Graduate Council Program and Curriculum Committee (GCC)

Report to the Graduate Council
Date: February 27, 2017
From: Kirk Atkinson, Chair
March 9, 2017 Grad. Council

Consent Agenda Report. The GCC submits the following consent and information items from its February 27, 2017 meeting for approval by the Graduate Council. Minutes of February 27 meeting posted on GCCC web site.

Potter College of Arts & Letters
Office of the Dean
5-2344

</table>
4. **Rationale:** The addition of the two nursing courses is a result of discussions with representatives from the School of Nursing about ways to better integrate this certificate with the MSN-Nurse Administrator Concentration. The following scholarship indicates the value of such integration:

A nursing expert made the following recommendation to address the invisibility of nurses in society, “One option to improve nurses’ ability to communicate effectively in all media venues is to integrate health communication content into nursing programs, which would provide nurses with the opportunity to develop advanced communication skills, media expertise, and new strategies for educating the public” (Chaffee, 2000, p. 31).

Ranked as one of the most trusted health care professions (Gallup, 2008), nurses can provide optimal patient-centered care by utilizing a variety of communication skills. Communication skills that facilitate delivery of high quality care and high levels of patient satisfaction include interviewing, listening, providing social support, and providing information (Clayton & Ellington, 2011; Duggan & Thompson, 2011).

*The Essentials of Master’s Education for Advanced Practice Nursing* (1996) and *The Essentials of Doctoral Education for Advanced Nursing Practice* (2006), both of which were developed by the American Association of Colleges in Nursing, emphasize that communication should be standard for nursing graduate students (Egbert, Query, Quinlan, Savery, & Martinez, 2011).

COMM 586 is being deleted because hasn’t been taught in several years.

5. **Proposed term for implementation:** Fall 2017

6. **Dates of committee approvals:**

Research Tool

Appropriate language work in the student's area of emphasis is recommended.

---

1 Appropriate language work in the student's area of emphasis is recommended.
4. **Rationale:** There are two reasons for this change. First, the reduction in total credit hours frees up more time for students at the end of their program to finish the thesis. Most of our students write a thesis, and finishing the thesis while taking two or more standard courses is difficult (even more so for Graduate Assistants with various course responsibilities). Second, the addition of the RELS 610 course provides all the students (not just the graduate assistants) with an opportunity to think critically about issues related to the teaching of Religious Studies.

The five-hour reduction is coming out of the electives category of the program.

5. **Proposed term for implementation:** 201730

6. **Dates of committee approvals:**

College, Department: Ogden, Agriculture

Contact Person: Todd Willian, todd.willian@wku.edu, (270) 745-5969

1. Identification of course
   1.1 Course prefix (subject area) and number: AGRO 422G
   1.2 Course title: Field Crops

2. Proposed change(s):
   2.1 course number: AGRO 522
   2.2 course title:
   2.3 credit hours:
   2.4 grade type:
   2.5 prerequisites:
   2.6 corequisites:
   2.7 course description: Distribution, morphology, culture, phenology, harvest and utilization of field crops are presented.
   2.8 other:

3. Rationale for revision of course: AGRO 422G is one of several 400G-level courses the Department of Agriculture proposes to change to 500-level status. Since course content is taught at the 500-level, reflection of that level in the course number is warranted.

4. Term of implementation: Winter 2018

5. Dates of committee approvals:

Course Prefix (Subject Area) - Revise

(Information)

Date: January 18, 2017

College: College of Health and Human Services

Department: Public Health

Contact Person: Ritchie Taylor, Ritchie.taylor@wku.edu, 58975

1. **Current course prefix:** PH (Public Health)

2. **Proposed course prefix:** EOHS (Environmental and Occupational)

3. **Rationale:** These courses are part of the Master of Science in Environmental and Occupational Health Science. The change of prefix will reflect the current status of the courses in the Environmental and Occupational Health program.

4. **Course numbers to be included under the new course prefix:**
   - 510 (Watershed Management and Science)
   - 560 (Environmental Management and Risk Assessment)
   - 571 (Air Quality Management)
   - 577 (Environmental Toxicology)
   - 595 (Public Health Management of Disasters)

5. **Term of implementation:** Fall 2017

6. **Dates of notification to committees:**

1. Identification of course
   1.1 Course prefix and number: PH 546
   1.2 Course title: Graduate Internship

2. Proposed change(s):
   2.1 course number:
   2.2 course title:
   2.3 credit hours:
   2.4 grade type:
   2.5 prerequisites:
      Current: None
      Proposed: permission of instructor
   2.6 corequisites:
   2.7 course description:
      Current: Supervised, full-time, 12-week field experience planned with various agencies, organizations, facilities, industries, and businesses with health related missions or programs, and approved by the Department of Public Health. Off campus travel required.
      Proposed: Supervised, applied field experience with various agencies, organizations, facilities, industries, and businesses with health-related missions or programs. Placement must be approved prior to registering. Off campus travel required.
   2.8 other:

3. Rationale for revision of course: Because of the variable hours allowed (1-6 hrs), the field placement may not be full time nor span the course of 12 weeks.

