Chair Bale announced Agenda Item 8 would follow the Executive Session.

AGENDA ITEM 5 - Welcome and remarks by Governor Paul E. Patton

Governor Paul Patton welcomed the Board of Regents, thanked and complimented the job they do and their willingness to serve saying, "You are ultimately responsible for the success of this institution; and in a larger sense, the success of post secondary education in Kentucky. I appreciate your accepting the responsibility and appreciate the great job that you do. I want to particularly compliment the entire institution and President Ransdell for your outstanding performance. You are implementing the goals and the vision and the mission of our Post Secondary Education Act of 1997 as well as any other institution and maybe better than some. You are leading the State in increased enrollment, and that's one of the goals, but we've also got to maintain quality while we increase quantity. One of the areas that we are definitely ahead of schedule on is increasing participation. Our goal is to get graduation rates--completion rates for some sort of post secondary education--at least a two-year program--up to the national average by 2020 and we're ahead of schedule on that. It will be difficult to maintain that schedule if we don't somehow get additional resources. I understand that, but you all have done an outstanding job."

"In fund raising, again, you all have been the leaders in matching "Bucks for Brains" quicker than any other institution; that was one of the goals--to stimulate private support for higher education. One of the many shortcomings of post secondary education in Kentucky is that we don't have a big history of major, major philanthropic support for post secondary education. We think the "Bucks for Brains" has stimulated that; and when used by institutions such as Western effectively, it's certainly doing its job. Again, you all are leading the way there."

"Again with your School of Journalism, I understand that it's now rated the top journalism school in the nation. There again, recognizing that the challenge was for each of our comprehensive universities to be world class; to have national stature in at least one field of excellence was, again, one of the goals that you've built on an already very, very strong program and made it number one."

The Governor spoke of his budget recommendation and urged everyone to work together and look at the welfare of the whole endeavor rather than having separate agenda. The realization is there is not enough money to run the State properly and to do the things that have been committed, and the current political climate in the State prevents the introduction of new ways to get more money for the budget.

AGENDA ITEM 6 - President's Report

2001 Strategic Plan Progress Report - Dr. Ransdell distributed copies of the third progress report – *Challenging the Spirit Progress Report on Strategic Plan Performance Indicators for 2000-2001 and new Performance Indicators of 2002-2006*.

The plan has been transitioned to accommodate goals that have been achieved and to extend new life and new challenge to things that have been achieved, and to identify new performance indicators that will be pursued that were not under discussion in 1998 when the Strategic Plan was created. The life of this plan extends through 2006. At the mid-way point of every five-year sequence, two additional years will be projected.

The Plan will be an on-going process that, every three years, will have two years added.

Dr. Ransdell commented, "Strategic planning is as much an art as it is a science, and the manner in which you are focused on continuous improvement whether you are at the beginning, the middle, or the end of a given strategic plan is critical to the outcomes achieved in any strategic planning process. We want to make sure that our outcomes continue to be stretched—to expand—and continue to include everything we are capable of achieving, thus the transition in this particular Strategic Plan. This one is about two things—status report of goals and performance indicators originally identified in 1998 and then heading a whole new range of challenges to take us through 2006."

In addition, Dr. Ransdell distributed and discussed the following documents under the President's Report:

- ***2001-2002 Enrollment Growth and Retention Fund***
- ***Kentucky Postsecondary Headcount Enrollment Fall 1998 to Fall 2001***
- ***WKU - Coping with Enrollment Growth***

Copies of each of these documents are filed in the Board's official files.

Dr. Ransdell also introduced Mr. Robert W. Edwards, Assistant Vice President for

University Relations and welcomed him to Western Kentucky University.

AGENDA ITEM 7 - Committee Reports

7.1 Academic Affairs Committee, Ms. Peggy W. Loafman, Chair

7.1.1 Recommendation for approval of a new interdisciplinary minor in Film Studies

FACTS: The minor in Film Studies will give students an opportunity to study various aspects of film in an organized, in-depth manner. Because it is an interdisciplinary minor, it will allow students to examine film from a variety of perspectives.

Currently there are thirteen courses in four different departments at Western Kentucky University that emphasize film. The existing courses, all of which are electives, have been popular, but currently have no systematic coordination that could serve the needs and interests of students. The minor in Film Studies will synthesize these courses into a coordinated program of study appropriate for designation as a minor.

