THE MOUSTER

Contributed By: Anna Moulder
Grinstead - Rt 1, Oakland, Ky.

The first American record of the family is that of Robert Moulder of Marcus Hook, Pa. He was a sailmaker, and came to America sometime around 1688 from Germany. His oldest son Henry who was born in Germany, came to America about 1840 bringing four sons, and leaving behind one son and one daughter, as far as we have record of. One of the sons was a musician of note. The sons who came to America with Henry were, Louis, William, Valentine and John, who all settled in Pennsylvania.

John Moulder was married in Pennsylvania in 1757 and shortly afterward he followed Esquire Bean's trail through Virginia to the Yadkin River in North Carolina and settled near Salisbury, North Carolina. In 1798 he moved to Clayborne County, Tennessee, and settled near Maynardsville. John was born 1733, died May 27, 1810, and married Susannah Swingle who was born 1730, died 1830, and was of Swiss-Dutch origin. They emigrated from Pennsylvania and settled in Rowan Co., North Carolina, before the Revolutionary War. They raised a family of eight children; John Jr., Susan, Mary, Elizabeth, Katherine, Henry, Jacob, and Valentine.

Valentine, or Felta Moulder, born Nov. 25, 1776, married Lavinia Robertson who was born April 3, 1780. Felta Moulder was a Baptist minister, and is mentioned in "Benedict's History of the Baptist" (1848 Edition). Felta was also a Justice of the Peace. In 1833 he was drowned in Clinch River, Tennessee, and his body was water-logged upon a grape-vine for twelve days before he was found. According to the Bistenge Law of that time, he had to be buried on the spot he was found, therefore the site of his grave was high water mark, which is located near Sharp's Chapel, Tennessee, a State Highway runs over the foot of the grave. My Grandfather Jacob Moulder II made a trip from Kentucky to Tennessee to locate, and honor the grave of Felta, his Grandfather. Felta and Lavina Robertson Moulder were the parents of 12 children, 6 of whom were born in Tennessee. The children are: George W., Selina, Susan, John, Jacob and Polly (twins), Rebecca, Betty, Silas, Valentine, Rufus, and Livana.

Jacob Moulder, Sr., born Dec. 14, 1806, married Sarah Evans, born March 5, 1810, and were the parents of 12 children: George W., John B., Perlina L., David E., Valentine, Jacob II, James L., William B., Elijah, Annie, Silas, and Julia L.

In 1836 Jacob Sr., and his wife Sarah Evans Moulder and six children started to Missouri to join his brothers who had gone out the year before. He was accompanied by several of his brothers, his sister Bernt and her husband David Evans. They had outfitted covered wagons. The brothers had no trouble and went on into Missouri and settled in Camden County; the land they homesteaded now being under the Lakes of the Ozarks.
In the Cumberland Mountains one of Jacob Moulder Sr.'s horses died, and he was forced to stop. Their first settlement was in "The Lot" near Boston, Kentucky. Here he began teaching, preaching, and farming. They made several moves to Wayne, Clinton, and other counties, finally settling in Warren County, Kentucky.

He, like his father Feltia Moulder, was also a Baptist minister; his sermons never less than two hours long, which he prepared as he went to church. Every year Jacob Sr. moved a few miles further on his way toward Missouri, but he never reached the goal.

Jacob Moulder, Jr. was born in Union County, Tennessee. It was in Wayne County, Kentucky that young Jacob had his first schooling in 1844-45. He attended both public and private schools, and from the first he showed signs of adaptation to new things, and his remarkable memory was noted by his teachers. He learned rapidly, and by the time he was ten years old he had mastered all the branches taught in the Common schools. In 1859 he taught his first school at Motley school house in Allen County, Kentucky. He taught school throughout the Civil War. He enlisted in the Union Army, and after a few months was discharged. On July 19, 1866 he married Elizabeth L (Burke) Parker, and they were the parents of seven children, all of whom were born in Warren County: George B., John V., Matilda, Jacob V., David F., Mary Daisy, and Herbert.

