetable plants in the greenhouse.

416G Commercial Floriculture I. 3 hours.  
Prerequisite: Ag 415 or permission of instructor.  
Cultural requirements and propagation of plants commonly grown during the fall season in commercial greenhouses. Lecture, 2 hours; lab, 2 hours.

417G Commercial Floriculture II. 3 hours.  
Prerequisite: Ag 415 or permission of instructor.  
Cultural requirements and propagation of plants commonly grown during the spring season in commercial greenhouses. Lecture, 2 hours; lab, 2 hours.

419G Vegetable Production. 3 hours.  
Prerequisites: Ag 110 or Biol 148.  
Production and utilization of vegetable crops with emphasis on environmental factors influencing growth and handling of vegetables.

421G Forage Crops. 3 hours.  
Prerequisites: Ag 110, 350, and Biol 148.  
Distribution, improvement, establishment, production and storage of forage crops, soil-plant-animal complex as relates to the morphology, physiology and utilization of forage.

422G Field Crops. 3 hours.  
Prerequisites: Ag 110, 350, and Biol 148 or permission of instructor.  
Distribution, improvement, morphology, culture, harvesting, and utilization of field crops.

443G Physiology of Reproduction in Domestic Animals. 3 hours.  
Prerequisites: Ag 140 or permission of instructor.  
Physiology and endocrinology of reproductive systems; anatomical, physiological, and biochemical basis of reproduction; artificial breeding, synchronized estrus and related topics.

446G Animal Breeding. 3 hours.  
Prerequisites: Ag 140 and Biol 148.  
Application of genetic and statistical principles to breeding and improvement of farm animals; the role of selection in changing populations.

448G Principles of Animal Nutrition. 3 hours.  
Prerequisite: Ag 342.  
Principles of nutrition basic to animal feeding, legal and physiological aspects of nutrition, techniques in nutrition research.

449G Laboratory Methods and Techniques in Animal Nutrition. 3 hours.  
Prerequisite: Ag 448, Chem 222 or equivalent, or permission of instructor.  
Laboratory methods for determining major minerals and vitamins in feeds, proximate analysis of feeds, products of fermentation, feed residues and contamination. Lecture 1 hour, lab 4 hours.

450G Soil Chemistry. 3 hours.  
Prerequisites: Ag 350, Chem 222 or permission of instructor.  
Analytical techniques in soil chemistry and soil fertility studies and nutrient determination; colloidal systems; chemical properties related to plant nutrition.

451G Soil Management. 3 hours.  
Prerequisites: Ag 350, 351, 361 or permission of instructor.  
Evaluation of characteristics which determine the productive potential of soils and use of this knowledge and the prevailing climate to maximize production or net income.

452G Soil Microbiology. 3 hours.  
Prerequisites: Ag 350 and Biol 307, 308.  
Soil microbial populations and systems and their influence on plant nutrition. Soil organic matter; its decomposition and associated microorganisms; oxidation-reduction process; nitrogen fixation.

453G Soil Formation, Classification and Mapping. 3 hours.  
Prerequisite: Ag 360.  
Soil origin, methods of soil survey, classification schemes; profile description, mapping and interpretation information, with emphasis on Kentucky soils.

454G Land-Use and Conservation. 3 hours.  
Prerequisite: Ag 361 or permission of instructor.  
Economic utilization of land for agricultural, recreation and public purposes; interpretation and application of soil conservation; public and industrial use, practice in designing land-use maps.

460G Agricultural Policy. 3 hours.  
Prerequisite: Ag 360.  
The place of agriculture in the national economy; objectives of agricultural policy; appraisal and proposed agricultural programs; legislation for economics action.

461G Advanced Farm Management. 3 hours.  
Prerequisite: Ag 361 or permission of instructor.  
Identification, analysis, and solution of problems of farm organization and operation. Case studies and field trips to situation farms in South Central Kentucky. Lecture, 2 hours; lab, 2 hours.

463G Agricultural Finance. 3 hours.  
Prerequisite: Ag 361 or permission of instructor.  
Farm finance problems including capital requirements, investment decisions, budgeting techniques, etc. Lending agencies and alternative means of acquiring capital.

466G World Food Development. 3 hours.  
Prerequisite: Ag 361 or permission of instructor.  
Problems and opportunities in feeding an over-increasing population. Assessment of world food production, poverty, businesses and cultures; ways of increasing production.

470G Agricultural Materials Handling. 3 hours.  
Prerequisite: Ag 170 or permission of instructor.  
Basic principles, design options, and economic considerations for hay and grain handling systems and for silage and manure systems. Field trips as needed. (Fall)

470G Methods in Teaching Vocational Agriculture. 3 hours.  
Course organization, methods, farm programs, employment training, and Future Farmers of America activities.

471G Young Farmer and Adult Education in Agriculture. 4 hours.  
Organization and program planning for classes in post-high school vocational agriculture and technical programs for young and adult farmers.

475G Selected Topics in Agriculture. 1 to 3 hours.  
Prerequisite: Permission of instructor.  
Special topics on significant problems and scientific developments of current interest in agriculture. Lecture and assignments are variable with credit. May be repeated with change in content.

482G Development of Agricultural Resources for Rural Recreation. 3 hours.  
Developing facilities for recreational enterprises. Topics include enterprise selection, program planning, site selection, financing, and construction.

491G Data Analysis and Interpretation. 3 hours.  
Prerequisite: Math 160 or permission of instructor.  
Statistical models and use of samples, variation, statistical measures, distributions, tests of significance, regression, correlation and chi-square as related to interpretation and use of scientific data.
DEPARTMENT OF BIOLOGY

THOMPSON COMPLEX—NORTH WING
ROOM 201 (502) 745-3696

Jeff H. Jenkins, Head

Graduate Faculty

Associate Professors: B. Ferrell, S. Ford, D. Skean

Degrees Offered: Master of Science in Biology, Master of Arts in Education (Biology major or minor), Doctor of Philosophy (in cooperation with the University of Louisville) in Aquatic Biology.

Admission requires the equivalent of an undergraduate major in biology including two laboratory courses each in inorganic chemistry and physics and one course in organic chemistry. Exceptions are made in favor of superior students whose undergraduate degrees are in allied subject matter fields.

A cooperative graduate program leading to the Doctor of Philosophy with specialization in Aquatic Biology is administered by the departments of biology of Western Kentucky University and the University of Louisville. Interested students may obtain information about the program from Dr. R. Hoyt.

Master of Science in Biology

Both Plan A (thesis) and Plan B (non-thesis) are available. Students needing specialization within biology and desiring a related research experience should follow Plan A. The thesis is based upon original research conducted under the direction of a departmental graduate faculty member. The Plan B program is designed for students who desire additional training for biological or biologically-related professions. Candidates following Plan B are required to take Biology 516—Investigations in Biology (2 or 3 hours) as an introduction to research.

The research tool, under both plans, may be met by demonstrating (1) a reading knowledge of a foreign language or (2) competency in statistical methodology, computer programming, or electron microscopy.

Master of Arts in Education (Biology major or minor)

This program is designed for the preparation and strengthening of secondary school science teachers. The major requires 21 hours of coursework in biology, and the minor requires 12 to 15 hours in biology. In both cases, the remainder of the required 30 hours is taken in professional education.

Students who desire a breadth of coursework in the sciences may major in the Science Area of Concentration under the MA in Education program. Students following this option must have all biology courses approved by the appropriate advisor in the Department of Biology.

