BILL 92-12-S
CONSTRUCTION OF A RECYCLING CENTER WALL
INTRODUCED: 3-31-92

Purpose: To allot \$500 from the Campus Improvements' budget for the construction of a recycling center wall.

Whereas: The cardboard recycling center on the south side of Downing University Center lacks containment, and;

Whereas: This lack of containment allows the cardboard to escape when the wind blows, and;

Whereas: This creates a litter problem that is unsightly and unbecoming to a campus as attractive as Western's, and;

Whereas: The only feasible solution to alleviate this problem is the construction of a retaining wall, and;

Whereas: This wall would be positioned so as to contain the cardboard recycling center, and;

Whereas: This wall will also provide a sectioned area for the aluminum recycling bin as well as for future recycling services, and;

Whereas: This wall would be attractively painted and would display "ASG's 24 hour Recycling Center."

Whereas: The Campus Improvement committee will work with the Physical Plant or an independent contractor to keep the project within budget and to ensure the project is completed in a timely manner, and;

BILL 92-12-S
CONSTRUCTION OF A RECYCLING CENTER WALL

Therefore: We, the members of the Associated Student Government, in an interest to curb litter and provide for future recycling, do hereby allot \$500 for the aforementioned wall.
