Administrative History: The president's office was created in 1906. Henry Hardin Cherry served as founder of WKU and its first president, a position he held until his death in 1937.

Henry Hardin Cherry was born November 16, 1864 in Warren County, Kentucky, the son of George Washington and Frances (Stahl) Cherry. He attended the Southern Normal School and Business College along with his brother Thomas Crittenden Cherry. After college the Cherry brothers taught in rural schools and Henry returned to teach at the Southern Normal. They purchased the school in 1892 with Henry filling the main administrative role. Cherry actively pursued the creation of a state funded teacher training school and in 1906 succeeded in converting the Southern Normal into the Western Kentucky State Normal School.

Highlights of his administration include the purchase of the Potter College for Young Ladies property which resulted in the relocation of the school to "the Hill," the merger with Ogden College, construction of buildings, hiring of faculty and the evolution of the training school into a four year college.

Description: General correspondence regarding Western Kentucky University. Incoming letters are mainly addressed to Henry Hardin Cherry. Responses are made by Cherry and occasionally by faculty and staff. The president's secretary Mattie McLean is the writer for some of the letters signed by Cherry.

Some of Cherry's personal papers are also found in this series most notably those pertaining to his political aspirations and two candidacies for the Kentucky governorship. Copies of outgoing correspondence begin to appear in Box 1, Folder 50.

Dates: 1903-1937

Extent: 25 cu. ft.

Correspondence of Henry Cherry with Jesse Adams and Ernest Miller regarding Miller's chairing the Committee on Recreation for the Kentucky White House Conference.

Correspondence between college presidents Henry Cherry and David Anderson. Cherry invited Anderson to WKU's 25th anniversary program and they exchanged information regarding Deans of Women, annual reports and school surveys.

Discussion of Cherry's trip to Florida, Southern Normal School alumni, weather, construction of campus swimming pool and president's home, Henry Clay correspondence and artifacts, the Kentucky Building and the death of Anderson's mother.

Advertising and reporting on county defense meetings set up by Cherry with the aid of county superintendents of public instruction in the third congressional district. Canning courses to deal with possible food shortages and cooperation with the YMCA are mentioned.

Examples of form letters:

Reporting:
I have been asked by the National Council of Defense to get a concise statement of what has been done in each county in the third Congressional District. I am writing to ask you to kindly state to me as briefly as possible what has been done in your county. I would include every movement in which the county organizations of the National Council have co-operated, and every effort in which it has taken the initiative. Would like to have an idea of the number of patriotic and Red Cross speeches, etc. I am hoping to hear from you as soon as possible. Beg your pardon for writing, but as you know these are war times and it looks like none of us can escape. I am about worn to the last inch of my energy with public work outside of my own institution.

Thanking you a thousand times for an early reply in order that I may make the report of the third Congressional District, I am,

Fraternally yours,
Henry Hardin Cherry

Publications:
I am sending to you under separate wrapper a copy of Patriotic Week Number of Normal Heights. You will find published in this number the quotation which you so generously sent me. We very deeply and thoroughly appreciate the patriotic work which you did during Patriotic Week.

I am hoping that the richest spiritual and material blessings will come your way and be a contribution to your welfare.

Fraternally yours,
Henry Hardin Cherry

YMCA Report 11/20/1917:
I am glad to report to you that our district raised more than the amount apportioned to it. We are very happy over this patriotic result. There can be no doubt that great good will be accomplished and that the effort is in the interest of freedom. Mr. Manchester, the District Campaign Secretary of this district will call upon you within the next few days for a complete report from your county. Please have this report ready for him making a complete list of every giver whether the amount was cash or as a subscription. The State Office desires to acknowledge all gifts and place all givers on the mailing list for future printed matter concerning the Army Y.M.C.A. Work.

Please make all collections possible before the Secretary arrives. The Secretary must take the complete report from all counties in our district to the State Headquarters following his visit to your county. A copy of this letter has gone to your District Secretary.

Allow me in this connection to thank you sincerely and deeply for the noble help you have given the Y.M.C.A. War Movement which is promoted in the interest of freedom and for the happiness, health, comforts and morals of our noble boys who have gone to the front and who will go to the front, and if necessary, give their lives for liberty.

Fraternally yours,
Henry Hardin Cherry

P.S. If you have already made the list requested above and sent it in, it of course will not be necessary to make another.

Patriotic Week Report, 10/27/1917:
Mr. George P. Porter
Council of National Defense
Washington, D.C.

I give below a synopsis of information and results compiled from reports furnished the Publicity Committee of the Kentucky Council of Defense by the different local organizations concerning the work of Patriotic Week. We now have in the hands of the printer a publication which will give full and complete information. Will send you a copy as soon as it is finished.

*Four hundred ninety-eight different patriotic meetings were held in Kentucky during Patriotic Week.

One hundred twenty-four leading citizens of Kentucky volunteered their services, time and transportation expenses during Patriotic Week and spoke outside of their own counties.

Four hundred seventeen local citizens volunteered their time and local expenses and spoke in their own counties during the week.

One hundred five all-day patriotic meetings were held with dinner on the grounds and with morning and afternoon programs.

The attendance ranged from seventy-five to five thousand. The average was high and results most satisfactory.

Eighty per cent of the meetings were held in the rural communities. Many of them were located from ten to eighteen miles from a railroad station. About eighty per cent of the people of Kentucky live in the rural districts. The campaign was designated to reach the people.

Seventy-five counties observed Patriotic Week by holding meetings. Most of those that did not hold meetings are now holding them, or will during the next few weeks. Many more meetings will be held between now and the holidays.

The women of the State gave positive and effective support. A large number participated in the different programs.

The newspapers of the State gave extensive publicity to the meetings. Many of them devoted from one to two columns to the results obtained.
The ministers throughout the State made noble contributions to the speaking campaign and hundreds of them discussed the war at their churches on Sunday following Patriotic Week. The addresses given on Sunday, however, are not included in this report.

Most of the schools of the country were active and constructive and were great forces in Patriotic Week.

The Extension Department of the State University, under the leadership of Dr. Fred Mutchler, was a real power in the work of Patriotic Week. District Agents and Farm Demonstrators were influential, active and effective in their support.

The local organizations composed of the County Council of Defense, the County Superintendent of Schools, the Farm Demonstrator, gave earnest support to the week.

Prof. B.M. Brigman, Louisville University, Louisville, Kentucky, Chairman on Authentic References and Information, received more than a hundred requests from speakers for literature and for authentic references.

Fifty thousand copies of the War Number of Normal Heights were distributed in the State. The hundreds of letters received by the Publicity Committee indicate that it had a tremendous influence in informing the people and in making effective the work of Patriotic Week.

Patriotic parades, flag drills, music by brass bands, quartettes, etc., constituted a part of many of the programs.

There cannot be any doubt about the success of the week. Far-reaching results were achieved. Those counties that did not observe the week have done so since or are going to have meetings. Three counties are this week holding meetings in practically every school district in the county. It is a pleasure to submit the above.

Very truly yours,

Henry Hardin Cherry
