"When Glasgow was authorized in 1799 to be established as the county seat of Barren County, the principal reason for its location was the Big Spring. A free flowing and plentiful water supply was essential for the location of a town. The Big Spring, near John Gorin’s cabin was chosen by public vote over another site three miles away offered by Richard Garnett. In the early days the Big Spring was a congregating point as the townspeople came to get water and to cool their milk, butter, meat and other foodstuffs. The Big Spring was an important feature in Glasgow’s life for over a century. Eventually private wells and a central water system made the Big Spring obsolete. It was then covered over by a parking lot and more recently by a parking building. Today, it is no longer visible"........ Cecil Goode

Peter Bast enlisted 6 Aug 1776 as a private in the First German Battalion Continental Troops under Colonel Nicholas Haussegger in Captain George P. Keeport's company, which was composed of men from Maryland and Pennsylvania. I believe he was the same Peter Bost who signed the Oath of Allegiance and Fidelity to Maryland in Frederick Co during the war.2

On 17 Feb 1785, he was married to Catherine Illspach by Rev. Charles Reighlie, in the Evangelical and Reformed Church, Baltimore, Md.3 I have not found the name Illspach anywhere else, and since several Albachs and Albaughs also signed the Oath of Allegiance in Frederick Co., I am of the opinion that this may be Catherine's true name.

By 1790 Peter and his family were in Lincoln Co., Ky., where he is listed as a taxpayer, 3 Apr 1790, and annually thereafter except where tax rolls are missing, with the name being variously spelled: Bast, Best, Baust, Bause, Bost.

The 1806 tax records list a Peter Bost with 400 acres of second rate land along the Dix River in Lincoln Co.; 1 white male over 21, and 2 white males 16-21. Females and younger children are not shown.

In 1807 Peter Baust had 500 acres of land (entered in the name of Jacob Stires). At that time he had 1 male over 21, and 1 16-21. In the same year, a David Baust is listed as a white male over 21. Presumably this is Peter's son who has now reached the age of 21, and would therefore have been born c 1785.

In 1808 Peter Bause is again shown with 500 acres. Valentine Bause is also shown, having reached the age of 21. He would thus have been born ca 1787.

The 1810 tax book has been lost, but in 1811 Valentine, David and Peter are all shown, and Peter has another male aged 16-21.

In 1812 we find Valentine, David and Peter again, with Peter having 2 males aged 16-21.

In 1815 Peter, Jr. appears for the first time. He must, therefore, have been born ca 1794.

In 1817, Peter has died, and his widow Catherine appears on the tax rolls for the first time.

Peter Bast, Sr., died 28 Nov 1816, the inventory of his estate being recorded 8 Sept 1817 in Will Book F, Lincoln County Wills, appraised by William Buncet, Jacob Meyers, and Godlep Smith. (This latter name I have seen elsewhere spelled Cutlip Smak!) Catherine Bast and David Bast were administrators. The will gives "to Catherine Bast her dower in land of Peter Bast 160 acres, including 70 cleared acres."

In the 1822 tax book we find David, Valentine, Peter Jr, Catherine, and Abraham. Also Peter is listed as guardian for the lands of Sally, Adam, Jacob, Moses and Isaac. These are presumably, the widow and children of the deceased Peter. Abraham would have been born bet. 1796-1801.

The settlement of Peter Bart's (Bast's?) estate was recorded in Will Book G, 11 Feb 1822, and says the plat was divided into 13 partitions, with widow Bart's dower represented by the letters
PDEFNO. It is described as a very beautiful place almost surrounded by Dick's River.

The US census reports for those early years are also helpful:

1810
Peter Bast Males: 4 0-10, 3 10-16, 2 16-26, 1 45-up. Females: 1 0-10, 1 10-16, 2 16-26, 1 45-up.

1820
Catherine Bost Males: 3 10-16, 2 16-26. Females: 1 0-10, 2 16-26, 1 45-up.
David Bost Males: 2 0-10, 1 26-45. Females: 4 0-10, 1 10-16, 1 26-45.

1830
Catherine Bost Males: 3 20-30. Females: 2 20-30, 1 60-70.
David Bost (next door) Males: 2 0-5, 2 5-10, 1 10-15, 1 40-50. Females: 1 0-5, 1 5-15, 3 15-20, 1 30-40.