Jacob II never gave up trying to learn, being a firm believer in education, not just a few years of going to school, but to be always learning something. It has been said that he could quote or recite from memory any chapter in the Old or New Testaments; nor did his wonderful memory stop there. He could recite Milton's "Paradise Lost" by heart from the first stanza to the last verse. He studied hard day and night from the time he was four years old until his death.

It was on the farm of his brother that a neighborhood graveyard was established, the first being buried in it was the young daughter of Jacob II, in 1871. The graveyard was first named Cedar Grove Cemetery, for its many rows of cedars surrounding it; years later the name Cedar Grove was changed completely, and it is now known as "The Moulder Cemetery". Names and dates in it given below.

CEDAR GROVE (or) MOULDER CEMETERY

Introduction. During a period of the early, recorded, non-Indian settlement days of southcentral Kentucky, say during the period 1798-1810, a number of families carrying the surname Scott resided within the political bounds of what was then Barren County, Kentucky. Among the male family heads were Joseph Scott, George Scott, Samuel Scott, Alexander and/or Andrew Scott, and two John Scotts. We are here concerned specifically with one of the two Johns. Suffice it to say that one John Scott resided closer to Glasgow, Barren County's "seat of justice" since 1798, while the other John Scott, our subject head, resided closer to what is now the town of Gamaliel, in the present Monroe County. The possible kinship of the two Johns, or any of the other Scott heads already mentioned, is unknown to the present writer (at this time).

The central feature of the writer's Record of our subject John Scott family consists of a transcription from handwritten entries in a copy of Johnson's English dictionary believed published in 1771. This dictionary was once owned by our subject John H. or W. (?) Scott (ca. 1773-1844). The writers supplement this transcription with other scarce data that is currently available to them. As preliminary to the transcription we present a bit of "background."

Our subject John Scott family migrated to Kentucky from South Carolina, and some evidence indicates that the move was made between 1793 and 1797, while other evidence suggests 1799-1800 as the migration period. Anyway, by late 1804, John Scott and family ("ours") were situated on the waters of Line Creek of the Big Barren River on land adjoining that of the family of William (and Jane?) Proctor.
Line Creek, it should be noted, received its name from the fact that it straggles the Kentucky-Tennessee boundary line for a distance of several miles and actually forms the line in places.

About 1811, perhaps late 1810, John Scott and family moved a few miles south into what is now Macon County, Tennessee (but what was then Smith County, Tennessee, Macon being formed in 1842), and established residence on the waters of Salt Lick Creek of Big Barren River, not far from the point where Little Salt Lick Creek enters therein.

We note that John Scott purchased a 142-acre parcel of Salt Lick Creek land from Lenward Morrow of Smith County (tenn.) on December 12, 1810. John's new land parcel, which cost him four-hundred dollars, had been part of an original 640-acre tract granted to the land dealer Thomas Hickman in 1797. Here John Scott died. At the public sale of John Scott's estate on March 6, 1845, one William Ferguson, or Forgason, a long-time neighbor of the Scotts, purchased the old Johnson dictionary mentioned earlier. He paid one dollar. Then, at the sale of Ferguson's estate on December 23, 1851, the same dictionary returned to the Scott family when Wiley Scott, son of John, purchased it for $00.200. This old dictionary is presently owned by Lillie Edna (Nash) and Woodrow Wilson Carter (born 1913), son of Marcus Austin and Mary Lou Murtie (Scott) Carter (1832-1963), daughter of Liza Jane (Horn) and James B. Scott (1852-1926), son of Louisa (Howell) and Wiley Scott (1812-1899), son of John Scott (ca. 1773-1844). The latter seems to have married twice, first to Frankie Wood, daughter of Malam and Fannie Bishop Wood, and secondly to Cynthia (?), who survived him.

