THE PRESENT MANAGEMENT.

At a meeting of the Board of Trustees held May 11, 1894, Rev. J. M. Bruce was unanimously re-elected President of Liberty College.

It is but justice for the Board to say that, last year, the Institution sought the Rev. Mr. Bruce for President, believing that under his management Liberty College would prosper as never before in her history.

Now, after the lapse of a year of unparalleled prosperity for Liberty College, we, as members of the Executive Board, take special pleasure in recommending, with the greatest confidence, the management of Liberty College for the ensuing year, feeling that the President and the Faculty secured will insure abundant and continued prosperity for our Institution.

Flem S. Page, Ch'm'n.
J. L. Bryan,
J. A. Murray,
W. B. Smith,
J. W. Jones,
Jo. U. Rogers.

GENERAL INFORMATION.

Object.—It is the purpose of the College by means of specific training to develop the capabilities and powers of each individual student, and teach pupils to think and act for themselves. We shall strive to have our pupils to comprehend fully principles studied, to stimulate the ambition, and to create such a desire for promotion that the student will pursue his work from a love for it, rather than be compelled to study.

Organization.—The College will be conducted as a select school, there being no change whatever in the boarding department. Young men, however, will be admitted to the school as day pupils, but they are seated separate and apart from those in the chapel, and
the room is superintended by one of the Principals. Boys may go to the chapel to recite, and young ladies and gentlemen in collegiate classes recite together, but they will return to their own study room after recitation.

Discipline. — "Good discipline is as essential to a school as to an army, and its absence from either brings ruin." Teachers are employed to instruct instead of correct, yet strict obedience will be required of every pupil. Promptness and regularity are insisted upon and are evidence of every pupil. It is taken for granted that students are ladies and gentlemen, and contrary will sever their connection with the school.

Admission. — The school term begins September 3, 1894, but students may enter at any time and find classes suited to their advancement. It is not only very desirable, but of great advantage to pupils that they enter at the beginning of the school term, when classes are organized. They are thus relieved of the embarrassment of entering in advanced classes.

Situation. — Glasgow, the county-seat of Barren, is situated on a branch of the Louisville and Nashville Railroad, 90 miles south of Louisville and 17 miles from Mammoth Cave, in a picturesque and healthful region.

AS TO THE HEALTH OF GLASGOW.

The following testimonial, from Prof. James H. Fuqua, former President of Liberty College, is self-explanatory:

I will say to those desiring to place their daughters in a healthful locality, that I have never known any place so free from chills and fever for several years. After being in Glasgow a few weeks, we were not troubled with them at all during the five years. With from twenty to thirty in our family during that time, we did not have a serious case of sickness. Several girls, who, upon entering Liberty College as boarders, were very delicate, began immediately to improve, and in a few months their health was fully established. Glasgow is eminently healthful, and parents can not select a better place than it is, nor a more thorough and meritorious school than Liberty College in which to place their daughters.

Very truly,

JAMES H. FUQUA.
EXPLANATION OF COURSES.

TEXT-BOOKS.

I. COLLEGIATE COURSE.

This is pre-eminently a course of thorough mental drill and discipline, and every effort is put forth to make it of the highest educative value. The following Schools comprise the course:

Philosophy.—Davis' Psychology, Haven's Moral Philosophy, McIvaine's Evidences of Christianity, Logic (Jevon's), Political Economy (Mill).

Sciences.—Maury's Physical Geography, Steele's Physics, Steele's Physiology, Steele's Zoology, Gray's Botany, Dana's Geology, Steele's Chemistry.

Latin.—Harkness' First Year in Latin, Harkness' Latin Grammar.

Language and Literature.—Genung's Practical Rhetoric, Shaw's Literature, Riverside Literature Series.

Mathematics.—Ray's Arithmetics, Ray's Algebras, Wentworth's Geometry and Trigonometry, Young's Astronomy, Olney's Analytics.

Greek, German and French.—These studies are optional, not being required for either the degree of B. S. or A. B.

The arrangement of the above studies has been made with careful regard to their systematic and logical relation, and for the purpose of training all the faculties of the mind.

MUSIC COURSE.

Voice Culture.—It is a source of much satisfaction to parents and friends for young ladies possessing a good voice to have careful training. The power and compass of the voice will be fully developed by scientific methods, including respiratory exercises and
laws of expression, and frequent recitals in both vocal and instrumental music held.

Instrumental Music.—Thorough instruction will be given in the principles and practice of music and special attention paid to proper fingering and execution. The latest conservatory methods will be followed and the works of the greatest composers studied. An entirely new outfit of pianos has been placed in the music rooms, thus making practice a pleasure and securing better results.

ART COURSE.

