\*Josh Durkee: Department, Dean, and Graduate Council recommended Regular, but **not approved** because he is an untenured assistant professor. Associate status is extended to the full 6 year term.

\*\*Lorraine Bormann: Department, Dean, and Graduate Council recommended Associate but **not approved** because she does not have the terminal degree.

\*Bernard Strenecky: Department and Dean recommended Temporary. Graduate Council recommended Adjunct. I concur with Graduate Council's Adjunct recommendation because he does not have faculty status.
