RE: SENATE MEETING

The first Senate meeting will be Thursday, September 8, 1977, at 3:10 in the Garrett Conference Center Ballroom. At this time, I know of three items that will be on the agenda:

1. Consideration of the report of the ad hoc committee on university parking. (This report was tabled until this meeting.)
2. A decision as to what prior restraint, if any, the Senate wants to exercise over the written and/or spoken communications from the chair.
3. Status reports of the standing and ad hoc committees.
