Administrative History: The purpose of the Honors Program is to provide Western's best students with enriched course and other opportunities for intellectual growth. Beginning in 1963 as freshman honors colloquia, the program evolved in the mid-1980's into two distinct programs, the University Honors Program and the University Scholars Program. A complete revision of the Honors Program was initiated in 1991.

The University Scholars Program was made available in 1984 to a limited number of students in each class (approximately 20).
