ALUMNI NEWSLETTER

ETA RHO CHAPTER

Oct. 5, 1977

Dear Alumni,

In past years our correspondence with you has been very limited. This year's chapter has seen many changes with new officers:

Mark Biggers - Commander
Dave Roberts - Lt. Commander
Randy Warmath - Treasurer
Glenn Mitchell - Recorder
Darrell Pierce - Chaplain

One change concerns better contact with our distinguished alumni. Therefore, we will be issuing an alumni letter each semester. We hope that it will bring you up to date of our chapter's ideas and plans and that you also will stay in contact with us.

President's Note:

Brothers Alumni,

I'm really looking forward to meeting all of you at Homecoming here at Western Kentucky University on the 29th of Oct. Our Eta Rho chapter is composed of 36 active members and considered by most students, (Greek and Independent) to be by far the best fraternity at Western.

Open Rush was started at Western this fall with some reservation on our part. However, our chapter has placed second in the number of pledges, (20). These young men are undoubtedly the best found at Western. As usual we have several artists, scholars and many athletes, again making Sigma Nu the talented, well diversified group of men we have been in the past and always will be.

In closing, Homecoming in the past hasn't resulted in the attendance we should obtain. The fault lies with us, the actives as well as you, our alumni. You have founded Sigma Nu at Western, you made it grow, and survived the beginning years. This year we are tying everything together and the results we would like very much for you to see. Honor us by attending Homecoming, October 29, 1977.

Fraternally yours,

Mark V. Biggers, Commander, Eta Rho

The Eta Rho Housing Corporation has been established since May 2, 1977. Its members included: Tom Hart, Harold Brantley, Lynn Morgan, William Simpson, Tim Huston, Horace Shacter and Bill Samuels. These men along with the chapter have been very active in improvements on the Sigma Nu House. The basement has been remodeled corrections in plumbing facilities and other refurbishing. Our financial affairs are finally becoming established through the work of these men. We thank them and their efforts.
