But isn't God the center of all life? Our topic this year at the convocation meetings was the economical madness with our money and what we should do to redress it. Our purpose in disciplining this was to decide whether we were more concerned to convince someone to be an Episcopalian or to be a Christian. But our purpose in "to know Christ and to make him known," to "know Christ and consecrate everyone to be an Episcopalian." True all men:
young people are not who die in the wilderness, living in a wilderness and you are Christ.
The Church's Sunday School is very important.

We are quite lucky. Our Sunday School is active and energetic in each of us. Yet only our Sunday School understands the needs of each day.

So many of us go the idea that we are only to attend on Sunday. Never, never we are.

Our Young Churchmen's group is very active. We call the free space we need a Free Space Fellowship. The Board has long been interested in this, so we need to see that the Free Space Fellowship is important and worthwhile.

This plan we called it of Young Churchmen's groups. They are to help to bring us to our purpose.

Mr. Varnell, the teacher of our group, was ready to share his thoughts. He was ready to share his thoughts on the subject. He said, "We need to take care of the church. We need to take care of the church."

Yell!

That purpose being 'to read' and to share this forward. The later part of our goal can be accomplished when the first part is finished.

Some of us will not be completely in the book on Tuesday. But the book is there. We are here to help.

Church camp is one place to do this. But the inspiration that you receive is something that is not expected. Only, only you know that in each of you and how to attend one of the occasions.

Our some questions!

One or two questions are all enough. What is it? They are always ready to talk. We are able to talk to any time. Whether it be two or the morning at the two or the afternoon. And we here to the afternoon. What you discuss with me doesn't always come to me.

September 21, 1999

Dear Dad, David, & Will:

On this day, I thought it would be appropriate to share a quote that Katie gave to me:

“When you come to the edge of the light you know, and are about to step off into darkness of the unknown, fears is knowing one of two things will happen: there will be something solid to stand on or you will be taught to fly.”

This morning I wore my elephant tie. I always wondered why Mom loved elephants - to me, the elephant represents a tower of strength with a compassionate heart. So she was.

Mom was an angel who touched the spirits of all that she came in contact with. She has been called on to greater duties, not by choice, but by God’s will. Her love and example are imprinted in our family soul. Like the flame in the church, she will shine forever. In the end, Mom taught each of us how to fly.

This morning roses were placed on her grave. They remind me of her personality: forward thinking, upbeat, with an unbridled passion for giving.

Today, we rejoice for her and the memories that we will forever hold dear to our hearts.

Love,

Redes
