Resolution 85-5-F
Reduction of Grade Point Average for Congress Members
Introduced 10-22-85

PURPOSE: To place on the ballot for student body approval an amendment reducing the grade point average requirement for a member of Congress from a 2.25 to a 2.0.

STATUS:

FAILED

WHEREAS, Article III, Section 5, Paragraph D, of the Associated Student Government Constitution stipulates "All representatives must have at least a 2.25...", and

WHEREAS, A student is not on academic probation with a 2.0 grade point average, and

WHEREAS, A student may graduate, participate in athletics, join fraternities or sororities, and participate in other extra-curricular activities with a grade point average of 2.0, and

WHEREAS, Depriving somebody of the right to run for office when they are not in violation of any policy is an injustice to them, and a great disservice to this body,

THEREFORE, Be it resolved that we, the members of the Associated Student Government, being duly elected representatives of the student body do hereby amend the Article III, Section 5, Paragraph D of the Associated Student Government Constitution to read "All representatives must have at least a 2.0..." so that all students in good standing with the university may exercise their right to run for student elective office.
