The Needle's Eye

By CAMEL

Well, lads and lassies, here I am back on the air—rather I mean back in type—and at the exact moment on the typewriter. I'll just bet you can't begin to imagine the snooping and inside work that is required to bring you this little bit of stuff each week.

But don't let that worry you because that is what I have to worry about. 'Spec it rather suits at that. In the wandering around this week I found out a thing or two and believe it or not this one item I didn't have to snoop much for. Every one seemed to want to let me in on it.

Anyway as near as I can get it one of the longest and most lovely romances on the Hill is busted—yep—on the rocks. None other than the one of Louise Jackson and Lardy Johnson.

Now, Louise and Lardy what did you want to go and do that for? It always seemed to me you two made an ideal couple—even down to the initials and almost the name. Alas, you have gone and done it though.

Lardy has gone courting Elizabeth Casey but take it from me if I know my lads—and Louise like I think I do, it won't be but a very short time until that gal will be grabbed.

Come to think of it I'd like to do that myself.

When one fades another immediately sprouts out and takes its place. Yea, romance is what we were talking about, youse guys.

Skippy Kelly and Barnard Rabold are apparently getting off to a lovely start. Everywhere I go, or rather most everywhere I go, I can see Skippy and Barnard strolling around. You see even they don't go quite everywhere that I do.

If you all remember back in the dim, dark ages, Bernard and Gladys Wilson were as one but that was back in the ages, as I mentioned. The point is that Gladys came back to town last week and was Bernard's face red? I don't know but I do know that it caused some worry.

He was not only fretted about the probable complications that would arise from the very inopportune visit (this is what he thought) but he was otherwise perturbed to think that the young lady might stay and wear her welcome out.

But she didn't and everything is again peaches and cream.

Oh yes, I understand Melinda Robey has had a very busy week keeping the light in the window. If she has kept up her record she should have a very accurate check on the time all busses arriving and leaving the city.

Anyway she gets the transportation medal for the week if there is such a thing. If anyone wants to know about the bus schedule just call Melinda and I'm sure she will be able to tell you.

What could be the reason for so many calls to the bus station, Melinda? Are they all on time—and, most important, is He?

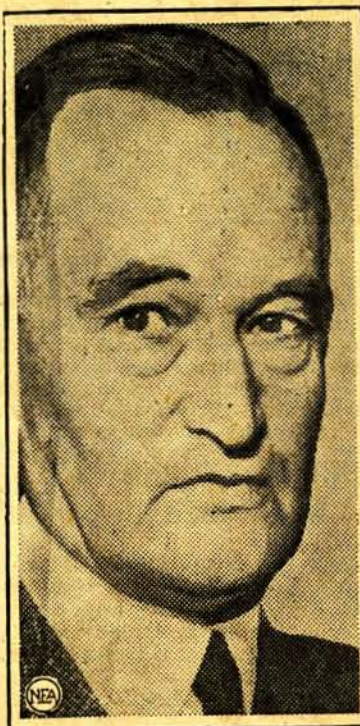

Another thing that we couldn't help but notice this last week is the fact that Slop Claypool is out of the hospital.

And little Nell Moody is evidently doing a good job nursing him to health again 'cause he is getting that old Claypool gleam back in the eye.

Laying all joking aside though Jim, there is a whole lot of the lads and lassies glad to see you out

(Continued from Page One)

Famed Novelist Fights Film Suit

Harold Bell Wright is more often read than seen, but the famous novelist made this appearance in Los Angeles court to contend, in a motion picture suit, that he should have extra compensation for one of his novels produced as a talkie. Producers claimed a single sale agreement gave them all film rights.

SPECIAL TEACHERS AT B. UNIVERSITY

Zest For Study Increased By Interesting Personalities

Summer school at the Bowling Green Business University is now in full swing with all departments working at a marked degree of efficiency. Students are also working diligently and a very successful scholastic semester is assured. It is unusual that any day passes without at least one specialist present to give some lecture or demonstration in their particular field. Such a program not only tends to increase potential learning but also tends to lighten the monotony of the sameness of one class day after another.

A recent visitor was that of J. W. Baker who spent several days at the school discussing all sorts of problems relating to business and commercial teaching. Mr. Baker is President of the Southwestern Publishing Company of Cincinnati, Ohio, and author of Twentieth Century Bookkeeping and Accounting.

