The motion was unanimously adopted, and the Secretary was instructed to embody the resolution in the minutes of the meeting. It follows:

WHEREAS, because of the intense economic strain prevailing in Kentucky and, as a result, at the Western Kentucky State Teachers College, over which the school has no control, it has become necessary to accept the resignation of a number of the members of the faculty;

BE IT RESOLVED, that the Board deploras this condition and assures those members who are finding it necessary to withdraw that this step is sincerely regretted; and,

BE IT FURTHER RESOLVED, that the Board expresses to these members their sincere appreciation of the efficient service they have rendered the institution and the community of Bowling Green. Each member of the Board stands ready to aid in any way possible in securing for them a suitable location and the interest of the Board will go with them wherever they may locate in the future.
