CAMPBELLSVILLE, KENTUCKY, A PROFILE

Location

Campbellsville is the county seat and largest city in Taylor County, a rural county located in the northern fringe of Kentucky's Pennyroyal area. Interstate Highway 65, a major north-south route, passes about 40 miles west of Campbellsville and provides high-speed access to the major metropolitan areas of Louisville and Nashville.

The Economy

Taylor County has a strong economy based on employment in manufacturing, trade, agriculture and government. Total county employment averaged 7,500 in 1967, including over 3,150 manufacturing employees. Manufacturing is rapidly increasing in importance and has almost doubled in employment so far during the 1960's. The local economy is productive and generated an effective buying income of \$7,150 per household in 1967.

Employment in the six-county area in which Campbellsville is centered is characterized by balance. In this area agriculture provides 9,700 jobs, manufacturing almost 5,400, and trades and services 3,800.

The outlook for continued economic growth in Campbellsville and the entire area is favorable. Campbellsville has strong local leaderships, community attitudes are good, the labor supply is productive and growing, wage rates are moderate, and industrial sites are available for industry. Campbellsville College adds depth to the educational structure.

Labor Supply

There is a current labor supply of 3,250 men and 3,300 women within reasonable commuting distance of Campbellsville. This supply will be augmented by 4,450 young men and 4,500 young women who will become 18 years of age during the next five years.

Industrial Sites and Services

An industrial park with complete utilities and served by a railroad spur is owned by the Taylor County Industrial Development Foundation. The park has a total of 186 acres of level to rolling land available or under option.

The transportation net places Campbellsville in a good position to reach major markets in the Midwest and South.

---Rail service is provided by the Louisville & Nashville Railroad.

---U. S. 68 and Kentucky Routes 55, 70, 210, 208, and 744 serve Campbellsville.

---Taylor County Airport, with a 3,000-foot paved and lighted runway, is located 1 mile northeast of Campbellsville.

Power and fuels are available in adequate volume. Gas is furnished by the Western Kentucky Gas Company. Power is available from Kentucky Utilities Company (total generating capacity 740,000 KW) and Taylor County RECC.

Recreation

Recreation is plentiful within easy driving distance of Campbellsville.

Lincoln's birthplace - a state park - is at Hodgenville, only 30 miles away.

Mammoth Cave National Park is within an hour's drive of Campbellsville.

Major college sports are played at Louisville, Lexington, and Bowling Green. These schools are usually in contention for national honors in basketball.

Louisville has a symphony orchestra and the Actors Theater, a full-functioning repertory company. Lexington has Centennial Theater, a summer stock company.

The Kentucky Derby at Churchill Downs on the first Saturday in May is only a 90 minute drive from Campbellsville.

THE LABOR MARKET

Population

The population of Campbellsville was 6,966 in 1960, a sharp increase of 100.3 percent over 1950. For the past five decades, Campbellsville has experienced a rapid rate of growth. A great portion of the growth in population can be attributed to the growth of industrial activity.

Taylor County has had a steadily increasing population since 1900, but at a slower rate than Campbellsville.

TABLE 1

POPULATION TREND, CAMPBELLVILLE AND TAYLOR COUNTY,
KENTUCKY ^{1/}

Year	Campbellsville		Taylor County	
	Population	% Change	Population	% Change
1900	1,341		10,075	
1950	3,477	159.2	14,403	42.9
1960	6,966	100.3	16,285	13.0
1968 ^{2/}			16,800	3.1

Characteristics

In 1967 total employment in Taylor County averaged 7,500. Major segments of employment are manufacturing (3,150), agriculture (1,400), trades and services (1,200), and government (375).

Industrial activity has increased sharply in the last 15 years. Manufacturing provides over 3,150 jobs. Apparel is the leading product with over 2,700 employed. Other leading products are metal products and foods.

Five industries have located new plants in the county during the 1960's. These new plants represented capital investments in excess of 4 million dollars and created new jobs for over 500 workers. During the same period four existing industries invested over \$2.5 million in expansions of plant facilities, adding over 950 new jobs.

TABLE 2

Reed Candy Co.	Candy	31	16	15
Union Underwear Co.	Men's and boys' underwear, infants wear	2,881	409	2,472

The six-county Campbellsville labor market area includes: Taylor, Adair, Casey, Marion, Larue, and Green Counties. In September, 1967, there were 5,300 employed in manufacturing. Major groupings of activities are shown in Table 3. Employment in apparel and metal products is concentrated in Campbellsville while foods and beverages and wood products are scattered throughout the area.

TABLE 3

MANUFACTURING EMPLOYMENT, CAMPBELLSVILLE
LABOR MARKET AREA, SEPTEMBER, 1967 ^{4/}

Industry	Employment
Total	5,375
Food and beverages	340
Apparel	3,497
Wood products	882
Metal products and machinery	128
Other	528

Wage Levels

The average weekly wage in all industries in Taylor County in 1967 was \$74.13. The average weekly wage in manufacturing was \$72.27. Comparable figures for Kentucky were \$104.50 for all industries and \$115.08 for manufacturing. All of the counties in the Campbellsville labor market area were well below the state average, leading to the tentative conclusion that workers can be recruited for jobs in the Campbellsville area at near the minimum wage level.