Students who complete the minor in Film Studies will gain: a strong foundation in media literacy (including the ability to critically analyze and evaluate a visual text); knowledge of important aspects of the film industry; an appreciation of the diverse uses of film across different times, cultures, and contexts; and better preparation for possible graduate study in a variety of related fields.

Film studies has become a respected and popular academic discipline. An interdisciplinary minor in Film Studies will allow Western to keep up with educational offerings across the country, to be on the cutting edge of film studies programs in Kentucky, and to respond to student demand for courses in the analysis of film. Western is currently losing students to out-of-state institutions that offer film studies programs. It is estimated that the program would attract 25-30 students the first year and would grow from there.

The Film Studies minor will require a minimum of 21 semester hours of credit including nine hours of core courses and 12 hours of electives.

This new minor will respond to several goals found in Western's Strategic Plan, Challenging the Spirit, including **Strategic Goal 1: Increasing Student Learning and Strategic Goal 4: Enhancing Responsiveness to Constituents.**

COST IMPLICATIONS: The minor in Film Studies will be staffed by existing faculty in Potter College of Arts, Humanities, and Social Sciences. Since the courses already exist and are currently offered, no new or additional faculty are needed. The director of the minor will be chosen from existing Potter College faculty members who teach courses in the minor.

RECOMMENDATION: President Ransdell recommends approval of a new interdisciplinary minor in Film Studies.

APPROVED: Academic Affairs Committee, December 14, 2001

Motion for approval to establish a new interdisciplinary minor in Film Studies effective with the spring 2002 semester was made by Ms. Loafman, seconded by Professor Miller, and carried unanimously.

7.2.3 Approval of the reorganization of Enrollment Management

BACKGROUND: With the retirement of the Director of Admissions and Academic Services, a review of the functioning components of Enrollment Management has been conducted, and the following changes have been recommended.

- Move responsibility for university scholarships from the Office of Admissions to the Office of Student Financial Aid;
- Move OAR (Orientation, Advisement, and Registration) planning to the Academic Advising and Retention Center; and
- Move the preparation of the Catalog and the responsibility for class scheduling to the Office of the Registrar.

RECOMMENDATION: President Gary A. Ransdell recommends approval of the reorganization of Enrollment Management as outlined in the three bulleted items listed above.

Motion for approval of the recommended reorganization of Enrollment Management was made by Ms. Loafman, seconded by Ms. Bedo, and carried unanimously.

7.2 Finance and Budget Committee, Mr. Cornelius A. Martin, Chair

7.2.1 Recommendation for approval of Educational and General (E&G) Fund Balance Allocations

FACTS: Fund balances are categorized as accounting requirements, reserve, previously approved Board of Regents commitments, and balances returned to divisions based on University policies. The total unrestricted fund balance, as of June 30, 2001 was \$10,506,680.77. The University's accounting system included an E&G fund balance of

\$7,783,112.04 and an Auxiliary Enterprises fund balance of \$2,723,568.73. The University separates the amounts in recognition that the auxiliary programs are 100 percent self-supporting and that all of their fund balance is returned for the enhancement of the auxiliary operations. (See next agenda item.) The E&G Reserve is \$2,060,000.

Due to a significant deficit in the University's self-insurance health program, the Carry Forward Policy was suspended last year. It is recommended that the Carry Forward Policy be reinstated this year. In order to fully implement the policy, it will be necessary to transfer Plant Fund balances, which were held for deferred maintenance matching, to the E&G budget and allocate \$26,343.68 from the budgeted institutional contingency. It is noted that the Athletics Department finished the year with a deficit of \$116,692 primarily due to unbudgeted expenses associated with hosting the NCAA playoff football games and the Women's NIT games. This deficit has been repaid in the current fiscal year by a transfer from Athletics to the budgeted institutional contingency account.

The balances in revenue dependent units and carry forward funds, consistent with University policies, have been reserved for the respective programs. These programs include, for example, the Center for Gifted Studies, *College Heights Herald*, previously awarded unit productivity awards (Academic Affairs), and previously awarded faculty and graduate research awards. **Attachment A details these funding obligations.**

RECOMMENDATION: President Gary A. Ransdell recommends that the Board of Regents approve the Educational and General fund balance allocations.

APPROVED: Finance and Budget Committee, December 14, 2001

MOTION for approval of the Educational and General fund balance allocations

was made by Mr. Martin, seconded by Professor Miller, and carried unanimously.