He was ably assisted in the person of J. F. Sherwood, co-worker, and also an author in the Accounting field.

A. F. Neuenhaus, of New York City, special demonstrator for the Royal Typewriter Company, Incorporated, gave an interesting demonstration at the Chapel hour Monday morning. It was an inspiring feature of the summer work.

James L. Ashby, former student and instructor at the school in the bookkeeping and accounting departments will arrive Saturday to teach through the remainder of the summer terms.

HILL RETURNING SOON

J. Murray Hill, vice-president of the Business University, who left recently for a business trip and to attend the annual convention of Rotary International in Detroit, Mich., will return some time next week and resume his duties at the school.

B. U. CLUBS CEASE FOR SUMMER TERMS

Meetings To Be Resumed in Fall As Usual

Due to unusual stress of the five week summer term and the six day school week it was decided to abandon all club and social activities at the Business University for the summer. This inactivity will prevail until fall when club work will again be resumed with natural vim and energy characterized by each organization.

There will be one or two exceptions to the rule in as far as social activities are concerned for anything general that should arise.

The move affects all nine clubs of the school. They are: State good-fellowship clubs such as the Kentucky Klub, the Mississippi Club, the Tennessee Club, the Tri-State Club and the Cosmopolitan Club; also the Alpha Sigma Fraternity and the Kappa Beta Pi Sorority, and the two honorary groups of the Collegiate Club for Coeds and the Pentagon Club for college men.

Miss Bowling Green For 1934

LUCILLE FARRELL

The above is a picture of Miss Lucille Farrell who was elected Miss Bowling Green for 1934 at the Lions Club Beauty Pageant held in the Capitol Theatre last Monday and Tuesday nights.

Miss Farrell is a student at Western Teachers College and a resident of Potter Hall. She is now a Junior at the college having been here some two years including summer terms.

Her nomination of Miss Bowling Green was over a total field of 48 contestants who represented some of the city's finest examples of feminine beauty. That, in a city noted for the beauty of its women, makes it quite a signal honor for the young lady.

She will leave for Nashville, Tennessee Wednesday morning where she will be feted by the Crescent Amusement Company, Wednesday and Thursday, prior to her appearance in competition with some 22 other contestant winners.

The pageant finals will be conducted in the Princess Theatre Thursday night for the grand prize of a trip to Hollywood, California.

The Crescent Amusement Company sponsors such a move in all of its theatres once a year, in order to find new talent for the moving picture industry. If Miss Farrell should be elected as the most beautiful of this group she will receive a two weeks trip to the moving picture center of the nation with all expenses paid and also those of one chaperon or companion whom she can name at will.

Has Bad News For Hollywood

Better take a quick look right now at 19-year-old Herma Hatvany of Vienna, whom a congress of beauty experts has chosen as "the most perfect woman in Europe." For if you think you'll see her moving across Hollywood picture screen sometime soon, you've guessed wrong. She has announced that she is to be married and thereafter will keep out of the public eye.

FEWER RURAL SCHOOLS ARE TO BE HELD

Eleven Districts in Warren County Will Be Eliminated in Two Years

NEW LAW MERGES AREAS

Due to the recent action of the Kentucky Legislature in enacting a new school law requiring that there be no school district established or maintained with fewer than 50 children of school age, it was decided yesterday at an adjourned meeting of the Warren County Board of Education that eleven districts in the county should be consolidated with other school areas.

The schools to be affected in the proposed consolidation are: Shives and Shady Grove consolidated with Smiths Grove, Martinsville with Three Forks, Manning with Polkville, Plum Springs with Bristow, Roberson with Mt. Victor, Beech Grove with Alvaton, Whites Chapel with Boyce, Old Union with Plano, Rolling Springs with Hadley and Ford Springs with Ellis.

Change May Require 2 Years County School Superintendent G. R. McCoy explained that two years probably will be required to make the complete change. Mr. McCoy has been authorized to make applications to the State Board of Education for the temporary continuation of the schools in the districts where the pupils cannot be conveniently transported to another school.

Estil Howell was employed by the board to drill a well on the grounds of the new Woodburn colored school, and the old Woodburn colored school lot was ordered sold.