TECH AQUA BIOLOGICAL STATION

Western Kentucky University is a charter member of the Tech Aqua Development Consortium which operates a biological station on Center Hill Lake near Cookeville, Tennessee. A variety of field biology courses is offered during two five-week sessions each summer. Students interested in the Tech Aqua Program should contact Dr. H. Shadowen of the Department of Biology for additional information.

501 Biological Perspectives. 4 hours. Designed to acquaint graduate students with advances in the biological sciences and practical applications of biological principles. Lecture and lab. (Alternate summers)

515 Ecological Concepts. 4 hours. Essential dynamic features of plant and animal populations. Covers the theoretical and empirical aspects of single populations, or groups of interacting populations, and entire communities. Lecture and lab. (Alternate spring semesters)

516 Investigations in Biology. 1 to 3 hours. Prerequisite: Permission of research project director.

Research project completed under faculty supervision. Not applicable to MS Plan A. (Every semester and summer)

530 Animal Behavior. 4 hours. Comparative approach to the current understanding of physiological mechanisms involved at the organizational level in transducing environmental input into adaptive behavioral output. Lecture and lab. (Alternate spring semesters)

562 Advanced Topics in Biochemistry. 4 hours. Survey of metabolic processes relevant to biochemistry and the biological sciences. Topics include bioenergetics, nucleic acid metabolism, protein synthesis and metabolic regulation. Lecture and lab. (Alternate fall semesters)

589 Intership in Biology. 3 hours. Practical experience in a supervised work situation with a cooperative business, industry, or governmental agency. Emphasizing application of advanced knowledge and skills in specified areas of biology.

591 Aquatic Biology. 4 hours. Physical, chemical, and biological aspects of bodies of freshwater, with emphasis on water as a biological environment. Lecture and lab. (Alternate summers)

598 Graduate Seminar. 1 hour. Special topics in biology. (Every fall and spring)

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

600 Internship in College Instruction. 1 hour. Designed for prospective teachers of biology. Staff direction in preparing and giving lectures. Includes analyses of presentation and techniques. May be repeated.

675 Advanced Topics in Biology. 1 to 3 hours. Selected topics in Biology. (On Demand)

799 Doctoral Research. 1 to 6 hours.

799c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit.

400G Plant Physiology. 3 hours. Prerequisites: Biol 305, 306, and two semesters of chemistry. The functioning of plant systems, Lecture, 2 hours; lab, 2 hours. (Fall of odd-numbered years)

407G Virology. 3 hours. Prerequisites: Biol 148, 149, and microbiology course. Bacterial, animal, and plant viruses with special emphasis on the chemistry and replication of bacterial viruses. (Spring of odd-numbered years)

408G Invertebrate Zoology. 4 hours. Prerequisites: Biol 318, 319. Phyla of invertebrate animals, including their taxonomy, morphology, physiology, de-
411G Cell Biology. 3 hours. 
Prerequisites: Biol 148, 149 and Organic Chemistry. Morphological and chemical makeup of cells, physical and chemical properties of the cell and modern techniques for investigation of cellular functions. Lecture. (Every fall and spring)

412G Cell Biology. 1 hour. 
Precorequisite: 411 G. Laboratory correlated with Biol 411G. Two hours per week. (Every spring)

416G Systematic Botany. 4 hours. 
Prerequisite: Biol 348 or permission of instructor. Variation, phylogeny, classification and identification of flowering plants. (On demand fall of odd-numbered years)

418G Mycology. 4 hours. 
Prerequisites: Biol 305, 306. A comparative morphological and physiological study of fungi. Lecture 3 hours, lab 2 hours. (Fall of even-numbered years)

421G Radiation Biophysics. 4 hours. 
See Department of Physics and Astronomy.

446G Biochemistry. 3 hours. 
See Biochemistry.

447G Biochemistry Laboratory. 2 hours. 
See Biochemistry.

456G Ichthyology. 4 hours. 
Prerequisites: Biol 318, 319 and permission of instructor. Fishes of the world, their physiology, structure, behavior, and ecology. Emphasis on the collection and identification of freshwater species of Kentucky. Lecture, 2 hours; lab, 4 hours. (Fall of odd-numbered years)

458G Fishery Biology. 3 hours. 
Biological aspects of population of freshwater fishes. Emphasizes reproduction and development, food and feeding habits, population effects, etc. Lecture, 2 hours; lab, 2 hours. (On demand spring of odd-numbered years)

459G Mammalogy. 3 hours. 
Prerequisites: Biol 318, 319. Taxonomy, life history and ecology of the mammals. Laboratory work includes field studies and collection and study of specimens in the laboratory. Lecture, 2 hours; lab, 2 hours. (Fall of even-numbered years)

460G Parasitology. 4 hours. 
Prerequisites: Biol 318, 319. The morphology, physiology, life histories, control and economic significance of representative species. Lecture, 2 hours; lab, 4 hours. (Fall of even-numbered years)

462G Bioinorganic Chemistry. 3 hours. 
See Biochemistry.

464G Endocrinology. 3 hours. 
Prerequisites: Biol 148, and 318, 319. Biol 320 recommended. Structure and function of the endocrine glands and their role in physiological communication and regulation. (Fall of odd-numbered years)

465G Endocrinology. 1 hour. 
Corequisite: Biol 464G. Laboratory correlated with Biology 464G. Two hours per week. (On demand)

467G Biochemistry II. 3 hours. 
See Biochemistry.

470G Pathogenic Microbiology. 4 hours. 
Prerequisites: Biol 309, 310, and permission of instructor. Organisms causing disease with emphasis on bacteria. Includes pathogenic bacteria, viruses, rickettsiae, fungi and protozoa. Lecture, 2 hours; lab, 4 hours. (Every fall)

472G Food Microbiology. 4 hours. 
Prerequisites: Biol 307 and 308 and 309 and 310. Preservation, fermentation and spoilage of foods including a study of food and milk microbiology. Lecture, 2 hours; lab, 4 hours. (On demand spring of even-numbered years)

475G Selected Topics in Biology. 1 to 3 hours. 
Significant problems and developments of current interest in biology. (Every semester and summer)

477G Morphology of Non-Vascular Plants. 4 hours. 
Prerequisites: Biol 305 and 306. Structure, development and phylogenetic relationships of the algae, fungi and bryophytes. Lecture, 3 hours; lab, 2 hours. (On demand)

478G Morphology of Vascular Plants. 4 hours. 
Prerequisites: Biol 305 and 306. Structure, development and phylogenetic relationships of the primitive vascular plants, gymnosperms and angio-sperms. Lecture, 2 hours; lab, 4 hours. (Fall of even-numbered years)

485G Field Biology. 3 hours. 
Two-week camping field experience on a specific biological topic, preceded and followed by introductory and evaluative sessions. (Summer sessions only)

491G Data Analysis and Interpretation. 3 hours. 
See Department of Agriculture.

DEPARTMENT OF CHEMISTRY

THOMPSON COMPLEX—CENTRAL WING
ROOM 444 (502) 745-3547

Laurence J. Boucher, Head

Graduate Faculty

Associate Professors: J. Chamberlin, D. Hartman, R. Hessler, E. Pearson

Assistant Professor: T. Green

Degrees Offered: Master of Science in Chemistry. Master of Arts in Education (Chemistry major or minor), Doctor of Philosophy in Chemistry (in cooperation with the University of Louisville).

