

MINUTES FOR MEETING OF MAY 16th, 1911.

A meeting of the Board of Regents was held in Louisville at the Seelbach Hotel, with Regents Potter, Cole and Richards present. Architect Davis and Contractor Bornstein were also present.

The purpose of the meeting was to effect a settlement with Contractor Bornstein for building the Auditorium Building. Mr. Bornstein presented an itemized account, which was examined and checked up by the Board. It was found that there was yet a number of items of work to be done by Mr. Bornstein, and the Board decided to defer final settlement until this work had been done.

Elsworth Regenstein
Chairman.
