ETA RHO ALUMNUS

Volume II Issue One

Alumni contact officer's letter

Dear Alumni:

It is with great enjoyment that I send this second issue of the Sigma Nu Alumni newsletter to you. I hope it finds you in the good life, but if nothing else - I hope it finds you.

Over the past several months, I have been meeting with various alumni and researching alumni programs from chapters throughout the United States. I feel the Eta Rho chapter has finally developed a solid platform upon which we can build our new alumni program. There are various things we are going to attempt to do for you, but first we must get through the paperwork.

In this newsletter you will see a report on "Project Find." This is a very detailed and tedious project that I hope will locate all of you. Please participate by sending me a card to verify your address and the addresses of any other brothers you may have. The ultimate goal of "Project Find" is to publish a complete membership directory to be sent to all of you. This is something I know you would all like to see - so please lend a hand in this endeavor. This is just one of the directions I would like to see the Alumni program go in.

Besides just offering you things such as the newsletter and directory, I am also developing programs to get you actively involved once again with the chapter. During Rush we tried to contact some of the local alumni to help us out, and it proved to be very beneficial. In the next couple of weeks, 18 of you will be selected at random to participate in a new Pledge-Alumni pen pal program. One alumni will be assigned to each of our fall pledges, and he will be asked to correspond with that alumni for the remainder of the semester. I hope those of you who are chosen will use this opportunity to guide the pledges with your vast background and experiences.

In the incentive line, we have, as always, the Alumni of the Year award given each Spring. I hope to see some competitiveness for this. We have also initiated an alumni pin program, in which, upon graduation, each brother is given an alumni pin from the active chapter.

In the future, if "Project Find" is a success, I will be attempting to organize activities and sectional meetings in your own areas of the country, hosted by one of your alumni brothers. I realize some of you live quite far, and it is difficult to come back to Bowling Green, but that should not hinder you. I hope you see what benefits these could hold for you.

Just to prepare you, Eta Rho will celebrate its 15th anniversary this coming May. We will unquestionably have a celebration surpassed by none. As soon as the date is final - you will know about it.

I hope you can see the effort the active chapter is putting forth to bring you back to Eta Rho. Some of you have already begun to respond. I want you to realize that the only gratitude I or anyone else gets from the work is when you, our alumni, let us know you still care. Obviously it helps with monetary contributions. And, as much as I encourage you to contribute, I don't want your support to be placed out of perspective. It is when you drop by the house, or send a word of encouragement that is really important. That is what lets us know you do care. I hope I will be hearing from all of you within the next few weeks concerning "Project Find." And never forget: "Once a Sigma Nu, always a Sigma Nu." With gratitude I am

Fraternally yours,

David Sturgeon
Alumni Contact Officer

David Sturgeon, Lt. Commander and Alumni Contact Officer, is a sophomore from Louisville.

Homecoming '79

This is it! It's finally here! The most spectacular, extravagant, gala event to ever be put on by the Eta Rho chapter of Sigma Nu Fraternity is only a few days away. Homecoming '79 is finally upon us!

By now, you should have all received word from Andy Stahl, Alumni Association President, about this year's Homecoming. For the first time in many years the active chapter is working side by side with the Alumni Association to put on an excellent Homecoming for you, our alumni. We have been meeting since the beginning of the Fall semester, working out plans for the weekend of October 26-28.

(continued on back page)

From our commander

Dear Alumni:

The active Eta Rho chapter of Sigma Nu has been a very prosperous one in the past several months. Throughout the summer much work was done to the house. If any of you have dropped in recently you may have noticed the recent landscaping of the front yard. Not only do we feel it looks good, but Sigma Nu has been named one of five finalists for the Beautification of Bowling Green Award. We are still waiting for the results of the judging. In the rear of the house there has been a complete renovation. Where the garage once stood there is a basketball court in the process. Thanks to several brothers over the summer, we have a brick patio in the backyard, which has become the point of envy of many fraternities on the Hill. It is quite outstanding.

In August all the brothers began finding their way back to 1311 College Street to start off one of the best semesters ever.

