RESOLUTION #24

Whereas, this University has a policy of giving official recognition to those graduates from this institution of higher education, and

Whereas, there is currently a ceremony for those graduating after the spring and summer semester, and,

Whereas, there is no recognition policy for those students graduating after the fall semester,

Therefore, be it resolved this body of Associated Students request the University to implement some sort of official recognition, howbeit large or small, for those students graduating in December.

This body realizes that this will of course not come without some expense, but however, these students graduating in December are just as much a part of the University as are those who graduate in May and August and should be entitled to the same recognition as the latter.