Some examples of specific occupational wage rates are: 5/

<u>Production Employees</u>	Wages Per Hour	
	<u>Starting</u>	<u>Prevailing</u>
Assembler, Sewing Machine Operator	\$1.60	\$1.75
Drill Press Operator	1.60	1.70
Inspector	1.60	1.70

Welder, Acetylene, Carbon, and Arc	2.00	2.70

<u>Office Employees</u>	Wages Per Hour	
	<u>Starting</u>	<u>Prevailing</u>
Bookkeeper or Accounting Clerk	\$1.60	\$1.75
Draftsman	2.00	3.75
File Clerk	1.60	1.70
Key Punch Operator	1.60	2.50
Receptionist	1.60	2.00
Secretary	1.60	2.25
Stenographer	1.60	2.25
Telephone Operator	1.60	1.90
Typist	1.60	1.65

Labor Organizations

Bargaining units representing Campbellsville firms are as follows:

The Amalgamated Meat Cutters & Butchers - The Kroger Company
 Workmen of North America, Local Union No. 227, AFL-CIO -

The Atlantic & Pacific Food Company

Teamsters, Local 783 - Carnation Milk Company - Parker-Kalon
 Company

IBEW, Local 463 - General Telephone Company

Labor Supply

There is an estimated current labor supply of 3,250 men and 3,300 women in the Campbellsville labor market area. By 1974, 4,450 boys and 4,500 girls will become 18 years of age, and will augment this labor supply. The current labor supply includes estimates of unemployed, underemployed, and persons who would enter the labor force if jobs became available.

TABLE 4

CURRENT AND FUTURE LABOR SUPPLY, CAMPBELLSVILLE
LABOR MARKET AREA

County	Current Labor Supply ^{6/}			Future Labor Supply by 1974 ^{7/} (Becoming 18 Years of Age)		
	Total	Male	Female	Total	Male	Female
Labor market area	6,580	3,280	3,300	8,969	4,470	4,499
Taylor	600	400	200	1,587	807	780
Adair	1,300	550	750	1,502	725	777
Casey	1,500	950	550	1,469	683	786
Green	1,030	380	650	1,129	579	550
Larue	1,400	550	850	1,139	582	557
Marion	750	450	300	2,143	1,094	1,049

The highway network and relatively close population centers of this area are conducive to commuting; however, the number of workers who would be available for jobs at Campbellsville would depend on a number of factors including wage rates and working conditions.

Income and Sales

The 1967 effective buying income in Taylor County was \$35,036,000. Income per household was \$7,150 with 50 percent of all households in the \$5,000 or above income class. Retail sales totaled \$23,898,000. ^{8/}

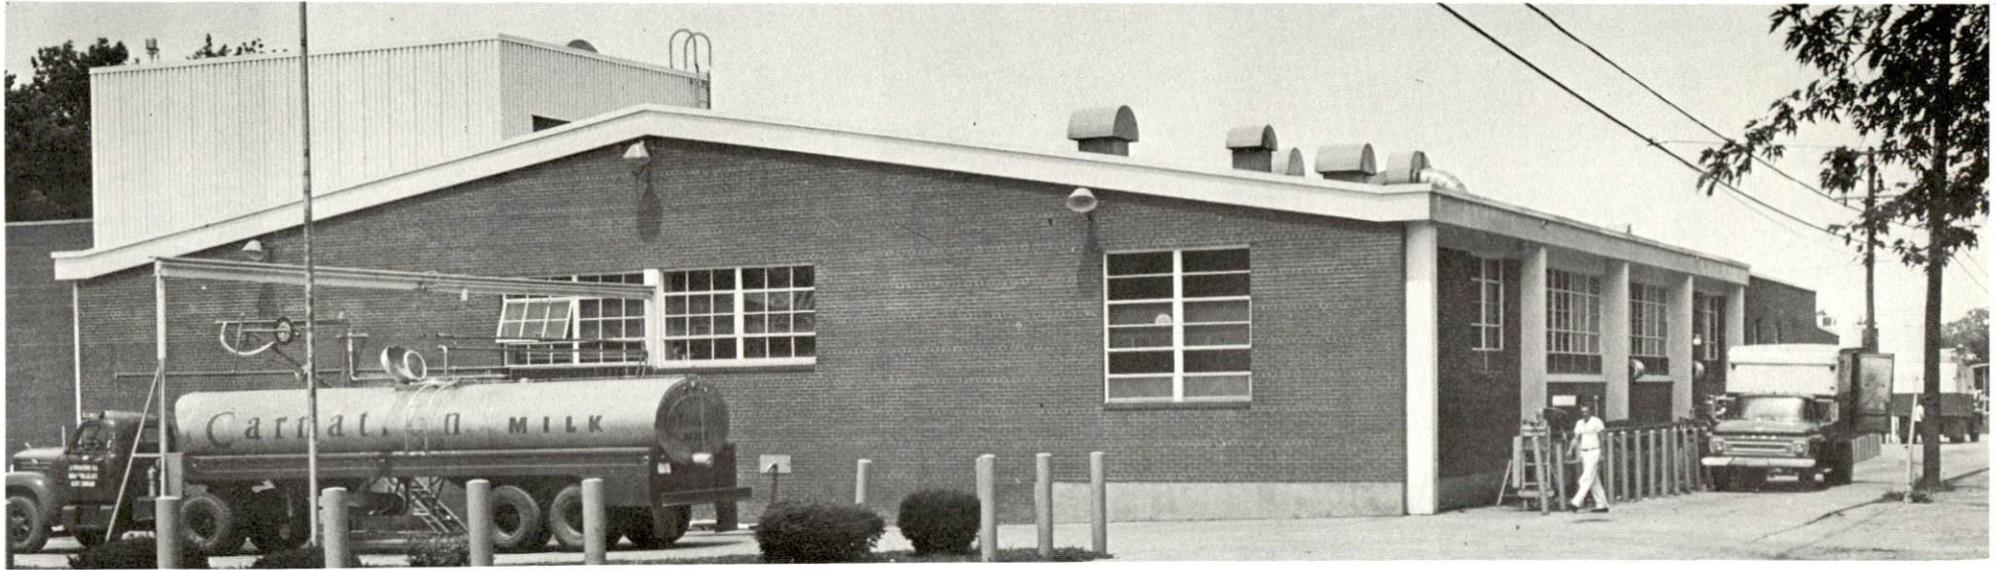

In 1963 there were 224 retail trade establishments in Taylor County, 182 of which were in the City of Campbellsville. ^{9/}

UNION UNDERWEAR COMPANY

CARNATION MILK COMPANY

PARKER-KALON FACTORY

REED CANDY COMPANY

EDUCATION

The educational system within the Campbellsville labor market area has the facilities to produce a trainable labor force for future industrial growth.