Miss Ruth Wagoner was employed as a teacher at the Flat Rock School provided the enrollment is large enough to require the services of two teachers at the school. Pauline Jackson was employed to fill a vacancy at the Bristow school caused by the resignation of L. C. Roberts, and Amye Holder was employed as a teacher at the Alvaton school.

VESPER SERVICES ARE LAUNCHED AT WESTERN SUNDAY

First Of Series Held in Van Meter Hall Due To Rain Storm

Despite inclement weather Sunday night a large number of Bowling Green church-goers and students attending the two colleges were present at the first of a series of vesper services on College Heights.

The place of worship was changed from the stadium to VanMeter Hall on account of the storm. The auditorium was about three-fourths filled.

The 30-minute sacred concert scheduled at 7 o'clock in the stadium by the Western State Teachers College Band, under the direction of Dr. R. D. Perry, was postponed until next Sunday night, at which time the program arranged for the opening service will be given, if the weather permits.

The initial service was presided over by Rev. Dr. Paul Shell Powell, pastor of the State Street Methodist Church, and general chairman of the vesper service committee.

V. P. Cassaday, director of the State Street Church choir, who will be in charge of the music during the series, led the congregational singing. Familiar hymns, such as "Around the Corner, Right Where You Are," "Come Thou Almighty King," "Onward Christian Soldiers," and "My Faith Looks Up to Thee," were sung.

The Girls Glee Club, under the direction of Mrs. Nell Gooden Travelstead, sang, "My Saviour's Face."

The invocation was asked by the Rev. Dr. A. B. Houze, pastor of the First Christian Church.

The Rev. Dr. J. O. Williams, pastor of the First Baptist Church, preached the first sermon. His subject was "Our Great Salvation, Through Christ."

The Rev. Dr. Powell announced that the name of Christ Episcopal Church was omitted in the list of the churches cooperating with Western in these services.

Rev. Dr. M. L. Dyer, pastor of the Broadway Methodist Church, pronounced the benediction.

SCHEDULE OF SWIM PERIODS FOR POOL ANNOUNCED TODAY

A schedule of swimming periods for the pool at Western Teachers College was announced today by Carl Anderson, who has charge of all pool activities.

From 7:30 a. m. to 3:20 p. m. each day except Saturday, regular classes in swimming for the college pupils are held, and from 3:20 p. m. to 5 and from 7 to 9 p. m., the pool is open to the public.

From 6:30 p. m. until 7:30 special instruction classes in swimming are held for the public. The pool has been open for about a month.

SPECIAL INSTRUCTOR FOR BUS. UNIVERSITY MONDAY

J. Walter Ross of Pittsburgh, University beginning Monday to give work in the teaching of shorthand and typing.

While Mr. Ross is at the school he will teach a special course in Speed Script which is a new arrangement of his own for more speed in shorthand dictation. He is also author of several commercial texts.

This will be Mr. Ross's twelfth summer giving special instruction in different courses at the school.

LAW ENFORCEMENT

Every now and then some case is brought to the attention of the public where gross inefficiency on the part of police officials is proved. These cases are rare enough but such inefficiency generally results from one factor.

It is not enough that the man who enforces the law be honest in the pursuit of his duty. He should also be intelligent. A more nearly perfect police system will be accomplished when all law officials are required to know when and when not to arrest a man. In other words, is an arrest justified.

Experts will argue that the great body of law is fixed and that the police officer has no alternative, that it is true enough but is it not also a fact that law is an instrument of public good, not of public coercion.

We know of a case where a person was threatened with bodily injury by a police officer simply for defending himself against an unjust charge. There were no witnesses. What chance had this person other than trying to reason verbally with the officer. It is a crime to assault a police official.

This is not intended as an attack on the great body of intelligent and capable law officials throughout the nation. It is a strong indictment of the exception, however—the hiring of a man to enforce a law who is not only ignorant of law but also of the average abilities of the rational man.

Noted Nazi Just Another 'Grad'

Beaming like any old grad returning for his class reunion, Dr. Ernst Hanfstaengl, advisor to Chancellor Hitler, swings jauntily through Boston's South Station on his way to Harvard to join his 1909 classmates.

THREE COLLEGE HIGH STUDENTS HONORED

Three students of College High School received certificates Friday from Frank L. McVey, president of the University of Kentucky, citing them for excellence in scholarship.