4. Term of implementation: Winter 2018

5. Dates of committee approvals:
   Department of Public Health January 25, 2017
   CHHS Graduate Curriculum Committee Feb. 13, 2017
   Graduate Council Curriculum Committee 2/27/2017
   Graduate Council
   University Senate

Revise a Course  
(Actio
Date: January 17, 2017
College, Department: CHHS, Public Health
Contact Person: Marilyn Gardner, marilyn.gardner@wku.edu, 270-745-5864

1. Identification of course
   1.1 Course prefix and number: PH 588
   1.2 Course title: Public Health Capstone

2. Proposed change(s):
   2.1 course number:
   2.2 course title:
   2.3 credit hours:
   2.4 grade type:
   2.5 prerequisites:
      Current: None
      Proposed: permission of instructor
   2.6 corequisites:
   2.7 course description:
      Current: Current issues in public health.
      Proposed: Integrative learning experience that synthesizes core MPH courses into an
                 applied practice experience addressing a current issue in public health.
   2.8 other: Schedule Type
      Current: L-Lecture
      Proposed: A-Applied Learning

3. Rationale for revision of course: The course description is expanded to more accurately describe
the course and align the description with accreditation standards (the course itself is aligned,
thusly). Because the course is a capstone, it needs to be taken at the end of a student’s program of
study; thus, permission of instructor is added as a prerequisite to ensure this is the case prior to
registration.

4. Term of implementation: Winter 2018
5. Dates of committee approvals:
   Department of Public Health                January 25, 2017
   CHHS Graduate Curriculum Committee         Feb. 13, 2017
   Graduate Council Curriculum Committee      2/27/2017

Create a New Course

(Action)

Date: January 18, 207

College, Department: Health and Human Services, Public Health

Contact Person: Colin Farrell, colin.farrell@wku.edu, 205-960-2458

1. Proposed course:

   1.1 Course prefix and number: PH 578
   1.2 Course title: Health Disparities
   1.3 Abbreviated course title: Health Disparities
   1.4 Credit hours: 3
   1.5 Variable credit (yes or no): No
   1.6 Repeatable (yes or no) for total of ___ hours: No
   1.7 Grade type: Standard Letter Grading
   1.8 Prerequisites: none
   1.9 Corequisites: none
   1.10 Course description: Introduce and discuss the manner in which minority status, within the United States, results in health inequality. Specific topics to be discussed, in relation to health disparities, are race, sex, gender, disability, and nationality. Through course readings, lectures, and assignments, the student will gain an understanding about how individual and structural factors impact health outcomes within our population.
   1.11 Course equivalency: N/A

2. Rationale:

   2.1 Reason for developing the proposed course: Public health professionals play a critical role in identifying and ameliorating health disparities. Thus, it is essential that all MPH students be well-versed in the multifactorial determinants of health disparities. Additionally, this proposed course is designed to meet new competency requirements set forth by the MPH program’s Council on Education for Public Health (CEPH).

   2.2 Relationship of the proposed course to other courses at WKU: Medical Sociology (SOCL 440G) is the only course that is remotely similar to the proposed PH 578. However, a significant difference exists in the fact that SOCL 440G discusses health disparities as one aspect of a larger scope, while the proposed PH 578 would be focused exclusively on how socio-cultural factors impact health disparities amongst the various minority groups within our society. Furthermore, SOCL 440G is not consistently offered, and has
not been on the schedule since fall 2014. PH 578 will be part of the required core curriculum for all MPH students, and is anticipated to be offered every fall and spring semester.

3. Discussion of proposed course:

3.1 Schedule type: Lecture

3.2 Learning Outcomes:

- Analyze and describe how health disparities adversely affect groups of people who have systematically experienced greater obstacles to health based on their racial or ethnic group; religion; socioeconomic status; sex; age; mental health; cognitive, sensory, or physical disability; sexual orientation or gender identity; geographic location; or other characteristics historically linked to discrimination or exclusion.

- Compare and contrast theoretical models used to understand and explain health disparities.

- Determine the means by which structural bias, social inequities, and other socio-cultural factors undermine health and create challenges to achieving health equity.

- Evaluate methods of ameliorating health disparities, including advocating for policies and programs that improve health in diverse populations.