Our Art Department is conducted on the plan of the best studios. The work consists of drawing and painting with pencil and charcoal, painting in oil and water colors. Long experience in china painting insures competent instruction in Royal Worcester, Dresden, Figures, Heads, Landscape, Flowers, Fruit and Game. China is fired at home.

BUSINESS COURSE.

This department is for those who contemplate devoting their lives to business pursuits, and pupils who have an adequate knowledge of English branches can complete the course in five months.

Book-keeping.—The basis of the course is the Drill in Double and Single Entry, Williams & Rogers’ text book being used. In addition to this, there is a course of practice work, including the drawing of checks, notes, drafts, etc., thus familiarizing the student with business forms. Grammar, Arithmetic, Commercial Law, Penmanship and Letter Writing are also required, and those completing the course satisfactorily will be granted a diploma.

DEGREES.

Those who complete any prescribed course of study will be awarded a diploma. In the Collegiate Course three Degrees will be conferred, as follows:

The Degree of B. S. is granted when the student has completed the full English course, the Latin of the Freshman and Sophomore years, and the Sciences and Mathematics including the Junior year.

The Degree of A. B. is conferred when the student has completed the Latin, Sciences and Mathematics of the four years’ course.

The Degree of A. M. includes the full course as outlined, including German, French or Greek.

Diplomas of Proficiency will be granted to those graduating in either Music, Art or the Business Course.

THE FACULTY.

We are glad to announce that our faculty is made up of experienced teachers, who have taught in the community for years, and who are recognized by those competent to judge as successful instructors. All of them taught successfully in the College last year.

Rev. J. M. Bruce graduated at Centre College in 1873, and was afterward given the honorary degree of A. M. by the same institution. Liberty College has been remarkably prosperous under his wise and judicious management.

Prof. Abner Rogers graduated at Georgetown College in 1875 with the degree of A. B., and the next year took the degree of A. M. in course. Prof. Rogers prepared himself thoroughly for teaching, and has taught fifteen years. For seven years he had charge of the Male High School at Stanford, and also taught in the Female College at Stanford and Daughters' College, Harrodsburg. He has, therefore, the highest qualification, coupled with large experience.

Miss Redding has had experience in both public and graded schools for several years, and is considered an able and efficient teacher.

Miss Dickinson is a graduate of Liberty College in the class of 1891, and has taught successfully for four terms.

Miss Bybee, from the time she graduated, taught in the public schools of Glasgow, until the organization of the Graded School, and she had been employed in it constantly since until last year, when she was employed to teach in the College.

The Music Department of the College has attained a high standard under the faithful supervision and teaching of Miss Bohannon. She is an artist in her chosen profession, and although possessing a voice rare in its richness and melody, and being a skillful performer, she took a special course in the College of Music, at Cincinnati, last summer, in both vocal culture and piano practice, making a special study of methods.
The work of Mrs. Bruce as an organizer, and her power to drill and prepare pupils for concert or church practice, is fully recognized. She has not only made a special study of music from an early age, but in all her teaching has given entire satisfaction. With so competent teachers the instruction in music can not fail to meet the approval of patrons.

Mrs. E. N. Caldwell, who will have charge of our Art Department next session, needs no introduction to this community; but for the information of any desiring it, we will say that her beautiful work has frequently been on exhibition here, and any one desiring to take a course in Art will find her a competent teacher.

BUSINESS STATEMENTS.

A session continues forty weeks, with an intermission of one week at Christmas. A session is divided into two parts.

BOARDING.

Board in College, including Lights, Fuel, Washing and Servant's attention, per term... $70 00
Boarding, in best private families, washing not included, per week... $2.50-$3.00

TUITION PER TERM.

Primary... $10 00
Preparatory... 15 00
Business... 20 00
Collegiate, first and second years... 25 00
Collegiate, third and fourth years... 30 00
No Incidental Fee will be charged.

SPECIAL COURSES.

Instruction on piano and organ... $5 00
Use of instrument, one hour each day... 20 00
Voice Culture... 15 00
Drawing and Crayon... 20 00
Painting... 10 00
French... 10 00
German... 10 00

Tuition must be paid quarterly in advance, one-half of a term being considered a quarter. The school depends on its income for current expenses, hence, tuition is due when pupil enters, and prompt payment expected, within one week, or the withdrawal of the pupil.

No deduction is made for absence except in case of sickness prolonged two weeks, but when a pupil is withdrawn on account of sickness over-paid tuition is refunded. A reduction of ten percent will be allowed when more than one pupil comes from the same family. Special rates to ministers.

BOARDING DEPARTMENT.

