THE Recap OF A BUSY SUMMER

JOHN C. PERKINS RECEIVES 1992 HERITAGE AWARD

Bowling Green Realtor John C. Perkins was presented with the Landmark Association’s 1992 Heritage Award. Perkins serves as Chairman of Bowling Green’s Historic Preservation Board, a city board that advises property owners in the preservation of historic properties. He was a charter member of the association and has been active in its activities for 15 years. His real estate business occupies a downtown Bowling Green building that is listed on the National Register of Historic Places.

Perkins has served Landmark and its Board of Directors in many capacities during the restoration activities that the association has guided in downtown Bowling Green and other locations in Warren County. He has been chairman of the Finance Committee, the Corporate Finance Committee, and numerous other committees. He has been instrumental in raising funds for the operation of Landmark’s historic preservation activities. Through real estate transactions that he has arranged, Perkins has introduced many property buyers to the Landmark Association.

The Award was presented by the 1991 recipient Charles Ray, a business professor at Ball State University, Muncie, Indiana. Ray served the Landmark Association in many capacities when he lived in Bowling Green and worked at Western Kentucky University. The annual meeting was held June 18 at Christ Episcopal Church.

FUN AND FRIENDS
AT 2ND ANNUAL FLEA MARKET

The Landmark’s second annual Flea Market brought fun and friends to our group. Chair Russell Morgan and other willing workers had a well organized array of architectural terms and general merchandise ready for buyers on April 25. The evening before preview party was also well attended. Ken Thomson gave a presentation entitled “Frozen Row in 1859.”

LANDMARK SUMMER PICNIC

Dr. and Mrs. Douglas Thomson hosted the 1992 annual picnic at their home, the Covington-Britt Homestead, on August 21. There was a large turnout of members who toured the Thomson’s restored home, enjoyed the variety of covered dishes, and socialized with other members. Everyone had a good time. We appreciate the Thomson’s hospitality in opening their home for this event.

IN HONOR OF A FRIEND:
BARBARA SCHULTE STEVENS

Landmark members were saddened by the death of fellow member Barbara Stevens on September 21. Barbara and Jeff have been active members of the Landmark Association for the last seven years. Barbara was elected to the Board of Directors in 1989 and served as Secretary since 1990. She worked on many Landmark projects, always contributing greatly with her dependable presence and quiet good humor. We will miss Barbara and remember her with affection.

1992 ANNUAL MEETING

About seventy members attended the annual dinner meeting of the Landmark Association on June 18 in the parish hall of Christ Episcopal Church.

President Bill McKenzie gave a year-end review and complimented the work of the volunteers in dealing with the challenges of the year. Among other business, the membership adopted an amendment to the bylaws.

Tom and Sandy Owen received the Landmark Building Award for their restoration of the Courthouse Hotel Building and John Perkins received the Heritage Award for outstanding service to Landmark. Mr. McKenzie also presented Ray Woolsey a Landmark plaque for his support of the organization.

Kevin Brooks and Nancy Parker gave the presentations for the evening in the church sanctuary. Mr. Brooks spoke on the new custom-made crystal chandelier and bi-fold French doors that enhance the dining room area. More space on the labels than heretofore, so send a note telling us bow you prefer to be listed.

Built in 24". The "Summer" house is truly a Bowling Green Landmark. Although always well-maintained, it has recently been restored, re-plumbed, roofed, refurnished and heated by 2 high-efficiency Lenox systems. The 10 ceilings, quartersawn oak floors, completely new kitchen, crown molding, new window treatments, and master bedroom with fireplace are outstanding features, but oh... that dining room with its built-in corner cupboards, custom made Czechoslovakian crystal chandelier and bi-fold French doors that extend the dining room area to the side garden are incomparable. So beautiful and so century livable.
