

## A Resolution Regarding the Faculty Senate Newsletter

Whereas, the function of the Senate is to represent all the faculty,

and

Whereas, in recent issues of the Senate Newsletter there have been numerous items which have been gratuitously offensive to many members of the faculty,

and

Whereas, such publication tends to bring the entire Senate into disrepute, by causing readers of the Newsletter to think that these items have at least tacit approval of the Senate,

Therefore, be it resolved:

That the Senate absolutely dissociates itself from these offensive items and offers its apologies to all who have been unjustly, unnecessarily, and gratuitously affronted by the contents of the Newsletter,

That the Senate authorizes the Chair and the members of the Executive Committee to draw up a set of guidelines which must be followed in all future editions of the Newsletter,

and That the Senate directs that its apology be the first item to appear in the next issue of the Newsletter.