The site of Liberty College is one of the prettiest in the South, and the building one of commanding appearance, having ample room for College work and accommodation for fifty ladies as boarders. The rooms are large and airy, and all the surroundings are attractive and home like. We can not emphasize, too much, these features. Young ladies will board in the College with the President, and every effort will be put forth to make their stay pleasant and to develop all that is noble and good in each character. To do this the young ladies are brought into personal contact with our home life.

REQUIREMENTS.

Moral Training.—The health of young ladies is carefully guarded, and daily exercise under the guidance of a teacher is taken. During inclement weather drills in calisthenics take the place of walking. Constant attention is paid to religious training, and while denominational doctrines are not taught, boarding pupils are required to attend church and Sunday school with some member of the faculty. The College is but a short distance from the various churches. The denominational preference of the pupil or parent will be respected.

Literary Exercises.—The Calliopean Literary Society holds weekly meetings in the College Chapel, and an annual public meeting just before Christmas vacation. This society exists for the young ladies, and a similar one will be formed for the young men. These exercises give power of expression, and enable pupils to be at ease before audiences. Facility of speaking in smooth and forcible language and freedom from embarrassment can be acquired in no other way than by practice.

Visiting and Corresponding.—Frequent visit to friends in town or country are detrimental to study and scholarship. Not only time but interest is lost, hence such visits without permission from
parents will be subject to the approval or rejection of the President. Studious young ladies have but little time for correspondence other than with immediate relatives. It is essential, therefore, that an approved list of correspondents be furnished by the parent or guardian.

Miscellaneous.—Boarders should bring with them one pair of blankets and sheets, one pair pillow slips, soap, towels and napkins, and be provided with gossamer, umbrella and rubbers. Promptness at meals and in retiring and rising will be insisted upon, and neatness in house keeping and economy of dress encouraged. No pupil will be permitted to purchase goods on credit except where parents have made previous arrangements. A reading room will be fitted up for the young ladies, in which good readable books and the leading papers and magazines may be found. Great advantage may be derived from this and many profitable hours spent in reading. A plan to organize a gymnasium is on foot and we trust it may be carried out during the year. Finally, we desire to make the College a home for young ladies as well as to furnish them with a practical course of instruction and training. Those who have daughters to educate may rest assured that, if placed in Liberty College, they will not only receive thorough instruction, but such direction and attention as will develop true character. For further information, address the President.

NEW REGIME.

One year ago, the Board of Trustees decided that it would be wise to admit young men as students of Liberty College, which had hitherto admitted young ladies only. During the year, the practical working of this new plan was watched with much interest, and it is now believed that the Board made a wise decision in admitting young men. Liberty College is still retained as a Boarding Department for young ladies who come from a distance to attend College. Under no circumstances are young men admitted as boarders.

NORMAL COURSE.

As announced in our catalogue of last year, a Normal Department was opened the last term for the special benefit of teachers and of those expecting to teach.

During the last term, there were seventeen teachers in attendance. Some of these, holding Certificates of the First Class, came to pursue special lines of study, and others to take a special drill in the Common School branches preparatory to the County Examination in June. During the last month in school, the teachers received great benefit from the special examinations on the Common School branches to which they were daily subjected.

All of those who took this special course, twelve in number, passed in the County Examination, six of them receiving Certificates of the First Class.

Announcements will be made later regarding the Normal Department for next year. We invite correspondence.

ORATORICAL CONTESTS.

To stimulate the young men attending College, and to infuse new life into College work, a series of Oratorical Contests was instituted the second term. The young men entered into these contests with a great deal of enthusiasm and in a spirit of friendly rivalry.

Fifteen young men engaged in the first contest, and by a unanimous vote of the judges the prize—$15 in gold—was awarded to JOSEPH M. BARLOW, Cave City, Ky.

Thirty young men took part in the second contest, and by a unanimous vote of the judges the prize—a handsome medal, given by the enterprising firm of Morris & Son, Glasgow—was awarded to ROBERT H. PORTER, Glasgow, Ky.

It is the purpose of the management to have these contests conducted with absolute fairness and impartiality.

Announcements will be made later regarding the contests to be held next session. Prizes have already been offered.

THE OUTLOOK.

This has been a year of unparalleled success for Liberty College. Two Hundred and Seventeen Students were enrolled this session.

In this Institution, now entirely free from financial embarrassment, with valuable property much improved during the year, we have a solid foundation on which to build a Christian College of high grade.

The citizens of this community in particular are urged to consider the abundant usefulness of a Christian College here, and to
help in the effort to lift up Liberty College to a still higher plane of usefulness and power. The outlook for this Institution was never brighter. We enter upon the work of another year determined to leave nothing undone for the prosperity of the College.

To the citizens of this community, we would say that prosperity to the College means increased prosperity to our people.
