C.; Mr. David Livingston, Director.

PROGRAM

DR. KELLY THOMPSON, President, Presiding

Invocation ----- Dr. Raymond L. Cravens,
Vice President For Academic Affairs

GEMINI 15

Western proudly presents its widely acclaimed musical organization which is just back from a highly successful nine-week European tour for the U. S. Department of Defense entertaining thousands of American service men in Germany. Western is one of sixteen universities and colleges selected by the National Music Council and USO Shows, Inc. to represent the United States abroad this year.

Last year Gemini 15 was selected to tour the Caribbean area and the success of that tour was reflected in the fact that the group was invited to make this year's tour.

In addition to many appearances throughout Kentucky, the group has appeared twice on the Noon Show over Station WSM-TV in Nashville.

Gemini 15 is made up primarily of music education majors from Western's Department of Music and is under the direction of David Livingston, director of the Western band. Dr. Howard Carpenter, head of the Department of Music, is MC for the show and tour manager.

Shown above is an architect's rendering of the Education Complex to be built on the Western campus. Construction is scheduled to be started this spring. The four-floor circular structure with semi-circular wings will have approximately 142,000 square feet of space. The College of Education building will house the departments of Elementary Education, Secondary Education, and Psychology. It will also house the Audio-Visual Center for campus-wide services, Counselor Education, School Administration, the Human Relations Center, University-wide Counseling Center, Educational Materials Complex, a Reading Clinic, and the Speech and Hearing Diagnostic Center.
