Mary Emma Lovell of Central City, KY (1997) shares with us the following letters which she has transcribed from the original, she states: paragraphs, commas and periods have been added for clarity, spelling has been left as it was in the letter.

Parker Co. Texas    May 24, 1879

Mr. David Kininmonth, dear friend, as it is raining this morning, I thought i would pen you a few lines as it has been some time since i rote you a letter. This leaves all well, trusting it may find you and family well, Davy, I would bee glad to see you all and have a chat but time has seperated us on this Earth. I have got so fare out in the wiles of the West that It dont suit my old Friends to follow mee. This country suits mee very well. I think it would been doing a favor iff some friend had run mee off From Rochester and From that Country some years ago, but like the most of my old associates could not leave Rochester but I am about weaned from the hovey hole and guess i will stay in thr fare west.

I have been West some hundred and Eighty Miles From where i live, where all was wild, seen Indians and Buffalowe plenty and other game in abundance. Killed plenty and iff i live and things work Rite, I expect to go West next fall and stay two months again. I Rode over the fare west and the thought Rolled through my mind that here was a home for many a poor man if they had the Nerve to pull up and come to it. That country back there belong to a few big Dogs who own the land and a grate many of them are dogs, shore enough.

When a man leaves (page was torn here) , Davy If they cant get all a man has got, they give him hail Collumbia. I have herd of some of my friends taking there text on mee, but that is all rite for i am padling my own cano. I have lived to see the day that I dont beelong to a few big men as we dont profess to bee very Good Down in Texas. I have no confession to make to any of them.

Davy, times are pretty hard here, wee have plenty to eat such as meat and bread. Corn is worth 40 cents, Wheat 65 cents, Bacon 12 cents, Flower 2 1/4 per pound and other things according. Wee have beens and peas now plenty in the garden, corn about waist high, wheat harvest on hand now about a half crop for this country, but there is enough old Wheat to Bread the people the coming year if they had made non atall. The hogs here are good pork now Wee had meat as long as it woud keep. The grass is belly deep to a horse in one hundred and fifty yards of my house now.

Land is worth from \$1.50 per achor to ten dollars owing to improvements. This country is felling fast. Emigrants coming in all the time, a grate many going on west. If I should move again, I will go to the Colorado River, i think that is about 150 miles south West of here a most to fare out yet, all wild yet, but a fine country.

Davy, I now and so do you that the people in texas have the name of beeing a hard crowd. Wee have some as good men here as anywhere and some as bad as any where to take it on an average. wee have society here as good as it is back there or anywhere else. Here is the secret of the hole matter both here and there, if a man has property and money, hee is all rite and when that leaves, his friends depart. There is some exceptions it is true.

\*\*\*\*\*  
Wee have a Methodist Church in one mile and a half of my house.

Davy, I have about sixty achors enclosed fifty in Cultivation. i have just finished my wel last week went forty nine feet and got plenty of water in the yard. I have not had a doctor called in since i have been here. I have had some bad luck here, I had one Mule and one horse to dy, but wee have to take these misfortunes for the best though. Wee cant see it that way. It will all be the same price after a while.

Davy, I will tell you the truth one time more, I would not come back there and Bring my family and live there forthe best Farm in that Country, first, the health of my family, second, my children will have a chance to have a home and not have to work for some body els an there many other advantages for a poor man here. Davy, you must rite soon i will close By Remaining your friend until death. Tell Dicks Folks Howdy For mee.

Mrs. Susan Kininmonth      Weatherford, Parker County, TX      March 1883

Remembered Friend

You may be suprised to get a letter from me, but strange things Happen some times you know. Well, Susan, 10 years has pass since we parted. 10 years has bin added to our age. Those years has left there mark. Many sad changes has taken place. Our friends has passed away and left us.

Last weeke brout me a letter from Vicktoria telling me of Aunt Lydias death. She passed away 10 of Jan, no deseas nor nothing apeared to be the matter with her. She lay down on sunday eav and dyed. She was old and had lived long time. I expect she had a good Home at Vicks and Janes.

Well we are all tolerable. Well my Health is not good. My lungs ar verry weeke. We live in Weatherford 15 miles from our farm. School ever so bad out there, we rented out and came to town to educate our children, which by the way as nearly grown. Jont is his own man, Phil 19, Kate is large as me, Lizzie is nearly grown and the best looking of my girls, Johnnie is a good Big Boy, plowing this spring. My Baby - little Duff is the pet and is the finest looking of any of our children. Duff has broke considerable but dos not look like he was 50 years old in April. Nannie is getting along fine making a good living, got a good Home of there own. She has one little Boy name Dee.

Jo Depoyster came here year ago. His health has improved some.

Virge Grable has 5 boys.

Mally is married. The old folks look graye and old.

