College of Education and Behavioral Sciences
Department of Counseling and Student Affairs
Proposal to Revise Course Prerequisites/Corequisites
(Consent Item)

Contact Person: Bill Kline, bill.kline@wku.edu, 745-4953

1. Identification of course:
   1.1 Course prefix (subject area) and number: CNS 559
   1.2 Course title: Techniques of Counseling
   1.3 Credit hours: 3

2. Current prerequisites/corequisites/special requirements:
   Prerequisite: CNS 558 Counseling Theories

3. Proposed prerequisites/corequisites/special requirements:
   Prerequisite: Departmental permission.

4. Rationale for the revision of prerequisites/corequisites/special requirements:
   Current prerequisite is not essential and creates scheduling and program planning issues. The addition of departmental permission as a prerequisite ensures that departmental advising procedures have been followed.

5. Effect on completion of major/minor sequence:
   Not applicable

6. Proposed term for implementation:
   Spring 2013

7. Dates of prior committee approvals:
   Department of Counseling and Student Affairs: 4/11/12
   CEBS Curriculum Committee: 9/04/2012
   Professional Education Council: 9/12/2012
   Graduate Council:
   University Senate

Attachment: Course Inventory Form
Contact Person: Steven J. Haggbloom, e-mail: steven.haggbloom@wku.edu, phone: 5-4427

1. Identification of course:
   1.1 Course prefix (subject area) and number: PSY 405G
   1.2 Course title: Cognitive Psychology
   1.3 Credit hours: 3

2. Current prerequisites:
   PSY 100, and junior standing or permission of the instructor

3. Proposed prerequisites: A research methods course or permission of the instructor.

4. Rationale for the revision of prerequisites:
   A research methods course will provide students with knowledge and skills that should contribute to success in PSY 405G.

5. Effect on completion of major/minor sequence:
   PSY 405G is not a required course for any graduate program so this change will have no effect on degree completion.

6. Proposed term for implementation: Spring 2013

7. Dates of prior committee approvals:
   Department of Psychology: 12/14/2011
   CEBS Curriculum Committee: 09/4/2012
   Graduate Council: 
   University Senate:

Attachment: Course Inventory Form
Contact Person: Steven J. Haggbloom, steven.haggbloom@wku.edu, 54427

1. Identification of course:
   1.1 Course prefix (subject area) and number: PSY 513
   1.2 Course title: Advanced Statistical Analysis
   1.3 Credit hours: 3

2. Current prerequisites requirements: PSY 512 or permission of instructor.

3. Proposed prerequisites requirements: Graduate standing or permission of instructor.

4. Rationale for the revision of prerequisite requirements: Having PSY 512 as a prerequisite only served the purpose of maintaining course sequencing. The content of PSY 512 is not required for student success in PSY 513. Because of recent changes to the Psychology M.A. Program, students in the Clinical Psychology Concentration will take PSY 513, but PSY 512 is no longer required in that concentration. In the new Psychological Science Concentration, some students may complete PSY 513 before enrolling in PSY 512.

5. Effect on completion of major/minor sequence: This change has no effect on completion of the M.A. program other than to remove a prerequisite requirement for a course that students in the Clinical M.A. concentration are not required to take.

6. Proposed term for implementation: Spring 2013

7. Dates of prior committee approvals:
   
   Department of Psychology: April 13, 2012
   CEBS Curriculum Committee 9/4/2012
   Graduate Council
   University Senate

Planned Sixth-Year/Rank I: Standard Guidance, Ref. #048

The most current program information (e.g., admission requirements, required curriculum, etc.) may be found on the departmental website at: http://www.wku.edu/csa/programs/programs_0_ered.php.

For individuals with a master’s degree in school counseling, the Rank I leads to standard guidance certification. The Rank I is designed to provide additional preparation and competency for the school counselor. The combined master's and Rank I program requires a minimum of 60 hours and one year’s experience as a school counselor. Many individuals complete the course work prior to completing the experience requirements.

Planned Sixth-Year/Rank I and Standard Guidance Certification Program, Ref. #048

Current program information (e.g., admission requirements, required curriculum, etc.) is found on the departmental website at: http://www.wku.edu/csa/sc/rank1.php.

This program is designed for individuals with a master’s degree in school counseling who have a Kentucky School Counselor Certification. Program requirements are presented in three parts: courses for P-12 Certification, additional courses for Standard Guidance Certification, and additional courses for Rank I status. The P-12, Standard Guidance, and Planned 6th Year Rank I course work is designed to provide additional preparation and competency for school counseling.

P-12 Certification is a prerequisite for Standard Guidance and Rank I status. Individuals certified at the elementary (Grades K-8) or secondary (Grades 5-12) levels must first complete the 6 semester hours required to obtain P-12 Certification. The combined master's and Rank I programs for individuals with P-12 Guidance Certification require a minimum of 60 hours. Standard Guidance Certification is earned after one year of experience as a school counselor for those certified as teachers and two years of experience for those not previously certified as teachers. Many individuals complete the course work prior to completing the experience requirements.
Admission Requirements
Please refer to the university admission requirements for graduate individuals found in the Admission section of this catalog.

Program Requirements (for individuals who possess a provisional school counseling certificate)
The specific requirements for the Planned Sixth-Year/Rank I: Standard Guidance are as follows:
- Master’s in School Counseling 30-36 hours
- CNS 556 Developmental Career Counseling 3 hours
- CNS 666 Legal & Ethical issues in Counseling 3 hours
- CNS Electives 6 hours
- Advisor Approved Electives 12-18 hours Minimum Total Hours: 60 hours

Individuals who currently have Provisional Guidance Certification in either Elementary or Secondary Guidance may extend their certification to P-12 by taking two of the following courses:
- CNS 568 Counseling Children and Adolescents
- CNS 590 Practicum
- CNS 660 Administration of Counseling Services

Admissions Requirements
To be admitted to the P-12, Standard Guidance, and Rank I Programs, applicants must complete the Graduate Studies application process. Admission requires applicants to document completion of a master’s degree in school counseling and current certification as a school counselor in Kentucky.

Program Requirements
Specific requirements for P-12, Standard Guidance, and Rank I depend on the applicant’s master’s degree program and current certification. For the Rank I, the total number of graduate hours earned must be at least 60, including the master’s degree.