The officers serving this semester are:

Eminent Commander - Jeff Stone
 Lt. Commander - David Sturgeon
 Recorder - Joey Bowling
 Treasurer - Philip Cuppy
 Chaplain - Roger Hinkle
 Rush Chairman - Darell Pierce
 Pledge Trainers - Jeff Link
 and Chris Zirkelbach
 House Managers - Richard Mims
 and John Gipe
 House Father - Bob Haack
 Alumni Contact Officer
 David Sturgeon

To kick off the semester we had a rush retreat. For the event, Sigma Nu national flew in Tom Tabor, a UCLA Sigma Nu alumni who served as UCLA rush chairman for three years. Tom's presentation proved to be very beneficial in educating the brothers in proper rush techniques. Rush itself was one of the finest ever. Two of the highlights were a VIP party at Dr. Randall Capps' home, and a Wine and Cheese Smoker at the home of Mr. and Mrs. James Scott. At the smoker we were honored to have Gene Keady, head basketball coach of Western, as the guest speaker. At the end of rush, Sigma Nu had a total of 18 pledges, the 2nd largest in the history of Eta Rho. All are quality young men.

Rush Chairman Darell Pierce shares a light moment with Gene Keady, Hilltopper Head Basketball coach, at this year's wine and cheese smoker. Keady, the featured speaker, discussed Western's basketball and the merits of the fraternity system.

Right after rush we initiated three brothers into active membership, bringing our pin numbers up to 346.

Intramural-wise, football season is in full swing. Currently our record is two and three.

In the academic scene, Sigma Nu has begun to stand out on campus. Last spring our grade-point rated fourth overall for the fraternities on Western's campus. Also, we are the only fraternity to have its own scholarship fund. It was initiated last Fall in conjunction with the College Heights Foundation. Each year the active chapter donates \$200.00 to the fund. After ten years it will become a perpetual fund. Many alumni have also sent contributions to the fund. We awarded our first \$100.00 scholarship this Fall to Brother Tommy Wilkes.

We have also initiated several new programs in the fraternity, including a summer rush program and the restructuring of our alumni program. I hope all of you will take an active part in the alumni program, for you are the ones that make it.

There are several events coming up this semester you may want to be aware of, and possibly attend:

October 19

Running of the game ball to Eastern for the Eastern-Western game.

October 26-28

Homecoming weekend (See story)

December 15

Sigma Nu annual Christmas Party.

Around campus Sigma Nu is showing some outstanding leadership, as well as receiving some outside

awards.

Darell Pierce, HP 310, is public relations vice-president for the Interfraternity Council and president of the Pre-Law Club.

Chuck DeLacey, HP 315, is the defensive captain for Western's football team.

Chris Zirkelbach, HP 334, serves on the Judicial Board of the Interfraternity Council.

David Sturgeon, HP 335, is a representative from the College of Business in Associated Student Government, the services director for the Interfraternity Council, and this summer was honored in three different categories. He was named the Outstanding Young Kentuckian for 1979, was named to the National Dean's List for Colleges and Universities, and was honored by the American Academy of Achievement with the National Golden Eagle Award, the highest award a young person can receive.

Jeff Link, HP 340, is also serving on the Judicial Board for the Interfraternity Council and has been appointed recorder for the board.

As you can see, we are on the road to bringing Eta Rho into the number one position of fraternities on the Hill. We hope that you will take a part in this rebuilding and once again be a part of Sigma Nu.

Fraternally,

Jeff Stone
 Eminent Commander

Alumni contact plea

Project Find

So many times brothers feel that their fraternity experience ends with commencement. The real truth is that it is just the beginning. The alumni chapter continues growing larger each semester and the real Eta Rho chapter lies throughout the United States and Canada. The alumni are the ones who can really guide the active chapter to its highest peaks. The problem is we're not sure of the validity of many of our alumni addresses. If Eta Rho has ever needed you desperately - the time is now.

When I took over as Alumni Contact Officer in March I was lost. Most of the addresses we had were so old, no one had any idea where any of you were. We attempted to correct them with the newsletter reply sheet sent out in March. However, to much disappointment, we only received 34 replies. I decided then you would be found somehow. You are just as much a part of Sigma Nu now as you were when you were active, if not more, and we want you to be a part.