7.2.2 Recommendation for approval of Auxiliary Enterprises Fund Balance

FACTS: Western's 2002-2008 Six-Year Capital Plan, which was submitted to the Capital Planning Advisory Board (CPAB) and the Council for Postsecondary Education (CPE), contained an agency funded project to renovate Downing University Center (DUC) at an estimated cost of \$11 million. DUC is a focal point for student life and has not been renovated since it was built 31 years ago. Certain areas of the building have been repaired when system failures have occurred, but much of the building is in need of cosmetic renovation and life safety improvements. Repairs are being made as funds are identified within the auxiliary enterprises resources.

RECOMMENDATION: President Gary A. Ransdell recommends the allocation of \$200,000 from the Auxiliary Fund Balance for architectural and engineering fees to complete a DUC renovation design through Phase A, Schematic Design.

APPROVED: Finance and Budget Committee, December 14, 2001

Motion for approval of the allocation of \$200,000 from the Auxiliary Enterprises fund

was made by Mr. Martin, seconded by Ms. Gray, and carried.

7.2.3 Recommendation for approval of revisions to the 2001-02 Operating Budget

FACTS: The proposed revisions to the Western Kentucky University 2001-02 Operating Budget, in the amount of \$24,500, are as follows: \$10,000 from the WKU Foundation to help with expenses for the Judy Chicago exhibit; \$10,000 for a game guarantee for the women's basketball team to play Stanford; and \$4,500 for reimbursements from various vendors to be allocated back to the departments.

APPROVED: Finance and Budget Committee, December 14, 2001

Motion for approval of the revisions to the 2001-02 Operating Budget was made by Mr. Martin, seconded by Ms. Bedo and carried unanimously.

7.2.4 Request Acceptance of the Accountants' Report and Financial Statements, WKYU-TV and WKYU-FM Radio.

FACTS: Annually, Western Kentucky University contracts with Baird, Kurtz & Dobson (BKD) to provide an audit of the financial statements for WKYU-TV and WKYU-FM Radio. The separate audits are required under the contractual funding arrangements of Western with the Corporation for Public Broadcasting. The financial statements present fairly, in all material respects, the financial position as of June 30, 2001 and results of operations and cash flows for the year then ended. Both of the financial statements received unqualified opinions.

RECOMMENDATION: President Gary A. Ransdell recommends that Board of Regents accept the accountants' report and financial statements, for WKYU-TV and WKYU-FM Radio for the year ended June 30, 2001.

APPROVED: Finance and Budget Committee, December 14, 2001

Motion to accept the Accountants' report and financial statements for WKYU-TV and WKYU-FM Radio was made by Mr. Martin, seconded by Mr. Sheffer, and carried.

7.2.5 REQUEST: Approval of the 2002-03 Institutional Budget Priorities.

FACTS: At the December 14, 2001 meeting of the Finance and Budget Committee, an agenda item, "Development of the 2002-03 Operating Budget," was discussed. (See pages 18-20 in these agenda materials.) In this agenda item many of Western Kentucky University's most pressing funding needs were identified. As discussed, providing improved compensation for our employees is a necessity. In 1999-2000, the University was able to provide a salary increase pool of only 3 percent followed by a 2 percent salary increase pool in 2000-01. Benchmark comparisons document the University's inability to provide compensation at a level to maintain our competitiveness. Board action approval of the 2002-03 Tuition and Fees Schedule was, in part, a response for the need to generate additional revenue to attract and retain the best faculty and staff. Furthermore, budget pressures resulting from an enrollment increase of over 11 percent must be addressed with or without an increase in state funding.

For timely development of the operating budget, it is necessary for the Board of Regents to provide more formal direction to the Administration for the allocation of projected increases in tuition and state appropriation revenue. Listed below are the proposed 2002-03 institutional budget priorities to guide the Administration's budget development. The University's Budget Council will meet in late January to

start the budget process based on this Board's approval of institutional budget priorities and on Governor Patton's recommended biennial budget submitted to the 2002 General Assembly.

The Board of Regents will be kept informed of the status of the biennial budget and the development of the annual operating budget. The budget calendar proposes that the Finance and Budget Committee will be asked to approve the budget at its May 10, 2002 meeting.