W. L. Matthews, Jr., received a certificate for excellence in world history, Winifred Wilson was honored for excellence in English, and Alma Runner was cited for excellence in algebra.

The ratings were made in the Interscholastic League Scholarship Contest held April 28.

Matter of Emphasis

The preacher's son, who was small, was being quizzed by an elderly visitor one day:

Visitor—Does your father ever preach the same sermon twice?
Preacher's Son—Sure he does, but he hollers in different places.

INSTITUTE SLATED FOR SOCIAL WORK STUDENTS, REPORT

Classes Will Be Held From July 23 To 28, It Is Announced

An institute for Social Workers will be held at the University of Kentucky during the week of July 23-28. This important welfare conference will be conducted under the joint auspices of the University of Kentucky and the American Red Cross. Some 150 to 200 social workers from all parts of the State representing both public and private agencies will be in attendance.

The heavy demand upon the various relief agencies in the past two years have emphasized the urgent need for trained workers. Many of these agencies have made open and constant demands for such workers. It is to satisfy such requests that the institute is being held. It is the purpose of the committee in charge to make the institute instructional and practical rather than inspirational.

The tentative program calls for four roundtable meetings each day of the institute and an evening address by some authority in the field of social welfare. The roundtables will consider the following topics: Social Case Work, Individual Development and Guidance, Red Cross Services, and Probation and Juvenile Delinquency. Mr. Blaine Gwin, lecturer on Special Case Work at George Washington University, Washington, D. C. will act as leader of the roundtables on Social Case Work and Red Cross Services.

The roundtable on Individual Development and Guidance will be under the direction of Dr. G. B. Dimmick of the Department of Psychology of the University of Kentucky.

The fourth roundtable on the subject of Probation and Juvenile Delinquency will be in charge of Dr. J. B. Miner and Dr. Harry Best, of the Departments of Psychology and Sociology, respectively, of the University of Kentucky.

In addition to the discussions designated to meet the needs of the social worker, a series of evening lectures by national authorities has been organized, intended especially to appeal to the board members of the different welfare organizations as well as to the general public.

The costs to the participants of the institute have been placed at the very lowest. The University of Kentucky has agreed to provide the participants with room and board, including all the necessary linens, for a total of \$9.00 for the week. This will be the total cost to all registered for all the activities during the week.

All persons interested in attending and participating in this institute should communicate with either E. J. Astor or L. H. Carter, of the University of Kentucky, Lexington.

STUDENTS LEAVE ON TRANSY STUDY TOUR

LEXINGTON, Ky. — Thirty-five persons left the Transylvania College campus shortly after noon Monday on the Niagara Falls-Canada-World Fair study tour. The tour is the second to be conducted by the college this summer. Lee Kirkpatrick, Paris, superintendent of the study tour, will teach "Field Studies in American Literature," for which thirteen students have registered. The party will return July 7.

New Device For Astronomy

Another device which should aid astronomers in arriving at the truth has recently been perfected by Joel Stebbins of Wisconsin University, and Alfred A. Whiteford of Mt. Wilson Observatory. Its main use is for the study of the dust in the universe and to find the effect it has on the apparent distances and sizes of the various stellar systems. By its use it has already been learned that the Milky Way is not nearly as big as has always been believed. This mistake was due to the fact that the dust made the stars appear to be much farther away than they actually are. This device is so delicate in construction that it will detect the heat of a candle thirty miles distant.

Hunting

A certain scientist is said to be in Utah, hunting for dinosaur. We suppose he is in no great danger.

Restores Peace In Union Clash

A peacemaker at the stormy strike conference of union steel workers in Pittsburgh was Father Casimir Orlemanski, shown above at the convention. He entered the hall as a riot threatened, calmed the disputants, and urged them to acquaint the public with their demands and win sympathy for their cause.

FORMER STUDENT AT B. U. DIES IN LOGAN

Elmo Brown, 24-year-old former student at the Bowling Green Business University, died Sunday afternoon at his home in Russellville, following an illness with typhoid fever.

Funeral services were held at the Brown home at 3 o'clock yesterday afternoon, with burial following in the Russellville Cemetery. Among those from here to attend the services were Paul Savage and Max Rector. Mr. Brown resided at the Meeks apartments while a student in this city.