RANK I AND STANDARD GUIDANCE CERTIFICATION REQUIREMENTS FOR INDIVIDUALS WHO POSSESS CURRENT SCHOOL COUNSELING CERTIFICATION AT THE ELEMENTARY (GRADES K-8) OR SECONDARY (GRADES 5-12) LEVEL
State regulations require individuals who possess school counseling certification at the elementary (K-8) or secondary (5-12) level first to complete requirements (6 hours) for P-12 Certification. P-12 Certification is a prerequisite for Standard Guidance Certification and Rank I Status. To earn P-12 Certification, individuals must complete the following courses:
- CNS 568 Counseling Children and Adolescents 3 hours
- CNS 660 Administration of Counseling Services 3 hours

STANDARD GUIDANCE PROGRAM REQUIREMENTS FOR INDIVIDUALS HOLDING THE P-12 SCHOOL COUNSELING CERTIFICATE AND WHO HAVE COMPLETED A 30 OR 36-HOUR PROGRAM IN SCHOOL COUNSELING
The following courses (6 hours) are required to achieve Standard Guidance Certification:
- CNS 556 Developmental Career Counseling 3 hours
- CNS 666 Legal and Ethical Issues in Counseling 3 hours

STANDARD GUIDANCE PROGRAM REQUIREMENTS FOR INDIVIDUALS HOLDING THE P-12 SCHOOL COUNSELING CERTIFICATE AND WHO HAVE COMPLETED A 48-HOUR PROGRAM IN SCHOOL COUNSELING CONSISTENT WITH CACREP SCHOOL COUNSELING STANDARDS
The following courses (6 hours) are required to qualify for Standard Guidance Certification:
CNS 666 Legal and Ethical Issues in Counseling 3 hours AND
One of the following courses:
CNS 592 Crisis Counseling 3 hours
CNS 637 Theories of Addiction 3 hours
CNS 569 Play Therapy 3 hours

RANK I PROGRAM REQUIREMENTS FOR INDIVIDUALS WITH STANDARD GUIDANCE CERTIFICATION WHO HAVE COMPLETED A 30 OR 36-HOUR PROGRAM IN SCHOOL COUNSELING
Six courses (18 hours) are required to achieve eligibility for Rank I status for individuals who have completed requirements for Standard Guidance Certification and a 30 hour master’s degree program in School Counseling. Four courses (12 hours) are required to achieve eligibility for Rank I status for individuals who have completed requirements for Standard Guidance Certification and a 36 hour master’s degree program in School Counseling. These hours must be in addition to those completed in the student’s master’s degree program and those completed to qualify for Standard Guidance Certification. For the Rank I, the total number of graduate hours earned must be at least 60, including the master’s degree.
All individuals must take
CNS 658 Seminar Guidance/Counseling 3 hours – AND - Five of the following courses not previously completed for individuals who have completed a 30 hour master’s degree program in School Counseling.
–OR- Three of the following courses not previously completed for those who have completed a 36 hour master’s degree program in School Counseling:
CNS 592 Crisis Counseling 3 hours
CNS 637 Theories of Addiction 3 hours
CNS 569 Play Therapy 3 hours
CNS 584 Counseling Violent and Dysfunctional Families 3 hours
CNS 586 Parenting Issues 3 hours
CNS 562 Counseling Adolescents 3 hours
CNS 653 Brief Counseling 3 hours
CNS 580 Family Life Studies 3 hours
One CNS Elective selected with prior approval of advisor.

RANK I PROGRAM REQUIREMENTS FOR INDIVIDUALS WITH STANDARD GUIDANCE CERTIFICATION WHO HAVE COMPLETED A 48-HOUR PROGRAM IN SCHOOL COUNSELING CONSISTENT WITH CACREP SCHOOL COUNSELING STANDARDS
Two of the following courses (6 hours) are required to qualify for Rank I Status for individuals who have completed requirements for Standard Guidance
A certified teacher with a master's degree in a content area other than school counseling may obtain a Provisional Guidance Certificate P-12 by completing a second master's degree in School Counseling. Up to 12 hours of acceptable previous graduate work may be applied to this program. For certified teachers, completion of a second master's degree in school counseling provides eligibility for Rank I pay status.

Certification. These hours must be in addition to those completed in the student's master's degree program and to hours completed for Standard Guidance Certification. For the Rank I, the total number of graduate hours earned must be at least 60, including the master’s degree.

CNS 592 Crisis Counseling 3 hours
CNS 637 Theories of Addiction 3 hours
CNS 569 Play Therapy 3 hours
CNS 584 Counseling Violent and Dysfunctional Families 3 hours
CNS 586 Parenting Issues 3 hours
CNS 562 Counseling Adolescents 3 hours
CNS 653 Brief Counseling 3 hours
CNS 580 Family Life Studies 3 hours
One CNS Elective selected with prior approval of advisor.

A certified teacher with a master's degree in a content area other than school counseling may obtain a Provisional Guidance Certificate P-12 by completing a second master's degree in School Counseling. Up to 12 hours of acceptable previous graduate work may be applied to this program if completed within the previous 6 years. However, all courses counted in the program must meet current standards. Because some older courses may not meet current standards, it may be necessary to evaluate older courses to determine whether they may be counted in the student’s program.

4. Rationale for the proposed program change:
   - The previous information about admission requirements did not provide sufficient explanation of the admission requirements applicable to students in three different situations: those seeking only the Rank I, those seeking certification-only to move from Provisional to Standard P-12 Guidance, and those seeking to extend their elementary or secondary guidance certification to P-12. The proposed admission requirements will provide greater clarity.
   - Program requirements for Standard Guidance Certification and Rank I were specified to reflect curricular changes effective fall 2011 in the MAE School Counseling program #046 (48 semester hours) and address the curriculum of individuals completing the School Counseling Program prior to 2011. The programs prior to 2011 included variable curricular requirements and total semester hours (30 and 36 semester hours).
   - Proposed changes reflect courses necessary to meet state regulations for Standard Guidance Certification and Rank I status for individuals who have completed these variable programs of study. Revisions reflect state regulations for provisional certification to provide requirements for P-12 provisional certification.

5. Proposed term for implementation and special provisions (if applicable):
   Upon approval of the Professional Education Council

6. Dates of prior committee approvals:
   Department of Counseling and Student Affairs 7/20/2012
   CEBS Curriculum Committee 9/04/2012
Professional Education Council       9/12/2012
Graduate Council (for information)       
University Senate (for information)       

Proposal Date: 07/25/2012

College of Education and Behavioral Sciences

graduate degree in School Counseling and provisional P-12 guidance certification.

Certification Requirements
Students must complete CNS 556 Developmental Career Counseling (3 hours) and CNS 666 Legal and Ethical Issues in Counseling (3 hours). In addition, in order to receive Standard Guidance certification, applicants must document one year of experience as a school counselor. Students may complete the course work for Standard certification prior to completing the experience requirement.

Graduate Studies application process. Admission requires applicants to document completion of a master’s degree in school counseling and current guidance certification in Kentucky.

Certification Requirements
Specific requirements for P-12 and Standard Guidance depend on the applicant’s master’s degree program and current certification.

