In the hope that these pages may be of some help to others searching for ancestors, please accept this "Preliminary Report to Some of the Descendants of Samuel Smith." A special word of thanks is due my parents, Mr and Mrs Ben L Smith; my aunt, Miss Bess Smith; Miss Ollie Lou Settle of Glasgow, Ky., and to my wife and children, who have tramped through the briars and overgrowth of abandoned cemeteries, and pored over records in county courthouses - and to all those who have answered my queries and sent me data. This is a preliminary report, and I welcome your corrections and additions.

Samuel Smith was born in the County of Northumberland in the State of Virginia on April 19th of 1763. This part of Virginia is in the neck of land between the two great rivers, the Potomac and the Rappahannock, known as the Northern Neck. Here were found the homes and estates of the intellectual and well-to-do families - the Washingtons, Lees, Allertons, Lewises and Carters. In token of their worth and culture it has been called the Athens of Virginia. Whether or not our Smiths were considered part of this elite group has not been established, but at least they lived in a good neighborhood!

Research to date has failed to disclose the parents of Samuel Smith. I presume, but have not proven, that his father was Spencer Smith who married Elizabeth Williams in August 1758 in Northumberland County, Virginia. Several clues in the will of Spencer Smith of Cople Parish, Westmoreland County, Virginia, cause me to make this assumption, but more conclusive proof is needed.

Samuel entered into the service of his country as a private in the militia company commanded by Capt Daniel Morgan in 1779 from Westmoreland County. Living on the margin of the Bay near the mouth of the Potomac (Smith's Point), he was called into the service at the age of 16 to repel the incursions of the British who often landed on the coast and pillaged the country, bearing of all the movable property they could. As the attacks of the enemy could not be anticipated and their visits on the land were of short duration, he and others were frequently called on to guard the coast. In August of 1781 in the County of Westmoreland, he enlisted and joined the company of horsemen principally raised in Northumberland County, commanded by Capt John McAdams. The enlistees furnished their own horses and equipment. Capt McAdams company of horsemen belonged to Col Webb's regiment and served on the Glouster side of the York River, ranging up and down the river above and below the town of Little York during the siege by Cornwallis of that town. Samuel was in the engagement with the British commanded by Col Tarleton when he attempted to retreat from Little York to join the main army of the British to the north. General Weedon and Colonels Innis and Nelson were in command on the Glouster side of the York River. Samuel never received other than a verbal discharge from his officers for his ser-
vices, which totaled about nine months. (4)

After the Revolution, Samuel moved to Frederick County, Virginia, then to Scott County, Kentucky. Before 1800, he moved to that part of Warren County, Kentucky that was formed into Allen County in 1815. His homeplace was just west of Fort Oliver on a bluff that overlooked the Barren River at a point that was later known as Irwin's Ford near Meadow, Kentucky. In Allen County, he was a farmer and also, in partnership with his son-in-law, Charles Settle, French Settle and Felix Settle, opened and operated a saltworks. The well that furnished the salt water from which the salt was evaporated, was drilled on the north side of Barren River in Barren County on land belonging to French Settle. The kettles for boiling the water, 50-200 gallon iron kettles, were on the south side of the river in Allen County. The salt water was piped across the river in wooden pipes. (5) At the death of Samuel, the saltworks were sold to the Irwin family. According to Collins' History of Kentucky, the saltworks in 1846 was manufacturing 300 bushels of salt per week. (6)

Under the provisions of the Act of Congress of June 7, 1832, Samuel applied for a pension as a veteran of the Revolution on February 11, 1833. It was approved and he was awarded a pension of $30 per year. (7)

Samuel may have been married more than once, but we only know of his wife, Sallie Catlett. (8) He died in Allen County, Kentucky in 1836. He left no will, but a Deed of Conveyance in Allen County names his children: (9)

- Washington who married Polly D Settle in 1816
- Elizabeth who married Dr Charles Settle in 1811
- Catherine who married Josiah Ashley in 1838
- Matilda who married French Settle in 1821
- Sally who married Felix Settle in 1823
- Hiram who married Mrs Elizabeth Everett Fields in 1853
- Thomas P who married Elizabeth Jane Lewis in 1844
- Newton
- William N
- Presley

Legend tells that five Smith brothers, Kentucky Longriflemen, migrated from Kentucky to Missouri and that some of them returned to Kentucky. At the time of the settlement of Samuel's estate, records show that Hiram, William N, and Presley Smith were living in Washington County, Missouri, and Newton was living in Lawrence County, Alabama.