- Synthesize multiple concepts into a complex understanding of the complicated reality of health disparities.

3.3 Content outline:

3.3.1 What is Health Disparity

3.3.2 Explanatory Models of Health Disparity
   a. Behavioral and Cultural Explanations
   b. Psycho-Social Factors
   c. Materialist Explanations
   d. Macro-Social Models

3.3.3 Health Disparities: Sex and Gender

3.3.4 Health Disparities: Race and Ethnicity

3.3.5 Health Disparities: Nationality

3.3.6 Health Disparities: Socioeconomic Factors

3.3.7 Health Disparities: Disability

3.4 Student expectations and requirements: Students are expected to attain learning outcomes through participation in all class activities. Attainment of learning outcomes will be assessed through assignments, research/critical analysis papers, projects, quizzes, and exams.
3.5 Tentative texts and course materials:

Budget implications:
4.1 Proposed method of staffing: Current staff are qualified to teach the proposed course. No new budget allocations are necessary.
4.2 Special equipment, materials, or library resources needed: Existing resources are sufficient.

5. **Term for implementation:** Fall 2017

6. **Dates of committee approvals:**

<tr>
<td>The goal of the Environmental Health concentration of the MPH program is to prepare graduates who can function as</td>
<td></td>
</tr>
</tbody>
</table>
professional environmental health specialist in a variety of public and private settings. The Health Education concentration prepares public health education professionals to effectively plan, implement, and evaluate health education and promotion programs, and carry out the related professional functions. The Generalist concentration allows and requires students to identify a focused area of study around a public health content area or methodological focus; this flexibility allows students to tailor the concentration to best meet career goals.

### Existing Program: Admission Criteria

1. Completion of a baccalaureate degree from an accredited institution or its equivalent.
2. Evidence of ability to perform at the graduate level:
   1. cumulative GPA of at least 3.2 on a 4.0 scale from a US accredited university
   OR
   2. cumulative GPA of at least 3.0 on a 4.0 scale from a US accredited university and GRE minimums of 145 verbal, 148 quantitative, and 3.5 analytical writing score
   OR
   3. admission to a US medical school (for MPH Generalist concentration only)

### Revised Program: Admission Criteria

1. Completion of a baccalaureate degree from an accredited institution or its equivalent.
2. Evidence of ability to perform at the graduate level:
   • cumulative undergraduate GPA of at least 3.2 on a 4.0 scale from a US accredited university; OR
   • cumulative undergraduate GPA of at least 3.0 on a 4.0 scale from a US accredited university and GRE minimums of 145 verbal, 148 quantitative, and 3.5 analytical writing score; OR
   • admission to current enrollment in or graduation from an accredited US medical school (for MPH Generalist concentration only) or doctoral program.
3. Written statement of purpose personal statement. For details, go to: https://wku.edu/publichealth/master_public_health.php
3. Written statement of purpose

4. Resume

5. Two letters of academic or professional reference

6. If applicable, test of English as a foreign language (TOEFL) exam with a minimum score of 550 on the written TOEFL, or a minimum score of 79 on the internet based TOEFL (iBT), or a minimum of 6.5 on the IELTS.

Applicants who do not meet the criteria set forth for regular admission may be admitted conditionally. Additional materials may be requested.

Advisor may approve other electives not listed

4. **Rationale:** The Council on Education for Public Health (CEPH) recently radically revised accreditation criteria. The new criteria include a common set of 22 competencies that all accredited MPH programs must demonstrate through curricular and co-curricular experiences. The revisions
proposed herein to the *required core* ensure the competencies are met for all MPH students. Specifically, PH 575, PH 578, and PH 581 are added to the core to address gaps identified by an exhaustive curricular review. PH 546 was removed as a requirement (but will remain an elective) to align with a shift in paradigm toward applied practice experiences. The proposed 12-credit hours of advisor-approved electives replaces concentrations, and allows maximum flexibility for students to select courses that best meet professional and academic goals, while still maintaining the 42-credit hour program length. Because public health is an interdisciplinary field, and interprofessional relationships are encouraged by CEPH, the lists of electives were removed. The proposed changes to the admission criteria are in response to a growing demographic of students who have their doctorate in another discipline or who are currently enrolled in graduate medical education. Revisions to the program description were necessary to align with the proposed revisions.

5. **Proposed term for implementation:** Fall 2017

6. **Dates of committee approvals:**

   - Department of Public Health: January 25, 2017
   - CHHS Graduate Curriculum Committee: Feb. 13, 2017
   - Graduate Council Curriculum Committee: 2/27/2017
   - Graduate Council
   - University Senate