STANDARD GUIDANCE CERTIFICATION REQUIREMENTS FOR INDIVIDUALS WHO POSSESS CURRENT GUIDANCE CERTIFICATION AT THE ELEMENTARY (GRADES K-8) OR SECONDARY (GRADES 5-12) LEVEL
State regulations require individuals who possess guidance certification at the elementary (K-8) or secondary (5-12) level first to complete requirements (6 hours) for P-12 Certification. P-12 Certification is a prerequisite for Standard Guidance Certification. To earn P-12 Certification, individuals must complete the following courses:
CNS 568 Counseling Children and Adolescents (3 hours)
CNS 660 Administration of Counseling Services (3 hours)

STANDARD GUIDANCE PROGRAM REQUIREMENTS FOR INDIVIDUALS HOLDING THE P-12 GUIDANCE CERTIFICATE AND WHO HAVE COMPLETED A 30 OR 36-HOUR PROGRAM IN SCHOOL COUNSELING
The following courses (6 hours) are required to achieve Standard Guidance Certification:
CNS 556 Developmental Career Counseling (3 hours)
CNS 666 Legal and Ethical Issues in Counseling (3 hours)

STANDARD GUIDANCE PROGRAM REQUIREMENTS FOR INDIVIDUALS HOLDING THE P-12 GUIDANCE CERTIFICATE AND WHO HAVE COMPLETED A 48-HOUR PROGRAM IN SCHOOL COUNSELING CONSISTENT WITH CACREP SCHOOL COUNSELING STANDARDS
The following courses (6 hours) are required to qualify for Standard Guidance Certification:
CNS 666 Legal and Ethical Issues in Counseling (3 hours) - AND - One of the following courses:
CNS 592 Crisis Counseling (3 hours)
CNS 637 Theories of Addiction (3 hours)
CNS 569 Play Therapy (3 hours)
4. **Rationale for the proposed program change:**

- The previous information about admission requirements did not provide sufficient explanation of the admission requirements applicable to students in two different situations: those seeking certification-only to move from Provisional to Standard P-12 Guidance, and those seeking to extend their elementary or secondary guidance certification to P-12. The proposed admission requirements will provide greater clarity.

- Program requirements for Standard Guidance Certification were specified to reflect curricular changes effective Fall 2011 in the MAE School Counseling program #046 (48 semester hours) and address the curriculum of individuals completing the School Counseling Program prior to 2011. The programs prior to 2011 included variable curricular requirements and total semester hours (30 and 36 semester hours).

- Proposed changes reflect courses necessary to meet state regulations for Standard Guidance Certification for individuals who have completed variable programs of study. Revisions reflect state regulations for provisional certification to provide requirements for P-12 provisional certification.

5. **Proposed term for implementation and special provisions (if applicable):**

   Upon approval of the Professional Education Council

6. **Dates of prior committee approvals:**

   - Department of Counseling and Student Affairs  
     _7/25/2012_

   - CEBS Curriculum Committee  
     _9/04/2012_

   - Professional Education Council  
     _9/12/2012_

   - Graduate Council (for information)  

   - University Senate (for information)  

1. **Identification of course:**
   1.1 Current course prefix (subject area) and number: PSY 480G
   1.2 Course title: Physiological Psychology
   1.3 Credit hours: 3

2. **Revise course title: N/A**
   2.1 Current course title: Physiological Psychology
   2.2 Proposed course title: Behavioral Neuroscience
   2.3 Proposed abbreviated title: Behavioral Neuroscience
   2.4 Rationale for revision of course title: This change reflects contemporary nomenclature. The textbook used for this class was titled *Foundations of Physiological Psychology* until the latest edition which has the title *Foundations of Behavioral Neuroscience*. There was no substantive change in the content of the text other than to bring it more up to date.

3. **Revise course number: N/A**
   3.1 Current course number:
   3.2 Proposed course number:
   3.3 Rationale for revision of course number:

4. **Revise course prerequisites/corequisites/special requirements:**
   4.1 Current prerequisites: PSY 100, and junior standing or permission of the instructor.
   4.2 Proposed prerequisites: A research methods course or permission of the instructor.
   4.3 Rationale for revision of course prerequisites/corequisites/special requirements: A research methods course will provide students with knowledge and skills that should contribute to success in PSY 480G.
   4.4 Effect on completion of major/minor sequence: PSY 480G is not a required course for any graduate program so this change will have no effect on degree completion.

5. **Revise course catalog listing:**
   5.1 Current course catalog listing: Study of physiological mechanisms underlying behavior with an emphasis on current research on neurological, biochemical, and sensory mechanisms as they influence behavior.
   5.2 Proposed course catalog listing: An examination of the neurological bases of human and animal behavior emphasizing brain processes and structures underlying major psychological constructs such as sensation and perception, learning and memory, motivation and emotion, communication, reproductive behavior, and neurological and psychological disorders.
   5.3 Rationale for revision of course catalog listing: The revised course listing more clearly describes the content of the course.
6. **Revise course credit hours: N/A**

   6.1 Current course credit hours:
   6.2 Proposed course credit hours:
   6.3 Rationale for revision of course credit hours:

7. **Proposed term for implementation:** Spring 2013.

8. **Dates of prior committee approvals:**
   
   Department of Psychology: 12/14/2011
   CEBS Curriculum Committee 9/4/2012
   Graduate Council
   University Senate

**Attachment:**  Course Inventory Form
Proposal Date: October 1, 2012

College of Education and Behavioral Sciences
School of Teacher Education
Proposal to Revise a Program
(Proposal to Revise a Program)

Contact Person: Michael McDonald, michael.mcdonald@wku.edu, 5-3097; Martha Day, Martha.day@wku.edu; Janet Applin, janet.applin@wku.edu, 5-4014

1. Identification of program:
   1.1 Current program reference number: 103
   1.2 Current program title: Alternate Route to Teacher Certification/Master of Arts in Education: Secondary Education
   1.3 Credit hours: 30 hours

2. Identification of the proposed program changes:
   • Change the degree type from the Master of Arts in Education to the master of Arts in Teaching
   • Change the program title: Secondary Education for Initial Certification
   • Revise admission requirements
   • Revise curriculum

3. Detailed program description:

<table>

<tr>
<th>CURRENT PROGRAM</th>
<th>PROPOSED PROGRAM</th>
</tr>
</thead>
<tbody>
<tr>
<td>Master of Arts in Education</td>
<td>Master of Arts in Teaching: Secondary Education (grades P-12; 5-12; 8-12) for Initial Certification</td>
</tr>
<tr>
<td>Middle Grades (Middle Grades Math &amp; Science) or Secondary Education</td>
<td></td>
</tr>
</tbody>
</table>

The most current program information (e.g., admission requirements, required curriculum, etc.) may be found on the program website at http://edtech.wku.edu/~teachsvs/alternate_route/index.htm.

A recommendation for certification will be contingent upon successful completion of the Kentucky Teacher Internship Program (KTIP) and submission of qualifying scores on the Principles of Learning and Teaching. All requirements for certification must be completed within three years of the time of employment by a school district.

The MAT in Secondary Education for Initial Certification leads to initial teacher certification in Secondary Education (grades P-12, 5-12, and 8-12, depending on certification area) for qualified individuals with bachelor’s degrees and content majors (or equivalent for those who qualify for temporary provisional certification in approved areas). Course work and experiences in the program provide students who have a deep knowledge of their respective disciplines, but no background in professional education, with the pedagogical knowledge and skills to become highly qualified educators in their fields. Upon completion of the program, graduates will be professional educators who possess the dispositions and skills to apply state-of-the-art, evidence-based, best teaching practices to increase student achievement.

