## MEMORANDUM

TO: Dr. Charles Kupchella, Dean of Ogden College  
Dr. Kevin Charles, Director of Health Services  
Dr. James Dunn, Health and Safety Department Head  
Mr. Howard Bailey, Dean of Student Life  
Mr. Scott Taylor, Director of Student Activities and  
Organizations

FROM: Amos E. Gott, ASG President *Amos*

SUBJECT: Associated Student Government Resolution 89-03-F

DATE: November 2, 1989

The enclosed resolution concerning classes on sexually transmitted diseases has been passed by the Associated Student Government on October 31, 1989. Please take the time to review this resolution. A formal response is requested from you within two weeks stating the possibility of enacting this resolution 89-03-F. After the two week period, the responses will be reported to Congress. At this time, Congress will decide what steps to take next.

MEMORANDUM TO: Mr. Amos Gott  
ASG President

FROM: Mr. Howard E. Bailey *HEB*  
Dean of Student Life

SUBJECT: Resolution #89-03-F  
Class on Sexually Transmitted Diseases

Please be advised that I have read and studied resolution #89-03-F and feel that there is a lot of merit and need for greater exposure to information pertaining to sexually transmitted diseases. While I am not in a position to determine the actual development of the class, I would be more than happy to participate in whatever way I can be helpful.

MEMORANDUM TO: Mr. Amos Gott, President  
Associated Student Government

FROM: Charles E. Kupchella, Dean   
Ogden College of Science, Technology and Health

I have forwarded your note to the Heads of the Departments of Biology Health and Safety and Nursing. These would be the logical possibilities for the course you outlined. We will consider this resolution at our next curriculum committee meeting on December 7, 1989.

December 4, 1989

To: Amos E. Gott, ASG President  
From: Kevin E. Charles, <sup>KEC</sup> Director  
Re: ASG Resolution 89-03-F

In response to your memorandum of December 2, 1989, I support ASG Resolution 89-03-F regarding establishment of an academic course on AIDS and other sexually transmitted diseases. In addition, please be advised that the University's committee on HIV/AIDS, which I chair, has agreed to recommend to the President that this resolution be supported. Of course, he would have to discuss it with appropriate members of the faculty before any action could be taken.

I ask you to remind students that such a class would be but a small component of a comprehensive HIV/AIDS education effort. A worthwhile education program would also include considerable energy on the part of students to educate their peers in this area.

Toward that end, I hope to develop a peer sexuality education program if/when I obtain the resources to do so. Your assistance in identifying interested individuals would be appreciated.

MEMORANDUM TO: Mr. Amos Gott, President  
Associated Student Government

FROM: Charles E. Kupchella, Dean   
Ogden College of Science, Technology and Health

Your request that a course on Acquired Immune Deficiency Syndrome and other sexually transmitted diseases be considered was discussed at our recent Curriculum Committee meeting. The points made in that discussion have been sent to the Heads of the Departments of Biology, Health & Safety and Nursing for consideration. If such a course were to be developed it would likely come from one of these Departments.