1840
Where is Catherine? She may have died, or may just have gone to live with a relative. At any rate the family has begun to disperse. David has removed to Mercer Co, KY, and Peter, Adam and Moses (?) are in Rails Co MO.

1831
On 21 May 1831, Catherine Bast or Best, age 60, signed an affidavit on behalf of Peter Woner, pension #R11140, at her home in Lincoln County, KY, saying that "she lived in the immediate neighborhood of the said Peter Woner, that she was well acquainted with him during the (Rev) war. That he served several tours of militia duty with her husband and one of his messmates. Her husband died in 1816 and that he was the same age as her husband." Peter Woner died 31 Mar 1834, age 80, and so he and Peter Bast would both have been born ca 1754.

There is also the "deposition of Elizabeth Furnoy or Furney, age 72, taken at her residence 11 Jan 1836 in Mercer Co KY, to be read in behalf of Ester Woner, deceased, that they were raised children together and educated in the same school, and well recollects of his ([Peter Woner]) entering the army under General Washington, in the company of Capt. Keper or Heapart or some such name and served at different periods, she is fully convinced that he was away from home during different tours, fully one year and six months. ---She well recollects he was under General Washington at the taking of the Hessians."

This establishes that Peter Bost of Lincoln Co KY was the Peter Bost who served under Capt. Keeport from the state of MD.

From all this we can say with some assurance that:
Peter Bast was born ca 1754, m 17 Feb 1785 to Catherine Illspach in Baltimore, MD. He died in Lincoln Co KY 28 Nov 1816. She died sometime after May 1834.

AND THEN THERE WERE . . .

Submitted by Lucille Holton Harp

Munfordville, KY

This article is dedicated to the memory of my mother, Mrs. Dorothy Line Holton, who researched the Holtons and the many related lines. We began researching together in 1977. She worked mainly on my father’s side of the family; my work was mainly on my husband’s line of Harp-Wilkerson (and related lines.)

Mother was born Sept 7, 1921, the daughter of Richard Elmer Line and Bird Alma Huff. She passed away Christmas Eve 1984. R.E. was born at Line’s Mill, KY, (named for his grandfather, Richard Piercefield Line). He attended school at Flint Hill in Hardin Co and Millerstown in Grayson Co, to the third grade. At 16, he moved to Munfordville, where he ran the telephone exchange. He was living on the Craddock Place when he met Miss Bird Huff, dau of John A. and Sarah Rucker Huff. They dated mostly at ball-games. When they married, they lived in Hart Co at Perryville. They also lived in Tanyard Hollow, Horse Cave, at the Depot in Munfordville and other places before moving back to their farm near Perryville. Their children were born at these various places; Mom was born at the farm. R.E. became a building contractor-carpenter, working on various structures all over Hart Co. He was born Sept 3, 1890 and died Apr 19, 1969, the son of Wm. David and Emma Margaret French Line. Bird was born in Raider Hollow July 15, 1892, and died July 21, 1974.

Being born on a farm, Mom helped with the field work as well as the housework. She walked the two miles to school each day, and back again. She attended school from 8:00 to 4:00 each day, with an hour off for lunch. She worked in the school lunchroom. There were 13 in her senior class, with only 11 graduating. She married my dad June 14, 1941.

Dad moved to the Lonoke Community from Mammoth Cave with his parents, Arthur and Lois Turley Holton in 1935. He was born May 13, 1922. He started school at Maple Springs, and also walked the two miles to and from school. His teacher was Miss Zula Demunbrum. He attended second and third grade at Little Jordon, with Miss Ora Smith (later Mrs. Maxey Reynolds) as his teacher. He recalls teachers Milton McCombs, Murrell Gentry, and Grace Hunt. He started sixth grade under Frank Crump in Hart Co., who taught him through the eighth grade. Mrs. Mayme Sego (Charlie Sego’s wife) taught him during part of his eighth year. He entered Munfordville High School with H.R. Riley, Principal; Mr. M.M. Botto, Agriculture; Ms. Robert Lee Beck, Math; Ms. Boucher (Mrs. Thomas Newman), Eng.; Prof. H.R. Riley, History; and Mr. Thomas Elmo Hodges Sr., Typing. In 1941, Dad, Paul Holton, graduated.

