FORWARD

The Barren County Historical Society was formed in 1973 and previously known as the South Central Kentucky Historical and Genealogical Society. A group of dedicated people who loved genealogy and the history of south central Kentucky dedicated much time and effort into creating a society that would provide information for those who lived far away and had no easy way of digging through source documents and local members who met monthly with varied programs and speakers.

Originally, there were no other historical or genealogical societies in other counties in the area designated South Central Kentucky. They thusly covered many counties: Metcalfe, Monroe, Hart, Clinton, Edmonson, Warren and other counties. Currently we only cover Barren County.

Copies of the quarterlies have been saved and many are available for purchase to this date. The indexes were shown in the fourth or winter issue each year of all the issues published that year.

In the beginning, issues were numbered 1, 2, 3 and 4 with the 4th issue normally published in January of the next year. The quarterlies were typed for years on stencils and copies run on a mimeograph machine. Different typewriters were used, different formats – each year growing in the quality and the quantity of information shown.

I have shown two things for each calendar year.

The first is a typed copy of the Table of Contents for each issue. I have not shown dated material, books for sale outside of the Society that may or may not still be available or queries as they would be dated. I have shown the genealogical and/or historical articles.

The second item is the annual index which follows the Table of Contents. Now, these are not of the best quality in the earlier years. Some will show wear, slight coloration or not be aligned correctly. I apologize for their quality. Some entries will show the names shown in queries or books and can be ignored.

The following issues have been sold out and are no longer available: Volume 1 (1973) all issues; Volume 2 (1974), all issues; Volume 3 (1981), issues 1 & 4; Volume 4 (1976), all issues; Volume 5 (1977), issue 1; Volume 10 (1982), issues 1 and 2; Volume 12 (1984), issue 2. The rest are available from the Barren County Historical Society, Post Office Box 157, Glasgow, KY 42142-0157 for \$4.00 each. I have a copy of many of these sold out copies; you may contact me if you would like a copy of a particular article.

This volume is not indexed since the reader can scan through the years to see the names included.

B. J. Moore said she told us the wrong county on the marriage of Joseph Hall and Ann Barnett in 1785 (Vol. 9, Issue 3, Sept. 1981, pg. 112). Instead of Madison, they were mar. in Lincoln Co., KY. That really doesn't change the workings of my theory, but it puts them a lot closer to home. It may be that no one except B. J. and I care about this, but this Joseph is, in fact, the one who wound up in Monroe Co.

Names and addresses of those submitting articles for publication should always be at the first of the article. If you have questions concerning the things you read here, you would probably get better results or answers by writing directly to them. I have very little material of my own, so I just types 'em the way I sees 'em. But please continue to notify me of my errors. Thanks! --ED.

NEWS HIGHLIGHTS

The Historic Confederation of Kentucky will conduct a Genealogy Seminar on APRIL 10, 1982 at the Barren River State Park Lodge. All you out-of-staters and early vacation planners should mark that date on your calendars. You haven't lived until you've seen Kentucky in April. Paris, France would certainly have a ways to go to top us. There will probably be more on this in your March edition of TRACES. (If you don't remember the title you may think we forgot you.

The Second National Genealogical Society Conference in the States will take place May 12-15, 1982 in Indianapolis, IN. More on this next time, or you can get information and/or registration materials from: NGS-IHS Conference, P. O. Box 31246, Indianapolis, IN 46231

FORWARD

The Barren County Historical Society was formed in 1973 and previously known as the South Central Kentucky Historical and Genealogical Society. A group of dedicated people who loved genealogy and the history of south central Kentucky dedicated much time and effort into creating a society that would provide information for those who lived far away and had no easy way of digging through source documents and local members who met monthly with varied programs and speakers.

Originally, there were no other historical or genealogical societies in other counties in the area designated South Central Kentucky. They thusly covered many counties: Metcalfe, Monroe, Hart, Clinton, Edmonson, Warren and other counties. Currently we only cover Barren County.

Copies of the quarterlies have been saved and many are available for purchase to this date. The indexes were shown in the fourth or winter issue each year of all the issues published that year.

In the beginning, issues were numbered 1, 2, 3 and 4 with the 4th issue normally published in January of the next year. The quarterlies were typed for years on stencils and copies run on a mimeograph machine. Different typewriters were used, different formats – each year growing in the quality and the quantity of information shown.

I have shown two things for each calendar year.

The first is a typed copy of the Table of Contents for each issue. I have not shown dated material, books for sale outside of the Society that may or may not still be available or queries as they would be dated. I have shown the genealogical and/or historical articles.