2002-03 Institutional Budget Priorities

Through the allocation of projected increases in tuition and state appropriations revenue and through reallocation of existing budgeted funds, Western Kentucky University's 2002-03 Operating Budget will focus on enhancing educational quality as reflected in the following institutional priorities (*not in priority order*):

- Recruit and retain quality faculty and staff.** Funds are needed to provide salary increases (cost-of-living, equity adjustments, and merit pools in recognition of outstanding performance), to improve the market competitiveness of the University's salaries (market adjustment pools), and to improve benefits with specific attention given to rising health insurance costs.
- Assure academic quality in addressing enrollment growth.** Funds are needed for additional faculty and staff positions and for operational costs, both on campus and at extended campus sites, to support enrollment growth.
- Improve our physical resources.** Funds are needed on an ongoing basis to address campus maintenance and utilities requirements and to protect the University's investment in plant. Funds also will be required for opening the new Media and Technology Hall.
- Provide permanent funding for needs that have been met routinely by nonrecurring allocations.** Funds are needed for continued implementation of selected items that are in the University's *Strategic Plan* and for which no permanent funding has been identified in previous budgets.
- Develop marketing program to ensure desirable applicant pool and optimum enrollment.** Funds are needed to aggressively seek applicants and to ensure an enrollment of expected quality and quantity.
- Rebuild University contingency funds and identify opportunities to generate additional revenue.** Funds are needed to address unanticipated expenses, to take advantage of opportunities that may include public/private partnerships, and to fund start-up costs or studies of potential new revenue-generating initiatives.

There are numerous other needs identified for which no funding or inadequate funding is available. Where feasible, additional funding must come from reallocations and carry forward allocations within divisions.

Motion for approval of the 2002-03 Institutional Budget Priorities was made by

Mr. Martin, seconded by Mr. Fischer, and carried.

7.3 Executive Committee, Ms. Kristen Bale, Chair

7.3.1 Recommendation for approval of the Memorandum of Agreement (Revised) between City of Bowling Green, Hilltopper Athletic Foundation, and Western

Kentucky University for the renovation of E.A. Diddle Arena and related athletic facilities

Secretary's Note: The proposed Memorandum of Agreement is attached to these minutes as **Attachment B**.

Motion for approval was made by Ms. Gray, seconded by Ms. Bedo, and carried unanimously

7.3.2 Recommendation for approval of a *Resolution of Agreement* between Western Kentucky University and the Office for Civil Rights pertaining to the University's *Title IX Plan of Compliance*

Background: In 1995, the Board of Regents approved a plan for Title IX compliance for Western Kentucky University which was aimed at compliance through two methods: (1) demonstrating continuing program expansion for female athletes through the addition of swimming, softball, and soccer teams; and (2) providing opportunities that are responsive to the interests and abilities of our female student body. The Plan called for the addition of three women's team sports (swimming, softball and soccer). In addition to this, the Athletics Department and the Office of Institutional Research initiated a survey of students participating in OAR to insure that the sports offerings were responsive to the students' interests and abilities. Survey results have confirmed that the current sports offerings are appropriate.

On June 17, 2001, the University was contacted by the Office for Civil Rights and advised that it had been selected for a compliance review under Title IX. The review was not generated by a complaint or other concern; rather, the University was selected at random for a review as were other colleges and universities in the United States. The review was to cover two areas of Title IX compliance: (1) the allocation of financial aid to student athletes; and (2) whether the University's athletic offerings were meeting the interests and abilities of its female students. A volume of data was requested as part of the review, and such data was compiled by Athletic Department and submitted to OCR on August 13, 2001.

OCR's review did not identify any issues related to the University's allocation of athletic financial aid to its student athletes, the current survey instrument being utilized by the University to determine student interests and abilities, or the results of that survey.

The OCR has requested that the University enter into a Resolution Agreement confirming the University's commitment to continue monitoring student interests and abilities and our allocation of athletic financial aid. Given the University's prior commitment to do both, the University is willing to enter into such an Agreement. A draft of the Resolution Agreement is attached to this memorandum.

APPROVED: Executive Committee, December 14, 2001

The proposed resolution follows:

**PARTNERSHIP AGREEMENT BETWEEN THE
OFFICE FOR CIVIL RIGHTS AND
Western Kentucky University
(Docket Number 03016002)**

Equal educational opportunity, as required by Title IX of the Education Amendments of 1972 (Title IX), entails the equal treatment of students with regard to sex in any education program or activity, including an athletic program. Equal educational opportunity requires, among other things, that

an institution provide reasonable opportunities for the receipt of athletic scholarships of grant-in-aid by members of each sex in proportion to the number of students of each sex participating in an institution's intercollegiate athletic program and effectively accommodates the interests and abilities of students to the extent necessary to provide equal opportunity in the selection of sports and levels of competition available to members of both sexes. Where the athletic financial assistance awarded to members of one sex is not substantially proportionate to the rate of participation of members of that sex in the institution's intercollegiate athletic program and the disproportionate amounts of athletic aid cannot be explained by adjustments to take into account legitimate nondiscriminatory factors, the institution has an obligation to rectify those disparities.