Malam and Fannie Bishop Wood. Malam and Fannie Bishop Wood are believed to have been the parents of John Scott's first wife. Very little is known to the present writers concerning this family, except that we do have an old "Bible record" which gives the following:

Malam and Fannie Bishop Wood's children:

1. Pollie Wood m. a Holmes.
2. Frankie Wood m. (John?) Scott (b. ca. 1773).
4. Darbie Wood m. a Gist
5. Lettie Wood m. a Gardner
6. Vira Wood m. a Redman.
7. Sallie Wood m. a Mitchell.
8. Betsy Wood m. a Pitchford.
9. Nellie Wood m. a Lowrey.
10. Nancy Wood, b. 9 June 1779, d. 7 Dec 1844, m. George Patterson, b. 3 July 1771, d. 30 March 1848, Macon Co., Tenn.

Tradition has it that the mother of these children, Fannie, was stolen by some people while at school and brought to America from Ireland. She could not remember any of her name, except Bishop, so she was called Fannie Bishop. NOTE: A "Mahlem Wood" appears on the 1790 federal census of Greenville County, South Carolina (Ninety-Six District), and a "Milton Wood" on the 1800 tax list of Shelby County, Ky.

Concluding Remarks. The Scott and associated families are a part of the early history of southcentral Kentucky, as well as of northeastern Middle Tennessee. It is hoped that the information contained above may be of some interest and joy to others as time and life go their way. The writers would welcome communication from others.

Witness: James Briant
Ellie Chandler Briant

In addition to the foregoing will, or as a supplement, I add the following as a part of my last Will and Testament, Viz: Having taken various claims in notes, orders, and Receipt given to J P Carpenter by Walker & Key Atty for collection, I say having taken these claims of L P Carpenter to try to make out of said claims enough to pay myself for a note I hold on L P Carpenter for Eighteen hundred & Seventy perhaps and three dollars principle, or some such amount, which has credits amounting to about Seventy dollars (I state from memory), my receipt to L P Carpenter for said claims will show and will also show I had discretionary power in collecting said claims, to sue or not sue to Retain the original claims; or Receipts for them as I might choose and he the said L P Carpenter was to pay the expense in collecting, and me for my services if I desired it, and among said notes there were two on G Franklin Carpenter sued upon in Carthage, Tenn., Smith County the collection of which is retarded by J P Carpenter making oath said notes were not to be sued upon by agreement between him and me, I aver no such agreement was ever made by us. And I ordain if my expense should be awarded against my estate, in the prosecution of said suit, or any growing out of it, such expense shall come out of the share willed and bequeathed to the said G Franklin Carpenter.

Furthermore I aver the claim on Allison Saterfield & perhaps Martin Hughes, I refused to take, knowing they were not available; but the said L P Carpenter & myself being in Kentucky, and having the claims present, when I received the claims for which I gave him a

alleging he could not go to Tennessee to attend to them, that it would be an accommodation to him if I would take them, and if I saw a chance, secure their payment, for his accommodation I reluctantly took them, told him I did not expect to be able to do anything with them. That the said Allison was in the Rebel Army. I had not returned that Saterfield Hughes were insolvent, and I aver I gave no promise to sue in any case, or any claim for which said receipt was given. But at the time of giving said receipt I spoke of suing if I could not collect without, and intended to sue if I thought it would result in profit.

Furthermore I sent by my collection agent brother Jacob Carpenter the notes on Allison Saterfield & Hughes to tender to L P Carpenter and demanded of him a credit on the Receipt for said claims; my agent informed me he had made the tender to & demanded the Credit of L P Carpenter on the 3oth day of Sept 1865 (if my memory be correct) on the day appointed to sell Adam Harpers land lying on the Dansville road about two miles from Hustonville, Kentucky.

Furthermore I made a tender of the above named unavailable claim to L P Carpenter at brother Jacob Carpenter's in Kentucky in his, Jacoba & L M Powell's presence in Oct 1863 and he refused to receive them or give credits. Furthermore I state that I made diligent inquiry about the above named unavailable claim & was told there was no chance of making the money at present by Suit. Furthermore I put the claims on Allison in the hands of brother G F Carpenter to look after & secure if possible by Suit or otherwise, he informed me he made the effort & failed to secure the claims & had acquainted the said L P Carpenter with the facts, & he approved of his not bringing suit.

I have thus elaborated that my Executors may protect my estate against said Receipt. Thus far I have been unable to collect any on these claims except on an order to Brother G F Carpenter & others; the said L P Carpenter had given me & took the cards (?) & collected of them before I could see them, some Four Hundred & Sixty dollars of G Franklin, William, Henry, & G F Carpenter Sen., which order they protested except G F Carpenter, Sen., excepted Fifty dollars be the same more or less, the order will show unpaid to the said Lindsay.

Furthermore acknowledged of having taken usurious interest of Brother Jacob Carpenter as my calculation of the interest in his possession will show. If he wishes the usurious interest returned to him, I instruct my Executors to do so; but take it out of the one and one half shares willed to him, and let no other beneficiary to said will be effected or sustain loss by it.

Furthermore in case those executing my will should be involved in a suit or suits with L P Carpenter or other relative or Relations, I ordain that all such expenses and damage to my estate shall be paid out of the Seventeen & one half shares willed & bequeathed to Relative except in the cases before provided for of G Franklin Carpenter and Jacob Carpenter; and that the two and one half shares given for benevolent purposes shall suffer no loss by such suit or suits. In testimony of this addition or supplement being a part of my last will and testament I set my hand and seal this 15th day of Jan 1866.

/s/ Fry Carpenter (Seal)
I, this 1st day of March A D 1867 endorse all the foregoing as my last will and testament except I cancel and revoke and transfer the six and one half shares to Brother George F Carpenter's children, and also the tract of one hundred acres to Wm H Carpenter lying in Missouri. I also revoke and transfer all the six & one half shares & said tract of land to the other beneficiaries of this will in the proportion given in the foregoing not herein disinherited including the donation to the African Race for educational purposes, they are to receive their just proportion of the six & half shares & tract of land as above revoked & transferred. I also relieve Wm H Carpenter & Wilson L Waters from being executors & appoint Brother Jacob Carpenter and Wm F Carpenter his son in their room and stead, my Reasons for Revoking the shares donated named in the foregoing are I have concluded my Brother G F Carpenter to Receive & have Patented a large quantity of land in the State of Texas. Given under the date above.

Fry Carpenter

October the 30th day A D 1867. To make more explicit the change made in my will of date March 1st 1867, wherein is cancelled the six & one half shares given to brother George F Carpenter's children, I give to the other beneficiaries of said will in pro-rate proportion to each one given. My reasons for Revoking and giving the six and one half shares donated to George F Carpenter's children to the other beneficiaries as set forth in March 1867, was as set forth of that day that I had enabled him to secure and have patented a large quantity of land in Texas, but I failed to state in whose name said Patents were to issue & secure titles to & for the benefit of. In order to make more explicit the foregoing I now state Patents were to issue in my name to the League of land more or less in Texas & so remain till the seven hundred dollars I advanced for that purpose was paid back to me, at which time I was to make a quit claim title to either George F Carpenter or his wife Sally, as the said George F Carpenter might prefer. But was to retain a lien on said land till a note of $4560. Four Thousand five hundred & sixty dollars was paid off, which note was in a deed of Trust recorded in Smith County, Tenn., said note had some credits on same.

Now be it understood that instead of Titles coming out in my name as agreed upon between Fry Carpenter & George F Carpenter when the Seven Hundred dollars advanced by Fry Carpenter to George F Carpenter as set fourth in a written contract witnessed by Charles Chitwood & Pleasant Chitwood & is on Record in Lafayette in Macon County Tennessee. Lo & behold: the said George F Carpenter took titles in his own name as the records doth show at Smithville, Decalb County, Tennessee; which appeared to me as an intention of said George F Carpenter to perpetrate a fraud upon me, was my main reason for changing my will in March 1st 1867, which intention of fraud is confirmed by said George F Carpenter having obtained a deed of the heirs of William Sweenney, deceased, in his wife's name, as I of late learned & has moved to Wise County, Texas to take possession of said League &
Labure of lands; which he conveyed to me in March 13 day A D 1867, which is on record in Tompkinsville, Ky., & I have sent a certified copy under the hand of the Clerk of Tompkinsville County, Ky., to the Clerk of Wise County, Texas for Record, & also a copy from the Clerk of Decalb (DeKalb) County, Town of Smithville, Tennessee, of the deed of the heirs of William Sweeney, dec'd, to George F Carpenter conveying said claim to George F Carpenter in the year 1866. I sent this last for Record in order that to show that he the said George F Carpenter had a good right to make a conveyance to me at the date of his conveyance to me, & that his obtaining a second one (deed) from said heirs & in his wife's name, Sally Carpenter, is fraud upon my Just & legal Rights, And I ordain in this my last will and Testament that my Executors bring suit against George F Carpenter & Sally his wife, and also said heirs if necessary, for making second conveyance to said League & Labore of land to Sally Carpenter, in violation of my Just rights, & in order to defraud me out of said land.

If suit is prosecuted VS the above offenders with success & the land in controversy is awarded to me; subject to my lien till the note before named in Trust Deed is paid off, & the said League and Labore of land has to be sold for payment of the balance of said note & is not redeemed by G F nor Sally his wife; in that event I ordain as my last will that the said G F & Sally his wife have the use of Five Hundred acres free of Rent as long as either of them shall live, provided they remain on it, but should they leave it, in that event, it is to revert back to my estate, & they shall not have the privilege of transferring a life time claim to any other person, but in case of leaving it, it shall at once revert to my estate.

Furthermore I ordain that in the event of the note made by G F Carpenter, which is in deed of Trust Recorded in Smith County, Tenn., Town of Carthage, should said note be paid off, in that event I revoke or change that addition made March the 1st 1867, which disinherited the heirs of George F Carpenter & ordain that they shall receive out of my estate as much as will to Brother Jacob.

But be it understood, less the amount expended in obtaining the payment of said note in Trust deed; all expense looking after, or in bringing suit, contemplated as before indicated, is first to be deducted & if the expense amounts to what is willed to Brother Jacob; in that event the heirs of George F Carpenter are to have nothing of my estate. If the expense is less, in that case they are to have, with the expense added, as I above indicated, the amount out of my estate willed to Brother Jacob. But be it understood that Lindsey Carpenter is not to have any part thereof, nor Lucinda Paschal, late Lucinda Moores, late Lucinda Carpenter.

Furthermore, learning since the date of January 8th AD 1866 that Sister Margaret has married a gentleman by the name of Campbell, I ordain as a part of my will; I hereby revoke that part given to Sister Margaret, & give the amount willed to her, to her son William F Jones, & to her son Addison Jones her youngest son, to be equally divided.
between them.

But be it understood, If one hundred acres of land sold for taxes in Johnson County, Missouri, for which I have a title on record in said County and State; should said land be lost to me for want of Redeeming; in that event I ordain Thirteen hundred dollars shall be counted to them as already received from my estate herein devised to them, & accounted against them by my Executors, for such neglect, for that amount.

In testimony of this my third addition to my will of January 1st 1866, I hereunto set my name and affix my seal this 30th day of Oct 1867. /s/ Frey Carpenter (Seal)

State of Kentucky, County of Monroe. September the 17th AD 1868. My fourth addition or supplement to my last will and testament I will and bequeath to my brothers and sisters as set fourth in my former will and I also bequeath and give unto Brother A D Potter, a beloved minister of the Gospel, the amount of Two shares as formerly divided in my former will and I bequeath unto Brother James Crawford, near Gamaliel Church, two shares of my estate. In testimony of the foregoing being my last will and testament I hereunto set my hand and affix my seal the day and date above written. /s/ Fry Carpenter (Seal)

November Special Term, 1868

I, J C Conkin, Clerk of the Monroe County Court in the State of Kentucky, do hereby certify that the foregoing will of Fry Carpenter deceased was filed in open Court and fully proven by the oath of Abraham Jenkins & Christopher Hayes both subscribing witnesses thereto. And it was proven by said witnesses that the said decedent Fry Carpenter was of sound mind and disposing memory, at the time he made his will and that they saw him sign his name to it, and the said decedent was present when the witnesses signed their names to it, and they signed it at said decedents request. And it was ordered to be entered of Record as the last will and Testament of Fry Carpenter, dec'd. Whereupon I have Recorded the same together with this certificate in my office.

Given under my hand as Clerk aforesaid, This 9th day of November A D 1868. /s/ J C Conkin, Clerk Monroe County Court.
Mr Shartzer is an amateur archaeologist and speleologist. In his searches for rocks, relics, ruins, artifacts and caves, he occasionally comes across isolated graves, many of which are almost reclaimed to Mother Earth by the ravages of wind and water, and the entanglements of vines, bushes, roots of trees, and even burrows of the wild animals. As time piles the years accumulations upon these graves they will soon be beyond recovering, and the precious data inscribed upon the stones will be forever lost. We are deeply indebted to Mr Shartzer for noting down these inscriptions, and giving us permission to include them in our publication.

NEWS - NOTES - NOTICES

MESSAGE FROM THE PRESIDENT - When a small group of history lovers first gathered to form the South Central Kentucky Historical and Genealogical Society, it was the general consensus of all present that this should be a working society. I feel this has been the case. Our quarterly is tops; and we have published one book and one pamphlet, and now have our second book ready to be mailed out now, namely - "Cyrus Edwards' Early Times". Cyrus was one of the finest historians produced in this area; and indeed, the whole country; his "Early Times" is a terrific book. Of course we don't expect our membership to buy every reprint that we publish, but if you have been meaning to order one, and just haven't - won't you send in your check today? What about your local library? Have you contacted them to see if they will buy one? Then there is that friend of yours who would love to buy one if they only knew about it. Come on members - give us a hand! We are almost ready to start another reprint in the fall, if we can kick this one over the top.

Jim Simmons, President
"CYRUS EDWARDS' STORIES OF EARLY DAYS" - We are very happy to let you know that our publishers were on the ball getting this book out, and it is now ready to mail - those who have their order in our files should expect to receive their books within the next week or so. As we had planned on extending our pre-publication deadline price of $13.50 until the 31st of July, we shall still honor this price on the orders received by that date. After that date they will be $15.50 - Kentucky residents please add 5% Ky State sales tax. Books will be mailed out as the orders are received.

THEN AND NOW By Dr. R H Grinstead - We announced in our last quarterly that an index had been compiled for this reprint, and with her permission, it would be issued. Permission has been granted us by our good member, Mrs. Fern (Brown) Hunter, 916 20th Ave., Clarkston, Wash., and we are pleased to include it in this issue as an insert. It is designed so it may be folded, a drop of glue on the folded edge, and then insert it in your booklet permanently. Books purchased after this will have the index included. Thank you so very much Mrs Hunter.

ANNOUNCEMENT - FROM William F Bolte, Head Librarian of the Bowling Green Public Library, 1225 State St., Bowling Green, Ky. By the end of this calendar year, the public Library in Bowling Green should be occupying a newly completed library facility; and along with this expanded facility will come a greater awareness of the library as a cultural center of the community.

Within our new building will be an area designated as a small art gallery and a well-equipped meeting room holding a maximum of 100 seats with kitchen services.

It is my desire to have the library sponsor programs to enrich the community. As our local historical society, there are many resource persons among you for possible library programs, or those with collections of memorabilia for display purposes, etc.

I hope that you will make known to your membership that the Bowling Green Public Library will be available for the use of the South Central Kentucky Historical Society for either program use or material displays. I, particularly, would like for the Society to plan to have an exhibit sometime during the early months of 1976 after we are in our new building.

You may contact me at any time to discuss our capacity to serve you.

/s/ William F Bolte, Head Librarian