The second item is the annual index which follows the Table of Contents. Now, these are not of the best quality in the earlier years. Some will show wear, slight coloration or not be aligned correctly. I apologize for their quality. Some entries will show the names shown in queries or books and can be ignored.

The following issues have been sold out and are no longer available: Volume 1 (1973) all issues; Volume 2 (1974), all issues; Volume 3 (1981), issues 1 & 4; Volume 4 (1976), all issues; Volume 5 (1977), issue 1; Volume 10 (1982), issues 1 and 2; Volume 12 (1984), issue 2. The rest are available from the Barren County Historical Society, Post Office Box 157, Glasgow, KY 42142-0157 for \$4.00 each. I have a copy of many of these sold out copies; you may contact me if you would like a copy of a particular article.

This volume is not indexed since the reader can scan through the years to see the names included.

FORWARD

The Barren County Historical Society was formed in 1973 and previously known as the South Central Kentucky Historical and Genealogical Society. A group of dedicated people who loved genealogy and the history of south central Kentucky dedicated much time and effort into creating a society that would provide information for those who lived far away and had no easy way of digging through source documents and local members who met monthly with varied programs and speakers.

Originally, there were no other historical or genealogical societies in other counties in the area designated South Central Kentucky. They thusly covered many counties: Metcalfe, Monroe, Hart, Clinton, Edmonson, Warren and other counties. Currently we only cover Barren County.

Copies of the quarterlies have been saved and many are available for purchase to this date. The indexes were shown in the fourth or winter issue each year of all the issues published that year.

In the beginning, issues were numbered 1, 2, 3 and 4 with the 4th issue normally published in January of the next year. The quarterlies were typed for years on stencils and copies run on a mimeograph machine. Different typewriters were used, different formats – each year growing in the quality and the quantity of information shown.

I have shown two things for each calendar year.

The first is a typed copy of the Table of Contents for each issue. I have not shown dated material, books for sale outside of the Society that may or may not still be available or queries as they would be dated. I have shown the genealogical and/or historical articles.

The second item is the annual index which follows the Table of Contents. Now, these are not of the best quality in the earlier years. Some will show wear, slight coloration or not be aligned correctly. I apologize for their quality. Some entries will show the names shown in queries or books and can be ignored.

The following issues have been sold out and are no longer available: Volume 1 (1973) all issues; Volume 2 (1974), all issues; Volume 3 (1981), issues 1 & 4; Volume 4 (1976), all issues; Volume 5 (1977), issue 1; Volume 10 (1982), issues 1 and 2; Volume 12 (1984), issue 2. The rest are available from the Barren County Historical Society, Post Office Box 157, Glasgow, KY 42142-0157 for \$4.00 each. I have a copy of many of these sold out copies; you may contact me if you would like a copy of a particular article.

This volume is not indexed since the reader can scan through the years to see the names included.

FORWARD

The Barren County Historical Society was formed in 1973 and previously known as the South Central Kentucky Historical and Genealogical Society. A group of dedicated people who loved genealogy and the history of south central Kentucky dedicated much time and effort into creating a society that would provide information for those who lived far away and had no easy way of digging through source documents and local members who met monthly with varied programs and speakers.

Originally, there were no other historical or genealogical societies in other counties in the area designated South Central Kentucky. They thusly covered many counties: Metcalfe, Monroe, Hart, Clinton, Edmonson, Warren and other counties. Currently we only cover Barren County.

Copies of the quarterlies have been saved and many are available for purchase to this date. The indexes were shown in the fourth or winter issue each year of all the issues published that year.

In the beginning, issues were numbered 1, 2, 3 and 4 with the 4th issue normally published in January of the next year. The quarterlies were typed for years on stencils and copies run on a mimeograph machine. Different typewriters were used, different formats – each year growing in the quality and the quantity of information shown.

I have shown two things for each calendar year.

The first is a typed copy of the Table of Contents for each issue. I have not shown dated material, books for sale outside of the Society that may or may not still be available or queries as they would be dated. I have shown the genealogical and/or historical articles.

The second item is the annual index which follows the Table of Contents. Now, these are not of the best quality in the earlier years. Some will show wear, slight coloration or not be aligned correctly. I apologize for their quality. Some entries will show the names shown in queries or books and can be ignored.