Elementary and High School

The Campbellsville Independent School District has an elementary and a high school. The 1967-68 enrollment totaled 1,533 students, with 69 teachers. Special personnel includes 3 principals, 4 physical education teachers, 1 music teacher, 1 home economics teacher, 3 librarians, and a full-time counselor.

The 1967-68 budget was \$604,222, and \$250,000 in construction is planned for 1968.

A 1,000-seat auditorium and band hall was completed in 1965.

The Taylor County School System has a total of 81 classrooms in its elementary and high school. The 1967-68 budget was \$1,114,000.

Our Lady of Perpetual Help Elementary School has 66 students and 4 teachers with a student-teacher ratio of 16-1.

TABLE 5

Vocational Schools

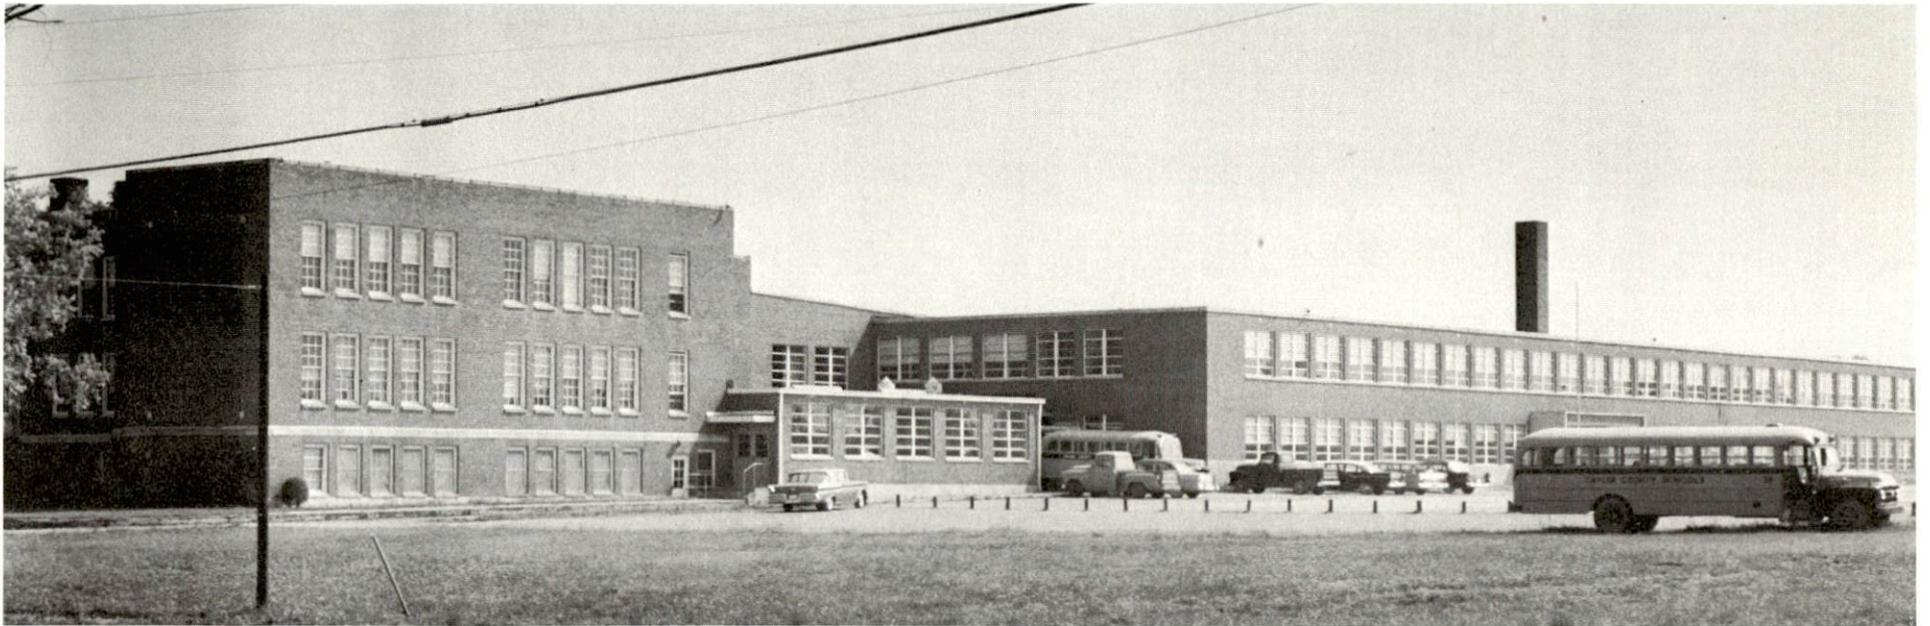

Campbellsville is served by the Green County Area Vocational School, Greensburg, Kentucky, 11 miles distant. Courses offered include: auto mechanics, electronics, machine shop, printing, woodworking, and radio and electricity.

Colleges

Campbellsville is the home of Campbellsville College, a four-year coeducational institution, which was founded in 1906. Degrees conferred include B.A. and B.S. The school is currently involved in an extensive building program. An approximate \$1,250,000 of construction was completed in 1967. Future plans include a new gymnasium and student center to be completed at an approximate cost of \$1,560,000. Student enrollment is presently 1,029 and increasing annually.