Susan, I want you to write and tell me the Reson Aunt Lize wont answer my letters: I roat a letter to her about Mags death - she answered it, then I roat to her and told her a few facts concerning Fuller which made her mad and I guess she will not answer. But, Susan, he is a low down drunken fellow living on what P.H. Baker workes for. He never drew a sober breath while Maa was in Ky. but he quit for a while. Mags Health was so bad, but he has been drunk since she died. Mag had bin dead 6 months to a day when

\*\*\*\*\*  
 he married again. He was trying to go to see the girls when she had bin dead just 1 month. He married Mag Allen. I never herd any peticular Harm of her only she was lazy. She is old maid. Her sister turned out bad, but she was as good as Fuller could do as he is not liked atoll here - has not many friends: But Susan, Margret gave Fuller and his a home and turned her orphant children out in the world with nothing to go on, made her will to that effect. It is the most unjust thing I ever herd of. John and Jake canot get one cent till son becomes 21, then John will be 28 years old. I think Fuller influenced Mag to do what she done. Fuller had more influence over her than anyone ever did.

Susan, answer this an I will tell you something that you do not know, and you be sure to ask Aunt or one of the Boys the reson they never answered my letters and tell me in your letter \_\_ \_\_ now I will look for a letter from you soone.

Good By Love to all the family

The last letters reseived from Laurel Bluff brought me word of Mothurs declinging Health it causes me many uneasy Hour. My Health is extreemly good now and that of my family. My baby is a great big fellow. Tell Charlie, Katie can read in the fifth reader and is writing. Sis is so mean she wont go to school. Tell Lou, Nans school is out and she ant one bit sorry. The weather is getting warm and she walked 2 miles to school.

Dos Dick ever wonder who will tend to Davys Kidney complaint now I am gon: Thow Brother Davis is gon now with his Magic Oil, what dos the people do for medicens?

Well tell us all the news of the day. Grable family is well and getting along now have a good place. Tell Aunt Eliza Kininmonth, May is well. She has got a pretty little Namesake too, favors Eureka as much as she can, only finer featured than her. Well, I want you and Davy to try and write us a long letter,,,, I have lots of flowers in my yard, lots of Beens, peas, potatoes in my garden 175 young chickens.... so I close for this time.

from one that wishes you well good by

In the name of the Father and of the Son & of the Holy Ghost, I who have subscribed at the end of these presents having considered the Resolution of my mortal tabernacle in that I, as well as any other men caped immoral death & to be translated out of this wale of misery into a happy eternity thro the Grace of my Redeemer, Jesus Christ. And for as much as I, as well as all other stewards, must render up my accompts before the Throne of The Most High. Therefore here by virtue of my own handwriting and subscription, be it known to all men that after mature consideration, being in good health & perfect soundness of understanding, in the presence of these special witnesses called to reveal this my Last Will and Testament & that the better to prepare for death & with St. Paul: Coll. 3d "Seek that which is above where Christ sitteth at the Right Hand of God". Now that this is and be my Last Will & Testament, I have in the presence of these called witnesses subscribed my name, with my own hand & set my seal to confirm my will as followeth: First of all, my son Frederick, after my decease, shall have & inherit & for his own possess a parcel of land situate in Virginia upon Bck Creek, containing one hundred & eighty two acres as my deed bearing date April 3, 1751 plainly showeth.

But for as much in that the aforesaid deed containeth, in all, 248 acres, be it therefore remembered that I have sold 66 acres part thereof, so there remains as aforesaid for my son, 182 acres. And my son Frederick shall pay to my daughter, Judith, twelve pounds, Pennsylvania money, as part of her portion out of the aforesaid piece of land soon as he doth possess it. Secondly my son John shall inherit & for his own have & possess, a parcel of land which borders on one side towards the aforesaid piece of land & on the other side near John Herr's land & contains one hundred & sixty three acres, as my deed bearing date the tenth of April 1751 plainly witnesseth. And my son John shall pay to my daughter, Judith, out of this said piece of land eight pounds, Pennsylvania money, as part of her portion & that as soon as he doth possess it. Thirdly, my two sons, namely my son Henry & my son Abraham, shall inherit and for their own possess a parcel of land situate in Monokosey, bordering on one side near Parson Hunter's land, on the other near side near Conrad Gooche's land, containing two hundred & seventy four acres as my deed plainly witnesseth. This said piece of land shall be divided between my children, by these men whom I have chosen & appointed to be their guardians & Executors, whose names names are: George Loy, Michael Roemer, Conrad Gooche & to be divided in this manner, namely that one have as much meadow land, plough land and wood land as the other & when it is divided, then my youngest son, Abraham, shall hold the old imporvement together with the house and shall pay my daughter, Judith, twelve pounds part of her portion out of his part of land as soon as he doth possess it, and my son Henry shall pay my daughter Judith, eight pounds, part of her portion out of his part of land as soon as he doth possess it. Fourthly, but if any of my aforesaid sons, they or any of them, shall refuse to pay to my daughter Judith the aforesaid money, then these aforesaid executors shall have power to sell his or their lands who refuses to pay and to make payment to my daughter and to give the residue to him or they who were not obedient. Fifthly, concerning my

personall estate or house mobile linen, my step children shall first receive their part in money from my executors & all just debts shall be paid. Then the residue shall be divided between my wife & children according to the Law of the land. After that, my wife Apolonia hath first received from my executors twenty pounds, Maryland money, or the worth thereof. And for the firm establishment of this my Last Will and Testament, I have, not only with mine own hand, declared it, subscribed it & sealed it but for better confirmation hereof these subscribed witnesses have hereunto set their names, with their own hands as evidence of the same.