The following issues have been sold out and are no longer available: Volume 1 (1973) all issues; Volume 2 (1974), all issues; Volume 3 (1981), issues 1 & 4; Volume 4 (1976), all issues; Volume 5 (1977), issue 1; Volume 10 (1982), issues 1 and 2; Volume 12 (1984), issue 2. The rest are available from the Barren County Historical Society, Post Office Box 157, Glasgow, KY 42142-0157 for \$4.00 each. I have a copy of many of these sold out copies; you may contact me if you would like a copy of a particular article.

This volume is not indexed since the reader can scan through the years to see the names included.

FORWARD

The Barren County Historical Society was formed in 1973 and previously known as the South Central Kentucky Historical and Genealogical Society. A group of dedicated people who loved genealogy and the history of south central Kentucky dedicated much time and effort into creating a society that would provide information for those who lived far away and had no easy way of digging through source documents and local members who met monthly with varied programs and speakers.

Originally, there were no other historical or genealogical societies in other counties in the area designated South Central Kentucky. They thusly covered many counties: Metcalfe, Monroe, Hart, Clinton, Edmonson, Warren and other counties. Currently we only cover Barren County.

Copies of the quarterlies have been saved and many are available for purchase to this date. The indexes were shown in the fourth or winter issue each year of all the issues published that year.

In the beginning, issues were numbered 1, 2, 3 and 4 with the 4th issue normally published in January of the next year. The quarterlies were typed for years on stencils and copies run on a mimeograph machine. Different typewriters were used, different formats – each year growing in the quality and the quantity of information shown.

I have shown two things for each calendar year.

The first is a typed copy of the Table of Contents for each issue. I have not shown dated material, books for sale outside of the Society that may or may not still be available or queries as they would be dated. I have shown the genealogical and/or historical articles.

The second item is the annual index which follows the Table of Contents. Now, these are not of the best quality in the earlier years. Some will show wear, slight coloration or not be aligned correctly. I apologize for their quality. Some entries will show the names shown in queries or books and can be ignored.

The following issues have been sold out and are no longer available: Volume 1 (1973) all issues; Volume 2 (1974), all issues; Volume 3 (1981), issues 1 & 4; Volume 4 (1976), all issues; Volume 5 (1977), issue 1; Volume 10 (1982), issues 1 and 2; Volume 12 (1984), issue 2. The rest are available from the Barren County Historical Society, Post Office Box 157, Glasgow, KY 42142-0157 for \$4.00 each. I have a copy of many of these sold out copies; you may contact me if you would like a copy of a particular article.

This volume is not indexed since the reader can scan through the years to see the names included.

FORWARD

The Barren County Historical Society was formed in 1973 and previously known as the South Central Kentucky Historical and Genealogical Society. A group of dedicated people who loved genealogy and the history of south central Kentucky dedicated much time and effort into creating a society that would provide information for those who lived far away and had no easy way of digging through source documents and local members who met monthly with varied programs and speakers.

Originally, there were no other historical or genealogical societies in other counties in the area designated South Central Kentucky. They thusly covered many counties: Metcalfe, Monroe, Hart, Clinton, Edmonson, Warren and other counties. Currently we only cover Barren County.

Copies of the quarterlies have been saved and many are available for purchase to this date. The indexes were shown in the fourth or winter issue each year of all the issues published that year.

In the beginning, issues were numbered 1, 2, 3 and 4 with the 4th issue normally published in January of the next year. The quarterlies were typed for years on stencils and copies run on a mimeograph machine. Different typewriters were used, different formats – each year growing in the quality and the quantity of information shown.

I have shown two things for each calendar year.

The first is a typed copy of the Table of Contents for each issue. I have not shown dated material, books for sale outside of the Society that may or may not still be available or queries as they would be dated. I have shown the genealogical and/or historical articles.

The second item is the annual index which follows the Table of Contents. Now, these are not of the best quality in the earlier years. Some will show wear, slight coloration or not be aligned correctly. I apologize for their quality. Some entries will show the names shown in queries or books and can be ignored.

The following issues have been sold out and are no longer available: Volume 1 (1973) all issues; Volume 2 (1974), all issues; Volume 3 (1981), issues 1 & 4; Volume 4 (1976), all issues; Volume 5 (1977), issue 1; Volume 10 (1982), issues 1 and 2; Volume 12 (1984), issue 2. The rest are available from the Barren County Historical Society, Post Office Box 157, Glasgow, KY 42142-0157 for \$4.00 each. I have a copy of many of these sold out copies; you may contact me if you would like a copy of a particular article.

This volume is not indexed since the reader can scan through the years to see the names included.