20 PER CENT INCREASE IN ENROLLMENT AT MURRAY

700 Is Present Semester Student Registration

Marking an increase of about 20 per cent over last summer school, approximately 700 students have been enrolled in Murray State College for the 10-week summer school, according to incomplete figures released by the registrar's office. The enrollment includes the Training School in which 185 have entered.

With the students who will enter for the last half, the total registration for the summer is expected to approximate 800. Registration for credit ended Saturday, June 16, for the first five weeks.

Students are taking selected courses from the approximate 259 offered in 13 distinct departments, each with its faculty of specialists. The college now offers 18 majors, 20 first minors, and 20 second minors.

Those who are taking practice teaching work will have ample facilities with the large enrollment at the Training School and the staff of efficient critic teachers headed by Supt. W. J. Caplinger.

His Best Effort

Doctor—Did you follow my advice and drink hot water one hour before breakfast?

Patient—Well, I did the best I could doctor, but I just couldn't keep it up for more than twenty minutes.

\$100,000 Heiress of Lew Cody

The entire estate of Lew Cody, motion picture star, valued at more than \$100,000, will go to his pretty half-sister, Cecile Cote, 15, shown here in Hollywood where she lives with her mother, Mrs. Lena T. Cote.

Inured

"Just what do you want a married man to work for you rather than a bachelor?" asked the curious chap.

"Well," sighed the boss, "the married men don't get so upset when you yell at them."

A Profitable Drawback

"Mabel's a plain-looking girl to have got a job in such a big shop, and she's cross-eyed, too."

"Yes, but she's useful for keeping away shoplifters; they never know where she's looking."

RECORDS FALL IN TRACK MEET

Stanford University Captures Majority Of Events in 13th Annual Event in Los Angeles

MEMORIAL COLISEUM, Los Angeles, June 23—The race was not to the swift but to the strong today as Stanford University won the 13th annual National Collegiate Track and Field meet marked by the triumph of Bill Bonthron of Princeton over Glenn Cunningham of Kansas in a 4:08.9 mile.

The Indians scored an amazing total of 63 points to 34 7-20ths, for the University of Southern California, in the place position, and 47 for Louisiana State University.

Stanford picked up 28 points in the weight events, 16 in the discus and 12 in the shot put. The winners won only one first place, the discus by Gordon "Slinger" Dunn, but John Layman was second in the shot put and third in the discus and the Indians picked up 35 other points here and there, seconds in the pole vault and javelin, adding vital counters.

Southern California, too, had to be content with one first place, on Al Olson's big broad jump, while Louisiana State, the defending champion, although it could no better than show, grabbed off four firsts, the sensational Glenn Hardin winning two, the 220-yard hurdles in the record time and the 440-yard dash in faster time than it has been run in the 12 previous N. C. A. A. meets.

College Coach Held For Death

Charged with murder, George H. Bartholomew, 49, top photo, Washington and Jefferson College wrestling coach and physical director, is held in Washington, Pa., jail, after admitting he broke the neck of George T. Manis, 23, below, female impersonator. The coach said he accidentally killed Manis in a fight after the latter tried to blackmail him.

GERMAN RESIDENT GOES U. OF K. SUMMER SCHOOL

Conditions of private life in Germany today are just about the same as in the United States, is the opinion of Lilly Gertrude Swords, whose home is Gorlitz, Silesia, Germany, and who has enrolled in the summer session at the University of Kentucky.

Today in Germany there are only two lines of work open for young people, according to Miss Swords, and these are business and education. Miss Swords came to the United States in 1929, chiefly to gain a good speaking knowledge of English. At the University of Kentucky she is taking practice teaching of French.

PRIMO LAUGHS AT BAER STORY

After knocking Primo Carnera down repeatedly in their heavyweight title fight, Max Baer, new champion, dropped around to the hospital where the Italian is recuperating from a fractured ankle and cheered him up. Here the Lashing Lothario is provoking a Carnerian grin with a few whispered wisecracks.

crust of life lightly. The moon and stars had looked at a thousand lovers and smiled at childish foolishness. Maybe it wasn't an impossibility to eat your cake and have it.