In trying to reconstruct facts about the next in line of our direct ancestors, Washington Smith, I've had to do considerable calculating to determine important dates. From his age as recorded in the Kentucky censuses of 1820, 1830, and 1840, it seems he was born about 1793 in Virginia. He came to Kentucky with his parents before 1800 and married Polly D Settle in Glasgow, Kentucky on December 5, 1816. (10) Polly was born in Fauquier or Culpepper County, Virginia in 1795, a daughter of William and Elizabeth (Huffman) Settle. Washington appears on the Church rolls as one of the 36 original members of the Hanging Forks Baptist Church in Barren County which was organized 25 July, 1838 at Old Rocky Hill. (11)
Promissory notes he signed to Franklin Settle in 1842, and to Felix Settle in 1844 have been photo-copied from records in Barren County's Courthouse. His wife and children issued a bill of chancery to the heirs of Samuel Smith 19th April, 1845, so it would appear that Washington died about 1845. One of his sons, Perry J, was appointed administrator of his estate in 1850, and listed the personal inventory at a value of $30.35. (12) Among the items listed were the following:

It is also of interest to us that Washington's son, Charles L Smith, bought the sorrell mare, rifle, handsaw, weeding hoe, and large pot.

The 1837 Tax Book in Allen County lists him as owner of 70 acres of land in that county valued at $900. He has been listed as a farmer. The cooper's tools noted in his inventory indicate he had a knowledge of barrel-making, and it's for conjecture how the $4 press was used.

The children of Washington and Polly D Smith are given in the chancery suit mentioned above and also in a chancery suit No 1973 filed in Barren County in October 1853:

Emily born ca 1817, married 1835 Thomas L Morris, a tanner. Their children in the 1850 census - John, James William, Hezekiah. (13)

Perry J born 1 May, 1819, married Mary A Holman 31 January 1858, died June 1859. (14)

LuAnn born ca 1822, married Allan Settle in 1846, a son of Dr Simon Settle and Sally (Dodd) Settle. Their children: Charles H, Nath-Perry, Eugene Joseph, Mary Susan, LuAnn. (16)

Charles Lewis born 20 November 1826, married Melissa B Hawkins 9 December 1847. His history and children will be covered more completely later.

Morton born ca 1830. (18)

Felix Jewell born 11 May 1833 (Landrum Family Bible indicates he was born in 1834 instead of 1833 as his tombstone reads), married California Elizabeth Fant 23 December 1866, died 25 October 1895 at Prosper, Texas. California was a daughter of Gustavus H and Sarah Elizabeth (Settle) Fant. She was born 10 February 1848, died 15 December 1932. Their children: Florence, William Harry, Mary Elizabeth, Lewis M, Kathrine, Jewell Calvin. (19)

It would be impossible to make much of an outline of the Smith
family without devoting some space to the Settle family. Long before F D Roosevelt started the "Good Neighbor" policy, the Smiths and Settles had developed their own; for living across the Barren River from each other, five of Samuel Smith's children married Settles. Much of the Settle family history was compiled by the late Simon DeWitt Settle of Bowling Green, Kentucky, and for his records and research, I'm most grateful, and give due credit. Briefly, I'll trace this family to bring them to about 1800 when they merged with our Smith lines. The names underlined are those in our line of descent, and the ( ) indicates the generation in America.

The first of this Settle family in America was Francis Settle (1), born in Yorkshire, England about 1635, came to what is now Richmond County, Virginia about 1656. His wife's name was Elizabeth and they had four sons: John (2), Thomas (2), Francis (2), and Henry (2). John (2) was born about 1660, married Mary Strother and their children were: Francis (3), William (3), John (3), Thomas (3), and Henry (3). John (3) was born in Virginia about 1706, married Charity Brown and their children were: Joseph (4), Isaac Jr (4), Mary (4), Elizabeth (4), Martha (4), Phoebe (4), Alice (4), William (4), Jemima (4), Francis (4), and George (4). George (4) was born in 1738 in Virginia, married Charity Brown and their children were: Thomas (5), Hannah (5), Elizabeth (5), William (5), Mary (5), John Morgan (5), Isaac (5), Simon (5), and Charles (5). William (5) was born in Fauquier County, Virginia 25 February 1770, married Elizabeth Huffman about 1790, and their children were: Nancy (6), Elizabeth (6), Polly (6), Franklin (6), French (6), Felix (6), Sally (6), Frances (6), Ebeline (6), and William (6). William (5) came to Barren County, Kentucky in 1797 and founded the town Old Rocky Hill. He was a planter and gunsmith and made Kentucky flintlock rifles that are today prized collector's items. He died 25 February 1808 in Barren County and is buried in the family burial plot on his old home place at Rocky Hill.

