TO: JEFF YOUNGLOVE
UNIVERSITY RELATIONS COORDINATOR

FROM: SGA EXECUTIVE COUNCIL

Dear Mr. Younglove,

Bill 93-10-F, Information Televisions in DUC, was passed at our November 23, 1993 meeting. We wanted to be sure that you had a copy of this Bill and know the logistics of what we are proposing to do.

The Student Government Association will allocate \$750 to purchase the two televisions to be placed in the Downing University Center. These televisions will display the InfoRed Channel, that is currently on Western Cable, to inform students and visitors of current events and happenings on Western's campus. This will be a great benefit to students and to visitors of our campus.

If you have any questions or concerns please contact Donald Smith or any of the SGA executive officers at 745-4354 or at the SGA office in the Downing University Center.
