BOWLING GREEN, KENTUCKY 42101

MEMORANDUM

TO: Dr. Don Bailey, Chair
Faculty Senate
FROM: Donald W. Zacharias, President
SUBJECT: University Guidelines for Promotion

I am enclosing for your review and comment a document recently sent to this office which proposes changes in Western's current rank and promotion procedures. To maintain clarity and continuity, it is essential to use the current policy as the starting point for revisions. The enclosed document has been developed by Vice President Davis and the Council of Academic Deans after reviewing and evaluating the suggestions forwarded this fall from the Faculty Senate.

I am confident that Vice President Davis would be happy to discuss this proposed document with you and members of the Senate after you have had an opportunity to review it. Following your review and discussion of the document, I would appreciate having the Senate's recommendations and comments. I will take no further action regarding my own review of these proposed changes until the Senate has submitted its report. I appreciate your continued assistance and cooperation.
