Announced Appointments

Judicial Council justice—Diana Carag
Parliamentarian—Dana Lockhart

Eddie Schwab moved that the Congress suspend with the Bylaws to vote on appointments. Seconded.

Motion approved with a couple in opposition.

John Law gave a report from the University Technology Acceptance Committee:

-The committee wants to solve the problem of low campus residential bandwidth by running a new line underground. It would be paid for by implementing a \$15/student/year fee. *(John believes that this outlet needs to be secure from outside use and use only by those who are paying for it. Also he would like to see the current internet 'unthrottled and 'unblocked'. Which is a necessity for his vote in the affirmative.)*

Other issues discussed:

Smart classrooms, which has been redirected to a subcommittee. ITV and Web courses, the teachers are dismayed at the equipment status. *(John was not sure how much these classrooms are used. Therefore he is not sure how much this would benefit students)*

Open computer labs for classes.

The committee reviewed the plan for a laptop university plan. A tuition increase at \$500/semester. *(John plans on voting against this as is.)*

Nominations for Committee and Congress member of the month (January) will be announced next week.
