Executive Council Minutes October 19, 1998

Attendance: Stephanie Cosby, Chad Lewis, Carleton Ruminer, Brad Sweatt (present over the phone), and Matt Bastin.

Agenda:

Discussed with Carleton about how expenditures come out of the budget and get reported to Congress. Carleton stated that he was unaware of the computer system that keeps up to date records in Scott's office. Carleton also passed out to everyone their stipend from the SGA budget.

Matt brought up the fact that Amanda Kirby has been unable to secure very many donations to the float and that money is going to have to be spent if we want a float. Chad mentioned that he did not think it was good idea to sponsor a float when money could be spent better elsewhere. Matt stated that we had already committed our self to build a float and we were the sponsor of the whole stationary float contest. It was agreed that if money is to be spent a bill must be written for congress. Chad is going to contact Amanda Kirby and inform her.

A cooker has been rented for this weekend, and the pig is going to be here for Saturday.

New Business:

Resolution 98-4-F *Repairing Pot-Holes in Big Red Way* was discussed and passed by a vote of four to zero.

Resolution 98-5-F *Installation of Lighting in Big Red Shuttle Stops* was discussed and passed by a vote of four to zero.

Resolution 98-6-F *Placing a copy machine in Grise Hall* was discussed and passed by a vote of four to zero.

Bill 98-4-F *Sponsoring of Women of Western Conference* was discussed with great detail and passed by a vote of three to two.

Respectfully Submitted,

Matthew D. Bastin
VP of Administration