While on the farm, Dad raised tobacco, and used the profits to pay his way through school and to get married. He worked for Mrs. Harvey Ward and measured tobacco to support his family. In 1942 I was born, in March. In 1950 my sister, Rebecca, was born in May, after Mom and Dad moved to Louisville, KY, where Dad worked at Wood-Mosaic. Dad had also worked at Fort Knox in the Civil Service Dept. and the Cheese Plant in Munfordville. In 1951, they moved back to Munfordville, where Dad worked at Line Lumber Co in Rowletts. In 1966 he started work at Jenkins and
Essex in Elizabethtown, KY. Mom worked at Line Lumber Co. as secretary and then at Hart Lumber Co. at the Depot in Munfordville.

Mom wrote to people all over the United States. Stacks of mail, copies of genealogical histories, census data, notes, marriage records, family sheets, and related information attest to the fact. She reached points, as we all do in our research, where she could find no further information to tie the data she had together. But, she enjoyed thoroughly writing to, meeting, and working with the people she came in contact with as she researched.

The following is her research:

Arthur Holton, Nov 24, 1892-Nov 19, 1961, was the son of James M. "Dandy" Holton, May 22, 1853-Jan 20, 1930 and Mary Catherine Furlong, Dec 5, 1866-Aug 16, 1901. His brothers and sisters were Oscar who died when he was about 10, Emily b 1888, mar. Edward P. Gentry, Dan who died in France during W.W.I, Melvin who died soon after birth, Minnie mar. Wardie Kersey and Larkin Rich, and Roy.

James M's mother was Nancy. (She was listed with the family on the 1860 and 1870 Edmonson Co. Census). His brothers and sisters were: Martha, age 14 on the 1860 Edmonson Co. census, mar. Wm. D. Culliff, George W., age 9 on cen., mar. Julina Adwell, Sarah Sturgeon, and Levonia Furlong, Wm. Orville, born 26 Apr. 1856 mar. Appalona Lawrence, and Mary Eliz., born 24 Apr. 1861 mar. R.E. "Bob" Page.

Mary Catherine's parents were Wm. P. Furlong and Libona Blesamp Crump who mar. May 30, 1856 in Edmonson Co. Libona's parents were Wm. Crump and Nancy Brooks of Hart Co. Williams father was Joshua Crump, the first Sheriff of Hart Co., and his mother was Polly Patterson.

Eliza Jane Doyle's parents were Wm. C. Doyle and Adeline Shackelford. Her brother was Luther and her sisters were Sarah Francis, and Cynthia mar. James Dennison.
James Hulen Turley's line extends backward to Aaron Turley and Rebecca Hulen (father Andrew Hewling), to Ignatius Turley Sr. and Rachel, and then to Paul Turley and Sarah. Paul was born in 1705 and died in Fairfax Co., VA in 1772. He lived on Johnnymore Creek.

Wm. C. Doyle's line extends back to Samuel Doyle and Mary "Polly" Conley, to Gregory C. Doyle and Mary Gott, and then to Samuel Doyle who came from Ireland.

The 1860 Edmonson Co. census shows:

T.S. Hotten (should be Holton) 39 Farmer 150 Real Est. 500 Per. Est. Born KY.

I'm wondering if this John Holton is the father of Wm., and T.S.? Mom found these records on the name John Holton. (Does anyone have information relating to them? I understand Holton Valley at Mammoth Cave was named for a John Holton. Does anyone know who this John was?):

John Holton mar. Mary "Polly" Kelly Oct 27, 1810 Barren Co. KY, dau of Thomas Kelly. He was a Meth. Minister who attended Highland Meth. Ch. out from Cave City.

John mar. Rachel Age. He died in 1925. (no children)

John Holton bought 100 acres on Green River June 23, 1823 from Michael and Elander Clifford.

John - land to John Asher, July 1, 1846, 100 a., $100.00.
John and Mary Kelly Holton to John W. Slemmons, 2 tracts of 100 a. and 150 a. which he purchased from Matthew Garrison, June 13, 1850.

There were several related Johns in the Wm. Holton genealogy.

Helen C. Hadden, Rt. 4, Clintonville Road, Paris, KY sent a Holton coat of arms showing the Arms: Azure, three eagles displayed gules, the Crest: A scroll azure, the Motto: Labor omnia superat - "Labor overcomes all things", the authority: MacKenzie's "Colonial Families of the United States of America", Vol IV, and the Colors: a blue shield, red eagles, a blue scroll, a steel helmet, a wreath of gold and blue, and a mantling of blue lined in gold. Blue denotes loyalty, truth and a Godly disposition; red strength and courage, blue with red an aptitude to reprove villainy.

