## Message From the Editor:

Dear Friends,

This is probably the last issue of *The Heritage* to be published. The Muhlenberg County Local History Annex will continue to serve the needs of Muhlenberg County historians and genealogists. Carol Brown will continue to work there.

As you know, there have been several installments of various records that I have begun as Editor of *The Heritage*. I do not intend for these to remain unpublished. I am continuing as Editor of the Southern Kentucky Genealogical Society's *The Longhunter*. This publication normally serves Allen, Barren, Butler, Edmonson, Logan, Simpson, and Warren Counties. Muhlenberg is so closely related to Butler and Logan County that I intend to continue several of the records I have begun in *The Heritage* in *The Longhunter*. I invite you to become a member of the Southern Kentucky Genealogical Society. That Society donates books to the collection of the Kentucky Library at Western Kentucky University. I am including a membership form at the end of this issue.

The West- Central Family Research Association also covers Muhlenberg County. They may also serve your needs. Their address is PO Box 1485, Owensboro, KY 42301.

If you need my services directly, I am a professional researcher and make monthly trips to the Kentucky State Archives in Frankfort for clients and do research in Muhlenberg and other local courthouses. Please contact me by mail or visit my website. I hope you will have continued success in your Kentucky genealogy.

Regards,

## 1797 Kentucky Land Grants South of Green River [continued]

Transcribed by Gail Jackson Miller, CG

Bowling Green, KY 42101

*The Land Grants South of Green River are contained in 29 books and comprise 15,730 separate grants. They were granted between 1797 and 1866. The grants, sometimes called "Headright Claims" were based on an Act of Kentucky General Assembly dated 21 Dec 1795. Until 1797, no person could enter a survey within this area except a soldier. The 1797 Act of the General Assembly opened up the vacant lands in this area to any person possessed of family and over 21 years old. Such person were entitled to not less than 100 acres and not more than 200 acres. They had to have lived on the land for one year before they came into actual possession. The surveys upon which these grants are based are recorded in 18 books in the Kentucky Land Office. The following are the first recorded in Volume 1 of these grants. They were transcribed from the filmed original Grants South of Green River, Vol. 1, 1797-1803, FHL film 0272828.*