The Office for Civil Rights (OCR), U.S. Department of Education, has identified the issue of equity in the awarding of athletic financial assistance and the effective accommodation of student interests and abilities as priority civil rights issues, in accordance with its policy of seeking the proactive involvement of institutions in assuring compliance with the statutes it enforces. Western Kentucky University (the University) joined with OCR to cooperatively examine these important civil rights issues and ensure equal opportunity for male and female athletes. The parties acknowledge that the examination conducted by OCR, the cooperative effort between the University and OCR, and the resulting partnership agreement were not prompted by nor the result of any complaint made to the OCR or the University. Furthermore, the University does not admit to a violation of Title IX with respect to the above two issues and the OCR made no finding that such violations have occurred.

To this end, OCR and the University agree to the following:

1. By June 30, 2002, the University will conduct an assessment to determine whether its current athletic offerings effectively accommodate the interest and abilities of its students. The assessment will have a University-wide focus identifying the athletic interests and abilities of its current students and will take into account national trends and local competitive opportunities in athletics for men and women.
2. If the parties (OCR and the University) determine, based upon the results of the assessment conducted under Paragraph #1 above, that the University's current athletic offerings do not fully and effectively accommodate the athletic interests and abilities of its women students, then by June 30, 2002, the University will identify modifications in its current athletic offerings that will effectively accommodate the interests and abilities of its current women students, in accordance with 34 C.F.R. Section 104.61(c). If any such modifications are necessary, then during the 2002-2003 academic year, the University will take all necessary steps (scheduling, league approvals, etc.) to begin to modify its current athletic offerings. If the University must add one or more new women's sports teams to fully and effectively accommodate the athletic interest and abilities of its women students, then these teams will be established and will be able to begin competition in the appropriate season, beginning no later than September 1, 2003. These teams will complete at least at the experimental or intramural sport level by September 1, 2003, but at the intercollegiate level no later than September 1, 2004. In future/subsequent years, if the results of the assessment conducted under Paragraph #1 above reveal that the University's current athletic offerings do not fully and effectively accommodate the athletic interests and abilities of its women students, then the University will comply with the provisions of this paragraph utilizing the time frames outlined herein.
3. The University will continue to assess whether its athletic offerings accommodate the athletic interests and abilities of its women students, particularly when the University is proposing to change its athletic offerings or when the University has an indication that the athletic interests of its women students have changed. The University will periodically do further assessments consistent with Paragraph #1 above as the need becomes apparent.
4. By no later than the beginning of the 2002-2003 academic year, and for each ensuing academic year thereafter, the total amount of athletic scholarship aid made available to men and women participating in the University's intercollegiate athletic program will be substantially proportionate to its respective participation rates, subject only to disparities that can be explained, consistent with the Policy Interpretation issued December 11, 1979, and found at 44 Fed. Reg. 71.413, 71.4125. The University can assert specific, nondiscriminatory factors that it believes are causing a disparity in the awarding of athletic financial assistance. As an example, the University may explain any disparity on the basis that the value of a scholarship differs among athletes based on gender-neutral factors. However, OCR will carefully examine any proffered justification to ensure that the disparity, is not, in fact, caused by policies or practices that discriminatorily limit the availability of scholarships to members of one sex.

Reporting Requirements

5. By October 30, 2002, the University will provide a report of the efforts it has made toward accommodating the athletic interests and abilities of its women students. The report should include a copy of any assessment instrument used by the University, and the results and analysis of the assessment and what actions the University is taking or intends to take, including time frames, to establish any modifications to its current athletic offerings to meet the needs of its women students.