Other institutions of higher learning in the Campbellsville area include:

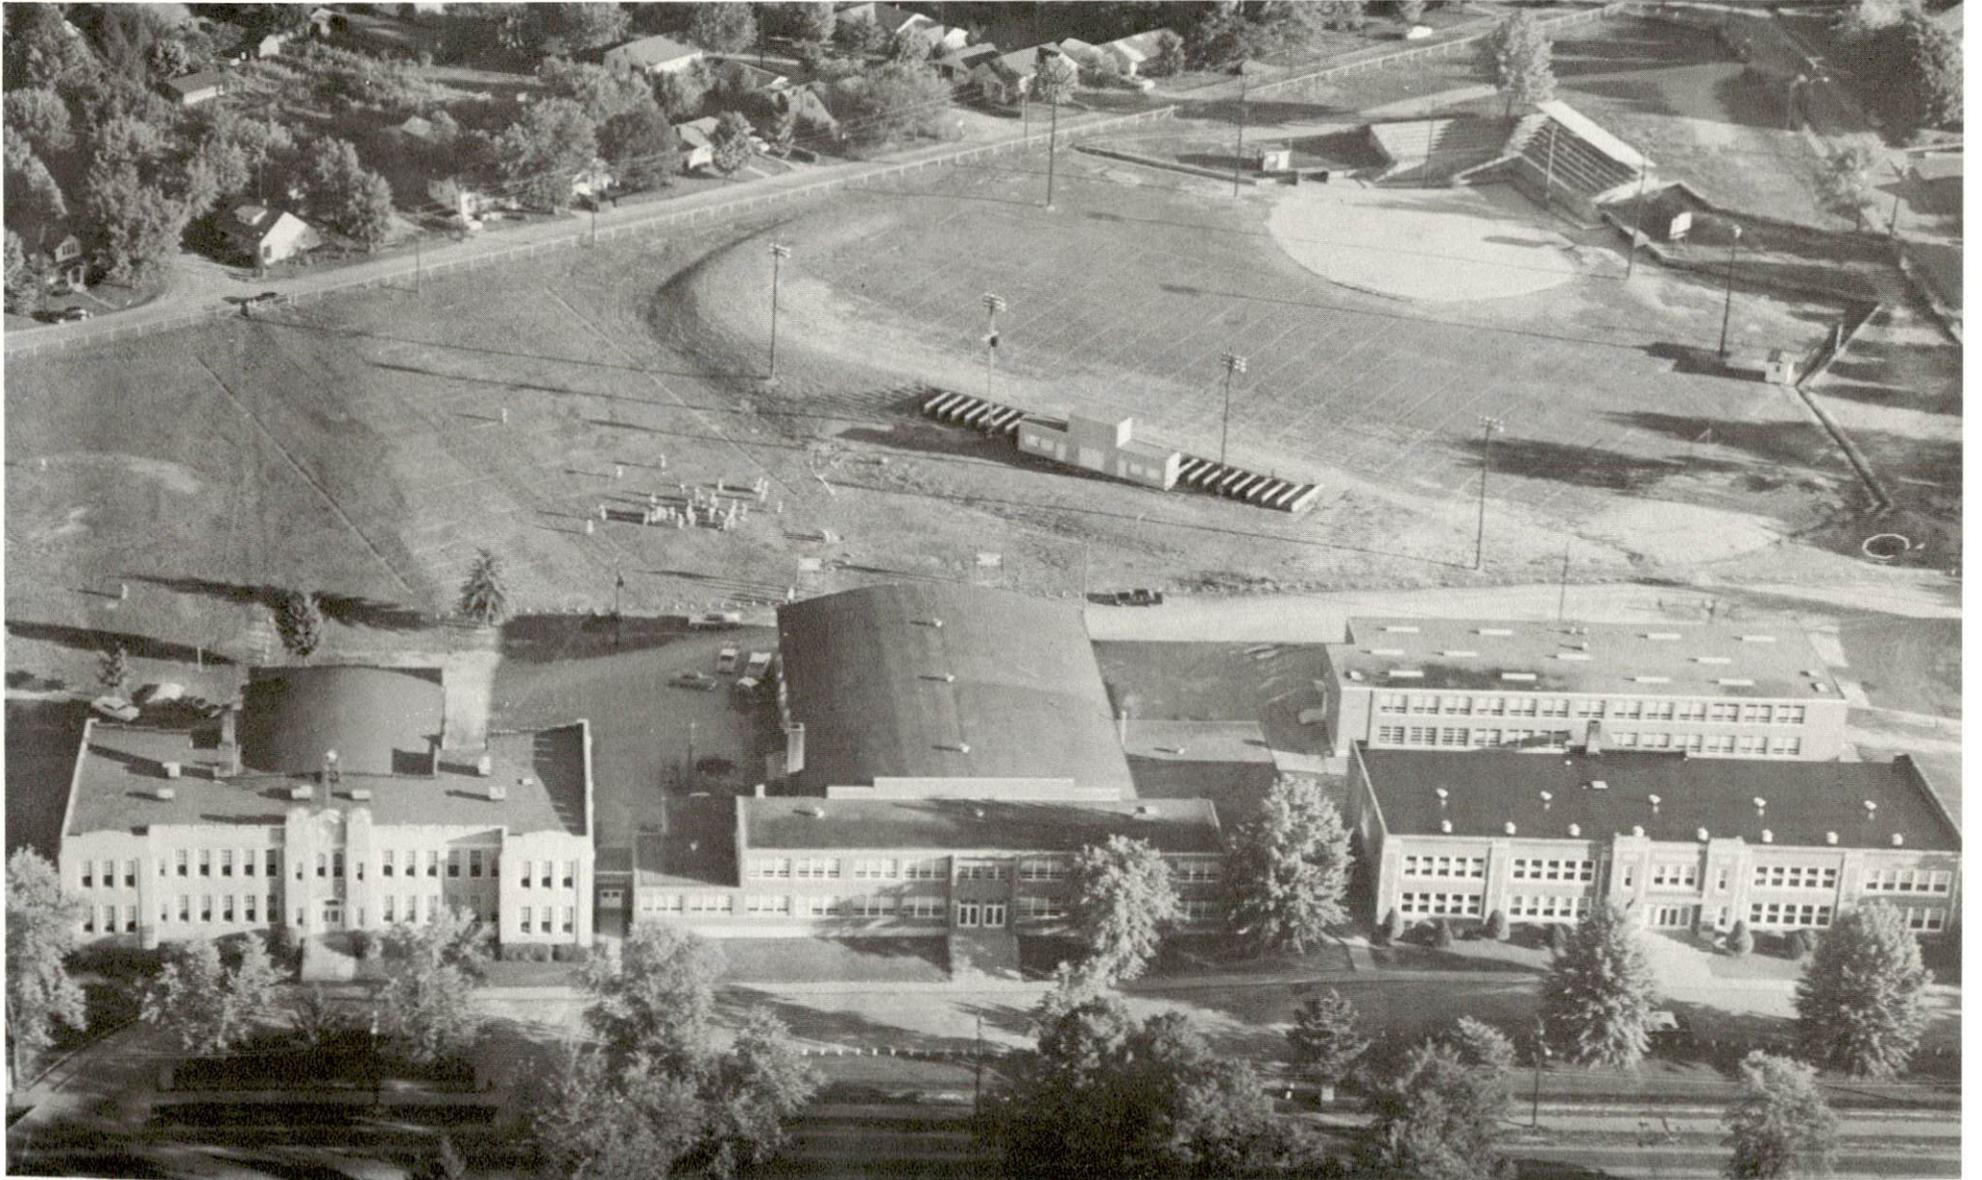

Lindsey Wilson Junior College, Columbia, Kentucky, 20 miles
St. Catherine Academy Junior College, Springfield, Kentucky,
28 miles
Community College, University of Kentucky, Elizabethtown,
Kentucky, 40 miles
Centre College, Danville, Kentucky, 50 miles

TAYLOR COUNTY HIGH SCHOOL

CAMPBELLSVILLE HIGH SCHOOL

CAMPBELLSVILLE COLLEGE

TRANSPORTATION

Rail

Campbellsville is served by the Louisville Division of the Louisville & Nashville Railroad, which operates between Lebanon and Greensburg. There are two local freights daily, one northbound and one southbound. LCL service is not offered.

TABLE 6

RAILWAY TRANSIT TIME FROM CAMPBELLSVILLE, KENTUCKY TO: 11/

Knoxville, Tenn.	2	St. Louis, Mo.	3

Highways

Highways serving Campbellsville are U. S. 68 and Kentucky Routes 55, 70, 210, 208, and 744. A new highway that will generally follow the present route of Kentucky 55 is planned for construction by late 1969 or early 1970. The completion of this project will give Campbellsville an excellent access road to the Bluegrass Parkway, with the connection about 5 miles east of Bardstown.

Truck Service: The following truck lines serve Campbellsville.

<u>Company</u>	<u>Home Office</u>	<u>Type Service</u>
Central Motor Express	Campbellsville, Kentucky	Intrastate- Interstate
Ellis Trucking Company	Lebanon, Kentucky	Intrastate- Interstate

Air

The Taylor County Airport, located 1 mile northeast of Campbellsville, has a 3,000-foot paved and lighted runway with a 500-foot turf extension on either end. Two hangars, Unicom and ADF facilities, charter and rental services, and a restaurant are available at the airport.

The nearest major airports are Blue Grass Field, located in Lexington, 86 miles distant, and Standiford Field in Louisville, 84 miles distant.

Other Transportation Services

Southern Greyhound Bus Lines, Inc., serves Campbellsville with northbound and southbound buses daily.

Taxi service is available 24 hours per day.

POWER AND FUEL

Electricity

