LOUISVILLE, KENTUCKY 40208

COLLEGE OF ARTS AND SCIENCES
DEPARTMENT OF HISTORY

April 15, 1977

Professor William Buckman
Western Kentucky University
College Heights
Bowling Green, Kentucky 42101

Dear Professor Buckman:

At its regular meeting on April 6, the University Senate passed the enclosed Resolution and instructed me to send it to the chairpersons of the faculty Senates at the other state universities. Because I know you but not the names of your Senate Presidents, would you please forward this for me?

We hope, of course, to arrange some cooperative effort to achieve equal funding for all of us from the Council of Public Higher Education.

Sincerely yours,

Mary K. Tachau

Mary K. Tachau
President, University Senate

MKT:meg

Enclosure

*Phil,
for your info.*

RESOLVED: That this Senate agrees to work purposively to inform the community that the quality of education available to it depends on the programs of instruction of the University being funded on the same basis per student as similar programs are funded in every other university within the system of higher education in the Commonwealth.

The best means by which we may do this is the integration of our efforts with those being made by the President and the Board of Trustees, in cooperation with our friends in the community in all walks of life.