Martin vs Martin
Depositions in Case (abstracts)

Simon M. Settle - states that "Dr. Martin has been the family physician of my mother's family for several years. My mother owns a grist mill on Beaver Creek. Dr. Martin frequently got flour and meal from my mother - the greater part was gotten by persons living with Dr. Martin, some few turns were not." "The last flour and meal he got from my mother was in February 1852". "The general character of Mrs. Huffman in the neighborhood is not good."

John W. Button - "Dr. Martin has been my family physician for several years past and has resided two or two and a half miles from him when he resided at the Buck Creek Springs, whilst he resided at the Springs I let Dr. Martin have wheat and corn. I resided the greater portion of one summer at the Springs with his family. I think it was in the summer of 1844 and as for as I discovered he was kind and affectionate to his family." "Dr. Martin has been in the habit of drinking more than a man ought to. When my family was sick on one occasion I went for Dr. Martin and found him at Mrs. Huffman and he was some what intoxicated". "I never saw Mrs. Martin treat Dr. Martin badly. Dr. Martin told me last fall that the Buck Creek Spring was no longer his home that he had gone to his farm and that his wife could make that her home and if she desired it, at the time the conversation took place a family was living on Dr. Martin's farm but not occupying the dwelling house of Dr. Martin. I do not think there was a sufficiency of house room on the farm for the family who was living on it and Dr. Martin's family unless a lower room had a fireplace which it had not. Mr. Dolton, whose family lived on the farm, was a disepated man. Mrs. Huffman's general character for chastity is not good. Mrs. Martin's general character in the neighborhood for chastity is not good, she is considered high tempered and passionate.

I never saw anything improper in Mrs. Martin.

At the time Dr. Martin told me that he had left the Buck Creek Springs he assigned as a cause for doing so that Mrs. Martin's treatment to him was such that he could not live with her. I have said that Dr. Martin was frequently so intoxicated that I feared he did not know how to administer medicine to my family."

Lucy L. Spillman - "Dr. Martin has been my family physician for the last 4 or 5 years, during that time I done a good deal of sewing for Dr. Martin and made some cloths for his little son."

Samuel Read - "About three years since I lived with Dr. Martin at the Buck Creek Springs about a year - during the time I lived with him he provided well for his family. I some times went to mill for him and cut wood for the family. I always found Mrs. Martin a high tempered passionate woman. I have heard Dr. Martin and his wife jawring together. I thought she
did not treat him as she should, but I did not know while I lived with Dr. Martin, Mrs. Martin kept liquor to sell and would sell it to Dr. Martin. Dr. Martin appeared to love his children and was kind to his wife only when they were jowring. I have known Mrs. Martin to be absent from home of a night and leave her children with the negroes.

I have not very kind feelings toward Mrs. Martin. The reason why I have not kind feelings towards Mrs. Martin is because she has not treated me as she ought to have done."

William Hodges - "I have within the last 4 or 5 years been frequently at Dr. Martin's at the Buck Creek Springs and there saw a plenty for his family. Dr. Martin is esteemed in the county as a good physician.

Several years since Mrs. Martin bought some flour of me and I sent it to her. Mrs. Martin hired Mr. Madison to work in her garden and I saw him working in it. I paid Mr. Madison a pair of shoes for Mrs. Martin for work done for her. Mrs. Martin applied to me several years since to have wood for her but I did not do it for the reason that I had no waggon. I have seen Dr. Martin at the Merry Oaks at horse races (does anyone have info. on these races. If so please send it for future publication - Ed.) and thought that he drank too much while there. I saw Mrs. Martin some years since carrying on a horse. I boarded at Dr. Martin's about two weeks while I was sick and in that time he administered to me some medicine and the flour and shoes spoken of were paid for by that board. I have seen Mrs. Martin at the Races at Merry Oaks in company with other ladies"

Chilton Duff - "Dr. Martin was the family physician of Burkett Huffman for several years before his death, and there has been a good deal of sickness in the family since his death. I think Dr. Martin has been the physician of Mrs. Huffman since the death of her husband as I have seen him there frequently practising in the family. I have never witnessed any improper conduct on the part of Mrs. Huffman either with Dr. Martin or any other person. I saw liquor at Dr. Martin's over this last fall. I have seen Dr. Martin at Mrs. Huffman several times. Dr. Martin's medicines are in Jos. H. Holman's old store house in Rocky Hill."

Thomas G. Ritchey - "I rented a farm last year and also this year from Mrs. Martin in Buck Creek in Barren County known as the Newman place. Last year I lived on the farm with my family. Mrs. Martin's house is well furnished with furniture as far as I have seen. I bought spirits of Mrs. Martin last spring and have seen Dr. Martin purchase spirits of her. Dr Martin was at Mrs. Martin's this spring and he was drinking. Dr. Martin wanted to go into a closet to look for his saddle, Mrs. Martin refused to let him in and he said if she did not he would break down the door; she still refused and he broke down the door but did not find the saddle. I have heard Dr. Martin say that he never intended living with Mrs. Martin again. Near 12 months since Dr. Martin carried away from Mrs. Martin's some articles of furniture, it was late in the evening and at night. Some others were in company with the Dr. besides myself, we were all drinking pretty heavy and I got sleepy and went to sleep before they got through. Mr. Dolton who was
one of the company threatened to tie Mrs. Martin and carry her
over too. Dr. Martin was in the crowd whether he heard it or
not I can't say. I refused to go with Dr. Martin as I lived
on Mrs. Martins place, but Dr. Martin said if I did not stick
to him then he would never befriend me again. Dolton and his
family were living on Dr. Martins farm when the furniture was
removed from Mrs. Martins. The night the furniture was re-
moved from Mrs. Martins I heard Dr. Martin tell Mrs. Martin
that if she and the children would go over to the farm and
live there was plenty for them to live on - Dolton and his
family were living in the kitchen - there were two other houses
on the farm - one of them had no chimney. I took two or three
men to _and c Dr. Martins des and medicines. Mrs Martin
did not object to the removal of the medicines and furniture
from the shop - there were other things carried away besides
what was in the shop, but I do not know where they came from.
I have frequently been in Dr. Martins house in his farm since
the time illuded to and did see but one bed two or three old
chairs and his medicines and desk."

John Raines - "I am now living on Dr. Martins farm near the
Buck Creek Spring and there is a plenty of meat corn oats and
hay there. Mrs. Martin has sent there frequently and got corn
since last Christmas. She very frequently nearly every day
sends there and gets a horse - Dr. Martin is frequently at
his farm. Dr. Martin has a straw bed and two or three bed
covers 3 or 4 old chairs, a chunk of an old skillet, one knife
likely. I have been at Mrs. Martins house one or two times
and it appears to be well furnished."

Benjamin H. Martin - "At different times within the last five
years, Dr. Martin has purchased of me wheat corn pork and bacon.
Dr. Martin has upon several occasions hired my negro men to
work for him but I do not know what kind of work they did. Dr.
Martin has been my family physician for several years and I
look upon him as a good physician. I have seen Dr. Martin when
I thought he had been drinking too much, I was not with him
very frequently and but seldom at public places. I have
frequently heard the remark made "that it was a pity Dr. Martin
drank so much otherwise he would be a good physician" and I
have heard others say "that they would as soon have Dr. Martin
half drunk as others sober". I do not know what disposition
Dr. Martin made of the wheat corn pork and bacon after they
left my house. If Samuel Reid was drunk in yesterday when
he gave his deposition I did not know it. I was present a
portion of the time while he was giving it. When Samuel Reid
gets to where liquor is he generally drinks too much, in relation
to his general character otherwise I can't say. I am of the
opinion that Thomas Ritchey had been drinking on yesterday
when he gave his deposition. No remarks that I heard in re-
lation to Dr. Martins habits changed my opinion as to his
qualifications as a physician. I am not sufficiently acquaint-
ed with Dr. Martin to state whether he had any other family
to support or not."

Traces

Historical and Genealogical Society Inc.
Glasgow, Ky. 42141-0080

In the article of Traces, Fall issue, 1986, page 86, the article on the Mammoth Cave by Harold Meloy, was of great interest to me, for I am a great great grandson of Valentine Simon, the first owner of the Cave.

While the article, and the land warrant for the 200 acres, gives the name as Simmons, and the name has been most often written as Simons, the correct spelling is SIMON.

Valentine first appeared in Warren County, on the tax list, with John Simons and Edward Simons, in 1797. He was married to Annie, daughter of John Durbin and Ann Logsdon, in Barren County, Feb. 8, 1803. John Durbin was the first Durbin in Kentucky, arriving from Pennsylvania between 1775 and 1830.

Valentine and Annie were the parents of ten children. The oldest, and the only child who stayed in Kentucky, Silas Zachariah, born circa 1804 in what is now Hart County, was married to Mary Sarah, daughter of Christopher Durbin Jr. and Honor Logsdon, in Edmonson County, April 13, 1828.

In 1829/1830, Valentine and Annie, several of the Logsdon family, and several of the Durbin family, and some other members of the Simon family from Hardin County, migrated to Sangamon County, Illinois. I have found most of Valentine's children, and his wife Annie was on the census of Richland County, Illinois in 1850, 70 years old, and born in Ky. She was living with a married daughter.

Valentine Simon was never on any census of Ky. or Ill., and I have kept up with his movements only through the tax lists. He, apparently, sold the Mammoth Cave property to John Flatt, who also moved to Illinois, Greene County, by as early as 1803. In addition to the money he received for the property, he also received a pair of mules. There is some evidence that he, and two of his brothers-in-law were taking salt petre from the Cave before he acquired the warrant, and since it was hard work, and salt petre was selling for but 17 cents per pound, and since, I believe,
Valentine was a lazy man, he never had anything to speak of, he sold it to Flatt. Flatt was a settler from Pennsylvania, and was married to an Elizabeth Logsdon, and was, probably, acquainted with the Durbins, Logsdons, and the Simons from Maryland and Pennsylvania.

Hyman Gratz, the man who made the most money from the Cave during the War of 1812, was a business associate of a Joseph Simons from Pittsburg, and, probably, knew Valentine, or Valentine's family, before they came to Kentucky.

Silas Zachariah and Mary Sarah Simon lived their entire life in Edmonson County, and so did most of their children and grandchildren. My father, James Presley Simon of Sunfish, born in August 1876, was a farmer and store keeper. His father, Joachim, was born in 1830, the second child and the oldest son of Silas and Mary Sarah.

The children of Valentine Simon and Annie Durbin who went to Illinois never stayed in one place for more than a few years. They migrated on into Missouri, and Iowa, and I have, just recently, received a call from a cousin who lives in Boise, Idaho. Some of the family lives in California, Oregon, and Washington. Most of my family still live in Kentucky, but a few did move to Illinois and Indiana, and some went East to Connecticut.

You may wish to publish this as an after thought to the other article, and to that I say GREAT. You may edit this information to meet your specifications.

Sincerely

James Harold Simon

Dear Members:

I seems as though I am always apologizing to you. Actually, judging from our past years performance, don’t you think we have improved our punctuality just a little this year?

Being a full time postal employee, I know how fruitless it would be to mail the Winter issue in December. First of all, and I have tried to stress this so many times, and yet so many of you write that you have not received your winter issue, TRACES is mailed bulk rate. Bulk rate mail is not priority mail. We could send it second class, but that would increase our expenses considerably, and we would have to pass this increase on to you by raising our dues. So far, we have been able to keep our dues to $8.00 per year. We may have to do so anyway, due to the rise in printing costs. However, we’ll not do it until absolutely necessary. Because TRACES is mailed bulk rate, it is often delayed in distribution centers across the country. That’s why many of you do not receive your copies until sometimes several weeks after mailing. During the Christmas rush, most third class mail is held, and released just after Christmas. TRACES still does not have priority, as priority is given to sweepstakes and other dated material. Just think about it, haven’t you received an avalanche of "junk" mail just after Christmas? Therefore, we do not even send our last issue to the printer until January, and often it is delayed there.

We want each paying member to receive the four issues for the year in which they joined. If you do not, please let us know. However, do not expect us to mail the missing issues immediately upon the receipt of your letter. Individual mailings are about three times as expensive as our bulk rate mailings. Therefore, we send back issues with our regular mailings. However, if you "just can’t wait" (and we consider this a true compliment), please send $1.00 per issue to cover postage costs, and we’ll get it to you as soon as possible.

One more thing that will help us get TRACES to you as quickly as possible - please send us any change of address. Third class, or bulk, rate mail is not forwardable and even though you give your post office a change of address, your copy of TRACES ends up in their garbage. We do have "address correction requested" written on the issue, but even at that, it will cost us at least 30¢, sometimes more, just to learn your new address, and then we cannot replace that issue. At one time, we had them labeled "Forwarding and Return Postage Guaranteed", but then it would cost us at least $1.10 per issue to learn your new address. So PLEASE, inform us of any address change.

Several of you have sent in queries that have not been printed. Don’t give up - if they are not printed in a reasonable length of time, send them in again. We are only human, and try as we may, things do get misplaced. We try to keep our queries on a first come-first served basis, printing them by date received. So please, don’t hesitate to send duplicates.

We have had several changes in staff during the past few
years, and as we do not have a permanent place in which to work and sometimes material does get ‘lost in the shuffle’.

If you have sent us something, and have not heard from us, or have not seen it in print, we apologize, and ask that you let us know. We especially apologize to those of you who have donated books or material and we have not acknowledged it. Please don't feel shy about informing us of this. Our books are in the genealogical section at the Mary Wood Weldon Memorial Library, here in Glasgow, and as they are badly understaffed, it is sometimes months before they are ready to go on the shelves. We appreciate any material, books, etc., of any kind that you might donate to us.

If you have sent us a book to review, and it has not been reviewed, please don't hesitate to inform us. For some time, Mrs. Gladys Wilson was our book reviewer, and as she had illness in her family for the past few years, she got behind, and finally was unable to continue in that capacity. We attempted to get several people to do the book reviews, all of whom were perfectly willing, took the books, and did not produce anything. As the books were carried around from one person to another, we have misplaced some of the material. However, Mr. Ralph Garmon is now our book reviewer, and I feel sure that problem is solved. We would be grateful for any books you wished to donate, and upon request, will review them as soon as possible.

To you new members, we do not print membership cards. When we first organized, in 1973, we did, but soon discovered that the expense of printing, and the additional expense of mailing these cards, did not warrant our continuing to do so.

We have attempted to print material that would be of use to most of the members. However, our material is composed almost entirely of records of our members. Please don't feel that you have nothing to contribute. What you take for granted may be exactly what someone else has been looking for. We especially need material from counties other than Barren. May I add, Monroe County material is particularly of interest to our members, as so many of the early records there have been destroyed.

It is our policy that when we do review a book, we would like a copy of that book to add to our library. We believe we do have one of the best collections of genealogical books in the area, and are happy that at last we can make them available to the public.

This is your society. Please help us to make it one of the best. A list of our publications is available upon request. Please enclose a SASE with your request. Also any comments, criticism, etc., anything to help make us a better and more efficient society will be greatly appreciated.

Sincerely,

I would like to introduce you to a new publication, HOLLOWELL HERITAGE. My Grandmother’s maiden name was HOLLOWELL and that is why I’m so interested in this project.

One of the important aspects of HOLLOWELL HERITAGE is that you can place free HOLLOWELL related queries. Some publications charge for this benefit.

I welcome your lineage, but I do have a preference as to the format in which these lineages will best serve us. The simple instructions for submitting your lineage is outlined below.

Submit your branch by completing a family group sheet (sample enclosed), which may be ordered from the author, Netti Schreiner-Yantis, 6818 Lois Dr., Springfield, VA 22150. Begin with your earliest known HOLLOWELL ancestor, completing the family group sheet as fully as possible, indicate which of these children you descend through. Complete a family group sheet showing this child as the parent and go through the same process, completing family group sheets for each descending generation including one for yourself.

In the coming years I hope to publish several surname series, such as for COX, MORTON, PEELE, ROUNTREE, FELLOW, CHENOWITH and KAUFMAN. All known spellings will be accepted. Each volume will have at least 25 pages plus an every name index. NO PURCHASE IS NECESSARY. In addition to the Queries, each edition will have a section devoted to Bible, Marriage, Census, County Records, etc.

Please go through your files and send me names and addresses of others researching HOLLOWELLS and I will contact them.

I am currently in my second year as Publicity Chairman of the Whitman County Genealogical Society and belong to several other Societies in Illinois and Indiana. I also belong to the American Historical Society of Germans from Russia and just compiled and published Germans from Russia-Index of Naturalization Records in Whitman Co., WA 1860-1942.

Together we can make a difference in the research material that will be available to future researchers, in addition to having our own HOLLOWELL family information permanently recorded.