Master of Science in Chemistry

Candidates for admission to this program must submit evidence of satisfactory completion of undergraduate curricula in chemistry. Graduates of American colleges and universities are urged to submit, at the time of application, test scores from the Graduate Record Examination Subject Test and the Graduate Record Examination General Test. Students admitted without these scores should take the tests during their first semester on campus. Graduates of foreign colleges and universities are required to submit test scores from Graduate Record Exam (General Test), Graduate Record Exam (Subject Test), and the Test of English as a Foreign Language (TOEFL) as a part of their applications for admission to graduate studies in chemistry.

The program may be planned to emphasize one of five interdisciplinary areas: analytical, coal, inorganic, organic, physical, or biochemistry.

Course requirements (except for coal chemistry option) are as follows:

Chem 420G—Inorganic Chemistry
Graduate Courses in Chemistry

Chem 435G—Analytical Chemistry
Chem 540—Organic Reactions
Chem 550—Advanced Physical Chemistry
Chem 581—Spectroscopy
Chem 598—Seminar
Chem 599—Thesis Research and Writing

Three courses from the following:

Course requirements for coal chemistry option are as follows:

Chem 590—Coal Chemistry
Chem 540—Organic Reactions
Chem 435G—Analytical Chemistry
Chem 550—Advanced Physical Chemistry
Chem 420G—Inorganic Chemistry
Chem 591—Coal Chemistry Laboratory
Chem 581—Spectroscopy
Geol 475G—Coal Geology
Chem 598—Seminar
Chem 599—Thesis Writing and Research

Students accepted to the cooperative program will complete Chem 596 through off-campus research for one summer and one semester.

Candidates for the MS must maintain a grade point average of at least 3.0 in all chemistry courses, including research.

The thesis (required) is based on the results of an experimental laboratory investigation under the direction of a member of the graduate faculty within the Department of Chemistry.

The research tool may be met by demonstrating the ability to translate a modern foreign language (German, Russian, or French). If the candidate elects a research tool other than the language requirement, it must be approved by the research advisor, the head of the chemistry department, and the graduate dean.

A student who wishes to pursue an interdisciplinary program of study may obtain permission from the department head to take fewer than 33 hours in chemistry, provided the "outside" coursework is in an allied science and that all other departmental requirements are met.

Master of Arts in Education (Chemistry major or minor)

This program is designed especially for the preparation and strengthening of secondary school science teachers.

For a subject-matter major in chemistry, the MA in Education student must complete a minimum of 12 hours of coursework in chemistry. The remaining six hours of the 18-hour major may be taken in chemistry or in a related subject-matter area. The student pursuing a major in an allied subject-matter area may qualify for a minor in chemistry with the completion of a minimum of eight hours of coursework in chemistry. Students who have not previously completed a year of physical chemistry are strongly urged to take Chemistry 450 and 452; with prior approval these courses may be counted for credit toward the MA in Education degree.

Students desiring a breadth of coursework in the sciences may major in the Science Area of Concentration. The chemistry courses taken under this option must be approved by the advisor in the science area and by the advisor in secondary education.

Doctor of Philosophy

A cooperative graduate program leading to the Ph.D. with specialization in fossil fuel chemistry and spectroscopy is administered by the Departments of Chemistry of Western Kentucky University and the University of Louisville.
BIOCHEMISTRY

THOMPSON COMPLEX—CENTRAL WING
(502) 745-3457

Graduate Faculty

Professors: R. Farina, M. Houston, F. Toman

Associate Professor: D. Hartman

Biochemistry is the study of the most intricate of all chemical systems, living matter, and attempts to determine the chemical nature and chemical reactions in protoplasm—the basic material of living matter. Training in biochemistry provides many opportunities in teaching, research, and public service and provides excellent preparation for many other areas of basic and applied sciences.

Biochemistry courses are administered jointly by the Department of Biology and Chemistry. The student should enroll either in the Department of Biology or the Department of Chemistry, depending upon the major emphasis. Enrollment requires the completion of proper prerequisites in biology and chemistry.

For further information, contact Dr. Toman in the Department of Biology or Dr. Hartman in the Department of Chemistry.

Graduate Courses in Biochemistry

562 Intermediary Metabolism. 3 hours.
Prerequisite: Biochem 445. The metabolic pathways of carbohydrates, lipids, and proteins. Lecture. (Fall)

563 Enzymology. 3 hours.
Prerequisites: Biochem 446 and 447. Includes kinetics and mechanisms for reactions of biological significance. Lecture. (On demand)

564 Enzymology Laboratory. 1 hour.
Corequisite or prerequisite: Biochem 563. The techniques of enzyme isolation and purification coupled with kinetic studies. Three hours per week. (On demand)

580 Plant Biochemistry. 3 hours.
Prerequisite: Chem 314 or 340. The occurrence, properties, function, and metabolism of many organic compounds found in plants. Lecture. (Summer of odd-numbered years)

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit.

412G Introduction to Physical Chemistry. 4 hours.
Prerequisites: Chem 122-123 and Math 125. Chemical principles involved in thermodynamics, kinetics, equilibrium, etc. Specifically for secondary education majors and those students not qualifying for the Chemistry 350-352 sequence.

413G Introductory Physical Laboratory. 1 hour.
Prerequisites: Chem 230, Math 125. Corequisite: Chem 412.

420G Inorganic Chemistry. 3 hours.
Prerequisites or corequisites: Chem 352-353. Atomic and molecular structure, bonding theory, ionic substances, electron deficient compounds, acid-base theory and coordination chemistry.

433G Forensic Chemistry. 3 hours.
Methods and instrumentation used in the crime laboratory and in the medical technology laboratory. Topics include drugs, blood enzymes, organic and inorganic analysis, etc.

432G Modern Methods of Chemical Analysis. 3 hours.
Methods and instrumentation used in modern chemical analysis, with emphasis on application rather than theory. (Not applicable to the MS degree)

435G Analytical Chemistry. 4 hours.
Prerequisites: Chem 452-453. Modern instrumental methods of analysis including spectro photometric, electroanalytical and chromatographic techniques.

446G Biochemistry. 3 hours.
See Biochemistry.

447G Biochemistry Laboratory. 2 hours.
See Biochemistry.

450G Physical Chemistry I. 3 hours.
(Not applicable to MS degree)

451G Physical Chemistry Laboratory. 1 hour.

452G Physical Chemistry II. 3 hours.
(Not applicable to MS degree)

453G Physical Chemistry Laboratory. 1 hour.

462G Bioinorganic Chemistry. 3 hours.
See Biochemistry.

476G Advanced Laboratory Investigations in Chemistry. 2 hours.
Work in analytical, biological, inorganic, organic or physical chemistry. May be repeated with a different topic. (Not applicable to MS degree)
Graduate Courses in Computer Science

541 Mathematical Foundations of Computer Science. 3 hours. Topics of fundamental importance to computer science; graph theory, algebraic structures, combinatorial analysis.

543 Computer Information Systems Design. 3 hours. Prerequisite: CS 443. Systems organization, design, and implementation. Physical and logical file organization methods and access techniques. Alternatives in system design and implementation. Group projects include design and implementation of a data base system.

544 Compiler Theory and Design. 3 hours. Prerequisites: CS 442 and 444. Formal properties of programming languages and the techniques used to construct compilers for these languages. Topics include parsing techniques, symbol table construction, code generation, etc. Class will complete a programming project.

545 Advanced Operating Systems Principles. 3 hours. Prerequisite: CS 445. Theoretical and practical material on operating systems. Examines system optimization, resource protection, multiprocessing, performance evaluation, and existing operating systems. The student develops a small operating system.

547 Techniques of Mathematical Programming. 3 hours. Prerequisites: CS 241 and Math 327. Methods for optimization of functions of one or more variables including studies of algorithms for both constrained and unconstrained problems. Computing assignments will illustrate techniques such as Fibonacci search, Pattern search, the methods of Powell and Davidson, and SUMT.