6. By July 1, 2002, July 1, 2003, and July 1, 2004, the University will submit a status report of the previous academic year, showing its progress in complying with Paragraphs #1, #2, #3 and #4. At a minimum, the report will include the following information:

- a. The number of athletes who participated on each team by sex. Also, the squad lists or eligibility lists (for example, the NCAA squad list) which accurately identify all athletic participants who were on each team, as well as a list of all athletes who participated on more than one intercollegiate team and the teams on which they participated.
- b. A list of all athletes who received athletic scholarship monies of any amount, including for each athlete, the team(s) on which the athlete competed, whether the athlete was considered an in-state or out-of-state resident for financial purposes, the amount of the scholarship that was for summer school expenses, and the total amount of scholarship dollars awarded.
- c. A report showing the number of male and female athletic participants and the total financial assistance awarded for men and women, if these figures are different from those provided in a. and b. above.
- d. A statement of the value of a full athletic scholarship or grant for an in-state and out-of-state student athlete (including but not limited to tuition, room and board, books, summer school tuition, course and other fees, etc.), and the dollar value of each component of the scholarship or grant.
- e. A copy of the athletic financial assistance budgets and actual expenditures for the men's and women's programs, by team and line item.
- f. Any additional information which the University believes demonstrates that any differences in the awarding of athletic financial assistance to male and female athletes can be explained by legitimate, nondiscriminatory factors.
- g. The undergraduate enrollment, by sex.

7 In addition, the University agrees to monitor, on an ongoing, annual basis, changes in intercollegiate athletic participation rates and adjust athletic scholarship awards as necessary to ensure that the total amount of athletic scholarship aid made available to men and women participating in the University's intercollegiate athletic program remains substantially proportionate to its respective participation rates, or that any disparity in the allocation of scholarship aid can be explained by legitimate, nondiscriminatory factors.

Mr. Bob Edwards, Assistant Vice President for University Relations, discussed the quarterly meeting report found on pages 51-55 of the agenda. He noted increases across the board in print and electronic coverage and noted the next quarterly report will be the result of a priority plan that will reflect not only quantity but quality.

7.3.5 Appointment of a committee to coordinate and facilitate the President’s evaluation by the Board

Chair Bale appointed a three-member committee, chaired by Ms. Gray, to facilitate the President’s evaluation. Earl Fischer and Mary Ellen Miller are the other appointed members of the Committee.

7.4 Student Affairs Committee, Mr. Jim Tennill, Chair

Mr. Tennill reported an informational meeting of the Committee on December 14. There were no action items.

7.5 Special Committee on Diversity and Internationalism, Professor Mary Ellen Miller, Chair

Professor Miller reported on the Committee’s December 14 meeting. The Committee looked at the new Bylaws of the Diversity Committee and the minutes of the last three meeting of the Committee as well as the CPE Partnership Agreement.

Since the Committee met, a Diversity Workshop has been finalized that will occur on January 29 with a morning and afternoon session. Board members were urged to attend one

of the sessions. In addition, the Martin Luther King celebration was held on campus with President Ransdell giving the welcome followed by a presentation by Judge Joe Brown.

Dr. Caillouet provided the updated numbers related to the international programs. There was no action by the Committee.

AGENDA ITEM 8 - Personnel Actions (To follow Item 9)

AGENDA ITEM 9 - Other Business

9.1 Motion to go into Executive Session was made by Ms. Loafman and seconded by Ms. Bedo. The purposes of the session are:

- (1) **deliberations and discussion related to future acquisition or sale of real property by the University, pursuant to KRS.61.810(1)(b).**

The reason for the closed session is that public discussion and publicity of proposed real property acquisitions or sales would likely affect the value of the specific property to be acquired or sold; and

- (2) **discussions which might lead to the appointment or dismissal of an individual employee, as provided under KRS 61.810(1)(f).**

The nature of the business to be discussed is a confidential personnel matter pertaining to an individual employee, and the reason for the closed session is the privacy considerations with respect to the individual employee; and

- (3) **a discussion regarding information contained in proposals submitted by competing offerors pursuant to KRS 45A.085(6) and KRS 61.810(k).**

The reason for the closed session is that the specific information to be discussed is required to be conducted in privacy under Kentucky law until such time as a contract is awarded.

The Board accompanied by President Ransdell and Ms. Esters went into closed session at approximately 10:20 a.m. Others remaining in the session were: Dr. Barbara Burch; Mr. John Osborne; Mr. Bob Edwards; Dr. Gene Tice; Mr. Tom Hiles; Ms. Ann Mead; Dr. Wood Selig; Dr. Richard Kirchmeyer; Ms. Deborah Wilkins; Ms. Robbin Taylor, and Ms. Julie Ransdell.

Returning from closed session at approximately 11:30 a.m., Chair Bale stated. "The subject of the discussion and deliberations during the closed session were restricted to those in the motion, and no formal action was taken by the Board in closed session."

AGENDA ITEM 8 - Presentation of personnel actions since October 26, 2001

The recommended personnel actions are contained in the next eight pages.

