Committee Reports

Nancy Baird announced that departmental elections to the Faculty Senate would be in February and at-large elections the first week in March. John Parker reported that the administrative review packets were being distributed. Finally, there will be a rally for higher education in Frankfort on February 5 and COSFL leaders hope that Western Kentucky University will send a delegation of 1000 people. This delegation must be privately funded.

Chair Evans read a memo which he received from Dr. Cook concerning "Women and Men at Western: Report of the Ad Hoc Committee on Affirmative Action of the Faculty Senate." Cook announced that he had sent the report to Dr. Alexander and the University executive officers and stated that "it is our intention to employ a consultant with experience and knowledge about this specific topic who will study the situation at Western."

ADJOURNMENT

Nolan B. Crocker