There are three concentrations in this program:
1. Alternate Route to Certification Concentration for Agriculture, Art, Biology, Chemistry, Business and Marketing Education, Earth and Space Science, English/Language Arts, Family and Consumer Sciences, French, German, Mathematics, Music, Physics, Social Studies, and Spanish.
2. Standard Concentration for Agriculture, Art, Biology, Chemistry, Business and Marketing Education, Earth and Space Science, English/Language Arts, Family and Consumer Sciences, French, German, Mathematics, Music, Physics, Social Studies, and Spanish.
Education, Earth and Space Science, English/Language Arts, Family and Consumer Sciences, French, German, Mathematics, Music, Physical Education, Physics, Social Studies, and Spanish

3. Residency Concentration for Science and Mathematics (Secondary 8-12) (e.g. GSKyTeach)

Note that Concentrations 1 and 2 appear identical; however, the differences between these concentrations are characterized by students with and without a temporary provisional teaching certificate and those who must meet the equivalent of the state required student teaching requirements along with the specific content area in which students are seeking certification.

Students in all three concentrations are expected to become competent in theory, research, and application of best teaching practices in their respective fields and to exhibit appropriate teacher disposition behaviors as indicated by the College of Education and Behavioral Sciences Teacher Disposition Rating Form. All professional education courses in the program require satisfactory completion of critical performance indicators (CPIs); these must be submitted as directed before the final course grade is recorded. Each course’s CPIs become a part of the student’s portfolio that is reviewed periodically throughout the program.

Students who seek admission to the Alternate Route to Teacher Certification must meet additional requirements in order to qualify for temporary provisional certification, and they must complete all requirements for certification within three years of the time of employment by a school district. A recommendation for professional certification will be contingent upon successful completion of the Kentucky Teacher Internship Program (KTIP) and submission of qualifying scores on all required examinations for the desired area of certification. Additional information about the Alternate Route to Teacher Certification concentrations may be found on the website for the Office of Teacher Services.

Upon successful completion of the MAT in Secondary Education for Initial Certification and satisfaction of all other certification requirements, students who do not participate in the Alternate Route to Certification concentrations but participate in the Standard Concentration will qualify for a Statement of Eligibility for Certification. The Internship course for these students must be a full semester or equivalent in length. Students in the residency (e.g. GSKyTeach) concentration must meet all expectations associated with that residency program.

ADMISSION REQUIREMENTS
MAE Secondary Education (Alternate Route to Teacher Certification)
1. Completion of content course work in the following: single subject for Secondary education mathematics and sciences or two of the following mathematics, science, language arts, or social studies. Completion of content course work for Secondary certification: art, biology, chemistry, history, music, English, French, German, Spanish, or physics.
2. Completion of a baccalaureate degree with an overall undergraduate GPA of 2.5 or higher;
3. Passing score on PRAXIS II exams on file before starting program;
4. Acceptable GAP score and GRE writing score on file in Graduate Studies before starting program;
5. Commitment of employment from a Kentucky school district before beginning program;
6. Meet the admission requirements identified by the respective content area;
7. Favorable recommendation based on interview by screening committee, which will include a faculty member from the identified content area.

GSKyTeach Program Admission Requirements:
Requirements to become a GSKyTeach Candidate include the following:
- A baccalaureate degree with a major in physics, chemistry, or mathematics with a 2.5 GPA in the major area of concentration.
- A minimum undergraduate GPA of 2.5.

ADMISSION REQUIREMENTS
Applicants must meet one of the following, depending upon chosen concentration:

Admission Requirements for the Standard Concentration and the Alternate Route to Certification Concentration:
To be considered for admission, applicants must:
- Document completion of a bachelor's degree with a major, or equivalent (ARTC only), in an approved subject area and from an accredited institution.
- Be recommended for admission following a transcript review by an MAT advisor associated with the certification area sought (If deficiencies are cited the applicant may be required to take additional undergraduate courses).
- Present a letter of application (including professional goals).
- Document a cumulative overall grade point average (GPA) of 2.75 or above (counting all course work, undergraduate and graduate) OR a GPA of 3.0 in the last 30 hours of course work (counting all course work, undergraduate and graduate).
- Submit the following documentation prior to acceptance in to graduate studies: references, physical (including TB test), a successful criminal background check, a signed code of ethics, qualifying Praxis II scores, and qualifying PPST or GRE scores.

Admission Requirements for the Residency Concentration for Science and Mathematics Educators:
- A baccalaureate degree with a major in physics, chemistry, or mathematics with a 2.5 GPA in the major area of concentration.
- A minimum undergraduate GPA of 2.75.
- Satisfaction of state minimum requirements for
- A GAP score of 2,200: This is based on the GRE score (verbal and quantitative) multiplied by the overall undergraduate GPA.
- A score of 3.5 on the Analytical Writing portion of the GRE.
- A successful background check.
- A passing score on Praxis test in major area (This score may be submitted within the first year of the teacher residency).
- A commitment to full attendance and participation in all GSkyTeach coursework and program-related activities.
- A willingness to teach three years in Jefferson County Schools after completion of the GSkyTeach residency year.

4. **Rationale for the proposed program change:**

- With the recent development of the Teacher Leader MAE programs for advanced certification, a program revision is needed for initial certification at the master’s level. A new degree type, the Master of Arts in Teaching, has been developed for initial certification programs at the master’s level, so the present initial certification concentrations and cohort programs should be moved to the MAT degree. This change will clarify the focus and mission of the MAE programs as being for advanced certification and the MAT programs as being for initial certification.
- The current graduate programs that lead to initial certification are being moved to the new MAT. These include the current Secondary Education (P-12; 5-12; 8-12), Alternative Routes to Teacher Certification/Master of Arts in Education and the Residency Program (GSkyTeach). Secondary Education (P-12; 5-12; 8-12) will be moved and the name of the program under the MAT will be Secondary Education for Initial Certification.
- A review of similar MAT programs of WKU benchmark universities found admission requirements similar to those proposed here. Further, the proposed admission requirements were created considering the needs of possible candidates for initial certification at the master’s degree level.
- The current Master of Arts in Education (MAE) furthers the knowledge and skills of currently certified teachers. The students in the Master of Arts in Teaching (MAT) will be seeking initial certification. Although they presumably possess the content knowledge of their certification areas, they lack the pedagogical knowledge and skills. The proposed curriculum is intended to address the specific needs of these students.

5. **Proposed term for implementation and special provisions (if applicable):**
Fall 2013

College of Education and Behavioral Sciences  
School of Teacher Education  
Proposal to Revise a Program  
(Action Item)

Contact Person: Michael McDonald, michael.mcdonald@wku.edu, 5-3097; Martha Day, Martha.day@wku.edu; Janet Applin, janet.applin@wku.edu, 5-4014.

1. Identification of program:
   1.1 Current program reference number: 139  
   1.2 Current program title: Alternate Route to Teacher Certification/Master of Arts in Education: Middle Grades Education  
   1.3 Credit hours: 30 hours

2. Identification of the proposed program changes:
   • Change the degree type from the Master of Arts in Education to the Master of Arts in Teaching  
   • Change the program title: Middle Grades Education for Initial Certification  
   • Revise admission requirements  
   • Revise curriculum

3. Detailed program description:

<table>
<thead>
<tr>
<th>CURRENT PROGRAM</th>
<th>PROPOSED PROGRAM</th>
</tr>
</thead>
</table>
| Master of Arts in Education  
Middle Grades (Middle Grades Math & Science) or Secondary Education | Master of Arts in Teaching: Middle Grades Education  
(5-9) for Initial Certification |

The most current program information (e.g., admission requirements, required curriculum, etc.) may be found on the program website at http://edtech.wku.edu/~teachsvs/alternate_route/index.htm.  