'Who was that boy passing? Oh, yes, she knew. She tossed her head and glanced at him sideways from demure eyes—the sort of glances that 18th Century ladies gave their gallants over spreading fans. No change since then—or rather a return. The car stopped—and the boy climbed in—and drove off with the Lady With the Fan.

Comments of a Dream Walking: So many citizens of Bowling Green are building brick walls around their homes there must be a general reason. To my way of thinking screen photography reached the status of art in "Viva Villa." Charlie Kramer and Hayden Curd's voices and walk are similar.

Song of the Week: "Why Don't You Practice What You Preach?"

Hail fellow with a moon tinge: Freddy Gardiner. There must be lot of people with sick stomachs from the green apples consumed lately. Balloon in bright colors: Bill Craig.

Pet Antipathy of the Week: People who blow cigarette smoke in your face while eating.

Pot Pourri: My favorite mystery story writer is still S. S. Van Dine: someone ought to write a tale of that sort where the person that's suspected all the way through is really the criminal. The best English pronunciation is that of Dr. Earl Moore's. A young American composer who should rank with Gershwin soon: Johnny Green. Have you heard his "Night Club Suite?"

Next Week: "Boy Whose Shoes are Too Large."

DANCE AT M'FARLAND'S CABIN FRIDAY NIGHT

Mr. McFarland, of McFarland's Beach and Cabin, recently made the announcement that in tests of his swimming water at the beach, by the State Board of Health, they told him it was as pure as that of the City Water supply in Barren river. The rumor has been circulated that due to the proximity of the sewage disposal main of the city that it was contaminating his beach.

Mr. McFarland also stated that they will hold a dance on the Cabin Dance Floor Friday night beginning at nine o'clock and music for the dancing would be furnished by his popular orchestra, the Westeners.

HEN BATTLES RAT, DE- SERVES CARNEGIE MEDAL

HARRODSBURG, Ky. — A hen that deserves a Carnegie medal is owned by Charles W. Bell, of Chestnut street. Hearing a commotion recently among his younger chickens, he investigated and found the old hen doing valiant battle with a large rat that had attacked her flock. She continued her vicious battle until the rodent was dead.

The hen is not one of the proverbial "blue hen's chickens," but just a common yellow hen of doubtful lineage. She was hatched in Harry Terhune's incubator.

Too Good to Keep

Angelina—And now that our engagement is ended, you will be good enough to return my letters.

Edwin—Sorry, but when waste paper went to \$1 a hundred pounds, I felt that I couldn't afford to keep them any longer.

20-DAY LIFE FOR RED CORPUSCLES

Comparatively Short Span Of Life in Humans

LOS ANGELES—The life of a red corpuscle in the human blood stream is about twenty days in a normal, healthy person.

This was revealed by extensive tests conducted by Dr. Francis S. Baldwin, research professor of physiology at the University of Southern California, and his assistant, R. A. Escobar.

The new light on the life of the red corpuscle was made possible through an ingenious method of counting the microscopic cells of which course through the blood stream carrying oxygen to all tissues.

It has been known that the number of corpuscles increase in number as the oxygen supply diminishes.

Despite the difficulties of making a count, due to the minute size of the cells, Dr. Baldwin and his assistant proceeded with the test.

It was revealed that red corpuscles are very plentiful, there usually being about five million to the cubic millimeter. The size is seven or eight microns in diameter and a micron is only 1-1,000 of a milli-meter.

A healthy, normal human volunteered for the test and was sent to spend some time in a high altitude, and then returned to sea level. During all of the time a daily count was made of the number of red corpuscles in the blood stream.

It was shown that after remaining in a high altitude for some

time the blood count required approximately 20 days to become normal.

Dr. Baldwin said this indicated the life of the red corpuscle was approximately 20 days.

MAY QUEEN AT U. OF KY. MUCH HONORED

LEXINGTON, Ky.—An unusual number of campus honors has been gleaned by Lois Robinson, Alpha Delta Theta, Lexington, who graduated from the University of Kentucky a week ago.

Her most recent honor was her election as May Queen. During the past year she was president of the Women's Administrative Council, vice president of her sorority Alpha Delta Theta, and vice president of Phi Beta, honorary musical sorority. She is a member of Mortar Board, honorary senior women's organization, and a member of the Y. W. C. A. senior cabinet.

All Set

Catherine—Time is money.
Katharine—Then let's go shopping. I have plenty of time.
