Administrative History: Artificial collection created by WKU Archives to group training school group images together. The majority of the photos are from WKU sources, but some donated by individuals.

1906 - Training School consisting of 1st to 4th grades created to give normal school students a place to get practical experience and allow professors to critique their work.

1912 - Curriculum expanded to 1st to 8th grades.

1920 - 1 year of high school curriculum added.

1925 - Training School building completed, now known as College High Hall. School becomes K-12.

1964 - High School renamed College High and becomes part of the College of Education.

1966 - College High becomes University High when WKU attains university status.

1970 - Training School and University High close. Training School moved to Jones-Jaggers Laboratory School.

Rural Training School:

Established in 1924 for the purpose of training rural teachers in Kentucky, the Rural Training School was located just west of main campus on four acres. It was organized in accordance with the Kentucky State Course of Study for Rural Schools. An average of twelve student teachers were enrolled each term. During the summer county superintendents and school people from out of state visited the school.

The building had one large class room, a reading room, a dining room and a kitchen. It was supplied with furnace heat and running water. The students had access to a library, maps, globes, a sand table, a victrola and piano. Included in the equipment were movable, adjustable seats, one large and one small study table. The older children organized a thrift club raising pigs, chickens, vegetables and strawberries to increase their bank account. The seventh grade boys were enrolled in manual training.

The outdoor campus included basketball and volleyball courts and a baseball diamond along with a slide for the younger students. The flagstone walk, flag and flagpole were furnished by the PTA. [Talisman 1927, p. 77]

Description: Images of students from the training schools, rural demonstration schools, grade schools and college high.

Dates: 1906-1970

Extent: 31 folders, oversize, 1 negative, 3 slides