Stated as simply as possible, the results of the "good neighbor" policy resulted in 3 daughters and 2 sons of Samuel Smith marrying Settles. Elizabeth Smith married Charles (5) Settle; Matilda Smith married French (6) Settle; Sally Smith married Felix (6) Settle; Washington Smith married Polly (6) Settle; Thomas Fleet Smith married Elizabeth Jane Kewis - a daughter of William (5) Settle, and their sister Elizabeth married Charles (5) Settle, the uncle of French, Felix and Polly Settle.

Charles Lewis Smith, son of Washington and Polly D (Settle) Smith was born in Barren County, Kentucky, November 20, 1826. (20) He was named for his uncle by marriage, Charles Lewis, the husband of his mother's sister, Elizabeth. He married Melissa B Hawkins in Barren County 9 December 1847, the marriage being performed by Rev William B Edmunds. (21) Three of their 10 children were born in Kentucky - Sarah Cordelia, William Bristow, and Edith. (22) Charles and his small family came to Texas about 1852 with a pioneer group from Barren County which included the Hawkins, Bates, and Button Families. They went first to Nacogdoches, staying there about a year before moving on to Collin County.
An excellent account of the first settlement known as the Hawkins Settlement, located near the east Denton County line, on the waters of Panther Creek, is given in History and Reminiscenses of Denton County by Ed F Bates (pgs 43, 293, 296), and a picture of Charles L Smith is found on page 54. The following is taken from the obituary written in the McKinney paper at the time of his death, and gives a good description of the area as the settlers found it.

"The following is Mr Smith's own words, written a few months ago: 'This country was a vast prairie with deer in droves feeding on the high grass. We all located on the highest hills so we could see the Indians. We hauled our lumber from, and marketed produce at Jefferson. There were few vehicles in those days, so we traveled mostly on horseback. Our neighbors were numbered by our acquaintances. We stood together like brothers - a man's word was legal tender. There were few banks, much money was loaned, but without note or security.' "(24)

In file No 2565 the General Land Office in Austin, Texas, is the description, map, and sworn testimony of Charles Smith for 320 acres of land which he claimed by preemption privileges, having complied with the provisions of an Act of the Legislature approved January 22, 1845, granting land to settlers upon public domain. "This 12th day of November A D 1856, personally appeared before me, A L Robertson, a district surveyor for Collin Land District, Charles L Smith, who after being sworn, deposes and says that he emigrated to the State of Texas about the 25th day of January 1853. That he believes he is settled upon the Public Domain of the State of Texas and that his improvement was commenced about the 20th day of September A D 1853. (signed) C L (X) Smith " his mark

A brief description of Charles Smith's service in the Civil War, obtained from the Adjutant General's Office in Washington D C admits that the collection of Confederate States Army records is incomplete. However, the following would suffice for anyone wishing to find out more about his service through Civil War research. He enlisted at Decatur, Texas on January 1, 1864 as a private of Company B, Second Battalion (Captain Dortch's) Kentucky Cavalry, Confederate States Army. Union prisoners of war records show that he was captured at Kingsport, Tennessee, December 13, 1864; imprisoned at Military Prison, Louisville, Kentucky, and Camp Chase, Ohio where he was paroled and transferred to Point Lookout, Maryland on February 17, 1865, for exchange. His name appears on a Muster Roll of a detachment of paroled and exchanged prisoners at Camp Lee, near Richmond, Virginia, dated February 27, 1865. (I suspect an error here as his daughter Capernia (Kay) was born 3 July, 1865). A different report is given in the obituary notice in the McKinney paper. "Mr Smith was a gallant soldier in the Confederate Army, enlisted in Carpenter's Company, I Martin's Regiment, Gane's Brigade. He fought in the battles of Diamond Grove and Fort Smith, Arkansas, was a prisoner of war and later an exchange prisoner."

