Administrative History: The Institute for Economic Development & Public Service was established as the major public service division of WKU effective July 1, 1989. It was created to serve as the link between private business, industry, government, public agencies and WKU.

The Institute consisted of a central administrative unit and seven operating centers for specific programs:

- Center for Industry & Technology
- Center for Local Government
- Social Research Laboratory
- Small Business Development Center
- Small Business Institute
- Continuing Education Center
- Center for Leadership Training

The centers were previously located (administratively and physically) in various colleges but all had direct contact and missions with entities external to WKU. The objective of uniting the centers under one administrative umbrella was to provide leadership and coordination of services.

The Office of Sponsored Programs has undergone significant change since its establishment on July 1, 1972. Initially the unit reported to the Dean of Academic Services. In 1992 it reported to the Vice President of Academic Affairs.

Description:

Unprocessed records created by the Office of Research & Economic Development (ORED) formerly known as the Institute for Economic Development and Public Service, and its reporting offices:

- Center for Research & Development
- Office of Technology Transfer & Industry Relations
- Sponsored Programs (UA57)

Dates: 1992-1997

Extent: 1.25 cu. ft. 3 audiotapes, 3 videotapes
