MEMORANDUM TO: Executive Committee
Chairs, Standing Committees

FROM: Rita Hessley, Vice Chair ^{peh}

RE: Log of Faculty Senate Resolutions

The Faculty Senate By-Laws were altered such that the Vice Chair of the Senate is charged with keeping track of the various resolutions brought before the Senate.

In response to that charge I have culled the minutes of Faculty Senate meetings for 1991, 1992, and 1993-to-date.

Attached is a description of each resolution described in those minutes. The numbering system intends to communicate **Resolution. year.month.resolution number**. The resolution is stated according to the minutes of the meeting; the out-come of the (any) vote taken; and the ACTION taken as best I could tell from subsequent minutes, or from the inclusion in the Senate files of letters written.

You will see that some resolutions have had, as best I can tell, no action taken on them. This may be incorrect, and I welcome being made aware of what action has been taken, by whom, and when. Some were acted upon in the form of letters being written, but whether any substantive response to such letters has ever been forthcoming is either unknown, or has not occurred.

Each committee is urged to review these resolutions for the potential they may present for follow-up.