The 1870 Collin County census lists his nine children, their ages and place of birth. (They had one other child, but it was born and died June 21, 1853.) This same census records his real estate valued at
$4500 and his personal estate at $2800.

Time and space does not permit recording the numerous stories and events that could be told about his uneventful and successful life. He did prosper and accumulated good property and land and livestock. At the age of 87 years, after 2 years of poor health, he died at the home of his son, Edgar Hawkins Smith, in Denton, Texas at 12:30 P M on Sunday, January 11, 1914. (25) He was buried in the Smith family cemetery, located at his old home place on the Denton-Collin line. His will dated December 26, 1908, and filed for probate March 28, 1914 gives the value of his estate as $57,901.14. (26) He was a Methodist, and although obituary notices state that he belonged to the Masonic Order, the Grand Lodge of Texas fails to find his record.

Callie born 3 June 1867 Collin County, Texas died 27 August 1877, buried Smith family cemetery. (36)
It looks like a good place to end this report - with the children of Charles L Smith. I do have considerably more information on all his children; the family of Washington Smith and the Taylor family; many branches of the Settle family; and related families in Barren County. At this time I have information on about 100 individual families, and over 1200 persons.

While I've made no concentrated effort to trace the Hawkins family, the following may be of interest and helpful to others who wish to pursue the family further. Melissa B Hawkins, wife of Charles Lewis Smith, was born in Barren County, Ky. 10 April 1826, died 12 December 1839 and is buried next to her husband in the Smith family cemetery. She was a daughter of Henry George and Nancy (James) Hawkins, who left Barren County about 1846 to come to Texas. With several other families, they went first to Nacogdoches, where they stayed until about 1853, then moved northward to the area around Little Elm. The Hawkins family intermarried with other pioneer families - many of them from Barren County - which made the community very closely united. The Hawkins and Bates families organized the Zion Methodist Church, probably named after their church in Kentucky.

Other children of Henry George and Nancy Hawkins:
- John Dyer III married Sarah E Button
- Samuel James married (1) America Ready, (2) Alice Ware
- John Henry married Mary Ann Byrd
- Edgar Blumfield killed in Civil War in Mississippi
- Josephus Flavius married Sarah Ready
- William married Jane Rue
- Martha married Thomas Button
- Julianna married Thomas Landrum
- Elizabeth married Willis Hubbard Bates
- Mary George married William B Edmunds
- Ruth died early in life

Henry George Hawkins, father of Melissa, was born 17 September 1790 in Virginia, either Orange or Culpepper County, a son of Jehu and Mary George (Gaines) Hawkins. The family went to Kentucky from Virginia about 1800 - first to Woodford County, and then to Barren County about 1810. Henry George married Nancy James, a daughter of John and Clara (Nall)James, 7 September 1811 in Barren County. He died 27 October 1862, and his wife Nancy died about 1877. Both are buried in the Zion Methodist Church Cemetery between Denton and McKinney, Texas, just south of U S Highway 24.

EVERY MEMBER - PLEASE READ

It is with regret that we must increase the dues of our society to $5.00 per calendar year. Little, or nothing, can be done about rising costs in paper, postage, printing, and related materials which are necessary to the publication of our quarterly, but all these are required in order to get your quarterly to you. In addition, our secretary has many letters to write, and answer, which requires paper, envelopes, and again, postage to mail the letters.

We can make a concentrated effort to cut-down, as much as possible, on the amount of mail going out at REGULAR POSTAGE rates. To do this, we would appreciate it very much if our members would renew early (before February 1, 1975). That would eliminate our sending you a reminder. Also, members renewing after the first quarter issue has been mailed at bulk rate, receives the "in-between" back issues at regular rate postage. Our bulk rate of postage is our most inexpensive item, therefore we make an effort to get all memberships mailed in the quarterly mailings.

Also, keep us informed about address changes, because each issue of the quarterly returned to us for lack of correct address etc, has to be mailed to the new address, and the return to us, at the regular first class postage rates.

We thank all of you for your loyalty and support, and we look forward to another year of furnishing you genealogical and historical information. We appreciate your contributions to our quarterly, which are of general interest to researchers in our area. Keep the material coming.

Membership continues to include the four issues of the quarterly per calendar year, published January, April, July, and September. As long as the supply lasts, issues previous to the current year are available at $1.50 each. Our policy of publishing queries free to members, continues in effect. Membership cards mailed UPON REQUEST.
