R.E.: PHONE IN CHERRY HALL

Dear Mr. Wiltshire,

Resolution 93-15-F, Phone in Cherry Hall, was passed at the November 30, 1993 Student Government Association Congress meeting. The students have voiced a concern about Cherry Hall being one of the only academic buildings without a campus phone available for student and faculty use.

Cherry Hall is one of the most frequently used academic buildings on campus. It is a great inconvenience to students and faculty to have to walk to another building to use a campus phone. If there are specific reasons why a campus phone has never been installed in Cherry Hall or problems with the installation of a campus phone in the lobby, please inform us of any information that we could relay to the students.

We thank you for your time and consideration of our resolution. Please contact us and let us know if you can help us implement this resolution or of any suggestions or concerns that you may have.

FACILITIES MANAGEMENT ADMINISTRATOR**

FROM: SGA EXECUTIVE COUNCIL

Dear Mr. Johnson,

Resolution 93-14-F, Installing Lights Between Gilbert Hall and the Central Heating Plant, Resolution 93-15-F, Phone in Cherry Hall, Resolution 93-15-F, Fourteenth Street Crosswalks, and Resolution 93-17-F, Improved Lighting have been passed at the Student Government Association's Congress meetings.

Each resolution is an important concern that has been voiced by the students. As you can see, lighting is an important issue that has been brought up several times. We know that lighting improvement programs are being researched and we hope that these resolutions can some help to know the areas that students see as dangerous.

The Fourteenth Street Crosswalks Resolution is an important safety need that has been brought to our attention. Many students cross this road to go to stores in the Hilltop Shopping Center and find it very difficult and dangerous to cross. If you can help us in this matter in any way please inform us of steps to be taken.

And finally, the Phone in Cherry Hall Resolution is a need for a campus phone in the lobby of cherry for students' convenience. There is already a pay phone; however, a campus phone would help out students who only need to make an on campus call and perhaps do not have the necessary change to use the pay phone.

We thank you for your time and consideration of our Resolutions. If you have any questions or concerns, please contact any of the Executive Officers at the SGA office. Please inform us of any actions taken or other measures we may use to help see our Resolutions be enacted.