595 Advanced Topics in Computer Science. 1 to 3 hours. Prerequisites: 9 hours of CS and permission of instructor. Significant problems and current developments in computer science. May be repeated with a different topic, for a maximum of 6 hours.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level CS courses may be taken for graduate credit.

405G Numerical Analysis I. 3 hours. Prerequisite: Math 327, CS 240, or equivalent. Cross-listed with Math 405G.

406G Numerical Analysis II. 3 hours. Prerequisites: CS 405 and Math 331. Cross-listed with Math 406G.

442G Information Structures. 3 hours. Prerequisite: CS 343 or 348. Arrays, lists, trees, storage and file structures, sorting and searching techniques.
DEPARTMENT OF GEOGRAPHY AND GEOLOGY

ENVIRONMENTAL SCIENCE AND TECHNOLOGY BUILDING
ROOM 305 (502) 745-4555

Wayne L. Hoffman, Head

Graduate Faculty

Associate Professor: C. Moore

Assistant Professors: K. Kuehn, M. Trapasso

Degrees Offered: Master of Science in Geography, Master of Arts in Education (Geography major or minor), Master of Public Service (City and Regional Planning option).

Plan A requires a minimum of 30 semester hours of graduate credit, including Geog 500, 502, 504, and 491G or 590. With approval from the advisory committee, a student may take a maximum of six hours outside the discipline. The thesis must be based upon original research directed by the advisor. Plan B requires 33 semester hours of graduate credit individually planned, with 18 hours in courses open only to graduate students.

The research tool, under both plans, must be met by demonstrating either (1) reading proficiency in a foreign language appropriate for the major area or (2) competency in the appropriate research techniques.

Individual student programs may be designed to emphasize mapping, remote sensing, hydrology and geomorphology, meteorology and climatology, conservation, cultural geography, and regional geography.

Master of Arts in Education (Geography major or minor)

Students following this program must meet all requirements for standard high school certification. The major requires a minimum of 18 hours (see advisor for course selection). The minor requires a minimum of 12 hours. The remaining hours (within the required 30) are taken in professional education.

Master of Public Service (City and Regional Planning option)

This interdisciplinary program consists of offerings from several departments and prepares individuals to serve in governmental positions requiring administrative training as well as knowledge of the particular areas they are to administer.

This option provides academic and practical training in city and regional planning and prepares students for employment with local, state, and federal agencies, as well as for positions within the private sector economy.

All candidates for the Master of Public Service degree (regardless of the option chosen) are required to complete

443G Data Base Management Systems. 3 hours. Prerequisites: CS 242, 343, and 442. Design and implementation of data base management systems. Assigned projects will require use of several established data based systems such as WKU's Transportation Data Base and library system.

444G Programming Languages. 3 hours. Prerequisites: CS 442 or permission of instructor. Survey of procedure-oriented and special-purpose languages. Emphasis on the syntactic and semantic structures present in these languages.

445G Operating Systems. 3 hours. Prerequisites: CS 340, 342, 442.

Overview of a comprehensive operating system with emphasis on procedure libraries, storage management and protection, task scheduling, linkage editing, etc.

446G Interactive Computer Graphics. 3 hours. Elementary topics in interactive computer graphics. Includes both input and display devices and techniques for 2-D and 3-D transformations, as well as difficulties encountered in these areas. Computing assignments will emphasize interaction, data structures, and applications to various disciplines.

447G System Simulation. 3 hours. Prerequisites: CS 241 and Math 329. Computer simulation of theoretical systems and real-time processes. Includes abstract properties of simulations; basic algorithms for lists, tree structures, and stochastic processes; general purpose simulation languages. Term project simulation program required.

448G Structured Systems Analysis. 3 hours. The structured computer systems development process with emphasis on data requirements, external data file design, and computer process flow.

475G Selected Topics in Computer Science. 1-3 hours. Significant problems and developments in computer science.

476G Research Methods and Projects in Computer Science. 3 hours. Analysis and design of computer based systems. Design techniques are applied in one or more large-scale programs requiring attention to documentation, communications, and interfacing of modules in a team project.
a minimum of 9 hours in the core—three semester hours from category A and six semester hours from category B as follows:

A. Organization Theory Courses—3 hours
   Govt 540 Seminar in Public Administration
   Psy 551 Social Psychology of Organizations
   Soc 562 Formal Organizations
   SW 440G Organizational Renewal and Development in the Human Services

B. Socio-Economic and Political Factor Courses—6 hours.
   *Geog 494G Planning: Theory and Application
   Govt 511 Seminar in State and Local Government

Graduate Courses in Geography

500 Introduction to Geographic Research. 3 hours.
   Development of geographic research skills with emphasis on posing of research; problems, documentation, organization, and presentation.

501 Geography, Science, Civilization. 3 hours.
   Topical seminar examining current issues and trends of the discipline and related fields, recent research, and the role of science in society, technology and culture.

502 Geographic Techniques for Field Investigations. 3 hours.

504 Historical and Philosophical Bases of Geography. 3 hours.
   The evolution of geography as a distinct discipline through study of the writings of outstanding scholars.

505 Biogeography. 3 hours.
   Prerequisites: Introductory courses in geology or biology, and permission of instructor.
   The evolutionary, geographical, ecological, pedological, and edaphic factors involved in the naturalization, aclimatization, and distribution of plant and animal life.

510 Selected Topics in Geography. 3 hours.
   Topics will vary according to student needs.

521 Advanced Studies in Geomorphology. 3 hours.
   Prerequisites: Geomorphology 420, or equivalent, and 3 hours in upper-level physical geography or geology.
   A review of topics in advanced geomorphology, field and laboratory procedures, and an introduction to research in landform analysis. Research in instructor-approved geomorphic topics.

522 Advanced Studies in Climatology. 3 hours.
   Prerequisites: Geog 422 and permission of instructor.
   The effects of climatic controls on microclimates and climatic anomalies. Detailed use of environmental characteristics, i.e., rainfall patterns, etc.

524 Meteorology for Science Teachers. 3 hours.
   Basic weather course with emphasis on new developments and applications.

525 Advanced Political Geography. 3 hours.

530 Selected Problems in Cultural Geography. 3 hours.
   Prerequisite: Geog 430 or permission of instructor.
   Seminar-field experience. Covers cultural origins and dispersals, environmental perception and behavior, and resulting consequence upon the geographic landscape.

532 Studies in Geographic Exploration. 3 hours.
   Eighteenth, 19th and 20th century scientific exploration of the "terrae incognitae" through examination of firsthand accounts.

534 Historic Preservation Planning: Application. 3 hours.
   Prerequisite: Geog 434G
   Field application of historic preservation method and techniques.

540 Advanced Regional Geography. 3 hours.
   Prerequisites: Two courses in regional geography and consent of instructor.
   The regional method as a basic approach to geographic research via one or more major regional units.

541 Seminar in Tropical Geography. 3 hours.
   Prerequisites: Geog 210, 422, 430 and permission of instructor.
   Specific problems of the man-environment relationships of the American, African, and Asian Tropics.

550 Advanced Studies in Economic Geography. 3 hours.
   Prerequisites: Geog 205, 218, 478, and permission of instructor.
   An examination of the major theories in economic geography.

560 Settlement Geography. 3 hours.
   Prerequisite: Geog 430 or consent of instructor.
   Sources and philosophies of settlement studies. Investigations of selected settlement patterns with emphasis on rural and rural non-farm settlement, farmstead, hamlet, village and town, and functionally related features, architectural style, and functional rationale.