A recommendation for certification will be contingent upon successful completion of the Kentucky Teacher Internship Program (KTIP) and submission of qualifying scores on the Principles of Learning and Teaching. All requirements for certification must be completed within three years of the time of employment by a school district.

The MAT in Middle Grades Education for Initial Certification leads to initial teacher certification in Middle Grades Education (grades 5-9 depending on certification area) for qualified individuals with bachelor’s degrees and content majors or equivalent. Course work and experiences in the program provide students who have a deep knowledge of their respective disciplines, but no background in professional education, with the pedagogical knowledge and skills to become highly qualified educators in their fields. Upon completion of the program, graduates will be professional educators who possess the dispositions and skills to apply state-of-the-art, evidence-based, best teaching practices to increase student achievement.

There are three concentrations in this program:

3. Alternate Route to Certification Concentration for English/Language Arts, Social Studies, Mathematics and Science.

Standard Concentration for English/Language Arts, Social Studies, Mathematics and Science. 3. Residency Concentration for Science and Mathematics (e.g. GSKyTeach)

Note that Concentrations 1 and 2 appear identical; however, the differences between these concentrations are characterized by students with and without a temporary provisional teaching certificate and those who
must meet the equivalent of the state required student teaching requirements along with the specific content area in which students are seeking certification.

Students in all three concentrations are expected to become competent in theory, research, and application of best teaching practices in their respective fields and to exhibit appropriate teacher disposition behaviors as indicated by the College of Education and Behavioral Sciences Teacher Disposition Rating Form. All professional education courses in the program require satisfactory completion of critical performance indicators (CPIs); these must be submitted as directed before the final course grade is recorded. Each course’s CPIs become a part of the student’s portfolio that is reviewed periodically throughout the program.

Students who seek admission to the Alternate Route to Teacher Certification must meet additional requirements in order to qualify for temporary provisional certification, and they must complete all requirements for certification within three years of the time of employment by a school district. A recommendation for professional certification will be contingent upon successful completion of the Kentucky Teacher Internship Program (KTIP) and submission of qualifying scores on all required examinations for the desired area of certification. Additional information about the Alternate Route to Teacher Certification concentrations may be found on the website for the Office of Teacher Services.

Upon successful completion of the MAT in Middle Grades Education for Initial Certification and satisfaction of all other certification requirements, students who do not participate in the Alternate Route to Certification concentrations but participate in the Standard Concentration will qualify for a Statement of Eligibility for Certification. The Internship course, for these students must be a full semester or equivalent in length. Students in the residency (GSKyTeach) concentration must meet all expectations associated with that residency program.

### ADMISSION REQUIREMENTS

**MAE Middle Grades Education (Alternate Route to Teacher Certification)**
1. Completion of content course work in the following: single subject for Middle Grades education mathematics and sciences or two of the following mathematics, science, language arts, or social studies. Completion of content course work for Middle Grades certification: art, biology, chemistry, history, music, English, French, German, Spanish, or physics.
2. Completion of a baccalaureate degree with an overall undergraduate GPA of 2.5 or higher;
3. Passing score on PRAXIS II exams on file before starting program;
4. Acceptable GAP score and GRE writing score on file in Graduate Studies before starting program;
5. Commitment of employment from a Kentucky school district before beginning program;
6. Meet the admission requirements identified by the respective content area;
7. Favorable recommendation based on interview by screening committee, which will include a faculty member from the identified content area.

**GSKyTeach Program Admission Requirements:**
Requirements to become a GSKyTeach Candidate include the following:
- A baccalaureate degree with a major in physics, chemistry, or mathematics with a 2.5 GPA in the major area of concentration.
- A minimum undergraduate GPA of 2.5.
- A GAP score of 2,200: This is based on the GRE score (verbal and quantitative) multiplied by the overall undergraduate GPA.

### ADMISSION REQUIREMENTS

**Admission Requirements for the Standard Concentration and the Alternate Route to Certification Concentrations:**
To be considered for admission, applicants must:
- Document completion of a bachelor's degree with a major, or equivalent, in an approved certification area and from an accredited institution.
- Be recommended for admission following a transcript review by an MAT advisor associated with the certification area sought (If deficiencies are cited the applicant may be required to take additional undergraduate courses).
- Present a letter of application (including professional goals).
- Document a cumulative overall grade point average (GPA) of 2.75 or above (counting all course work, undergraduate and graduate) OR a GPA of 3.0 in the last 30 hours of course work (counting all course work, undergraduate and graduate).
- Submit the following documentation prior to acceptance in to graduate studies: references, physical (including TB test), a successful criminal background check, a signed code of ethics, qualifying Praxis II scores, and qualifying PPST or GRE scores.

**Admission Requirements for the Residency Concentration for Science and Mathematics Educators:**
- A baccalaureate degree with a major in physics, chemistry, or mathematics with a 2.5 GPA in the major area of concentration.
- A minimum undergraduate GPA of 2.75.
- Satisfaction of state minimum requirements for GRE or PPST qualifying scores for admission to
- A score of 3.5 on the Analytical Writing portion of the GRE.
- A successful background check.
- A passing score on Praxis test in major area (This score may be submitted within the first year of the teacher residency).
- A commitment to full attendance and participation in all GSKyTeach coursework and program-related activities.
- A willingness to teach three years in Jefferson County Schools after completion of the GSKyTeach residency year.

A successful criminal background check.
- A passing score on the PRAXIS II test in major area (This score must be submitted within the first semester of enrollment in the teacher residency program).
- Documentation to demonstrate that applicant meets all expectations for employment with the partnership school districts.

4. **Rationale for the proposed program change:**

- With the recent development of the Teacher Leader MAE programs for advanced certification, a program revision is needed for initial certification at the master’s level. A new degree type, the Master of Arts in Teaching, has been developed for initial certification programs at the master’s level, so the present initial certification concentrations and cohort programs should be moved to the MAT degree. This change will clarify the focus and mission of the MAE programs as being for advanced certification and the MAT programs as being for initial certification.
- The current graduate programs that lead to initial certification are being moved to the new MAT. These include the current Middle Grades Education (5-9), Alternative Routes to Teacher Certification/Master of Arts in Education and the Residency Program (GSKyTeach). Middle Grades Education (5-9) will be moved and the name of the program under the MAT will be Middle Grades Education for Initial Certification.
- A review of similar MAT programs of WKU benchmark universities found admission requirements similar to those proposed here. Further, the proposed admission requirements were created considering the needs of possible candidates for initial certification at the master’s degree level.
- The current Master of Arts in Education (MAE) furthers the knowledge and skills of currently certified teachers. The students in the Master of Arts in Teaching (MAT) will be seeking initial certification. Although they presumably possess the content knowledge of their certification areas, they lack the pedagogical knowledge and skills. The proposed curriculum is intended to address the specific needs of these students.

5. **Proposed term for implementation and special provisions (if applicable):**

Fall 2013

6. **Dates of prior committee approvals:**

- School of Teacher Education: 10-1-2012
- CEBS Curriculum Committee: 10-2-2012
- Professional Education Council (if applicable): 
- Graduate Council: 
- University Senate: 
- Board of Regents:

Proposal to Revise Course Prerequisites/Corequisites
(Consent Item)

Contact Person: Doggett Mark  e-mail: mark.doggett@wku.edu  Phone: 270-745-6951

1. Identification of course:
   1.4 Course prefix (subject area) and number: AMS 580
   1.5 Course title: Six Sigma Quality
   1.6 Credit hours: 3

2. Current prerequisites/corequisites/special requirements: None

3. Proposed prerequisites/corequisites/special requirements:
   Instructor approved statistics course and statistical process control (SPC) course.

4. Rationale for the revision of prerequisites/corequisites/special requirements:
   This course covers advanced quality concepts and statistical process control (SPC) in addition to the management and application of six sigma methodologies including the DMAIC process and data-driven decision making. Students need to have a fundamental understanding and knowledge of basic SPC and inferential statistics.

5. Effect on completion of major/minor sequence:
   This course is one of six courses that can be selected by students to satisfy a nine-credit hour requirement for the major. Impact on the major will be minimal.

   This course is one of the required courses for the Lean Six Sigma certificate. Students seeking the certificate can also take AMS 671, which will satisfy the SPC requirement and an additional course in the certificate, but will need to demonstrate proficiency in basic statistics.

6. Proposed term for implementation:
   Spring 2013

7. Dates of prior committee approvals:
   AMS Department  8/20/12
   OCSE Graduate Curriculum Committee  9/28/12
   Graduate Council  
   University Senate  

Proposal Date: 8/16/12
Identification of course:

1.7 Current course prefix (subject area) and number: GEOG 419G
1.8 Course title: GIS Applications Development
1.9 Credit hours: 3

Revise course title:

2.1 Current course title: GIS Applications Development
2.2 Proposed course title: GIS Programming
2.3 Proposed abbreviated title: GIS Programming
2.4 Rationale for revision of course title: The GIS industry has progressed from programming with structured computer languages (usually developing a typical applications system) to programming with both structured and advanced scripting languages (such as Python). The new title, GIS Programming, covers a broader spectrum than the current title, GIS Applications Development. This revised title provides flexibility to cover either structured programming or scripting in future course offerings, although the course emphasizes scripting in GIS.

Revise course prerequisites:

3.1 Current prerequisites: GEOG 317, and CS 230 or CS 170
3.2 Proposed prerequisites: GEOG 317 and CS 170
3.3 Rationale for revision of course prerequisites: The revised course, GIS Programming, will cover Python scripting in ArcGIS. To keep up with the changes in the GIS industry, prior skills in Python are required. CS 170 covers Python programming. CS 230 is dropped as a prerequisite as it covers Visual Basic.NET.
3.4 Effect on completion of major/minor sequence: None.

Proposed term for implementation: Fall 2013

Dates of prior committee approvals:

Geography and Geology Department: 8/31/2012

OCSE Graduate Curriculum Committee: 9/28/12

Graduate Council

University Senate

Proposal to Make Multiple Revisions to a Course  
(Action Item)  
Contact Person: Jun Yan  e-mail: jun.yan@wku.edu  Phone: -55982

1. Identification of course:  
   1.1 Current course prefix (subject area) and number: GEOS 520  
   1.2 Current course title: Geoscience Data Analysis  
   1.3 Credit hours: 4  

2. Revise course title:  
   2.5 Current course title: Geoscience Data Analysis  
   2.6 Proposed course title: Geoscience Statistical Methods  
   2.7 Proposed abbreviated title: Geoscience Statistical Methods  
   2.8 Rationale for revision of course title: The revised title more accurately reflects the focus of the course, with “statistical methods” a more encompassing term than simply data analysis.

5. Revise course prerequisites:  
   3.1 Current prerequisites: GEOG 491  
   3.2 Proposed prerequisites: GEOG 391  
   3.3 Rationale for revision of course prerequisites: The course number for the prerequisite was changed some years ago but has not been reflected in the current catalog description.

6. Proposed term for implementation: Fall 2013

7. Dates of prior committee approvals:  
   Geography and Geology Department  8/31/2012  
   Ogden Curriculum Committee  9/28/12  
   Graduate Council  
   University Senate

</thead>
<tbody>
<tr>
<td>Geographic Information Science Certificate</td>
<td>Graduate Geographic Information Science Certificate</td>
</tr>
</tbody>
</table>

Geographic Information Science (GIS) technology is widely used in business, industry, government, and education. This certificate is designed for students in a variety of disciplines that involve spatial analysis, mapping, and interpretation of geospatial data. Students who complete the program will have a solid GIS foundation that spans the collection, management, analysis, interpretation, and display of geospatial data using geographic information systems. Students gain practical experience by completing projects that require the use of sophisticated GIS functions. Finally, they learn how to develop and implement customized GIS applications.

A series of four graduate courses taken for a minimum of 12 credit hours. At least four different courses must be taken for the certificate.

Courses selected from:
- GEOG 417G GIS Analysis and 3 Modeling
- GEOG 419G GIS Applications 3 Development
- GEOS 515 Remote Sensing 3 Applications
- GEOS 517 Spatial Databases 3

**PROGRAM TOTAL:** 12-13 Hours

---

4. **Rationale for the proposed program change:**
   - Title change from Geographic Information Science to **Graduate Geographic Information Science**. Inserting “Graduate” in the certificate title to reflect it being a graduate certificate and to distinguish it from our undergraduate certificate in GIS (# 174) particularly in the certificate itself sent to students completing the program. Currently, the only way to identify this certificate as a graduate certificate is through academic transcripts.
   - Minor changes in description of certificate.
     - In the first sentence of description, change “Science” to “Systems” to read as “Geographic Information Systems (GIS) technology...” Geographic Information Science is the systematic study and Geographic Information Systems is the technology.
     - In the second sentence, insert “graduate” before “certificate” to read as “This graduate certificate is designed...” This will further clarify in the description that this is a graduate certificate.
   - In the course list, change GEOG 419G GIS Applications Development to GEOG 419G GIS Programming to reflect the current title of the course.
   - GEOS 523 Urban GIS Applications is a 4-credit-hour course.
   - Decreasing minimum number of hours from 12 to 10 and decreasing number of courses from four to three to avoid duplicating the maximum of 12 hours of graduate certificate course work allowed in any other degree program or certificate.

