**COLLECTION NOTE**

This collection includes information collected by the Bowling Green Planning and Zoning Commission in 1979 and 1980 about properties in downtown Bowling Green, Kentucky; this is a very incomplete set but includes many commercial buildings. The material is arranged by tax block number; those represented fall between tax blocks 12 and 44, although the set is incomplete. Each block contains: 1) streetscape maps that feature footprints of individual buildings and structures as well as roads, alleys, outbuildings, trees, utilities, etc.; 2) land use sheets which include address information, activity taking place in structures, and other building information; 3) economic survey sheets that indicate owner information, total number of people employed within the structure, changes in employment status between 1977 and 1979, and annual payroll (typically blank); and 4) curb survey sheets that assess property conditions and abutting streets and curbs. Not all tax blocks represented have complete surveys.