571 Quality of Life, Environmental Problems and Ecological Solutions. 3 hours.
   Seminar approach to developing critical ecological sensitivity through analysis of past and present environmental problems, implemented and alternative solutions.

580 Problems in Urban Geography. 3 hours.

584 Advanced Planning. 3 hours.
   Prerequisite: Geog 484.
   Analysis of advanced topics and results of recent research in city and regional planning.

585 Advanced Studies in Population Geography. 3 hours.
   Prerequisites: Geog 465 and permission of instructor.
   Seminar approach to regional and world problems in human population.

590 Experimental Design and Data Analysis. 3 hours.
   Prerequisite: Geog 491 or permission of instructor (Cross-listed with Agriculture 531)
   Statistical consideration in experimental design: Covariance, multiple regression, factorial design, incomplete block designs, etc.

595 Planning Practicum. 3 to 6 hours.
   Prerequisites: Geog 484, 584, and permission of instructor.
   Supervised planning experience in a cooperating government or private agency.

599 Thesis Research and Writing. 6 hours.

The following 400-level Geography courses may be taken for graduate credit.

402G Physiography of North America. 3 hours.
   Prerequisites: Geog 106 and 108 or Geology 102 or 111 and 113.

404G Computer Mapping. 3 hours.
   Geographic information systems and computer mapping programs. Introduction to the graphic terminal, plotter, hard copy unit, and digitizers. While knowledge of computer programming is not required, a course such as CS 240 would be extremely helpful.

410G Cartography II. 3 hours.
   Prerequisite: Cartography I (315).
   History of cartography, map compilation, lettering and typography; cartographic design, map reproduction, use of color, map projections, scripting techniques.

415G Air Photo Interpretation. 3 hours.
   Characteristics of aerial photographs; use of air photos for analysis of the earth's physical and cultural features; air photo approach to urban and regional planning.
   (Spring)

416G Remote Sensing: Principles and Applications to Environment and Planning. 3 hours.
Remote sensing techniques and their application in the study of man's biophysical environment through the use of infrared, thermal infrared, radar and space photography.

420G Geomorphology. 4 hours
Prerequisites: Geog 100, Geol 102, 111, and 113
The origin, history and characteristics of land-forms produced by fluvial, glacial, wind and wave erosion and by mass-wasting and ground-water.

421G Advanced Geomorphology. 3 hours
Prerequisite: Geol 240
Landform development under processes associated with running water. Principal topics are: climate and geomorphic processes; weathering, the drainage basin as a geomorphic unit; channel form; hillslope characteristics; drainage pattern evolution, etc.

422G Transportation Planning. 3 hours
The problem of interaction, diffusion and information transfer as they appear in a spatial context.

424G Weather Analysis and Forecasting. 3 hours
Prerequisite: Geog 100, 105, 101
The elements of climate and their world distribution with emphasis on the climatic controls.

425G Political Geography. 3 hours
Prerequisite: Geog 101 or permission of instructor.
The political system as a spatial phenomenon. Examples from local, metropolitan-regional, national and international levels.

426G Applied Meteorology/Climatology. 3 hours
Prerequisite: Geog 121 and 422 or permission of instructor.
Practical insight into the influence of meteorology and climatology on man. Problems of the physical environment caused by what man has done or will do to the weather and climate patterns of the world.

427G Cultural Geography. 3 hours
Concepts of culture and the interaction between various cultures and their environments.

428G Historic Preservation Planning: Principles and Practices. 3 hours
Historic preservation methodology and practice as related to urban, small town, and rural neighborhoods. Includes historical preservation law and impact statements.

429G Geography of Kentucky. 3 hours
Regional study assessing the natural and human resources with special attention to current ecological, social, and economic problems.

430G Field Studies in Geography. 3 hours.

431G Geography of the Soviet Union. 3 hours
Prerequisite: Geog 101 or permission of instructor.
A regional analysis of Mexico, Central America and the West Indies.

432G Geography of South America. 3 hours
Prerequisite: Geog 101 or permission of instruction
Physical and cultural bases of South America's geographic patterns with emphasis on problems of resource development.

434G Geography of Europe. 3 hours
Prerequisite: Geog 101 or permission of instructor
Geographic survey, assessing the relationships of the physical and cultural patterns to actual and potential economic development.

436G Geography of Africa. 3 hours
Prerequisite: Geog 101 or permission of instructor
Regional patterns of world cultural production.

437G Geography of the Middle East. 3 hours
Various aspects of the sequent occupation of Southwestern Asia and surrounding regions mentioned in the Bible.

437G Geography of Cities. 3 hours
Prerequisite: Geog 101 or permission of instructor
The problem of interaction, diffusion and information transfer as they appear in a spatial context.

439G Industrial and Commercial Geography. 3 hours
Prerequisite: Geog 350 or permission of instructor
Manufacturing and commercial activities and facilities related to assembling of raw materials and distribution of products.

440G Planning: Theory and Application. 3 hours
Planning theory, practice, and organizational structure.

441G Population and Resources. 3 hours
Distribution of population and population characteristics as related to world resources and cultures. Problem regions are identified.

442G Rural Planning. 3 hours
Principles and practices of rural planning with emphasis on the relationships between planning and economic, social, and ecologic problems in the rural setting.

443G Data Analysis and Interpretation. 3 hours
Prerequisite: Math 100 or permission of instructor
Statistical models and use of samples; variation, statistical measures, distribution, tests of significance, analysis of variance, regression, correlation and chi-square as related to interpretation and use of scientific data.

The following graduate courses, specially designed for teachers of natural and earth science, are offered in Geology

511 The Dynamic Earth. 3 hours
Prerequisites: Geol 102 and 112, or one year of earth sciences teaching at secondary school level.
Topics include plate tectonics, the surface features of Earth, physical properties of Earth and its interior, geological processes and the geological time-scale, continental drift, paleomagnetism, etc.

The following 400-level Geology courses may be taken for graduate credit

405G Paleontology. 4 hours
Prerequisites: Geol 112, Geol 114, Biol 148-9, and Biol 156-7 or permission of instructor.
Nature of the fossil record, preservation, basic factors and theories relating to the origin and development of living systems and the processes of evolution, the species concept, systematics and paleoecology.

411G General Oceanography. 3 hours
Prerequisite: Geol 102 or 111 or permission of instructor.
Geological, chemical, physical and biological aspects of the marine environment. Topics include the topography, structure and history of the ocean basins and their margins; ocean waters and oceanic circulation; marine geochemistry; the ocean as a biogeochemical system, etc.

415G Environmental Geology. 3 hours
Prerequisite: Geol 111-113, Geog 100 or Geol 102 or permission of instructor.
Geologic factors as related to site selection, energy production, land use, waste disposal, planning, water resources, engineering practices, and the recognition and control of geologic hazards.

420G Geomorphology. 3 hours
Prerequisites: Geol 102 or 111 and 113
Origin, history and characteristics of landforms produced by fluvial, glacial, wind and wave erosion, and by mass-wasting and ground-water.

421G Advanced Geomorphology. 3 hours
Prerequisite: Geol 420G
Landform development under processes associated with running water. Principal topics are: climate and geomorphic processes; weathering, the drainage basin as a geomorphic unit; channel form; hillslope characteristics; drainage pattern evolution, etc.

430G Field Studies in Geography. 3 hours.

431G Geography of the Soviet Union. 3 hours
Prerequisite: Geog 101 or permission of instructor.
A regional analysis of Mexico, Central America and the West Indies.