John Conrad Kempff, Gilbert Kempff, Peter Kempff & Frederick Kempff.

Recorded in: Will Book pages 102 & 103  
Recorded at: Courthouse, Will Book Room, Frederick, Maryland.

NOTE: It is to be remembered that Frederick was a weaver by trade, thus the "Mobile Linen" of the Will, most likely refers to his inventory of raw materials.

## CORNER INQUEST

Statements made by witnesses to accident to Mat Jeras on February 19th 1913 in Browder shaft.

Name of Deceased: Mat Jeras

Date of Death: 19 February 1913

Cause of Death: By his own negligence (decapitated)

Witness: Bud Morehead: he was pulling coal at the time. Morehead missed a car and when he missed a car he always called for a cage. When he gave the signal William Anthony (cage runner) stopped him as if to say that something was wrong and Anthony called up and said that a man was in the way of the cage. Morehead didn't believe him at time. That is all that he knows about it.

Witness: William Anthony: he was caging at the time Jeras was killed. Jeras came up to the shaft shortly after dinner. When Anthony got the last on the cage of the one trip that came --- he walked up to the cage. Jeras wanted to go out and Anthony told him he could not because the motor was then coming. Jeras replied "Me no care for motor". After the motor had come in and had been tripped down the shaft Jeras was sitting with his bucket about 4 feet in front of him. He grabbed his bucket and Anthony kept motioning to him not to get on the cage and pointed to the top and let him know that they wanted the cage on the top. Anthony waved his hand for him not to get on. Assuming Jeras could understand and about that time Bud Morehead reversed the cage and started he got right up and seemed like he tried to jump off again. After he got on the cage he was beltdover, seeming like he was fixing to jump and hit something and when he went over to Jeras he thought he (Jeras) was dead. Anthony does not remember anything after this point in time.

Witness: McDowell: he was spragging and dropping loads (caging) a man was sitting on the opposite side of the shaft, waiting for a chance to get out. He was trying to get on the cage but Anthony called for him not to get on. McDowell thinks Anthony must have said it 3 or 4 times but Jeras seemed to be in a terrible notion of going out. McDowell was watching for him to get off McDowell was close about the time he hit the cage, the cage went up and he could not say whether hit the cross over or whether the cage went up and drug him down.

## Questions

Q: He was coming out before regular time?

A: He was coming out before quitting time.

No questions were asked by the jury.

\*\*\*\*\*  
Witness: Alvin Jones: Did not know any thing about how he got killed. All he could witness to was the signal that the engineer got.

Witness: Abercrombie: just saw Jeras about 15 or 20 minutes before he was killed. Saw that Jeras had been decapitated, his body on the west side and his head was on the east side.

Jury Foreman: J..J. Parrott

Jury: W.J. Whitney, John Murphy, R.F. Kirtley, C.C. Robison and D.B. Walton

**NOTE** by Brenda Collier Doss: Matthew "Matt" Jeras was my grandmothers 1st husband, they were married 2 February 1913, just 17 days before this accident. Matt was born 2 October 1882 in Wekrick, Austria, the son of John and Mary (Roman) Jeras. He is buried in the Rhoads Cemetery at Browder, Muhlenberg, KY.

**MISSING MAN'S BODY IS FOUND MONDAY**

**Alney Tucker Had Been Missing Three Weeks; Suicide Suspected**

The body of Alney Tucker, 58 years old, who disappeared about three weeks ago from the home of his nephew, Elisha Atherton, at Livermore, was found Monday afternoon, buried in mud, by a party that had been dragging Rough River, since Tucker's hat was found on the river bank yesterday.

The body was found by Marion Downs.

The theory is that Tucker ended his life, as he had been in ill helath for several years. When the body was discovered by Downs Monday afternoon it was removed to the home of Mr. Atherton in Livermore and prepared for burial.

The sudden disappearance of Mr. Tucker created a sensation in McLean County and every effort had been made for two weeks to find some trace of the missing man.

Besides his nephew, Mr. Atherton, with whom he had made his home for many years, he is survived by F.H. Thomasson, also a nephew and Mrs. W.D. Haley and Mrs. R. J. Milton of Owensboro, who were nieces, Mrs. Oscar Tucker of Owensboro was a sister-in-law.