5. **Proposed term for implementation and special provisions (if applicable):**
   - **Term:** Spring 2013

6. **Dates of prior committee approvals:**
   - Department of Geography and Geology: 8/22/2012
   - Ogden Graduate Curriculum Committee: 9/28/12
   - Graduate Council: 
   - University Senate: 
College of Health & Human Services  
Department of Kinesiology Recreation and Sport  
Proposal to Revise a Program  
(Action Item)

Contact Person: Bruce Larson; bruce.larson@wku.edu; 745-3347

1. Identification of program:
   1.13 Current program reference number: 0454
   1.14 Current program title: Master of Science in Kinesiology
   1.15 Credit hours: 30-33

2. Identification of the proposed program changes:
   • Clarification in basic catalog description of the MS in Kinesiology
   • Additional changes for the Teacher Leader Concentrations
     o Deletion of the Coaching Teacher Leader concentration as a teacher leader specialization component.
     o Moving TCHL 560 Action Research for Teacher Leaders from the Physical Education (PE) Teacher Leader Concentration (specialization component) TCHL 560 to the Professional Education Core.
     o Moving PE/KIN 501 Research Methods in Physical Education/Kinesiology from the Professional Education Core to the Physical Education Teacher Leader Concentration (specialization component).
     o Moving PE/KIN 505 Foundations of Curriculum Construction from the Professional Education Core to the Physical Education Teacher Leader Concentration (specialization component).
     o Addition of TCHL 530 Curriculum Development to the Professional Education Core.
     o Removal of PE/KIN 515 Physical Education Assessment as an option within the Professional Education Core for the PE Teacher Leader Concentration.
     o Removal of PE/KIN 520 Teaching Strategies in Physical Education as an option within the Professional Education Core for the PE Teacher Leader Concentration.
   • Change in required program credit hours from a minimum of 30 credit hours to a minimum of 31 credit hours for the Physical Education Teacher Leader Concentration and, thus, for the MS in Kinesiology. The other three concentrations require a minimum of 33 credit hours.

3. Detailed program description:
<table>
<thead>
<tr>
<th>Old Program</th>
<th>New Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>The M.S. in Kinesiology program has five concentrations: Physical Education Teacher Leader, Coaching Teacher Leader, Exercise Science, Fitness Management, and Corporate Health Management. The PE and Coaching Teacher Leader concentrations focus on teaching and meeting the Kentucky Teacher Requirements for Advanced Teaching Standards. The Exercise Science, Fitness Management, and Corporate Health Management concentrations do not lead to rank change for Kentucky teachers.</td>
<td></td>
</tr>
<tr>
<td>The M.S. in Kinesiology program has four concentrations: Physical Education Teacher Leader, Exercise Science, Fitness Management, and Corporate Health Management. The Physical Education Teacher Leader concentration focuses on teaching and meeting the Kentucky Teacher Requirements for Advanced Teaching Standards. The Exercise Science, Fitness Management, and Corporate Health Management concentrations do not lead to rank change for Kentucky teachers.</td>
<td></td>
</tr>
</tbody>
</table>

   The Exercise Science, Fitness Management, and Corporate Health Management concentrations are not changing and thus are not listed below.
The PE and Coaching Teacher Leader Concentrations require 15 credit hours of Professional Education Core, 12 credit hours of either PE or Coaching, and 3 credit hours of Action Research for a total minimum of 30 credit hours.

The Teacher Education Concentration is designed to develop Teacher Leaders who can positively impact student learning in their classrooms and schools. Courses and experiences include Professional Learning Communities in which students interact with other graduate students from various communities and/or content areas to discuss and work on real world challenges and promising practices they encounter in schools.

The program is divided into two instructional components. The first component, Professional Education, provides advanced level pedagogy, leadership, and content related to Kentucky Teacher Standards and applicable to all P-12 teachers working in various developmental and content areas.

The second component is the specialization that allows the candidate to choose one of two concentrations:
1) Physical Education Teacher Leader concentration consists of PE/KIN 503, 504, 508 and 516; and the 2) Coaching Teacher Leader concentration consists of PE 507, 511, 516 and an approved elective. These concentrations allow for professional growth concurrent with the goals of each candidate. An Action Research Project for Teacher Leaders focusing on a classroom, school, or district issue is the capstone for the completion of the program.

During the first course in the program, TCHL 500 Foundations of Teacher Leadership, students will complete an assessment process that will be used in determining which PE/KIN or TCHL core courses they must take in the professional ed. core (see Important Note below). All students must complete PE/KIN 505, PE/KIN 515 or TCHL 540, 544, 548, and PE/KIN 520 or TCHL 550, 554, 558 or pass proficiency evaluations for these courses. TCHL 500 and PE/KIN 501, PE/KIN 505, are required for all students, and there are no proficiency evaluations that may be substituted for these courses.

Content Major Admission Requirements: N/A

Corporate Health Management concentrations are not changing and thus are not discussed in the below revisions.

The Physical Education Teacher Leader Concentration requires 16 credit hours of Professional Education Core, including 3 credit hours of Action Research; and 15 credit hours of Physical Education Specialization courses, for a total minimum of 31 credit hours.

The Teacher Education Concentration is designed to develop Teacher Leaders who can positively impact student learning in their classrooms and schools. Courses and experiences include Professional Learning Communities in which students interact with other graduate students from various communities and/or content areas to discuss and work on real world challenges and promising practices they encounter in schools.

The program is divided into two instructional components. The first component, Professional Education, provides advanced level pedagogy, leadership, and content related to Kentucky Teacher Standards and applicable to all P-12 teachers working in various developmental and content areas.

The second component is the specialization that allows the candidate to expand content, pedagogy, and/or leadership skills. This Physical Education Teacher Leader concentration consists of PE/KIN 501, 503, 504, 505, and 508. This specialization allows for professional growth concurrent with the goals of each candidate.

An Action Research Project for Teacher Leaders focusing on a classroom, school, or district issue is the capstone for the completion of the program.

During the first course in the program, TCHL 500 Foundations of Teacher Leadership, students will complete an assessment process that will be used in determining which TCHL core courses they must take in the professional education core (see Important Note below). All students must complete TCHL 540, 544, 548, 550, 554, and 558 or pass proficiency evaluations for these courses. TCHL 500, 530, and 560 (or discipline-specific action research course), are required for all students, and there are no proficiency evaluations that may be substituted for these courses.

Content Major Admission Requirements: N/A
Teacher Leader Admission Requirements: *(Criteria vary, depending on the student’s undergraduate institution and GPA. No GRE requirement for admission)*:

1. **WKU Graduate: Automatic Admission**
   - A current teaching certificate or undergraduate teaching portfolio and statement of eligibility.

2. **Graduate of a Kentucky Higher Education Institute other than WKU:**
   - A 2.75 GPA or higher or a qualifying GAP score.
   - A current teaching certificate or statement of eligibility.

3. **Graduate of an Out-of-State Institution of Higher Education**
   - A 2.75 GPA or higher or a qualifying GAP score.
   - A current teaching certificate or statement of eligibility

Kentucky applicants whose certificates have expired may be admitted, but they may enroll for only six hours before they must apply to the Kentucky Education Professional Standards Board for re-issued certificates. After completion of six hours, a student admitted with an expired certificate must submit a copy of the re-issued certificate before being allowed to register for any additional courses.