The Kentucky Utilities Company supplies Campbellsville with electricity. The Company has a generating capacity of 740,000 kw in its five generating stations and has interconnections with other major generating sources. Rates for industry will be furnished by the Company's Industrial Development Department in Lexington, Kentucky.

The Taylor County RECC serves 3,105 consumers in Taylor County, and 7,063 outside of Taylor County. East Kentucky RECC, with a present capacity of 276,000 kw and an additional 200,000 kw unit under construction, is the generating-transmission source. East Kentucky also has interconnections with other major generating sources. Rate inquiries should be directed to Taylor County RECC, Campbellsville, Kentucky.

Natural Gas

The Western Kentucky Gas Company, whose source of supply is the Tennessee Gas Transmission Company, serves Campbellsville. The supply is connected to the city by a 6-inch and a 4-inch transmission line. The btu content is 1,020, and specific gravity is .60.

Domestic Service Rates:

First	1,000 Cu. Ft. per month	\$1.50 per Mcf
Next	2,000 Cu. Ft. per month	.895 per Mcf
Next	7,000 Cu. Ft. per month	.725 per Mcf
Next	40,000 Cu. Ft. per month	.665 per Mcf
All additional		.595 per Mcf

Coal

Campbellsville is served by both the Eastern and Western Coal Fields. A representative delivery cost for coals can be determined for each district shown below. ^{13/}

<u>Point of Origin</u>	<u>Type</u>	<u>Freight Delivery Cost Per Ton</u>
Hazard District	Industrial &	
Eastern Kentucky	Domestic	\$3.61
Western Kentucky	Industrial &	
District	Domestic	3.49

WATER AND SEWERAGE

Water

The Campbellsville Municipal Water and Sewerage Company with a filtration capacity of 2,484,000 gpd supplies treated water to the City of Campbellsville. The peak daily use has been 1,500,000 gallons.

Raw water is treated as follows: prechlorinated, fluoridation, coagulated with alum and lime, filtered and postchlorinated. Distribution mains range in size from 2 to 12 inches and the average pressure is 70 psi.

An 86-acre lake serves as the source of raw water. Storage facilities include a new 1,000,000-gallon standpipe and two elevated tanks holding a total of 350,000 gallons.