432G Geography of South America. 3 hours
Prerequisite: Geog 101 or permission of instruction
Physical and cultural bases of South America's geographic patterns with emphasis on problems of resource development.

434G Geography of Europe. 3 hours
Prerequisite: Geog 101 or permission of instructor
Geographic survey, assessing the relationships of the physical and cultural patterns to actual and potential economic development.

436G Geography of Africa. 3 hours
Prerequisite: Geog 101 or permission of instructor
Regional patterns of world cultural production.

437G Geography of the Middle East. 3 hours
Various aspects of the sequent occupation of Southwestern Asia and surrounding regions mentioned in the Bible.

437G Geography of Cities. 3 hours
Prerequisite: Geog 101 or permission of instructor
The problem of interaction, diffusion and information transfer as they appear in a spatial context.

439G Industrial and Commercial Geography. 3 hours
Prerequisite: Geog 350 or permission of instructor
Manufacturing and commercial activities and facilities related to assembling of raw materials and distribution of products.

440G Planning: Theory and Application. 3 hours
Planning theory, practice, and organizational structure.

441G Population and Resources. 3 hours
Distribution of population and population characteristics as related to world resources and cultures. Problem regions are identified.

442G Rural Planning. 3 hours
Principles and practices of rural planning with emphasis on the relationships between planning and economic, social, and ecologic problems in the rural setting.

443G Data Analysis and Interpretation. 3 hours
Prerequisite: Math 100 or permission of instructor
Statistical models and use of samples; variation, statistical measures, distribution, tests of significance, analysis of variance, regression, correlation and chi-square as related to interpretation and use of scientific data.

The following graduate courses, specially designed for teachers of natural and earth science, are offered in Geology

511 The Dynamic Earth. 3 hours
Prerequisites: Geol 102 and 112, or one year of earth sciences teaching at secondary school level.
Topics include plate tectonics, the surface features of Earth, physical properties of Earth and its interior, geological processes and the geological time-scale, continental drift, paleomagnetism, etc.
DEPARTMENT OF HEALTH AND SAFETY

SCIENCE AND TECHNOLOGY HALL
ROOM 412 (502) 745-4797

J. David Dunn, Head
Graduate Faculty

Professors: D. Dunn, W. Hourigan, G. Lohr, J. Price
Associate Professors: H. Baughman, R. Baum, R. Biggerstaff, D. Carter, W. Higgins, N. Schira, R. Wilson
Assistant Professors: N. MacDowell, T. Nicholson, P. Tanner

*Program suspended

The program leading to the Master of Arts in Education with a major or minor in health is designed to prepare students for positions as (1) health educators in junior and senior high schools, (2) coordinators of school health programs, (3) administrators and supervisors of school health programs, and (4) health educators in community health agencies. The applicant must hold a valid teaching certificate and have a minimum of a minor in health. Applicants who hold a valid teaching certificate but have not completed a recognized minor in health may be conditionally admitted if they have completed a minimum of 12 semester hours of undergraduate coursework in health and/or related courses.

The program leading to the Master of Arts in Education is designed primarily for health educators and administrators. Review of health curriculum guides and research on the philosophy of health education. Laboratory work in construction of curriculum guides.

The program leading to the Master of Science in Health (Public Health) is designed to meet the needs of a wide range of professionals (e.g., public health educators, nurses, sanitarians, administrators, industrial health personnel, nutritionists, dental hygienists, and other allied health professionals) who desire graduate education in public health. The flexibility of the program allows for individual consideration of student needs, expectations, and career objectives. To pursue the Master of Science (Public Health), each applicant must submit at least a minor in health or adequate preparation in the sciences basic to health.

Master of Arts in Education (Health major or minor)

Students pursuing a major in health must complete 18 to 21 hours in health—including Health and Safety 520, 545, 567, and 570. Both Plan A (thesis) and Plan B (non-thesis) are available. For a minor in health students must complete 12 to 15 hours in health, including Health and Safety 545 and 567. The additional hours in health must be chosen in consultation with the graduate advisor. The remaining coursework will be taken in professional education.

Master of Science in Health (Public Health)

Students pursuing the Master of Science in Health must complete Health and Safety 481G, 520, 582, 583, and either 599 (Thesis) or 546 (Public Health internship). The additional 12 hours of coursework will be chosen in consultation with the candidate’s graduate committee and may be selected from the health and safety curriculum as well as related disciplines. The research tool requirement is met by satisfactory completion of Health and Safety 501.
The following 400-level courses may be taken for graduate credit.

443G Health Problems of the Aged. 3 hours. Prerequisite: HIS 260. Covers ecological factors affecting human health and longevity, current health problems, and research on health and disease as they relate to the aged.

444G Death Education. 3 hours. Man's relationship to death and dying, coming to terms with eventual death, coping with death of loved ones and with fear of death. Includes suicide prevention. Field trips required.

460G School and Community Health Workshop. 3 hours. Prerequisite: Permission of instructor. Emphasizes the coordination of school and community health programs and personnel in seeking solution for health problems.

461G School Health Organization. 3 hours. Prerequisite: HIS 261. Standards and criteria for the three phases of the school health program: health services, healthful school environment, and health instruction. Emphasizes coordination of the total school health program. Visitation in public schools.

462G Folk Medicine. 3 hours. Historical circumstances, associations, and logic of traditional non-scientific medical practices.

463G Consumer Health. 3 hours. Prerequisite: HIS 260. Benefits and/or hazards of and criteria for selection of health related products and services. Analysis of methods and techniques of health frauds. May include field trips.

465G Health and Safety in the Elementary School. 3 hours. Prerequisite: Three hours of health. Nature and purpose of school health and safety in the elementary school, including curriculum development, instructional content areas, appraising students' health, and evaluation.

466G Clinical Health Education. 3 hours. Multidisciplinary approaches for health educators in a clinical situation. Includes education of patient, health facility personnel and family. Also covers program development and discharge counseling. May include field trip.

469G Critical Issues in Health and Safety. 3 hours. Prerequisites: HIS 260 and HIS 361. Research and discussion of specific local, national and world wide health and safety problems.

470G Driver Education and Traffic Safety II. 3 hours. Prerequisite: HIS 260. Management of classroom and laboratory phases of the high school driver and traffic safety education program. Emphasizes simulation and range programs.

471G Advanced Studies in Driver Education. 3 hours. Prerequisite: HIS 260. Advanced instructional technology to meet the needs of the driver and safety education program. Emphasizes behavioral approaches to traffic safety education.

481G Environmental Factors of Health Problems. 3 hours. Prerequisites: HIS 260, 3 hours of Biol and 3 hours of Chem. The environment and its relationship to disease causation. Includes the ecology of health and disease, air and water pollution, insect vector and rodent control, noise pollution, population imbalance and consumer protection. Field trips required.

DEPARTMENT OF INDUSTRIAL AND ENGINEERING TECHNOLOGY

ENVIRONMENTAL SCIENCE AND TECHNOLOGY BUILDING
ROOM 205 (502) 745-3251

Boyce Tate, Head
Graduate Faculty

Professors: F. Conley, E. Hein, F. Pittman, D. Wendt
Associate Professors: R. Eversoll, H. Leeper, G. Roberts, J. Russell, T. Tomazic

Degrees Offered: Masters of Arts in Education (Industrial Education major or minor), Specialist in Education (for secondary teachers in the area of Industrial Arts).

Applicants must meet the general requirements of the Graduate College and of the College of Education.

Master of Arts in Education (Industrial Education major or minor)

This program is designed for the professional development of persons who are teaching in or administering industrial education programs and also serves as the basis for entering a specialist or doctoral program. Its flexibility meets the needs of students with varying backgrounds and goals.

Individuals following this program must meet all requirements for standard high school certification (see Secondary Education).

The major requires 18-21 hours and the minor requires 12-15 hours of industrial education courses. The remaining hours, in both cases, will be taken in professional education courses.

Specialist in Education (See Secondary Education)
Graduate Courses in Industrial Education

510 Investigations in Industrial Education. 3 hours. Individual research under the direction of a graduate faculty member.

520 Philosophy of Industrial Education. 3 hours. The development of industrial education in Europe and America. Emphasis on influences, experiments, and trends leading to modern practices in industrial, vocational, and technical education.

525 Industrial Education Curriculum. 3 hours. Curriculum practices, concepts, and trends in curriculum development and improvement of programs.

The following courses are for students pursuing specific areas.

530 Advanced Drafting. 3 hours.

532 Industrial Design. 3 hours.

542 Industrial Electricity and Electronics. 3 hours.

544 Wood Technology. 3 hours.

548 Graphic Arts. 3 hours.

552 Advanced Machine Shop. 3 hours.

556 Power and Auto Mechanics. 3 hours.

560 Metal Technology. 3 hours.

564 Problems in Crafts. 3 hours.

566 Ceramics and Plastics. 3 hours.

572 General Shop. 3 hours.

599 Thesis Research and Writing. 6 hours.

599c Maintaining Matriculation. 1 to 6 hours.

The following 400-level courses may be taken for graduate credit

410G Industrial Arts Problems. 3 hours. Prerequisite: Graduate standing. Individual study and/or research in industrial education.

439W Workshop in Industrial Education. 3 hours. Prerequisite: Graduate standing. Special short course on problems in industrial education and technology.

452G Industrial Wood Processing II. 3 hours. Prerequisite: MT 341. The setup and use of woodworking machines. Includes tooling, jig and fixture design, and the mass production of wood products. Field trips.

465G Industrial Arts for Elementary Teachers. 3 hours. Prerequisites: Graduate standing, Psychology, purposes, organization and correlation of industrial arts activities as they apply to the elementary school program.

495G Acoustic Guitar Construction. 4 hours. Prerequisites: MT 103 and 341 or equivalent. The Haile method of steel string and/or classic guitar construction. Students are required to construct an acoustic guitar and related jigs and fixtures. Lecture, lab, and field trips.

DEPARTMENT OF MATHEMATICS

THOMPSON COMPLEX, CENTRAL WING
ROOM 357 (502) 745-3651

Robert C. Bueker, Head

Graduate Faculty

Associate Professors: J. Brevit, B. Brunson, P. Lowman, G. Powers

Degrees Offered: Master of Science in Mathematics, Master of Arts in Education (Mathematics major or minor, Mathematics Area major).

Applicants for departmental programs must have the appropriate background in mathematics. In addition to the general Graduate College requirements, students must meet departmental requirements.

Master of Science in Mathematics

This program is designed to give the student a general but thorough understanding of the main areas of pure and applied mathematics. For acceptance into the program, the student is expected to have completed courses in linear algebra, abstract algebra, and either real analysis or advanced calculus.

A minimum of 30 semester hours is required, and must include at least 15 hours at the 500 level. Both the thesis and non-thesis options are available. Each student’s program is developed individually and must satisfy the following requirements:

A. Math 431G, 432G, 417G, 439G (unless equivalent courses were taken at the undergraduate level).

B. One indicated two-course sequence from each of three of the following areas:
   1. Algebra: 417G-517

C. A working knowledge of a higher level programming language such as BASIC or FORTRAN (unless obtained at the undergraduate level).

A student may, upon approval of the departmental graduate committee, include in his/her program a maximum of six semester hours of coursework from a related discipline (e.g. Physics 510-550).

The research tool requirement may be fulfilled with a foreign language, a mathematics reading course or computer science. For specific details, contact a graduate student advisor in the Department of Mathematics.

If the candidate elects the non-thesis option, satisfactory completion of a one-hour written examination over each of the three sequences chosen to satisfy item B above is required. The eligible candidate must have completed (or be scheduled to complete by the end of the current academic term) the last course in each of the sequences selected. If the candidate elects the thesis option, the final written examination is based on only two of the aforementioned areas. An oral thesis defense is required in lieu of the written examination in the third area.
**Master of Arts in Education (Mathematics major or minor)**

Since this program is designed for the secondary school mathematics teacher, students following it must satisfy all requirements for standard high school teaching certificate. Adequate preparation for a major in mathematics consists of an undergraduate teaching major in mathematics which includes, in addition to a calculus sequence, coursework in linear algebra and at least two of the following three areas: abstract algebra, geometry, analysis or advanced calculus. For a minor in mathematics, preparation should include at least an undergraduate teaching minor in mathematics with post-calculus coursework including linear algebra and one of the three areas.

Students majoring in mathematics must take 21 hours of mathematics including a course in each of the following areas: geometry, analysis, algebra. Upon approval of the graduate committee, 18 hours may satisfy the above requirement provided the student has previously completed Math 317, 323, and 327 (or the equivalent). A minor in mathematics must include at least 12 hours of mathematics. The remainder of the required 30 hours will be taken in professional education courses.

Neither a thesis nor a research tool is required; however, Education 500—Research Methods is required as one of the professional education courses. An oral final examination, based on the coursework and related concepts, is required.

### DEPARTMENT OF PHYSICS AND ASTRONOMY

**THOMPSON COMPLEX—CENTRAL WING**  
**ROOM 246 (502) 745-4357**

**George Vourvopoulos, Head**

**Graduate Faculty**

**Professors:** W. Buckman, T. Coohill, D. Humphrey, M. Russell, G. Vourvopoulos  
**Associate Professors:** D. Bryant, E. Dorman, K. Hackney, R. Hackney, R. Hall, S. Hamadani  
**Assistant Professor:** C. Wolff

**Degrees Offered:**  
- *Master of Science in Physics (predoctoral option and Engineering Physics option), Master of Arts in Education (Physics minor)*  
- *Master of Science in Physics temporarily suspended.*

**Master of Arts in Education**

The Department offers three program options leading to the Master of Arts in Education: a physics minor of 12-15 hours, a science area major of 18-21 hours, and a mathematics major of 18-21 hours. Each of these programs may include physics and astronomy courses which familiarize the teacher with modern instructional techniques and curricula and strengthen the academic background. In all cases, the remainder of the 30 hours will be taken in professional education. (See physics and astronomy courses specifically for students pursuing the Master of Arts in Education degree.)

**Theory of Wave Optics, Refraction, Interference and Diffraction**

- **510 Methods of Mathematical Physics I**  
  3 hours.  
  Prerequisite: Differential Equations. Selected topics from the mathematical methods of classical physics.

- **520 Atomic and Molecular Spectra**  
  3 hours.  
  Prerequisite: Phys 480.  
  The structure of atomic and molecular spectra including quantum mechanical energy states, wave mechanical rules for combining momenta and magnetic moments, the Stark and Zeeman effect.

- **530 Statistical Mechanics**  
  3 hours.  
  Prerequisites: Phys 450, 480.  
  Statistical theories of body systems and their thermodynamic consequences. Topics include the Boltzmann equation, Liouville's theorem phase space, ensemble theory, entropy and probability, etc.

- **540 Electromagnetic Theory**  
  3 hours.  
  Prerequisite: Phys 440.  
  Electrostatics, magnetostatics, and potential theory; Maxwell's electrodynamics; the theory of wave optics, refraction, interference and diffraction; radiation of electric and magnetic multipole fields.

- **550 Classical Mechanics**  
  3 hours.  
  Prerequisite: Phys 450.  
  Dynamics of particles and rigid bodies, the methods of Lagrange and Hamilton, the Hamilton-Jacobi equation, and the theory of small vibrations.

- **580 Quantum Theory**  
  3 hours.  
  Prerequisite: Phys 480.  
  Wave and matrix mechanics, general operator methods, angular momentum, symmetry principles and conservation theorems, variational principle and elementary perturbation theory.

- **598 Graduate Seminar**  
  1 hour.  
  Discussion of recent and current literature on developments in experimental and theoretical physics.

- **660 Theory of Solids**  
  3 hours.  
  Prerequisite: Phys 480.  
  Matter in the condensed state emphasizing quantum mechanical aspects, the behavior of electrons in solids and the thermal and magnetic properties of matter.

- **670 Theoretical Nuclear Physics**  
  3 hours.  
  Prerequisite: Phys 480.  
  Static properties of nuclei; descriptive aspects of radioactivity and nuclear reactions; systematics of nuclear energies, nuclear models, decay, reactions, and forces.

- **675 Advanced Topics in Physics**  
  1 to 3 hours.  
  Directed study under supervision of a faculty member. May be repeated with different topics.

**The following 400-level courses may be taken for graduate credit.**

- **404G Experimental Physics 4, Optics**  
  1 hour.  
  Corequisite: Phys 441G. The conclusions and concepts of optics and techniques of experimental optics.

- **406G Experimental Physics 5, Solid State**  
  1 hour.  
  Corequisite: Phys 460G. Includes solid state experimental techniques and demonstrations from lecture material.

- **407G Experimental Physics 6, Nuclear**  
  1 hour.  
  Prerequisite: Phys 302.
Experience with modern nuclear detection equipment, examination of some nuclear properties via experimental methods, and demonstration of nuclear radiation as an analytical research tool.

**409G Experimental Physics 7. Research Techniques.** 2 hours.
Prerequisites: Two years of college physics. Laboratory techniques in experimental research. Includes drawing and fabrication of apparatus, technical photography, and statistical treatment of data.

**414G Radiation Biophysics.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Introduction to radiation equipment, examination of some nuclear phenomena, and treatment of data. Includes radiation theory, solar phenomena, the fundamentals of radio astronomy, pulsars, quasars, and cosmic X-ray sources, etc.

**418G Introductory Astrophysics.** 4 hours.
Prerequisites: Two years of college physics and permission of the instructor. Topics in solar system and stellar astrophysics. Includes radiation theory, solar phenomena, the fundamentals of radio astronomy, pulsars, quasars, and cosmic X-ray sources, etc.

**420G Electricity.** 3 hours.
Prerequisites: Math 331 and Math 332. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**421G Optics.** 3 hours.
Prerequisites: Math 331. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**430G Solid State Physics.** 3 hours.
Prerequisites: Math 331. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**440G Electricity and Magnetism.** 3 hours.
Prerequisites: Math 331. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**450G Theoretical Mechanics.** 3 hours.
Prerequisites: Math 331. Classical electricity and magnetism with emphasis on fields, potentials, conductors, dielectrics, etc.

**455G Geophysics.** 3 hours.
Prerequisites: Geol 111 and one year of college physics. General and exploratory geophysics. Topics include the origin of the earth and the solar system, the earth's interior, gravity and isostasy, seismology, upper atmosphere, continents and ocean basins, etc.

**470G Solar Physics.** 3 hours.
Prerequisites: Phys 231. Nuclear physics. Properties of the various forms of radiation and their interactions with, and effects on, living matter. Laboratory offers training in monitoring ionizing radiations and in techniques of radioactive isotopes.

**475G Selected Topics in Physics.** 1 to 3 hours.
Directed study under the supervision of a faculty member. May be repeated with different topics.

**480G Quantum Mechanics.** 3 hours.
Prerequisites: Math 331, Math 332. Quantum mechanics including the hydrogen and helium atoms, the harmonic oscillator, and the Schroedinger wave equation.

**Courses which may be taken for graduate credit toward the Physics minor, Science Area major, and Math-Science major under the MA in Education**

**501 Classical Developments in Physics.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Textbooks and current ideas in atomic and nuclear physics, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

**502 Modern Developments in Physics.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Textbooks and current ideas in atomic and nuclear physics, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

**503 Physics Demonstrations and Laboratory Exercises.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Textbooks and current ideas in atomic and nuclear physics, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

**505 Investigations in Physics.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Textbooks and current ideas in atomic and nuclear physics, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

**510G Modern Concepts in Physics.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Textbooks and current ideas in atomic and nuclear physics, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

**515G Physics for Elementary Teachers.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Textbooks and current ideas in atomic and nuclear physics, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

**525G Modern Concepts in Physics.** 3 hours.
Prerequisites: Two years of college physics and permission of the instructor. Textbooks and current ideas in atomic and nuclear physics, elementary particles, probability and uncertainty, and special relativity. Emphasizes the impact of twentieth century discoveries on the foundations of physical law.

Western Kentucky University
Bowling Green, Kentucky 42101

(Signature)
(Date)

(Date received in Graduate College)
APPLICATION INSTRUCTIONS

NOTE: Credentials submitted for admission purposes become the property of the University. If the applicant does not enroll within one year, the admission file is destroyed unless the student contacts the Graduate College.

Degree-Seeking Students must have forwarded to the Graduate College one official transcript each from the undergraduate degree-granting institution (unless WKU) and from any institution (except WKU) where course work has been pursued. The applicant who has not yet completed the undergraduate degree should have forwarded one transcript now and one after the degree is completed. The Graduate Record Examination—Aptitude Section is required of all except M.B.A. applicants, who must take the Graduate Management Admission Test. If already taken, the scores should be forwarded to the Graduate College.

Non-degree Students (e.g., students applying for Rank I or Fifth-year programs) must submit transcripts as outlined above.

Transient Students (pursuing advanced degrees at other institutions) will be mailed Form H, which must be completed and returned to the Graduate College by an official of the degree-granting institution.

Unclassified Students (pursuing coursework only) must have forwarded to the Graduate College an official transcript indicating completion of the undergraduate degree (unless earned at WKU).

International Students must follow “Admission Requirements for International Students.” If you have not received the additional information (TOEFL, Financial Statement, etc.), contact the Graduate College.

STATEMENT OF COMPLIANCE

Western Kentucky University is committed to equal opportunity. It is an Equal Opportunity-Affirmative Action Employer and does not discriminate on the basis of age, race, color, religion, sex, national origin, or handicap in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or activity receiving federal financial assistance.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available at the University for consideration of complaints alleging such discrimination should be directed to the President's Office, Western Kentucky University, Bowling Green, Kentucky 42101. Inquiries about such alleged discrimination also may be made directly to the Director, Office of Civil Rights, United States Department of Health, Education, and Welfare, Washington, D.C. 20201.

Inquiries about employment discrimination may be directed to the Affirmative Action Officer, Western Kentucky University, Bowling Green, Kentucky 42101, or The Commission on Human Rights, Commonwealth of Kentucky, 828 Capital Plaza Tower, Frankfort, Kentucky 40601, or Equal Employment Opportunity Commission, 1800 G Street, N.W., Washington, D.C. 20506, or Office of Federal Contract Compliance, United States Department of Labor, Washington, D.C.