WHEREAS, the City has agreed, in its sole and absolute discretion, and subject to the provisions of this Memorandum of Agreement, and upon the authorization of the Project by the Kentucky General Assembly, the Kentucky Finance and Administration Cabinet (FAC) and other appropriate State agencies, to issue its General Obligation Bonds, Series 2002A and Series 2002B (the "**Bonds**"), in an amount up to Thirty-two and one-half Million Dollars (\$32,500,000)

to finance the renovation, improvement and equipping of certain facilities identified and described by WKU that are located on the Property consisting of: (1) the renovation of E.A. WHEREAS, WKU is prohibited by the Kentucky Revised Statutes from incurring debt for the renovation and improvement of the Project without authorization from the Kentucky General Assembly and other State agencies as provided above; and

WHEREAS, HAF is a non-stock, non-profit corporation under KRS Chapter 273 and is a nonaffiliated corporation within the meaning of KRS 164A.550(3), and its purposes among others, are (1) to function as a supporting organization of WKU and its athletic programs with the source of its funds being charitable contributions from individuals and corporations, (2) to solicit tenants for suites to be constructed in the renovated E.A. Diddle Arena, and (3) to sell the naming rights to the renovated E.A. Diddle Arena; and

WHEREAS, the Property, including the Project, shall constitute a public project of the City, acting jointly with WKU, within the meaning of KRS Chapter 58 and KRS 66.011 and shall be operated for the educational, athletic, entertainment and recreational activities and purposes of the students, faculty and staff of WKU and the general public as contemplated by the provisions of this Agreement; and

WHEREAS, the proposed issuance of the Bonds and the carrying out of the Project shall be subject to the terms and provisions of this Agreement and such subsequent agreements as the parties shall enter into.

NOW, THEREFORE, for and in consideration of the mutual covenants contained herein and the mutual benefits to be derived by the parties hereto, the legal sufficiency of which being acknowledged by WKU, HAF and City, it is agreed as follows:

1. **Property.** This Memorandum of Agreement shall apply to all construction and improvements on the Property comprising the Project that are to be funded by the Bonds. The Property and the Project are described in Exhibit A which is incorporated herein by reference.

2. **Project Renovations.** The Project shall consist of the renovation, improvement and equipping of certain facilities identified and described by WKU that are located on the Property consisting of: (1) renovation of E.A. Diddle Arena; (2) land acquisition, parking lot preparation and pedway design and construction for E.A. Diddle Arena; (3) replacement of natural grass with synthetic grass surface for Feix Field and the construction of a practice football; and (4) other additional improvements to include curbing, sidewalks, steps, drainage and other modifications, all related to the foregoing.

3. **Finance and Administration Cabinet.** The parties acknowledge that FAC is authorized to delegate to WKU all or any portion of the Project administration. Subsequent to General Assembly authorization, FAC will approve this Agreement and authorize the Project by a letter to the parties and will specify in that letter which portions of the Project administration will be delegated to WKU. WKU will keep FAC and the Council on Postsecondary Education (CPE) fully informed of the Project and will provide information, including, but not limited to, a Project update at completion of design, construction status reports once construction is underway, and copies of all construction project meeting minutes.

4. **General Assembly Authorization.** WKU will seek authorization under KRS 45.760 and any other relevant statutes for the Project from the General Assembly early in its 2002 session as contemplated by this Memorandum of Agreement and authorization for the use of Student Athletic Fees as contemplated by this Memorandum of Agreement. "Student Athletic Fees" shall consist of those fees assessed and collected from WKU students and dedicated to WKU athletics, including the costs of this Project.

After State authorizations of the Project and court approval, if sought as set out in Paragraph 22, and satisfaction of all legal and credit requirements of the City, the City shall cause to be issued up to Thirty-two and One-half Million Dollars (\$32,500,000) of the Bonds, in an amount and amortized over a term to be determined by the City, with the advice of WKU. The Bond proceeds shall be utilized for the payment of costs of renovations and improvements related to the Project, including but not limited to qualifying surveying fees, architectural fees, engineering, contractors' costs, design costs, replacement of fixtures, furniture and equipment and reasonable legal fees and cost of issuance. WKU shall serve as the contracting entity for the Project and shall undertake the Project consistent with the plans and specifications submitted to and approved by City. The City shall have no liability for any costs that exceed the funds available from the Bonds. All renovations and improvements made under the provisions of this Memorandum of Agreement shall be made under the supervision of a construction manager and shall comply with all applicable federal, state and local laws and regulations. The City shall have the right to make inspections of the Project at reasonable times during construction. All invoices for payment shall be reviewed and approved by the construction manager and WKU and shall be forwarded to City's department head for the Department of Public Works. Upon City's approval, City shall direct that the appropriate amount of Bond proceeds be paid to WKU and WKU shall be responsible for payment to the various contractors.