Based on that premise, this summer I launched a national search for our alumni called "Project Find." It has meant many hours of work for many people, and we have yet to complete it.

Project Find was organized in the following manner: The United States was divided into 29 sub-regions within the five established regions of Sigma Nu.

One alumnus was assigned to each sub-region and asked to help locate the brothers who we thought to live in that sub-region. The breakdown is as follows:

WESTERN REGION

West Coast (California, Oregon, Canada) - Charles Merrill, HP 163

Southwest (Arizona, Utah, Colorado) - Steve Golen, HP 147

Hawaii - Paulo Verason, HP 129

SOUTH CENTRAL REGION

Arkansas, Louisiana, Oklahoma, Texas - Marshall Galloway, HP 145

NORTH CENTRAL REGION

Midwest/Great Lakes (Illinois, Iowa, Minnesota, Michigan, Missouri) - Clark Kincaid, HP 149

Indiana - Merle Stoner, HP 3

NORTHEAST REGION

Ohio - Gary Rucker, HP 33 and Jerry Fogarty, HP 278
 Virginias (Virginia, West Virginia, Maryland) - Lynn Morgan, HP 102

New Jersey - Robert Blackford, HP 116

New England (Pennsylvania, New York, New Hampshire) - Frederick Dyrsen, Jr. HP 12

SOUTHEAST REGION

Tennessee - Reed Morgan, HP 15; Scott Gross, HP 202 and Lynn Ashby, HP 251

Florida - Jeff Ralph, HP 220

South (Alabama, Georgia, South Carolina) - Robert Barlow, II, HP 118

Kentucky:

Bowling Green - Beaver Simpson, HP 127 and Jeff Smith, HP 272

Glasgow - Joe Downing, HP 4

Louisville - James Diuguid, HP 21; Joe Glasser, HP 159 and Mike Brodarick, HP 307

Owensboro - David Roberts, HP 296

Remaining Kentucky Cities - John Adams, HP 53; Paul Gerard, III, HP 99; Ken Bowman, HP 140; David Curtis, HP 143; Steve Keck, HP 218; George Paynter, HP 237

Each brother was sent a list of names and addresses of the alumni thought to live in their respective sub-region, and asked to somehow, find and talk with those alumni - checking addresses and phone numbers.

To this point we have come a long way, but there is still a lot of ground to cover.

Not if, but when, we find all of you, we will publish an address directory that will be sent to you free of charge of every HP initiate. But we can't do it without your help. If you received this newsletter - we have found you, but you must let us know. Check the address on the envelope and PLEASE take two minutes to drop me a line or postcard verifying the validity of your address. A newsletter was sent to all of you at the last address we had, just in case it might have gotten to you. Even if you are in Category A, still let me know we found you. Also check Categories B and C for any brothers you may have addresses on, and send them to me. You are the only ones who can insure the success of "Project Find". Without your reply, I have no idea if this newsletter got to you or not. I hope you can see the importance of this project and what it means to you! We can finally have a membership directory, but it depends on you and two minutes of your time. Send your reply to:

I would like to extend a very personal thanks on behalf of the whole fraternity to those individuals who have put both time and money into this project, and performed the task that was asked of them: Steve Golen, Merle Stoner, Gary Rucker, Lynn Morgan, Frederick Dyrsen, Jeff Ralph, Robert Barlow, Beaver Simpson, Jeff Smith, Joe Downing, Mike Brodarick, Dave Roberts and Steve Keck. I am forever indebted to you, and I am confident I will be hearing from the other sub-regions shortly. If everyone sends his own confirmation in and any other addresses he has, I know "Project Find" will be 100% successful, and Eta Rho will be unified once again.

How much do you really know about the Eta Rho chapter? Well, to see who knows the most, here's a little quiz. There's nothing that some back tracking and brainstorming won't solve. But to see who is best informed, we are offering \$20.00 cash to the first person to respond with the correct answers. Just put your name on the answers and mail it to:
