Minutes

The minutes of the September 14, 1978 meeting were accepted as presented.

Presidential Selection

The Chair called upon Senator William Buckman, the Faculty Regent, to make remarks regarding the expansion of the Presidential Selection Committee to include minority representation. Senator Krenzin spoke against the expansion and the idea that the committee would benefit from minority representation. ASG President Steve Thornton, the Student Regent, was recognized and spoke in favor of the same issue. Mr. Thornton informed the Senate that if no minority person were elected in the ASG election for the selection committee he would urge Board Chairman J. David Cole to appoint two minority representatives. Senator Buckman stood for questions from the floor.

Reports of the Standing
Committees
Executive Committee

At the October 4, 1978 meeting of the Executive Committee, the Congress of Faculty Senates was discussed. Senator Tom Jones, who chaired the COFS meeting in Elizabethtown, Kentucky on September 30, 1978, reported that all those Senate leaders representing several of the Commonwealth universities were in favor of working for a state-wide faculty senate forum and voice. The group was most interested in issues such as faculty salaries, faculty representation on the CHE, and in information sharing.

The Executive Committee recommends, in accord with Sturgis, that any vacancy on a Senate standing committee be filled by a caucus of the College whose member resigned from any committee.

Senator Henrickson also encouraged Senators to attend the regular meetings of the Board of Regents. He also urged the Senate to vote in the on-going election of faculty for the Presidential Selection Committee.

Fiscal Affairs

Senator Pulsinelli (Robert) presented a preliminary report entitled "Expenses Within Academic Departments, 1976-77," dealing with the percentage of budget expenses for instruction versus administration.

Faculty Status and
Welfare

Senator Parks reported that the committee is meeting weekly to continue its work on the promotion and rank procedures and criteria. There was to have been a report on summer session stipends at the Commonwealth institutions, but Senator Parks discovered that the data was not as correct as he would like.

By-Laws, Amendments, and
Elections

Senator L. Pulsinelli urged Senators to vote in the Selection Committee election. She reported that in the first two elections there had been a sixty percent (60%) rate of participation by faculty.

Institutional Goals and
Planning

Senator Miller reported that her committee is working very hard and making much progress toward a report on enrollment patterns here and across the nation.

Ad Hoc Committee on
Communications

Senator Walls announced the forthcoming first issue of the Faculty Senate Newsletter.

Ad Hoc Committee on
Administrative Structure

Senator Lucas announced that he had checked his reported figures on total number of administrators at WKU against the official voting list of administrators for the Presidential Selection Committee and found them to be quite conservative. After much discussion of one or two ambiguities in the Lucas-Glaser reports Senator Strande made a motion to table the vote on acceptance until a new version of the pages in question could be presented to the body. The motion passed.

Ad Hoc ASG/Faculty Senate
Committee on Evaluations

Senator Henrickson presented a document drafted by the committee consisting of an introductory letter to the administration accompanied by a request for funding of the project. After considerable debate with regard to the substantive nature of the request, its feasibility in the view of the administration as well as several controversial paragraphs, Senator Butle made a motion to table action and instructed the committee to revise their plan in accordance with the debate on the senate floor. The motion passed.

Adjournment

The meeting adjourned at 5:00 p.m.
