

7/28/2014

Hello fellow WKU staff members! My name is Josh Marble and I'm running for Staff Council. I have worked for WKU since 2002 and am currently the manager of the Technology Resource Center. One of the biggest goals of our center has been to help ease the stress of faculty, staff and students who need our help. Now I'd like to reach out beyond the TRC and extend my experience and knowledge to help out a little bit more. If you think that I would be a good choice to represent you then I would appreciate your vote tomorrow on Topnet. Have a great day and don't forget to vote tomorrow!

Josh Marble
Sr. Information Technology Consultant