Next	1,000,000 gals.	569.10	each additional	.40

Sewerage

The Campbellsville Municipal Water and Sewerage Company's sewerage treatment facilities include a digester and filters. The capacity of the system is 1,850,000 gpd, while the average daily flow is 500,000 gallons. Sanitary mains vary in size from 8 to 12 inches and the storm mains are 24 inches. Final discharge enters Buckhorn Creek. The digester was put into operation in 1962. Sewerage rates are shown on the following page.

AGRICULTURE-NATURAL RESOURCES-CLIMATE

Agriculture

The approximate total land area of Taylor County is 181,760 acres, with 84.8 percent of the area devoted to farming. In 1964, there were 1,447 farms in the county, with an average size of 107 acres, valued at \$199 per acre (including buildings).

Farm income in the county is largely from field crops, principally burley tobacco, supplemented by the production of cattle, hogs, and dairy products. The 1964 value of sales of all farm products totaled \$6,553,086, averaging \$4,529 per farm. Crop sales totaled \$3,604,801; livestock and livestock products totaled \$2,945,684.

In 1966, agricultural production in Taylor County included 4.9 million pounds of burley tobacco, 1.1 million bushels of corn, and 94,000 bushels of wheat. Livestock on farms on January 1, 1967 included 25,200 cattle and calves and 8,800 hogs and pigs. Milk cows on farms during 1965 averaged 6,900 head, with milk production for the year totaling 40 million pounds.

Mineral Resources

The principal mineral resources of Taylor County include petroleum and natural gas, limestone and clay. Residual conglomerates could possibly provide gravel for local road construction purposes.

Principal production of petroleum has been from porous lenses in the Laurel formation which lie at depths varying from 400 to 600 feet. Total production for the period 1957 through 1965 was 3,104,750 barrels. Production for 1965 amounted to 1,218 barrels.

Limestone occurs in sufficient quantities suitable for roads and general construction purposes.

Water Resources

Construction of the Green River Reservoir started in April 1964. The dam site is in Taylor County, 8 miles south of Campbellsville, and the reservoir will extend into Adair and Casey Counties. The reservoir will control the run-off from 682 square miles of drainage area. The dam will be an earth and rock fill structure, 141 feet high and 2,350 feet long. At

full pool, the total impoundment would be 723,000 acre-feet, and the surface area 19,100 acres.

Green River Reservoir will operate as a unit in the coordinated reservoir systems for flood control in the Green and Ohio River basins. The cost of the project was estimated in 1964 to be \$29,400,000, all Federally funded.

Forests

Taylor County has 68,000 acres of forested land covering approximately 37 percent of the total land area. Predominant species include oak, hickory, red cedar, beech and yellow poplar.

Climate

Campbellsville has an attractive year-round climate which is characterized by lack of extremes or severe changes.

The winter is short and mild and according to a 22-year record, 1.0 inch or more snow, sleet or hail falls an average of only 5 days a year. The snow rarely lasts longer than a few days.

Rainfall is sufficient for the needs of each season. The average yearly precipitation is 51.49 inches, well between the 20 inches indicating aridity and the 60 inches marking the limit of wetness. More rain falls during July and August than in most months, yet no month is exceedingly dry.

Sunshine is frequent with approximately 100 days clear, 105 partly cloudy and 160 days cloudy in the average year. The annual temperature averages 55.6° and the monthly average ranges from 30 to 78° F.

Prevailing wind is from the south. An average of 18 days a year have fog.

LOCAL GOVERNMENT

Structure

Campbellsville, a third-class city, is governed by a mayor who is elected for a four-year term and twelve councilmen who are elected for two-year terms.

Taylor County Fiscal Court is composed of a county judge and six magistrates who are elected for four-year terms.

Finance

The City of Campbellsville's estimated budget for the calendar year of 1968 is \$307,000. Bonded indebtedness outstanding of the city is approximately \$25,000 in revenue bonds and \$85,000 in general obligation bonds.

Taylor County's estimated budget for the fiscal year 1967-68 was \$154,666. Bonded indebtedness totaled \$395,000.

Taxes

Property taxes are the major source of income for Campbellsville and Taylor County. Property must be assessed at 100 percent of value under provision of the Kentucky Constitution. Net assessed value of property in 1967 was:

<u>Campbellsville</u>	<u>Taylor County</u>
\$23,243,304	\$86,500,000

Property tax rates for 1967 are shown below.

TABLE 8

PROPERTY TAX RATES PER \$100 OF ASSESSED VALUE
FOR CAMPBELLVILLE AND TAYLOR COUNTY, 1967 ^{14/}

Taxing Unit	Campbellsville	Taylor County
State	\$.015	\$.015
County	.165	.165
School	.598	.506
City	.250	
Total	\$ 1.028	\$.686

The City of Campbellsville also requires business licenses costing between \$25 and \$500 per year.

Campbellsville is empowered by state law to allow a five-year tax exemption from municipal taxation for new industry.

Planning and Zoning

Campbellsville has an active planning commission. Two projects that have been completed are subdivision regulations and zoning ordinances. A codes program has been approved.

Safety

Fire: The Campbellsville Volunteer Fire Department is staffed with 4 full-time employees, 1 part-time employee, and 23 volunteers. Major equipment includes: a 1,000-gpm semi-squad pumper truck, a 750-gpm pumper truck, three 550-gpm pumper trucks and a fully-equipped rescue truck.

Fire protection is provided to citizens of Taylor County for \$10 per annum. Campbellsville has a Class-7 NBFU insurance rating.

Police: The city has nine full-time policemen who utilize two radio-equipped automobiles. Four full-time radio operators and one full-time clerk are also employed.

Sanitation

Wet and dry garbage is collected by the city. It is collected weekly in the residential area and as needed in the business district. It is emptied into a city-owned land fill dump. Residential costs within the city limits are \$2.10 per month and \$2.50 for residents outside the city limits. Business rates are negotiated.

NEW CENTRAL SHOPPING CENTER

HEALTH

Hospitals

The Rosary Hospital, Campbellsville, Kentucky, is staffed by forty-three employees, including eight medical doctors, twenty registered nurses, and two licensed practical nurses. The hospital has thirty-three beds and twelve bassinets with facilities for major surgery, emergency treatment, and laboratory services. Other equipment includes an X-ray machine and EKG machine.

Nursing Homes

There is presently one 70-unit licensed nursing home in Taylor County and another is being planned.

Public Health

Campbellsville is served by the Taylor County Health Department. The staff includes seven full-time employees and three part-time employees.

The budget for the fiscal year ending June 30, 1968, was \$17,197.

OTHER LOCAL FACILITIES

Housing

There are between 25 and 30 rental houses available in Campbellsville. Twenty-seven new apartment units have been completed in Campbellsville, with 6 more units under construction and 16 planned. The construction cost of an average 3-bedroom brick house would range between \$13,000 and \$18,000.

There are 12 subdivisions currently being developed, with approximately 500 lots available for sale.

A 70-unit low-rent housing project has recently been completed at a cost of one million dollars. A 120-unit project is being planned.

Communication

Telephone: The General Telephone Company of Kentucky, whose district office is located in Campbellsville, is headquarters for six exchanges and nine toll centers. Direct distance dialing is not available at the present time. County-wide toll-free service is utilized by 5,521 subscribers.

Postal: Campbellsville has a first-class post office with 27 employees. Mail is received and dispatched two times daily via star route. There are five city routes. The postal receipts for the fiscal year 1967-68 totaled \$153,000. Recent renovation of the building cost \$217,000.

Newspapers: Campbellsville is served by two weekly newspapers, the Central Kentucky News published on Wednesday, with a circulation of 5,842, and the News Journal published on Thursday, with a circulation of 5,480.

Other papers are received daily from Louisville and Lexington.

Radio: Campbellsville radio station WTCO, an independent station, operates on 1,450 kilocycles from 5:45 a. m. to 10:00 p. m. daily. Power is 1,000 watts during the day and 250 watts at night. WTCO also operates an FM station at 103.9 megacycles.

Television: Reception from television stations in Louisville, Lexington, and Bowling Green, Kentucky, and Nashville, Tennessee, via a television cable is described as excellent.

Libraries

The Taylor County Public Library, located in Campbellsville, is staffed with two librarians. Physical facilities include three rooms. The library houses 5,000 volumes and is open Monday through Friday from 10 a. m. to 4 p. m. and from 8 a. m. to 4 p. m. on Saturday. The county area is served by a bookmobile.

Churches

There are at the present time 17 churches in Campbellsville representing the following denominations: Baptist, Catholic, Christian, Church of Christ, Church of God, Cumberland Presbyterian, Methodist and Presbyterian. There is a combined membership of 5,300 members with an average of 60 percent attendance.

Financial Institutions

<u>Bank</u>	<u>Statement as of December 31, 1967</u>	
	<u>Assets</u>	<u>Deposits</u>
Citizens Bank & Trust Co.	\$6,560,232.96	\$5,814,556.02
Taylor County Bank	6,595,051.41	5,992,092.92
<u>Savings and Loan Association</u>	<u>Assets</u>	<u>Shared Accounts</u>
Taylor County Federal Savings & Loan Association	\$19,986,826.45	\$18,478,808.81

Clubs and Organizations

Business and Civic: Chamber of Commerce, Jaycees, Kiwanis, Lions, Rotary, Ministerial Association, Campbellsville Little Theater, Medical Society and Community Concert Series

Fraternal: Masonic Lodge, VFW, DAV and American Legion

Women's: Business and Professional Woman's Club, American Legion Auxiliary, Junior Woman's Club, VFW Auxiliary, Eastern Star, Women's Club, League of Women Voters, and Daughters of the American Revolution

Youth: Boy Scouts, Girl Scouts, Brownies, Cub Scouts, Little League Football, Baseball, Basketball and Babe Ruth Baseball

Recreation

Local: Campbellsville has recently completed a new 40-acre recreational park, which includes a swimming pool, a softball park, a little league park and a picnic area.

Altogether the city has three lighted ball parks, four lighted basketball courts, a fourteen-lane bowling alley, and one indoor and one outdoor movie theater. The city lake and nearby Sportsman Lake are utilized by fishermen.

The Campbellsville Country Club, located on the outskirts of town has a nine-hole golf course, a clubhouse and a swimming pool.

Cardinal Park, located 3 1/2 miles from the city contains approximately 2 1/2 acres. Excellent picnicking facilities including tables and grills are available.

The Green River Reservoir, due for completion in 1968, is 7 miles south of Campbellsville and will have a 19,000-acre reservoir. The Kentucky Park Commission is planning a 29,000-acre full-facility state park adjacent to the reservoir.

Racing: Four meets a year are held in Lexington, 86 miles from Campbellsville - in the spring and fall for Thoroughbreds at Keeneland Race Course, and two for harness horses at the Lexington Big Red Mile Trotting Track.

College Sports: The intercollegiate athletic programs in football, basketball, and baseball at the University of Kentucky and Western Kentucky University are well known.

Other: The magnificent Mammoth Cave is only 60 miles from Campbellsville. All the splendors of the cave can be enjoyed including narrow, winding passageways and cave rooms with 200-foot ceilings. Dining, lodging and recreational facilities are also available.

Other area recreational parks, including Cumberland Lake and Dale Hollow Reservoir, are within 50 miles of Campbellsville. Here all major water sports can be enjoyed as well as camping and lodging facilities.