6. Covenant to Impose and to Transfer Funds to City. After authorization for the construction and the use of Student Athletic Fees is granted by the Kentucky General Assembly and other State agencies and officials as may be required, the Board of Regents of WKU agrees and covenants to impose throughout the term of the Bond issue the Student Athletic Fees in amounts not less than the principal of and interest on the Bonds and associated administrative costs and expenses incurred by the City and to appropriate and to pay to the City the Student Athletic Fees it collects, and HAF covenants and agrees to pay to the City all net revenue it receives from the rentals of suites (defined as annual suite rental minus annual HAF contribution) and all revenue it receives from the naming rights to the newly renovated E.A. Diddle Arena throughout the entire term of the Bond issue (all such payments being referred to collectively as the "Project Payments"). All payments to the City of the Student Athletic Fees shall be made on a schedule determined by the City in its sole discretion. Any of the Student

Athletic Fees that are determined by the City, in its sole discretion, not to be needed by the City in any year of the Project shall be returned to WKU. All payments to the City of the suite rental and naming rights revenues shall be made on a schedule agreed to by the City and HAF. None of the indebtedness can be assigned or transferred, directly or indirectly, to the Commonwealth of Kentucky.

7. **Model Procurement Code.** WKU shall adhere to the applicable provisions of the Kentucky Model Procurement Code on the Project.

8. **Prevailing Wage.** All services performed on the Project shall be subject to the applicable provisions of the Kentucky prevailing wage law, KRS 337.505 through 337.550.

9. **Commitment for Revenue.** WKU covenants and agrees to maintain the Student Athletic Fees in amounts not less than the principal of and interest on the Bonds and associated administrative costs and expenses and such other amounts as may be required by the City as contemplated by this Memorandum of Agreement throughout the term of the Bond issue.

10. **Records.** Upon written request, City, HAF and WKU shall provide to each other or to any competent authority of the Commonwealth of Kentucky, including without limitation, the Finance and Administration Cabinet, the Council on Postsecondary Education, the Legislative Research Commission, or Auditor of Public Accounts, access to any financial or operating records maintained by or on behalf of the City, HAF or WKU relating to the Property.

11. **Repairs, Maintenance and Replacements.** The Property shall be repaired, maintained or replaced by WKU at its sole expense in the following manner:

A. **Maintenance.** WKU shall maintain the Property in good repair and condition and in conformity with all federal, state and local requirements and shall make or cause to be made routine repairs and maintenance.

B. **Repairs.** WKU shall use its best efforts to cause the Property to be maintained in good repair, including but not limited to, cleaning, painting, decorating, plumbing, carpentry, heating, ventilation, air-conditioning, grounds care, and such other maintenance and repair work as may be necessary.

12. **Indemnification.** WKU shall indemnify and hold harmless the City and HAF from any liability, including attorneys' fees and court costs, resulting from any claims, actions or suits related to claims for damages in or related to Diddle Arena or any of the other Project locations

Such policy or policies of insurance may be obtained through the State Risk and Insurance Services of the Department of Insurance for real estate and properties owned by the Commonwealth of Kentucky. WKU shall act in a prompt manner in connection with the making of any claims and the collection of any insurance money that may be due and shall execute and deliver such proofs of loss and other instruments that may be required for the purpose of obtaining the recovery of any such insurance monies. Any funds collected from insurance coverage shall be used to make repairs to the Property and, if not used to make repairs, any funds collected shall be applied towards the Bond debt. Should WKU fail to maintain the insurance coverage required above, the City may, at its discretion, purchase and maintain the required insurance and the cost of such insurance shall be considered part of the next Project Payment.

14. Facilities Usage Policies. WKU shall establish policies relating to the use of the Property, including, but not limited to, policies relating to public access, drugs, smoking, weapons, public availability to the property and related policies. All such policies shall comply in all respects with all applicable laws and regulations and shall be subject to notification of the City. If the City takes no action to disapprove any such policy within 20 days of receiving notice, then such policy will be deemed approved by the City.
