

CREATION OF COMMITTEE ON UNIVERSITY COMMITTEES

At the request of President Zacharias, the responsibility for University-wide committee appointments is to be removed from the Office of the Vice-President for Administrative Affairs and placed in the hands of the Faculty Senate. Because of the weight and magnitude of this responsibility, it seems imperative that the Senate create a standing Committee on University Committees to deal with such appointments on a regular basis.

The B.A.E. Committee therefore proposes that the Faculty Senate create a standing Committee on University Committees described in the Constitution of the Faculty Senate as follows:

"8. Committee on University Committees

It shall be the responsibility of this committee to appoint members of the university community to university-wide committees when instructed to do so by the Chairperson of the Faculty Senate at the request of the President of the University."

CREATION OF COMMITTEE ON SENATE COMMUNICATIONS

Since its inception, the Faculty Senate Ad Hoc Committee on Senate Communications has devoted a great deal of time and effort to regular publication of the Faculty Senate Newsletter. Due to the increased responsibility and importance of this committee, the B.A.E. Committee requests that the Committee on Senate Communications become a standing committee of the Faculty Senate described in the Constitution as follows:

"9. Committee on Senate Communications

It shall be the responsibility of this committee to produce and distribute the Faculty Senate Newsletter to the university community and to prepare other communiques of an informative nature at the request of the Chairperson of the Faculty Senate."