Recent Community Improvements

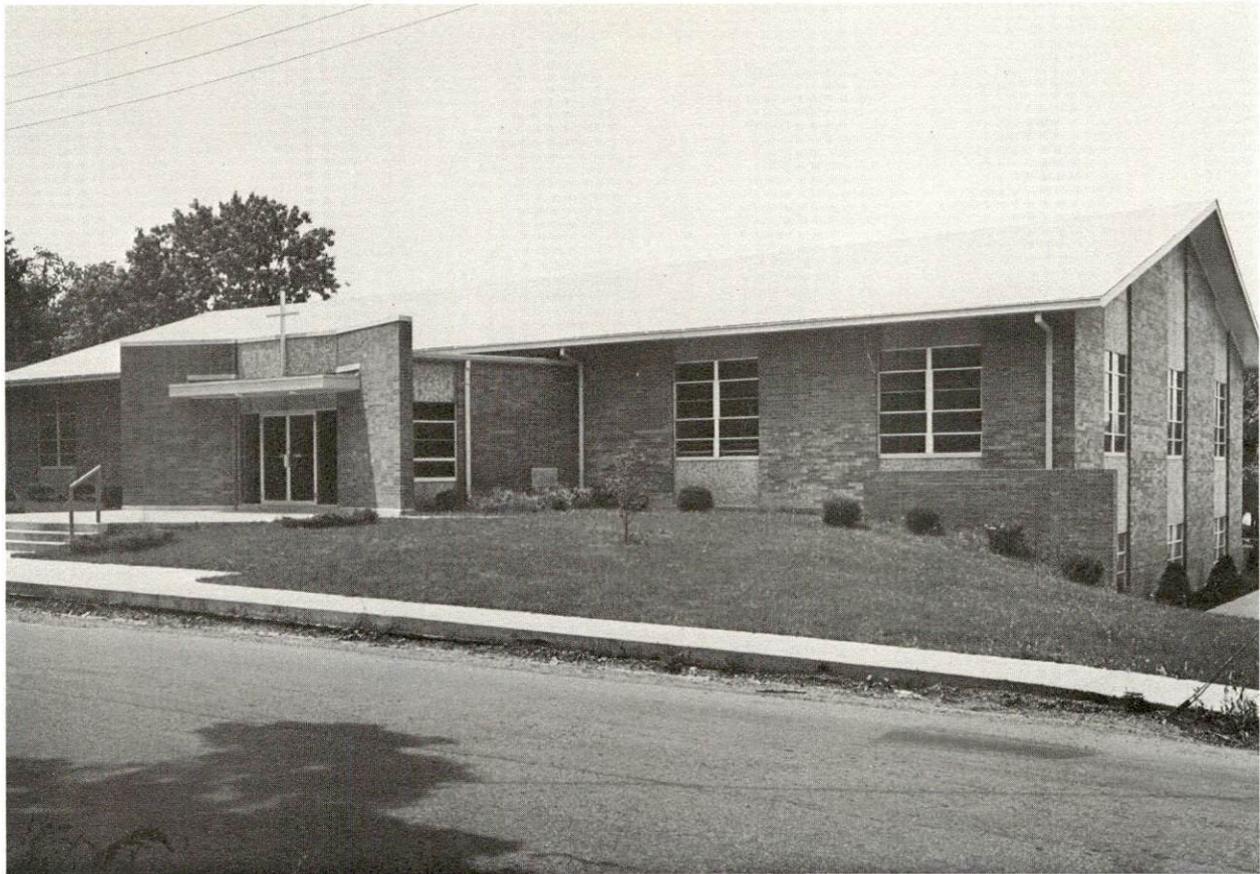

Public: A new 40-acre city park with lighted ball parks, a picnic area and other recreational facilities - a \$250,000 expansion of the city's disposal plant.

Business and Industrial: A new \$1 million Reed Candy Company plant - a new \$1.5 million shopping center.

Other: \$1,250,000 construction project completed on the Campbellsville College campus.

HISTORY

Taylor County, the 100th in the order of formation, was formed in 1848, out of the northeast half of Green County, and named in honor of then the most popular soldier of the Union, General Zachary Taylor, who later became the President of the United States. The first settlers of Taylor County were almost entirely from Virginia and North Carolina. Then, in 1869-70, about 150 families of thrifty Pennsylvania farmers settled in the county, and began to make their mark by substantial improvements in farming.

Campbellsville was the natural choice as the county seat, being the largest and only incorporated town in the county. In the early 1820's Campbellsville was a noted resort because of a sulfur well which was quite popular. It was famous even earlier, in pioneer days, as a deer lick.

During the Civil War, Camps Hobson and Andy Jackson were both established in Taylor County. On July 4, 1863, near the Green River bridge on the Lebanon and Columbia turnpike, occurred one of the bravest assaults but bloodiest repulses of the war -- the Confederate forces being driven off, with terrible losses, in only half an hour. The Union forces were under Colonel Moore, in command of a Michigan regiment. The Confederate forces were led by General John Hunt Morgan.

Campbellsville did grow slowly but surely, with a population of 122 in 1830, 436 in 1850, 446 in 1860, and 512 in 1870.

By the 1930 census Campbellsville had a population of 1,932 with 1,000 more residing in the suburban area outside the city. It was by now the center of a wide trading area. The sales yards operated by the Taylor County Stock Yards Company were said to surpass in size and importance those of any Kentucky town of similar size. The town had two banks with nearly \$2,000,000 on deposit. Over \$500,000 was said to be represented in the edifices occupied by six church congregations; a record, it was believed, not duplicated by any other town of like size in the state. The town had two leading weekly newspapers, "The News-Journal" and "The Taylor County Star," both known state-wide. Numbered among the business enterprises of the city in that year were two wholesale houses, one hotel, two large lumber manufacturing and supply plants, and a cooperage plant.

Campbellsville was also a shipping point for poultry, cream and livestock. There was a cheese factory, ice plant, ice cream factory and axe handle factory as well as a Coca-Cola bottling plant, and a John G. Epping bottling plant. There were more than 125 business firms within the city limits, doing an annual business of nearly \$3,000,000.

Campbellsville has also become the location of the Campbellsville College, which is administered under the auspices of the Baptist Church.

In recent years a garment factory with a total employment of almost 3,000 has located in Campbellsville, along with several other plants. Highway improvements and construction of Green River Reservoir are other major developments.
