My First game and Trip in Basket Ball.

I played my first basketball for Madison High at the Madison-Mt. Sterling game January 8, 1926. I entered in the fourth quarter and finished the game which resulted in our victory 14-4. The boys also won their game. My first trip was to London, January 23. We left on Saturday morning at 12:30, arriving there at about 4:30. We ate and stayed at the New Sipples Hotel. At seven o'clock we went to their gym which was very nice indeed. Madison's net teams lost to stronger and better teams but I guess they did the best they could. Immediately after the boys' tilt we left by bus, as we had come, and arrived at Richmond about 1:30 A.M. Everybody certainly enjoyed their trip, and so ended my first trip in basketball.

P.S. The events of the next trip which was to Paris were much more interesting than those of the previous trip. The journey was not as long and as tiresome as the one to London.

Shelton Saugley went with us as reporter for the Richmond Daily Register. But I don't know who he was reporting for coming back. I may say that Paris girls beat ours by four points as 8:5 the boys also after playing five min. to break a tie.

THE END

1927

Perhaps the most important and interesting things to me in this year were, graduation from Madison High School, a month's vacation in Georgia and enrolling at the University of Kentucky. Varied indeed are these.

To graduation we look for several years as a far off aim to be accomplished, but finding all too soon that it is realized. That becoming a page in our past we are engaged in the contemplation of some trip during the summer months. — Mine was spent in Savannah — "the Paris of the South, and Tybe Island," "Georgia's Playground." Savannah is a beautiful city and the chimes which are heard every evening at six o'clock are indeed sweet.

Back from there, the next thought was college. That step is one of the most important in one's life.

I entered the University of Kentucky September 13, 1927 which was the beginning of "Freshman week" and of my college course. — Thus 1927 was eventful in ways which concerned me.

Summers.

- 1927 - Georgia - Dyke, and fun - Bruce McMillan for a month - He wrote me 3 years later -
- 1928 - at home with nothing particular - Only occasional trips to Lexington. Ted Hughes, he moaned the foot of a lost girl but he married in Haverd & is a father now.
- 1929 - A month in Virginia with Billie Alamer. Shot & met my Waterloo with J.W. Gosse. Saw him again the next time at Billie's. Times pass - and so do men. Dora Shewalter and Ralph Taggart.
- 1930 - A week at Clifton. C. Yelton and L. Haselden played hide - & - seek for me. Liked that lots. Luke came over home lots after. Then to Atlanta for five weeks. Back thru Tex. & with Ches. Shot I wouldn't see him but I did. Plan to go back to college - the last fall. Guess I liked this summer best - but perhaps 'cause it's the last so far.
- 1931 - Stayed at home - anticipating my new - and first job
- 1932 - married - the first summer - we went to school at Peabody.
- 1933 - I stayed in Lancaster all summer - Stens went to Peabody. Saw him in June - again in August.
- 1934 - We came to Western - roomed at Diddle's.
- 1935 - We moved here in May - I went to Western during the summer
- 1936 - We went to R.S.U. to school for a nine weeks term.
- 1937 - We lived at Colonial Court. Stan taught; I stayed at Rome - and enjoyed myself
