VOTE: Majority

BILL #13

Internal Recommendations

The following recommendations should be adopted by this Congress so that ASG will be a more efficient and conserving body.

When possible all sheets of paper handed to congress members, such as bills, resolutions, the constitution and by-laws should be printed on both sides to curb the waste of paper.

All legislation should have the date it appears in congress typed in the upper right hand corner to avoid any confusion.

When a piece of legislation comes up for a second reading, this should also be noted, below the date.

A two or three word slug describing the content of the legislation should be typed in the upper left hand corner of the page.