**Important Note:** While enrolled in TCHL 500, master’s candidates will use several documents, including their KTIP assessments or in-kind examples, dispositions self-surveys, referrals from school personnel, and their respective School Improvement Plan, to develop with their respective program advisors individualized programs of study of 30-37 hours related to Kentucky Teacher Standards and professional goals. Each student’s program of study will include some or all of the TCHL courses, at least one content course specific to their initial teaching certification areas, plus additional education-related or content courses.

**(Level 1) Professional Education Core–15-16 hours**

</tbody>
</table>

Completion Requirements:
1. TCHL 560 – Action Research for Teacher Leaders (3 hrs)
2. Present research results in a venue approved by the advisor.
3. Achieve a minimum 3.0 GPA in overall coursework.
4. **Rationale for the proposed program change:**
   - The program description in the catalog is clarifying the four concentration areas offered within the MS in Kinesiology program and reflecting the deletion of one concentration.
   - The Coaching Teacher Leader concentration is being deleted, as no students are admitted to the specialization area.
   - These other proposed changes are focused on having curriculum in alignment with the Teacher Leader framework of the university and with the requirements of the Kentucky Education Professional Standards Board (EPSB), the entity which issues certificates for all Kentucky teachers.
     - TCHL 560 and PE/KIN 501 are both research-oriented courses and are switching places between the Professional Education Core and the PE Teacher Leader concentration Specialization component.
     - PE/KIN 505 is a physical education specific curriculum construction course and is moving to the Specialization component; the course is being replaced in the Professional Education Core by a different curriculum design course, TCHL 530.
     - PE/KIN 515 and PE/KIN 520 are being removed as options within the Professional Education Core, as students have not taken the courses due to not passing proficiency exams that would enable them to take the PE/KIN courses.
     - Removing PE/KIN 515 as an option results in 16 versus 15-16 credit hours within the Professional Education core, as students would have to take 3 courses totaling 4 credit hours in place of the 3-credit hour PE/KIN 515.

5. **Proposed term for implementation and special provisions (if applicable):** Spring, 2013.

6. **Dates of prior committee approvals:**
   - KRS Department: September 10, 2012
   - CHHS Graduate Curriculum Committee: September 24, 2012
   - Professional Education Council: (pending approval 10/10/12)
   - Graduate Council: ___________________
   - University Senate: ___________________

**Attachment:** Program Inventory Form
Contact Person:  Kumi Ishii, kumi.ishii@wku.edu, 745-5203

1. Identification of program:
   1.1 Current program reference number: Ref. 0012
   1.2 Current program title: Master of Arts in Organizational Communication
   1.3 Credit hours: 34

2. Identification of the proposed program changes:
   Revision to Admission Requirements for the Master of Arts in Organizational Communication to adjust to the new GRE scoring format.

3. Detailed program description:

   Admission Requirements

   (Added) For students who have taken the GRE after August 2011:
   Admission to the program requires a minimum score of 139 on the Verbal and Quantitative sections of the GRE. Additionally, students must have a GAP score of at least 550 [GAP = (Overall GRE score) + (Undergraduate GPA X 100)] and a minimum score of 3.5 on the analytical writing section of the GRE.

   For students who have taken the GRE prior to August 2011:
   Admission to the program requires a GAP score of at least 2200 [GAP = Overall GRE score X Undergraduate GPA] and a minimum score of 3.5 on the analytical writing section of the GRE.

4. Rationale for the proposed program change:
   The admission policy needs to be updated given the new scoring format for the GRE which was implemented in August of 2011. This revised policy is in line with the recommendations of the Rules Committee of the Graduate Council and also maintains our current requirement that applicants achieve a 3.5 analytical writing score on the GRE. Students’ writing abilities are critical to success in the program.

5. Proposed term for implementation and special provisions (if applicable):
   Fall 2013

Proposal to Revise a Course Grading System
(Action Item)

Contact Person: Cynthia Houston, cynthia.houston@wku.edu, 270-745-6501

1. Identification of proposed policy revision:
Change grading policy for thesis, specialist project, and dissertation courses.

2. Catalog statement of existing policy:
Currently there is no specific statement of grading policy for thesis, specialist project, or dissertation hours in the graduate catalog.

3. Catalog statement of proposed policy:
All thesis, specialist project, and dissertation hours will use a Pass/Fail system. During the time that the thesis, specialist project, or dissertation is in progress but not yet completed, the director should submit a grade of IP. Upon completion of all requirements for the thesis the director should request that the grades of IP be changed to grades of P (Pass). If the thesis project is deemed to be of unacceptable quality by the thesis director, then the grades of IP should be changed to grades of F (Fail).

4. Rationale for proposed policy revision:
A review of a subset of our benchmark institutions failed to find any other institution that provided standard grades for thesis, specialist project, or dissertation hours.

5. Impact of proposed policy revision on existing academic or non-academic policies:
This change in the grading system would impact programs currently using a letter grading system for their thesis, specialist project, and dissertation courses, which may affect the overall grade point averages of students in those programs.

6. Proposed term for implementation: Winter 2013

7. Dates of prior committee approvals:

1. Identification of proposed policy revision:

Change maximum allowable hours for thesis and dissertation courses.

2. Catalog statement of existing policy:

The program of a student pursuing the master's thesis or specialist project must contain 6 hours of credit in 599-Thesis Research and Writing or in 699-Specialist Project. Students in the Doctor of Educational Leadership program must have 12 hours of credit in EDAD 799-Dissertation Research.

3. Catalog statement of proposed policy:

The program of a student pursuing the master's thesis or specialist project must contain at least 6 hours of credit in 599-Thesis Research and Writing or in 699-Specialist Project. Students pursuing the dissertation must have at least 9 hours of credit in 799-Dissertation Research.

Students who have finished required coursework, but who will be making use of university facilities or personnel in order to complete a thesis must register for 599-Thesis Research and Writing, 699-Specialist Project, or 799-Dissertation Research as appropriate. Individual programs may limit the number of thesis hours that can be applied to a program of study.

4. Rationale for proposed policy revision:

The current policy is ambiguous, but has been interpreted to mean that students can take no more than 6 hours of thesis. This limit is problematic for students who complete their required coursework but who have not yet finished the thesis.

Concerns have been raised that allowing more than 6 hours of thesis credits might inflate student grade point averages. A review of a subset of our benchmark institutions failed to find any other institution that provided standard grades for thesis hours. Thus, an additional policy that changes thesis and dissertation to a pass-fail grading should considered before revising this policy.

In addition, at the majority of benchmark institutions, limits on the maximum number of thesis hours allowed in a program of study are provided at the program level.

5. Impact of proposed policy revision on existing academic or non-academic policies:

Historically, maintaining matriculation (600/700/800) would have been used for students working on their theses/specialist projects/dissertations. This would change such that active students would accumulate thesis or dissertation hours (using the IP designation) until they pass or fail. Departments will need monitor the allocation of thesis and dissertation hours to ensure that thesis/dissertation work is actively ongoing during the time the hours are scheduled. If not, students should enroll in one of the above matriculation courses.

6. Proposed term for implementation: Winter 2013
