Message from the Editor:

When you are researching your Civil War ancestors, do not forget records associated with their burial. National Archives Microfilm Group M1845 gives information on those Union Civil War veterans who were provided gravestones based on the 3 Feb 1879 Act of Congress for providing gravestones to soldiers buried in private cemeteries. The soldiers in this film group died ca 1861 through ca 1903.

A card record was kept of all gravestones provided by the Government for Union Civil War soldiers as a result of the 1879 act. The cards are arranged alphabetically by surname on 22 rolls of microfilm. They may include some or all of the following information for each soldier: rank, company, and regiment; cemetery name, community, county, and state of burial; date of death; and contractor's name and date stone was provided.

These film are available at the National Archives Building, the regional NARA facilities, and for sale by calling 1-800-234-8861. Additional information on these records can be obtained in an article by Claire Prechtel-Kluskens, archivist for the National Archives, published in FORUM, available at the Kentucky Library. Claire Prechtel-Kluskens, "Headstones of Union Civil War Veterans," FORUM, 11 (Spring 1999), p.1.

Update the Family Card File at the Kentucky Library

The Kentucky Library on the campus of Western Kentucky University maintains a family surname file for the benefit of those wishing to exchange information on their family lines. Most researchers interested in area families use the Kentucky Library, making this an excellent method for contacting other researchers searching the same lines. As a member of the Southern Kentucky Genealogical Society, you may have your cards prepared and placed in the file. You may also want to update names or addresses even if your surnames are already there. If you are interested in submitting information to be placed in the file or changing information already there, mail your requests to Gail Miller, 425 Midcrest Drive, Bowling Green, KY 42101.

A separate card will be prepared for each surname. These will contain your name and address. Each surname submitted should have a Kentucky connection. Please indicate the KY county or counties where family members of that surname resided during the time period of interest.

Allen County, Kentucky Marriages, 1858

Transcribed by Gail Jackson Miller
425 Midcrest Drive
Bowling Green, KY

In 1852, Kentucky passed a law requiring the registration of births, deaths, and marriages by the State. Clergymen, midwives, and physicians were required to return these to the County Clerk's Office on or before January 10 for the preceding year. The law was repealed in 1862. These Kentucky Vital Statistics Records contain marriage records in addition to those recorded by the County Clerk. These records become very important for Allen County because of the destruction of many records when the Courthouse burned. The present transcription was taken from microfilm available through the LDS Family History Centers, the KY State Archives, or at the KY Library.

The entries were recorded in a book with the following columns: Date of Marriage, Name of Groom, Residence of Groom, Age of Groom, Condition of Groom, Groom's Place of Birth, Name of Bride, Residence of Bride, Age of Bride, Condition of Bride, Bride's Place of Birth, Remarks. Added comments are written in [].

1852 Deaths in Butler County, Kentucky Vital Statistics Records

Transcribed by Gail Jackson Miller
425 Midcrest Drive
Bowling Green, KY 42101

In 1852, Kentucky passed a law requiring the registration of births, deaths, and marriages by the State. Clergymen, midwives, and physicians were required to return these to the County Clerk's Office on or before January 10 for the preceding year. The law was repealed in 1862. These Kentucky Vital Statistics Records contain the earliest public records of death in the State.

Butler County's first death records were recorded for the year 1852. Each entry contained columns to record: Name of Deceased, Age, Sex, Condition, Occupation, Residence, Place of Birth, Name of Parents, Place of Death, Time of Death, Cause of Death, and Remarks. These records are available on microfilm through the LDS Family History Centers, the Kentucky State Archives, and the Kentucky Library. The present transcription records only the name; age; sex: M-male and F-female; condition; M-married, W-widowed, and S-single; parents or owners of the deceased; and the death date. Those interested in additional information should consult the original record.

Hawkins County, Tennessee Deed Abstracts, 1801-1819

Abstracted by Joyce Martin Murray

2921 Daniel

Dallas, TX 75205

Hawkins County, TN was formed in 1786 from Sullivan County. It originally covered parts of Hamblen, Grainger, Hancock, Claiborne, Campbell, Union, Anderson, Jefferson, Knox, Roane, Rhea, and Hamilton Counties. Many people from North Carolina, South Carolina and Virginia settled in this area of northeast Tennessee.

In this fully indexed book, the author used handwritten documents to list the deeds to properties lying within the boundaries of Hawkins County as it was first formed from Sullivan County. She, also, made use of Sistler's *Early Tennessee Tax Lists*. Since so many counties were included in this area this book provides a wealth of information for genealogists and historians.

A copy of this book has been placed in the Kentucky Library on the campus of Western Kentucky University, Bowling Green, KY. Copies may be ordered directly from the author.

Francis A Walker, Esq

Dr. Sir

I found in the P. O. of this place a communicative from you to **James M. Morrow** Ast Marshal for Sub Div 107 Notifying him of the fact that he had neglected appending his certificate, according to law to Schedule Two and requesting him to return a detached certificate instead. As I once before signed the Captain's name by his authority while he was on his death bed and it was accepted I have concluded that perhaps it may not be improper for me to do so again as I am the only person that knows all about that part of his business, having assisted him in taking the Census a portion of the time and had all the Schedules copied at my house. The Capt has been dead for some time as I wrote you once before, being shot down in the streets of this place last November. I have signed his name to the certificate hoping that it will answer the purpose. If it will not do, please let me know how it can be done so as to give satisfaction and I will take a pleasure in doing anything that is right in the promises.

Yours Respectfully,

Jno. L. Smith

P. S. My P. O. address is Gordonsville Ky where I will be apt to get any communication sooner than elsewhere

[This completes the 1870 Mortality Schedule for Logan County, Kentucky.]

Black's Law Dictionary by **Henry Campbell Black** today defines intestate as:

Intestate. To die without a will. A person is said to die intestate when he dies without making a will, or dies without leaving anything to testify what his wishes were with respect to the disposal of his property after his death. Under such circumstances, state law prescribes who will receive the decedent's property. The laws of intestate succession generally favor the surviving spouse, children, and grandchildren and then move to parents and grandparents to brothers and sister.

[The law should be consulted for each state and time period to determine what happened when your ancestor did not leave a will.]

Springfield, MO, July 11, 1897

Dear Sir:

The first article I sent to the press for publication was published in *THE GLASGOW TIMES* in 1869, I think. I had then never been inside a printing office and knew as little of the mysteries of journalism as any one of my age. I was born and raised near Walnut Hill, about 3 miles from the Junction. Since coming to Missouri I have done my share of newspaper work.

I am now associated with the Leader-Democrat of this city, and have been made the official press agent of the Wilson Creek Oak Hill battle-field reunion, which will be held here. August 9-14. We are trying to get Gen **Duke** to attend the encampment, which will commemorate the 36th anniversary of the great battle fought west of the Mississippi river, August 10, 1861.

Yours truly,
H. Clay Neville

A letter written to the newspaper, published 15 July, 1897, *The Glasgow Times*, Volume XXXII, No. 41, p. 1, KY Library microcopy D10 N 13.
