

Executive Council Meeting, Tuesday, September 4, 2007, in the Student Government Association Main Office.

Officer Reports

President—Jeanne L. Johnson

- Kayla Shelton please talk to Nate Eaton to decide which project he is planning on doing this semester, the new Shuttle Stop or the Recycling Bin. We have the funds to do both, we need to know which one Campus Improvements wants to be responsible for.
- We all need to do our best to get to know the new senators.
- Any and all Exec Board issues need to come to me. If it is staff related, Skylar Jordan or myself. If it is Senate related talk to Shelton.
- Kathleen Hennessey will be preparing the office before next week's Senate meeting so committees can meet in the Main Office.

Executive Vice-President—Johnathon F. Boles

- Will be finalizing the reservation at Lake Cumberland this week.

Administrative Vice-President—Cherieth L. Lineweaver

- Will give Organizational Aid packet to Hennessey for Main Office.
- Meggan Selzer has requested to take the Resident Student spot on the Parking and Transportation Committee.

Chief of Staff (Pro-Temp)—Skylar Jordan

- I had University Senate Exec Meeting today. Plus/Minus is coming back. The same two faculty members are running for Faculty Regent. I would like to sit on the new Diversity Committee that University Senate is creating. The curriculum of the course University Experience will be revisited.
- Am hiring a new office associate and should have one by next week.

Director of Public Relations (Pro-Temp)—Liz Goddard

- Will put a Facebook.com advertisement for the Senate Elections.

Director of Academic and Student Affairs (Pro-Temp)—Reagan Gilley

- I need to set up meetings with some administrators. Please contact me when a good time for you so we can go together.

Director of Information Technology (Pro-Temp)—Vacant

Speaker of the Student Senate—Kayla W. Shelton

- I have decided that the Executive Council can ask technical questions concerning legislation; however, I do not want Exec to debate. If there is something that you feel is extremely important that the Senate needs to know, then a Point of Information can be used to make a point.

- Boles will be Inner-room Chair for the Legislative Research Committee until we find someone. I want this person to be experienced and to have an understanding for how our Senate works which is why I am uncomfortable nominating a first-year senator for LRC.

Attendees:

Johnson
Boles
Lineweaver
Jordan
Goddard
Gilley
Shelton
